Accounts

You may choose to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The grant we received from NHS England has been our only fund source. We have also received a couple of very kind donations from other local groups. At this time we are not actively applying for future funding.

In this period of time we had little expenditure due to Covid. Currently we are able to deliver workshops and counselling, advice and guidance.
