**Trustees' Report For The Year Ended 31 March 2025**

---

The trustees present their report and the financial statements for the year ended 31 March 2025.

## **Objectives and Activities**

### **Aims and Objectives**

The principal activity in the year under review was that of promoting Buddhism among members of the School and there has been no change in this during the year. All donations come from the general public.

The directors have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

## **Achievements and Performance**

### **Main Achievements**

During the year the Charity continued to provide the necessary facilities and suitable environment for members of the School to worship, study and practise Buddhism.

The trustees are satisfied with the program of activities organised by the School throughout the year and the support from the School's members for the activities.

## **Financial Review**

### **Financial Position**

The directors are satisfied with the financial position of the charity as at the year end. The results of the year's operations are set out in the attached financial statements. The net unrestricted income for the year amounted to £23,803 (2024: £103,486). The retained unrestricted reserves at the year end total to £2,506,250 (2024: £2,482,447).

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to between three and six month's expenditure. The directors considers that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the year.

The trustees have considered the most appropriate policy for investing funds. The Charity has a policy of keeping sufficient liquid funds in a bank deposit account which can be accessed readily to meet operating cost and emergencies.

The trustees have assessed the major risks to which the School is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

## **Structure, Governance and Management**

The charity is a company limited by guarantee and it has no share capital.

The directors who served during the year were:

Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

## **2.9. Foreign Currencies**

True Buddha School Limited  
Report of the Trustees  
For the year ended 31 March 2024

The Directors have pleasure in presenting their report and the financial statements for the charitable company for the year ended 31 March 2024. The Trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and the Republic of Ireland (FRS 102) (effective 1 January 2019).

## **OBJECTIVES AND ACTIVITIES**

### **Objectives and aims**

The principal activity in the year under review was that of promoting Buddhism among members of the School and there has been no change in this during the year. All donations come from the general public.

The directors have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

## **ACHIEVEMENTS AND PERFORMANCE**

During the year the Charity continued to provide the necessary facilities and suitable environment for members of the School to worship, study and practise Buddhism.

The trustees are satisfied with the program of activities organised by the School throughout the year and the support from the School's members for the activities.

## **FINANCIAL REVIEW**

The directors are satisfied with the financial position of the charity as at the year end. The results of the year's operations are set out in the attached financial statements. The net unrestricted income for the year amounted to £103,486 (2023: £102,726). The retained unrestricted reserves at the year end total to £2,482,446 (2023: £2,378,960).

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to between three and six month's expenditure. The directors considers that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the year.

The trustees have considered the most appropriate policy for investing funds. The Charity has a policy of keeping sufficient liquid funds in a bank deposit account which can be accessed readily to meet operating cost and emergencies.

The trustees have assessed the major risks to which the School is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

True Buddha School Limited  
Notes to the Financial Statements  
For the year ended 31 March 2024

## 1. Accounting Policies

### Basis of accounting

The financial statements have been prepared under the historical cost convention, except for investments which are included at market value and the revaluation of certain fixed assets and in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), and the Companies Act 2006.

True Buddha School Limited meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note(s).

### Going concern

At the time of approving the financial statements, the directors have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

### Funds

Unrestricted funds are available for use at the discretion of the directors in furtherance of their charitable objectives unless the funds have been designated for other purposes.

Restricted funds are subject to specific conditions by donors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

Endowment funds are subject to specific conditions by donors that the capital must be maintained by the charity.

### Incoming resources

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Legacies are recognised on receipt or otherwise if the charity has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts, VAT and other sales related taxes.

### Resources expended

Resources expended are recognised in the period in which they are incurred. Resources expended include attributable VAT which cannot be recovered.

Resources expended are allocated to the particular activity where the cost relates directly to that activity.

True Buddha School Limited  
Notes to the Financial Statements Continued  
For the year ended 31 March 2024

**Tangible fixed assets**

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Freehold land & building No depreciation  
Improvements evenly over 50 years  
Books and statutes 20% reducing balance  
Fixtures, fittings & equipment 20% reducing balance

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

**Critical accounting estimates and judgements**

In the application of the charity's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

**Impairment of fixed assets**

At each reporting end date, the charity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

**Cash and cash equivalents**

Cash and cash equivalents include cash in hand, deposits held at call with banks with original maturities of three months or less.

**Basic financial assets**

Basic financial assets, which include cash and bank balances, are initially measured at transaction price including transaction costs.

