

TRUSTEE'S ANNUAL REPORT

Cardigan Cancer Care year ending 30th November 2023

We continued to have a high profile in the local area with many people also following us on social media.

Our cancer patients numbered around 25 during the year and our main support to them was by way of cash donations to assist with transport to hospital appointments and other expenses.

We have many referrals from palliative nurses and other cancer charities when they have no funds available.

We are still a small group of 6 volunteers aiming to support a geographic radius of approximately 10 miles. However, it is impossible to ignore any request for help and we have not yet turned anyone down.

Very often we are able to contact and support the patient and families the same day. Since Covid and continuing bank closures, we are able to make immediate direct transfers making life easier for them very quickly.

Many people from all walks of life and businesses support our charity with various donations, in memoriam, and all sorts of fund-raising events and sponsorships and we are overwhelmed by their continued generosity. We continue our fortunate position of having very healthy funds, although we still have an amount set aside from a previous fundraiser which was set up to pay for injections for a young woman who didn't survive. It has always been our intention to utilise those funds if a similar situation arises.

we do not hold on to surplus funds and as you can see by our balance sheet for the year, we only carried forward a little over £4000.
