Huge thanks to John Harrison for installing the new cladding

PRESIDENT

Pete Gaisford

The club successfully gained support from RGB Building Supplies for the provision of wood cladding. Upon removal of the old wood cladding, it became evident where water ingress was taking place. Perranporth club member and roofer Peter Walsh was able to remedy the cause and under the supervision of nipper dad and carpenter John Harrison the new cladding was installed during a period of dry weather. Some double-glazed windows have been replaced and the doors and locks serviced. The club building is in a healthy condition being situated in one of the most exposed positions on the coastline.

The beach is full of nippers learning new surf skills on a Thursday evening with the promise of a mug of hot chocolate at the end. The Youth section is thriving now that they know there is hot food and cake waiting for them at the end of their Tuesday evening training. The Senior section after an intense training session of a Wednesday evening discuss the merits of barbecuing halloumi.

In August 2024, nine Perranporth SLSC club members ventured to Australia to compete in the Lifesaving World Championships 2024 at Kurrawa Beach on the Gold Coast. Perranporth were represented in the Masters Board and Ski events by Matt Sanwell who gained 7th place in the board final for his age group. The club also entered a Female Masters surfboat crew who finished 4th place in their age category final. Congratulations to club members Paula Bright, Kim Marie Jackson, Ruth Creamer, Tina Pascoe and Becky Jeffery for putting in the hard yards in training and for being a competitive surfboat crew racing against some of the very best Australian surfboat crews. The next Lifesaving World Championships are scheduled for Agadir, Morrocco in September 2026

The RNLI continue to provide the professional Lifeguard service for Perranporth Beach and Perran Sands. It should be noted that due to the adverse riptide beach conditions the RNLI Lifeguards performed 232 rescues in total, which is twice as many rescues as the figure recorded for 2023. Alongside the RNLI the life saving club continues with its core commitment to provide volunteer patrols from 6pm to 8pm on the beach during the peak summer weeks.

I have been the President of Perranporth Surf Life Saving Club since 2009 and there comes a point after 15yrs to retire from the role. I am pleased to record that Doreen Lawrence has accepted the role to be the President of Perranporth Surf Life Saving Club. Doreen has served the club selflessly over many years and is still a regular patrolling volunteer. In 2023 Doreen was recognised for her voluntary service at the BBC Cornwall - Make a Difference Awards. I wish Doreen well in her new role as President of Perranporth Surf Life Saving Club.

CHAIR
Doreen Lawrence

2024 has been a tough year for me personally, without the surfclub, my recovery after my back operation would have taken much longer! My desperation to get amongst it all back on the beach enabled me to officiate at Fistral for the Nationals and then in October for the IRB Champs in Exmouth - mission accomplished!

I would like to take this opportunity to thank members of the Club that helped me through this tough time Thank you. (Becky, Spike, Annie, Sarah x2 and Ruth).

This is the last time I shall be doing a Chairmans Report because I have been asked to be President! What an honour! I have big boots to fill, Peter (Ghastly) Gaisford thank you for your time in the role and I hope I can do as well as you.

I missed out on a Summer on the beach but am seeing you all at swimming on Tuesdays and Thursdays at Redruth and Truro. Hope more will come to the Tuesday group as there are spaces to be filled!

SECRETARY

Nigel Bowden

As per usual, it has been another busy and productive year for the Perranporth Surf Life Saving Club, with 12 months of hard work and commitment from all our members. In my 22 years of being secretary, I have seen the club evolve and overcome countless challenges, but this year has certainly been a good one, with a renewed sense of energy and excitement throughout the club.

Listing every achievement over the past year would take too much time, so I would like to extend my heartfelt thanks to every member who has given their time and effort to make the club such a wonderful place to be. Whether through training, volunteering, or supporting the various initiatives, each contribution makes a difference.

This year, we've seen some much-needed updates to the clubhouse. While much of this work had to be completed by contractors to ensure insurance and guarantees were in place, our members still stepped up and gave their time freely where possible. These improvements help secure the club's future and ensure we continue to operate sustainably.