**Basic financial liabilities**

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

True Buddha School Limited  
Report of the Directors  
For the year ended 31 March 2023

The Directors have pleasure in presenting their report and the financial statements for the charitable company for the year ended 31 March 2023. The Directors have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and the Republic of Ireland (FRS 102) (effective 1 January 2019)

#### **OBJECTIVES AND ACTIVITIES**

The principal activity in the year under review was that of promoting Buddhism among members of the School and there has been no change in this during the year. All donations come from the general public.

The directors have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

#### **ACHIEVEMENTS AND PERFORMANCE**

During the year the Charity continued to provide the necessary facilities and suitable environment for members of the School to worship, study and practise Buddhism.

The trustees are satisfied with the program of activities organised by the School throughout the year and the support from the School's members for the activities.

#### **FINANCIAL REVIEW**

The directors are satisfied with the financial position of the charity as at the year end. The results of the year's operations are set out in the attached financial statements. The net unrestricted income for the year amounted to £102,726 (2022: £74,948). The retained unrestricted reserves at the year end total to £2,378,960 (2022: £2,276,234 ).

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to between three and six month's expenditure. The directors considers that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the year.

The trustees have considered the most appropriate policy for investing funds. The Charity has a policy of keeping sufficient liquid funds in a bank deposit account which can be accessed readily to meet operating cost and emergencies.

The trustees have assessed the major risks to which the School is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

Notes to the Financial Statements  
For the year ended 31 March 2023

## 1. Accounting Policies

### Basis of accounting

The financial statements have been prepared under the historical cost convention, except for investments which are included at market value and the revaluation of certain fixed assets and in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), and the Companies Act 2006.

True Buddha School Limited meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note(s).

### Going concern

At the time of approving the financial statements, the directors have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

### Funds

Unrestricted funds are available for use at the discretion of the directors in furtherance of their charitable objectives unless the funds have been designated for other purposes.

Restricted funds are subject to specific conditions by donors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

Endowment funds are subject to specific conditions by donors that the capital must be maintained by the charity.

### Incoming resources

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Legacies are recognised on receipt or otherwise if the charity has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts, VAT and other sales related taxes.

### Resources expended

Resources expended are recognised in the period in which they are incurred. Resources expended include attributable VAT which cannot be recovered.

Resources expended are allocated to the particular activity where the cost relates directly to that activity.

Notes to the Financial Statements Continued  
For the year ended 31 March 2023

**Tangible fixed assets**

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Freehold land & building No depreciation  
Improvements evenly over 50 years  
Books and statutes 20% reducing balance  
Fixtures, fittings & equipment 20% reducing balance

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

**Critical accounting estimates and judgements**

In the application of the charity's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

**Impairment of fixed assets**

At each reporting end date, the charity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

**Cash and cash equivalents**

Cash and cash equivalents include cash in hand, deposits held at call with banks with original maturities of three months or less.

**Basic financial assets**

Basic financial assets, which include cash and bank balances, are initially measured at transaction price including transaction costs.

**Basic financial liabilities**

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

True Buddha School Limited  
Report of the Directors  
For the year ended 31 March 2022

The Directors have pleasure in presenting their report and the financial statements for the charitable company for the year ended 31 March 2022. The Directors have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and the Republic of Ireland (FRS 102) (effective 1 January 2019)

#### **OBJECTIVES AND ACTIVITIES**

The principal activity in the year under review was that of promoting Buddhism among members of the School and there has been no change in this during the year. All donations come from the general public.

The directors have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

#### **ACHIEVEMENTS AND PERFORMANCE**

During the year the Charity continued to provide the necessary facilities and suitable environment for members of the School to worship, study and practise Buddhism.

The trustees are satisfied with the program of activities organised by the School throughout the year and the support from the School's members for the activities.

#### **FINANCIAL REVIEW**

The directors are satisfied with the financial position of the charity as at the year end. The results of the year's operations are set out in the attached financial statements. The net unrestricted income for the year amounted to £74,948 (2021: £8,480). The retained unrestricted reserves at the year end total to £2,276,234 (2021: £2,201,286).

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to between three and six month's expenditure. The directors considers that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the year.

The trustees have considered the most appropriate policy for investing funds. The Charity has a policy of keeping sufficient liquid funds in a bank deposit account which can be accessed readily to meet operating cost and emergencies.

The trustees have assessed the major risks to which the School is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

True Buddha School Limited  
Notes to the Financial Statements  
For the year ended 31 March 2022

## 1. Accounting Policies

### Basis of accounting

The financial statements have been prepared under the historical cost convention, except for investments which are included at market value and the revaluation of certain fixed assets and in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), and the Companies Act 2006.

