2 Structure, Governance and Management

As a member of the Pre-School Learning Alliance, the Pre-school is governed in accordance with the Pre-School Learning Alliance Model Constitution which was adopted on 30 September 2011

In accordance with this Constitution, the Pre-School is an unincorporated charity whose members comprise parents or guardians of children who attend the Pre-school.

Trustees are appointed or reappointed annually at the Annual General Meeting held in April. All trustees give their time voluntarily and receive no remuneration or other benefits.

3 Objectives and Activities

The primary objective of the Pre-School is to enhance the development and education of children between the ages of two and statutory school age by offering appropriate play, education and care facilities.

In pursuing this objective, the Pre-School ensures that opportunities are accessible to all children within the stated age group regardless of their race, culture, means or ability.

Furthermore, the Pre-School seeks to actively promote and develop links with external groups including, but not limited to, the local primary school.

4 Summary of Main Achievements

During the year, the Pre-School continued its focus on providing a high quality play and learning environment for all children attending the setting. The vast majority of children access Early Years Funding, either 30 or 15 hours per week, and none received 2 year old funding. We had no children in receipt on EYFP this year either. We had 2 fee paying children for a short time at Pre-School.

Great use has been made of the outdoor play equipment at the village park, the green spaces around the village and we have also been given access to a neighbour's paddock. We have used the footpath in the church grounds for balance bikes and made use of the new basketball court at the local playing fields.

5 Public Benefit Statement

In conducting the Pre-School's affairs for the year, the trustees have complied with their duty to have due regard for the Charity Commission's guidance on public benefit.

6 Financial Review

The performance and results for the year are detailed in the attached accounts.

During the year covered by this report, there was no formal reserves policy in place at the Pre-School. There were no funds in deficit during the year.

7 Declaration

The trustees declare that they have approved the trustees' report above.

Signed on behalf of the charity's trustees

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31 JULY 2023

This year was a very quiet year at pre-school which is reflected in the pre-school income. Staff wages rose by a significant amount in line with the National Living Wage increase. The cost of living crisis is reflected in our rising food costs. This all resulted in a loss for the year, as expected.