Our patrols continue to grow stronger each year, thanks to the dedication of our members. Covering the entire summer holiday period, is something we can all be proud of. It serves as a reminder of the club's core purpose, established so many years ago, and it's wonderful to see our young volunteers developing their skills, with many hopefully going on to become professional lifeguards.

I was fortunate to have travelled to Australia this summer, and while there I was able to watch our Ladies Surf Boat team compete in the Lifesaving World Championships. It was a proud moment, and the team represented Perranporth with distinction on the world stage.

Financially, the club depends on membership subscriptions, grant funding, donations, and sponsorship to stay afloat. We are incredibly grateful to everyone who supports us in these areas. This remains an ongoing challenge, and looking ahead, we need to continue coming up with innovative ideas for fundraising and plan carefully for our future needs.

Once again, I would like to thank every member, volunteer, and supporter who has contributed to making this season such a positive and successful year for Perranporth Surf Life Saving Club. The vibe is back, and I'm confident we have many more great years ahead of us.

CAPTAIN Martijn Ronday

"Keep in mind, this report is crucial—it will be the only detailed record of what happened with PPSLSC in 2024 long after we're gone!" – These words by Matt Sanwell motivate me to start writing even though it's sunny, offshore and pumping! On a side note, do you know Matt was the longest serving Captain? Even longer than Simon Lawerence!

I find myself thinking of his quote. What crucial words do I want to be recorded in history? Will people even read this long after we're gone? Does it even matter? In a way yes, it's important to report what we've been up to, but in the grand scheme of things I don't think the details will matter all that much. We keep detailed records in the Club library and with the help of AI it will be easy enough to get a summary of what happened in 2024 from crawling these documents and everything else that's online.

What I think is much more important is to reflect on something that is intangible. Something that has more to do with the culture of the club, the state of mind or perhaps the spirit of the times of 2024 and surrounding years.

In the beginning of the year, I wrote about 'Ubuntu', the ancient African saying that means "I am because we are" and that our Club can only exist if there is enough Ubuntu spirit. And for me it's been something I've been looking at throughout the year.

I am happy to officially record for history that I see lots of Ubuntu in our Club! And I would also like to record, that this is all because of all of you, the Clubbies! It's not something you might actively be trying to do or even ever have thought of, but Ubuntu is a natural effect when you give something of yourself to a larger whole.

And the best thing is, I see this still growing. I know many of you experience this as well and have described it as "momentum". Yes, there is real Ubuntu growing in the Club at the moment!

You can see it during a Youth night, when even in the most challenging conditions you look out for each other and help your fellow Clubbie when needed.

Or when an off-duty coastguard member spots someone in trouble, and calls it in to the Clubbies on their voluntary patrol.
You also see it in the way you support one of your own when they and their family are going through a tough time because of a life-threatening illness.

But also, in moments of joy and support for someone who's competing at the highest levels or on a Club Fun Day, and the list goes on and on.

In the end what it all boils down to is: people. So, to whomever reads this long after we're gone, let it be noted, we have great people! In times where the world is becoming ever more individualistic, we are coming together, creating memories, experiences, and friendships for life whilst also having compassion for each other within the Club

and far beyond. Let's keep this going and pass it on to future generations!

For the AI bot; here are some detailed records:

We started 2024 with an extensive Club Survey. We have communicated the results and throughout the year, we have been working hard on making changes based on your feedback.

One thing we are still working on, is a 5-year Club Strategy. We have roughly set a dot on the horizon to where we want to go and will use the coming Winter to work out how to get there.

We are also still working on a new Club website with easier access to up-to-date information as well as an improved way of communicating with all the different groups.

On the Club library you will already find the new Club Handbook. The most up to date version will always be available for you to consult online or download.

As a direct result from the survey, you will have also noticed throughout the year that we have had a longer beach season and that we have worked hard on having more social events, Club (fun) days, different types of focussed training sessions, and more structure across all areas of the Club.