True Buddha School Limited meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note(s).

### Going concern

At the time of approving the financial statements, the directors have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

### Funds

Unrestricted funds are available for use at the discretion of the directors in furtherance of their charitable objectives unless the funds have been designated for other purposes.

Restricted funds are subject to specific conditions by donors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

Endowment funds are subject to specific conditions by donors that the capital must be maintained by the charity.

### Incoming resources

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Legacies are recognised on receipt or otherwise if the charity has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts, VAT and other sales related taxes.

### Resources expended

Resources expended are recognised in the period in which they are incurred. Resources expended include attributable VAT which cannot be recovered.

Resources expended are allocated to the particular activity where the cost relates directly to that activity.

Notes to the Financial Statements Continued  
For the year ended 31 March 2022

**Tangible fixed assets**

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Freehold land & building No depreciation  
Improvements evenly over 50 years  
Books and statutes 20% reducing balance  
Fixtures, fittings & equipment 20% reducing balance

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

**Critical accounting estimates and judgements**

In the application of the charity's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

**Impairment of fixed assets**

At each reporting end date, the charity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

**Cash and cash equivalents**

Cash and cash equivalents include cash in hand, deposits held at call with banks with original maturities of three months or less.

**Basic financial assets**

Basic financial assets, which include cash and bank balances, are initially measured at transaction price including transaction costs.

**Basic financial liabilities**

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

True Buddha School Limited  
Report of the Directors  
For the year ended 31 March 2021

The Directors have pleasure in presenting their report and the financial statements for the charitable company for the year ended 31 March 2021. The Directors have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and the Republic of Ireland (FRS 102) (effective 1 January 2019)

#### **OBJECTIVES AND ACTIVITIES**

The principal activity in the year under review was that of promoting Buddhism among members of the School and there has been no change in this during the year. All donations come from the general public.

The directors have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

#### **ACHIEVEMENTS AND PERFORMANCE**

During the year the Charity continued to provide the necessary facilities and suitable environment for members of the School to worship, study and practise Buddhism.

The trustees are satisfied with the program of activities organised by the School throughout the year and the support from the School's members for the activities.

#### **FINANCIAL REVIEW**

The directors are satisfied with the financial position of the charity as at the year end. The results of the year's operations are set out in the attached financial statements. The net unrestricted income for the year amounted to £ 8,480 (2020: £82,591). The retained unrestricted reserves at the year end total to £2,201,286 (2020: £2,192,806).

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to between three and six month's expenditure. The directors considers that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the year.

The trustees have considered the most appropriate policy for investing funds. The Charity has a policy of keeping sufficient liquid funds in a bank deposit account which can be accessed readily to meet operating cost and emergencies.

The trustees have assessed the major risks to which the School is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

Notes to the Financial Statements  
For the year ended 31 March 2021

## 1. Accounting Policies

### Basis of accounting

The financial statements have been prepared under the historical cost convention, except for investments which are included at market value and the revaluation of certain fixed assets and in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), and the Companies Act 2006.

True Buddha School Limited meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note(s).

### Going concern

At the time of approving the financial statements, the directors have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements.

### Funds

Unrestricted funds are available for use at the discretion of the directors in furtherance of their charitable objectives unless the funds have been designated for other purposes.

Restricted funds are subject to specific conditions by donors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

Endowment funds are subject to specific conditions by donors that the capital must be maintained by the charity.

### Incoming resources

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Legacies are recognised on receipt or otherwise if the charity has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

Turnover is measured at the fair value of the consideration received or receivable and represents amounts. Receivable for goods and services provided in the normal course of business, net of discounts, VAT and other sales related taxes.

### Resources expended

Resources expended are recognised in the period in which they are incurred. Resources expended include attributable VAT which cannot be recovered.

Resources expended are allocated to the particular activity where the cost relates directly to that activity.

**True Buddha School Limited**  
**Notes to the Financial Statements Continued**  
**For the year ended 31 March 2021**

**Tangible fixed assets**

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Freehold land & building No depreciation  
Improvements evenly over 50 years  
Books and statutes 20% reducing balance  
Fixtures, fittings & equipment 20% reducing balance

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

**Critical accounting estimates and judgements**

In the application of the charity's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

**Impairment of fixed assets**

At each reporting end date, the charity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

**Cash and cash equivalents**

Cash and cash equivalents include cash in hand, deposits held at call with banks with original maturities of three months or less.

**Basic financial assets**

Basic financial assets, which include cash and bank balances, are initially measured at transaction price including transaction costs.

**Basic financial liabilities**

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.
