Radio Lollipop International Limited

Report of the Trustees For The Year Ended 31 December 2020

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 December 2020. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

OBJECTIVES AND ACTIVITIES

Objectives and aims and future

The company establishes the policy for the support, growth and development of the Radio Lollipop brand, the activities of its volunteers and provision of its service for the benefit of sick children wherever possible in different parts of the world. It co-ordinates existing activities and develops new services and new territories.

The company plays a monitoring role of the standards of service within the group of charities spread around the world, all operating under the Radio Lollipop banner. Countries represented are the United Kingdom, Australia, New Zealand, the United States and South Africa. The charities have the common objective of giving children psychosocial and emotional support by providing care, comfort and entertainment to sick children in hospital and elsewhere through broadcasting and play activities.

The company owns the Radio Lollipop trademarks and enters into licensing arrangements with the charities which use them. Thus, it sets the standards for delivery of those charities' services and is the final arbiter in the case of any dispute.

Significant Activities

In 2020, despite the Covid19 Pandemic Radio Lollipop International continued to grow, monitor and support the activities of its member companies in the United Kingdom, Australia, New Zealand, the United States and South Africa. Radio Lollipop in the USA established operations at the Children's Hospital in New York.

A number of hospitals in Australia, USA and UK have asked for our services and these approaches are currently being assessed and progressed by the Board. All activities are supported, coordinated and led through Radio Lollipop International resources.

The organisation continues to review its Policies and Procedures as well as review our Risk Strategies. Policies and Procedures are constantly undergoing formal review and are updated and /or rewritten where appropriate. Risk strategies are constantly reviewed and updated.

The organisation also continually reviews and consults on the Organizations' Values and the activities that underpin our work.

The Board continues to review activity and to monitor changes as presented by each of the Country Boards. The Quarterly Returns and the use of the FinnDex are both key tools enabling the Boards to support and manage change, activity and improvements around the Lollipop world.

Due to the Covid19 Pandemic the annual Board Planning meeting was not held. However, the Board took the opportunity to plan and operationalise the future planning framework begun in earlier years. This plan will be enacted throughout 2020 and beyond.

The 2020 AGM confirmed that the demands of the charity and health sectors required the continuation of the engagement of an Executive Director to help guide the organisation through this more complex and demanding future.

2020 saw each of the country boards continue to focus at their core governance roles as well as operational leadership. Strategic issues and opportunities are referred to Radio Lollipop International who then include that input into a single strategic vision for the overall organisation.

The Board is very conscious of our role in guiding the charity to ensure we deliver the highest standards possible and that we have taken the time to have a comprehensive review of the critical issues and challenges that face us in planning and preparing for the future.

Radio Lollipop International Limited

Report of the Trustees For The Year Ended 31 December 2020

OBJECTIVES AND ACTIVITIES

Public benefit

The charity considers (and has been advised) that its service has the effects of helping children in hospital to recover more quickly, reducing the need for medication and the length of stay in hospital and helping to remove fear and pre-operative stress. Our mission of the relief of the effects of sickness and infirmity amongst children in hospital around the world is being well met.

Publicity and marketing materials

A suite of publications and other promotional materials have been made available to all countries to use. More materials and an updated "brand" look are being added to this suite of materials available. Social Media policy and activities are a major focus in the Radio Lollipop communications arsenal. To ensure the safe application of social media across the organisation, a specialist Social Media Team has been appointed to develop social media policy and strategies.

FINANCIAL REVIEW .

Financial position

The outcome for the year was an operating surplus of £14,379 (2019: deficit £13,965). Contributions of £65,635 were received during the year from other member companies. With the funds brought forward from the previous year the surplus carried forward has increased to £20,451 (2019: reduced to £6,072).

Reserves policy

The Trustees consider that they should hold some £40,000 in reserve, to cover likely expected expenditure for the following 12 months, on the basis that sufficient contributions may not always be possible to be paid by all group charities each year. At 31st December 2020 the reserves were £20,451 (2019: £6,072). The Trustees are working towards increasing the reserves to the desired level.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The company is a registered charity, number 1033691. It is a company limited by guarantee and does not have a share capital. It is governed by its Memorandum and Articles of Association.

Recruitment and appointment of new trustees

The directors have agreed that the board shall comprise one director to represent each country in which the group of charities operates (the 'member countries') and one additional director to represent the international aspect. Therefore the board of directors in each member country may nominate a candidate, not necessarily one of their number, to represent them on the board of this company.

Induction and training of new directors

A potential director is invited to review the aims of the charity and then is invited to a normal board meeting and introduced to the other directors. Provided there are no objections the candidate is then invited to join the board.

Organisational structure

The directors hold one face to face board meeting each year as part of an annual conference, which is also attended by directors of other Radio Lollipop companies, their volunteers and other invited participants. In addition, quarterly board meetings are now held by Zoom calls

In 2020, Due to Covid 19 pandemic restrictions no face-to-face annual planning meeting was held. However, an Annual Planning meeting was conducted via the Zoom video meeting platform.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.