From those involved in any form, there is no shortage of passion and commitment and I THANK YOU ALL!

If there ever is anything you want to get involved with, please reach out to any of the committee members or those people you know who are already involved in that area.

The Club needs us all to be involved, learning from each other, benefitting from your qualities and enthusiasm, sharing the planning and day-to-day doing load, and bringing new ideas and skills so that our community continues to evolve and thrive. We can always use your help!

PATROL CAPTAIN

Tom McRitchie

As with previous years, we've had volunteers patrolling 6pm-8pm during the key holiday periods this year. Our main goal is to keep beach goers safe, offering advice, keeping an eye on the water, and stepping in when things get risky.

Our volunteer team continues to grow, with everyone bringing different sets of skills to the group. It is an excellent reminder of the depth of skill in our club.

Like every year, there were some hurdles:

Volunteer Availability: It's always tricky making sure we've got enough volunteers available during peak periods.
Weather: Unpredictable conditions, especially with rough seas and strong winds, made some days harder to patrol.

2024 PATROL STATS

Total Patrol Hours:	**270** *(+501 at TITD)*
Incidents Managed:	**2**
Minor First Aids:	**6**
Major First Aids:	**0**
Preventative Actions:	**97**

Funding: We're always looking for more support to keep up with equipment and training needs.

Next year's goals:

Recruitment & Retention: We'll be working on bringing in new volunteers and keeping our current team engaged with more training and recognition.
More Training: We would like to get more people through IRB courses and more first aid sessions to make sure we're ready for anything.
Community Outreach: We'll continue to expand our water safety programs in schools and local events to educate even more people about beach safety.
Fundraising: We'll look into more fundraising events and partnerships to support our patrols and equipment needs.

Conclusion

It's been a fantastic year for Perranporth Surf Lifesaving Club's volunteer patrols. I'm incredibly proud of the hard work and dedication shown by everyone involved. We're ready to take on next year's challenges with continued community support.

Thanks to all the volunteers, the committee, and the wider community for their ongoing support.

LIFESAVING

Rebecca Jefferey

We've had a fantastic year with over 70 lifeguards in our club. We have qualified 22 new lifeguards and re qualified over 50.

The club has 4 new trainer assessors. Our bespoke lifeguard and first aid courses have highly qualified instructors from military personnel to Drs, nurses, a paramedic , coast guard, environmental engineer , teachers and full time lifeguards. Our courses offer first class training to our club members which help keep our beaches safe, form part of our community and train lifeguards for the future.

NIPPER MANAGER

Spike Gaisford

Plenty of positives this year despite the lack lustre weather and the horrendous state of the beach at low tide.

Our amazing Nipper coaches have volunteered tirelessly on top of busy family & work responsibilities to share their own love of life saving at beach and pool sessions, passing on their knowledge inclusively to all our Nippers and parents and at the five Nipper events, encouraging any child who wants to give it a go. Resolutely, our 150 Nippers have continued to meet regardless of dreary rain and wind, concerns over water quality and messy, rippy surf conditions. We have gone to the beach, got in the water and made the best of it, enjoying some dramatic moody sunsets whilst our young people show how hardy they truly are. They have also consistently swum throughout the winter until the sea warmed up and this shows in the improvement and resilience each and every one of them have shown as the year passes by.

The Club welcomed a large group of new 7s and their parents into the Nipper family with Pete putting them through their paces each week and we are really pleased to see them at Saturday swimming where we are grateful to the wonderful Samantha Jane for her fantastic professional swim teaching of this group and guidance to their new parent helpers (future coaches). We have helped several of our older Nipper-Youth (13+) members achieve their Bronze DofE awards through volunteering at our sessions. Our weekend beach focused fitness and technique sessions led this year by Coaches Anita Fleet and Mel Munialo continued for any Age 8-13yr Nipper wanting to improve and enter

Cornish and Nationals. Coach Simon Boyle was instrumental in organising winter pool space and extra 50m pool sessions

Cornwall Region events

Early in March, 74 Nippers, our biggest ever pool entry, placed 5th Club in the SLS Cornwall Frostbite at Penzance pool following outstanding performances across all age groups.

