About us...

We are a charity run preschool based in Bedfordshire for children aged 2 years until 4 and when they begin reception class at primary school.

We are made up of trustees via our committee.

Parents are invited to join our committee of which we complete relevant paperwork to be able to recruit them to join the committee. Trustees are voted on by standing members.

Our Preschool consists of 4 staff currently, manager, deputy and a mix of qualified and unqualified members of staff accordingly to the daily ratios.

Objectives...

Our objective for this year was to keep a healthy number of children on role and continue to keep the preschool sustainable going forward, be this through recruiting new children to our setting or fundraising to support growing costs and outgoings.

We have had a good year with good numbers of children on role.

Finances...

See annual account audit

Our main source of income is government childcare funding from our local council body which is allocated to us based on the number of children attending.
