Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>The aims of the Pre-school are to enhance the development and education of children primarily under statutory school age by encouraging parents to understand and provide for the needs of their children through community groups and by:</p> <ul style="list-style-type: none">• offering appropriate play, education and care facilities, family learning and extended hours groups, together with the right of parents to take responsibility for and to become involved in the activities of such groups, ensuring that such groups offer opportunities for all children whatever their race, culture, religion, means or ability;• encouraging the study of the needs of such children and their families and promoting public interest in and recognition of such needs in the local area;• Instigating and adhering to and furthering the aims and objects of the Pre-school Learning Alliance, now the Early Years Alliance.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>The Pre-school offers pre-school learning to children in our local community. Early Education Funding (EEF) enables up to 24 children to access our provision for 15 hours a week free of charge. Children accessing our provision just prior to their third birthday who are unable to access EEF do so at a subsidised rate, which is much lower than if we were a private or public organisation. The Pre-school has also sought two year old funding for those children who have joined us from 2 years 10 months, and whose families are eligible.</p> <p>Our pre-school activities enable children to learn through play. Every child has a key worker who works closely with them and their family. The key worker assesses learning and progress on entry then plans specifically for each child basing their planning on children's learning needs and their interests.</p> <p>We use Tapestry as a tool to assist us in monitoring and planning for learning and development, a tool that parents and carers are able to log into, liaise with their child's key worker and add their own comments and observations. Working in partnership with parents and carers allows learning and development, family information, and social and community events to be shared and celebrated. Any concerns are identified quickly with specific focused planning set in place to</p>

		<p>aid a child's learning or social needs; assessments may also highlight a cause for concern when external help and support is sought. Families are also able to access Early Help through Pre-school, this could be help for a child but also help for a family member or the family as a whole.</p> <p>The Pre-school has received additional financial support for those children who are eligible. Pupil Premium Funding has enabled us to buy specific resources for identified children's needs and allowed us to provide some snacks free of charge.</p> <p>The Pre-school works closely with Barnsley Early Start and Family Information Services. We comply with their funding and safeguarding requirements; information is precise, complete and submitted within stipulated timescales.</p> <p>The Pre-school works closely with our local schools ensuring Foundation Stage Two teachers have relevant information to continue each child's learning journey. Visits from FS2 teachers, and visits to schools are arranged every July to ease this important transition into school life.</p> <p>Our management committee are kept fully informed about pre-school activities, needs and concerns. They liaise with employed management via meetings, telephone, and email; our trustees receive copies of internal team minutes and relevant updated policies and procedures. Our trustees volunteer their time, working with our employed management who:</p> <ul style="list-style-type: none"> • safeguard all children, staff and visitors; • implement Ofsted regulations, current legislation and up to date childcare methodology; • recruit experienced and qualified staff, carryout induction training, and arrange external and internal training for all staff that supports the triangulation of our learning process. The better our staff knowledge and performance, the better our facilities and learning experiences for our children; • manage equal and fair access to our provision; • manage inclusion, accommodating children and family needs; • work in partnership to support our children, families, local and wider communities, and our staff team; • manage income and expenditure.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	All trustees have been issued with PB1, PB2, PB3, and The Essential Trustee.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Learning and Development Outcomes Playmates are always proud of the achievements we make with our children and their families. Through joint effort we prepare our children to access school as smoothly and informed as possible. Our learning and development data is continuously analysed to ensure every child is progressing in all of the seven areas of learning. Children have been placed on SEN Support or had interventions in place due to WELLCOM and most children have made progress in their development due to this.</p> <p>Partnerships Our senior staff have worked in conjunction with Barnsley Early Start, developing essential multi-agency support and positive relationships.</p> <p>Parents and carers have invested their time and support feeding back information that enabled us to continually review our performance and finely tune our systems to meet their expectations.</p> <p>We have:</p> <ul style="list-style-type: none"> • worked with Family Liaison Officers, Speech and Language Therapists, Child Development Practitioners • SENCO has worked closely with area SENCO to support • Manager has worked closely with Quality Improvement Officers <p>We have worked with Eden Training Solutions who are supporting a level 3 apprentice.</p> <p>Finance Playmates have remained financially stable. Playmates drawdown EEF funding, which is our main source of income. Playmates need to operate at full capacity to remain financially stable. We raise some income from fundraising, which is sufficient to help us invest in new resources. One of the current parents asked us to create a wish list of new resources which they then donated all to nursery.</p> <p>Fundraising Additional monies and resources for Pre-school use have been achieved through:</p> <ul style="list-style-type: none"> • Christmas raffle • Bake Sale • Easter bunny donation <p>We have successfully raised monies for:</p> <ul style="list-style-type: none"> • Harvest Festival – Food Banks • Children in Need (Show you Spots) • Save the Children (Jumper Day)

		<p>Training Employees remain up to date in their required training for Paediatric First Aid and Food Hygiene. The designated leads remain up to date in their Safeguarding qualifications. Early Years Alliance in partnership with Educare have offered free online training, which staff are accessing. All staff have completed PREVENT training.</p> <p>Environment Our internal space is limited but well thought out making good use of each play space creating well-defined areas. Management volunteer their time to maintain both internal and external areas.</p>

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	<p>We remain financially stable at present but with little reserves.</p> <p>The Living Wage has a massive negative impact on our financial state and will continue to do so year on year; EEF does not keep pace with such increases. To remain financially stable we must continue to work to full capacity.</p> <p>Numbers for September are much better than previous years with 18 claiming EEF, 2 fee payers and 1 2 Year Funding. The remaining 3 spaces can be filled December/January time with children on the waiting list.</p>

Amount of reserves held	Para 1.22	
Reasons for holding zero reserves	Para 1.22	Monies are managed balancing forecasted EEF with staff to child ratio. Any small reserves are used for facility enrichment or the resupplying of consumable resources.