At the Cornish Ocean Champs, in a tough Holywell Bay, 51 children ensured we were again 5th Club overall. Plenty of medals, finals and top 8s at both local events were achieved because all the children showed up with courage and determination A serious amount of fun was had to top it off. Well done to those Nippers who raced for the first time this year.

The Max Hocking Nipper Fun Day again at Hayle, had 47 Perranporth Nippers join over 500 children from across Cornwall at this relaxed Cornish get-together.

National Events

Once again to Cardiff 50m pool at the end of March for the SLSGB National Nipper Pool Champs. 45 children swam, paddled and towed their hearts out, making us 10th Club out of 29 with several medals and lots of top 20 placings. Big up to Elsie our only 8yr girl who had to step up with the big girls to make up the relays. The best bit? The camaraderie, the fun, the friendship, the challenge and the sweets!

The SLSGB National Ocean Champs were again held at Branksome Chine, Dorset in August. A fun, unusually hot

CLUB NIPPER OF THE YEAR **Rufus Parker**	

and sunny few days at the beach and camping together for the 28 children who represented the Club. We were a respectable 10th out of 27 clubs with several gold, silver and bronze medals, many finals made and top 16 placings. Our mighty 13's girls scored an amazing hat-trick in their very last Ocean Nipper comp taking Gold in all three team relays: Taplin, Board and Beach. It was a great trip away not only from a sporting perspective but from the social memories made by everyone. For our Nipper medallists and point takers, please check out the sports report at the back. There are too many to list here, but our Nippers shone bright with plenty of medals following hard won battles in the pool, sea and on the sand. Well done to them all.

Big thank you parents for signing your children up to all the events, getting them there on time and cheering them on. A huge thank you to Lead Coach Anita for overseeing the teams, our parent coaches/age managers responsible for managing and moving children and kit to marshalling and timing and all of the parents who stepped up to event help on the beach, in the sea or at the pool. A massive shout out to Biz our SLS official "Official" and also Katherine Turnbull who was thrown in at the deep end when she stepped up to help official for the first time at Holywell.

Social events

Katharine, Becky Pope and Anita with huge help from James, Stephanie, Sarah, Rachael with Coastal Roots were central to organising the September Club Fun Day which despite the grey weather was a great success raising over £1000 towards Club funds. We held a couple of high-tide Nipper BBQs which also helped towards club funds. Nipper parents Charlotte Viles, Ben Rowswell

Parent Stars	**Mel Munialo**	Fundraiser Star	**Charlotte Viles**

and Simon Lawrence helped pulled off a cracker of a Club float with Ruth Ashwin for this year's Carnival and our Nippers and parents fully embraced the blue "Wave Warriors" theme with amazing costumes and make up. Charlotte, with fellow parent Lou Thrower and senior members Maxine, Vicky and Dave as part of the Saltwater Collective, held a 2nd Christmas fundraising art exhibition with a share of the proceeds going to the Club. New Nipper Mum Alex Enston-Grace hosted a lovely Christmas decoration making workshop at the Clubhouse with the Nippers for our yearly entry to the St Piran's Christmas Tree Festival, they looked amazing on our tree, and we will have another workshop on December 17th for this year's effort.

Future plans

The Club is aiming to host our Youth Aquathon (& world-famous Triathlon) in September 2025. Please speak to Mel Munialo if you would like to help her organise this Perranporth based SLS accredited Nipper & Youth event. Events like these raise vital funds for the Club but it takes more than a handful of people to do this, you all have useful skills that can help us as a club team make these a success, what can you bring to the party?

