## 1.0 ACCOUNTING

### 1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention, and are in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008). The financial statements have been prepared in accordance with the Statement of Recommended Practice (SORP 2005), "Accounting and Reporting by Charities Act 2006".

### 1.2 Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the trustees in furtherance of the general objectives of the charity and which have not been designated for other purpose.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors which have been raised by the Charity for particular purpose. The cost of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

### **1.3 Incoming resources**

All incoming resources are included in the Statement of Financial Activities when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy. Gifts in kind donated for distribution are included at valuation and recognized as income when they are distributed to the projects. Gifts donated for resale are included as income when they are sold. Donated facilities are included at the value to the charity where this can be quantified and a third party is bearing the cost. No amounts are included in this financial statement for services donated by volunteers.

Intangible income, which comprises donated services, is included in income at a valuation which is an estimate of the financial cost borne by the donor where such a cost is quantifiable and measurable. No income is recognized where there is no financial cost borne by a third party. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognized at the time of the donation.

### **1.4 Resources expended**

All expenditure is accounted for on an accruals basis and has been included under expense categories that aggregate all costs for allocation to activities. Where costs cannot be directly attributed to particular activities they have been allocated on basis of consistent with the use of the resources.

Fund-raising costs are those incurred in seeking voluntary contributions and do not include the costs of disseminating information in support of the charitable activities. Support costs are those costs incurred directly in support of expenditure on the objects of the charity and include project management carried out at Headquarters. Management and administration cost are those incurred in connection with administration of the Charity and compliance with constitutional and statutory requirements.

### **1.5 Cash flow**

The financial statements do not include a cash flow statement because the charity as a small reporting entity is exempt from the requirement to prepare such a statement under the Financial Reporting Standard for Smaller Entities (effective April 2008).

### **1.6 Tangible fixed assets and depreciation**

Tangible fixed assets are stated at cost less depreciation.

Depreciation is provided at rates calculated to write off the cost of fixed assets less their estimated residual value over their expected useful lives on the following basis: Equipment 10%.

## 1.0 ACCOUNTING

### 1.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and are in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008). The financial statements have been prepared in accordance with the Statement of Recommended Practice (SORP 2005), "Accounting and Reporting by Charities Act 2006".

### 1.2 Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the trustees in furtherance of the general objectives of the charity and which have not been designated for other purpose.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors which have been raised by the Charity for particular purpose. The cost of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

### 1.3 Incoming resources

All incoming resources are included in the Statement of Financial Activities when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy. Gifts in kind donated for distribution are included at valuation and recognized as income when they are distributed to the projects. Gifts donated for resale are included as income when they are sold. Donated facilities are included at the value to the charity where this can be quantified and a third party is bearing the cost. No amounts are included in this financial statement for services donated by volunteers.

Intangible income, which comprises donated services, is included in income at a valuation which is an estimate of the financial cost borne by the donor where such a cost is quantifiable and measurable. No income is recognized where there is no financial cost borne by a third party. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognized at the time of the donation.

#### **1.4 Resources expended**

All expenditure is accounted for on an accruals basis and has been included under expense categories that aggregate all costs for allocation to activities. Where costs cannot be directly attributed to particular activities they have been allocated on basis of consistent with the use of the resources.

Fund-raising costs are those incurred in seeking voluntary contributions and do not include the costs of disseminating information in support of the charitable activities. Support costs are those costs incurred directly in support of expenditure on the objects of the charity and include project management carried out at Headquarters. Management and administration cost are those incurred in connection with administration of the Charity and compliance with constitutional and statutory requirements.

#### **1.5 Cash flow**

The financial statements do not include a cash flow statement because the charity as a small reporting entity is exempt from the requirement to prepare such a statement under the Financial Reporting Standard for Smaller Entities (effective April 2008).

#### **1.6 Tangible fixed assets and depreciation**

Tangible fixed assets are stated at cost less depreciation.

Depreciation is provided at rates calculated to write off the cost of fixed assets less their estimated residual value over their expected useful lives on the following basis: Equipment 10%.
