TRUSTEES ANNUAL REPORT FOR THE PERIOD ENDED 31 DECEMBER 2021.

The report of the trustees for the year ended 31 December 2021 includes the information given on the Reference and Administration page, (page 1).

The charity is constituted as a trust under a deed. New trustees are appointed by existing members.

Objects:

The trust is an enabling charity with the aim of promoting education, medical health and the environment in Buckinghamshire and its neighbouring counties; and giving assistance towards disaster and famine relief in the developing world.

The trust performs these objectives by the means of direct grants to specialist registered charities and community organisations.

Activities in support of the objects:

Grants totalling £55,330 (2020: £55,900) were made in the year.

The trustees are aware of and take account of the Charity Commissions guidance on public benefit when expending the trusts income, supporting a wide range of charitable organisations.

Achievements:

The trust continues to support charities with both ad hoc and regular donations. These pledges cover areas of support as follows: health, arts, community and church, totalling £15,330.

The trustees have resolved to further epilepsy and psychiatric research projects making donations of £40,000 to these causes in the financial year.

Financial Review:

The trusts policy on Reserves is to maintain its capital base and fully distribute it's income after operating expenses.

In the year to 31 December 2021 grants were made of £55,330. The interest received was £43,524. There were other costs of £595, resulting in a deficit of £12,401 which reduced reserves carried forward.

The bank balance at year end (£13,510), is sufficient to cover all the 2022 pledged donations, enabling the trustees to make some ad hoc grants.

The trustees will be able to pay all liabilities as they fall due for at least 12 months from the date of signing the Statement of Assets and Liabilities.

The value of the investments have recovered to £2,127,822 at the year end, which is above the 2019 pre pandemic value of £2,057,249 and 6.5% more than the 2020 year end value of £1,998,542.

The charity remains in a sound financial position for 2022, investment rates and therefore interest receivable will exceed the 2021 levels, allowing cash reserves to recover and further distributions to be made.
