Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

- :
- (a) To promote maritime safety for the public benefit in the Runswick Bay area by all or any of the following means
 - (b) To provide and maintain a suitable craft for that purpose only
 - (c) To train crew in the handling of the craft and its equipment

Therefore, the charities purpose is to provide an Inshore Lifeboat Rescue Service both at sea and along the shoreline in the vicinity of Runswick Bay. Also providing training and safety awareness to crew members.

The trustees and Committee of the Charity are aware of the Charity Commission's guidance on public benefit in and have had regard to it in respect of their role in the Charity and the roles of the Senior Officers and Committee who administer the Charity.

RBRB is facility which works in close cooperation with the RNLI and HM Coastguard with a primary remit to 'nip in the bud' incidents that are visible from the village and to access difficult locations along the shoreline where larger boats would struggle.

The public benefit of the charity is shown from the regular service it provides undertaking rescues of small craft, both belonging to local people and the many thousands of regular visitors to Runswick Bay and surrounding waters. Rescues and assistance are also given to incidents on land in the Runswick Bay area, providing rescues in conjunction with both RNLI and coastguard for example to visitors who become stranded by tides or who suffer illness or injury.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

The contribution made by volunteers to Runswick Bay Rescue Boat is enormous. The crew and committee are all totally voluntary positions, without which the Charity could not operate. As well as Crew and Committee we are assisted by many others who actively raise funds for us throughout the year.