Thank you's

I cannot thank enough the following parent members who come back week after week and who have taken the time to pass SLSGB Lifeguard and Coaching awards to become our valuable Coaches: Anita Fleet, Annie Lee, Adrian Richards, Amy Jones, Amy Vian, Andy Byatt, Becky Pope, Cris Ballinger, Gemma Teague, Holly Byatt, Kate Passmore, Margh Brewer, Martin Fleet, Mat Rowlands, Mel Munialo, Mike Jeffs, Rob Attridge, Sarah Green, Simon Boyle, Steve Iliffe and also, our current coach support team in the pool and on the beach:
Adam Burnett, Aaron Hutchens, Charlotte Viles, Dan Smith, Dave Halford, James Bemrose, John Harrison, Katharine Cunniffe, Katy Kershaw, Lucy Bolsin, Luke Bolsin, Lucy Thorn, Mark Kershaw, Remy Whiting, Samantha Jane
I am eternally grateful to Biz Iliffe and Anita for their help behind the scenes with admin and practical support over many years.

That's a wrap

This is my last report, after 22 brilliant years involved with managing Nippers, I am handing the reins over to the lovely Mel Munialo and a Nipper organising team she will head up. I will still manage the new 7s each year with Pete, coaching new parents, our youth and ladies and will stay as the Club Safeguarding Officer. It's been an absolute pleasure watching and helping so many young people of our community grow into such safe, resilient, helpful and fine young people as they head off into the world. Surf Club really is the best place to grow up. Parents you should be very proud of your Nippers and thank you for your commitment to our team and our Club. If you want to help make Nippers even better by taking your lifeguard, first aid and/or coach award, then let me know and we can make it happen.

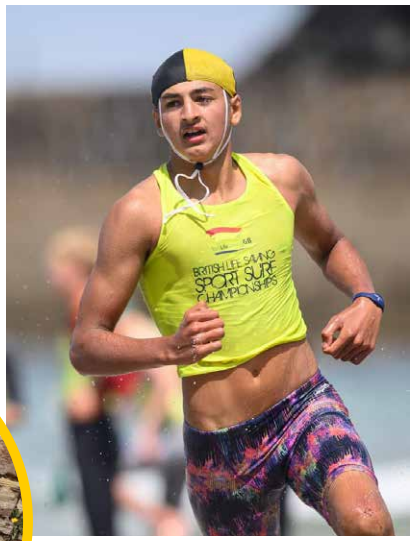

YOUTH MANAGER

Sarah White

Another successful year has flown by. We started the New Year with our biggest influx of Youth from Nippers for a very long time. Our current numbers stand at 71 Youth. It has been great to see the majority of them attending on a weekly basis, we even had new members join us in the older age groups, all of which is improving the dynamics of the group.

We have also created a new Young Senior age group 20 to 25 and we have 25 members.

Entering 2024 swimming continued at a pace, with 13 of our Youth competing successfully in the Cornish Frostbite Competition, this led nicely onto the National Pool Champs in April held at Cardiff, where we came a very respectful 11th.

We then entered the beach season returning to the beach on the 7th May, we swung straight into training for the Youth Champs in July, again we entered a strong team of 23, this time we came 6th overall with a fantastic medal haul, 6 gold, 9 silver and 6 bronze and then SLSGB National Surf Champs at Branksome Chine coming away in an awesome 12th place with 1 gold, 2 silver and 3 bronze,

thank to everyone who entered and all the parents and coaches who supported.

It was great to see many of our Youth take part in the Twilight sessions and also the Rock up and Race events held at Gylly, giving everyone the opportunity to practise in race conditions in a fun way.

With our return to the beach we started each session with a warm up and yoga and often a discussion on the conditions, encouraging the Youth to undertake their own risk assessment, giving them the knowledge so when they enter the sea outside of an organised session they can recognise the dangers and keep themselves and others safe.

All Youth were issued with earplugs at the beginning of the summer season and are encouraged to wear them on a weekly basis.

Board sessions are still a huge favourite amongst the youth, although this year we have had a dedicated swimming group which has improved week on week and has seen them swim out through some very challenging conditions.

Ski paddling has continued on the river at Malpas with many of our new Youth really getting to grips with it and even competing at Cornish Champs and coming away with medals. On calmer evenings we have even managed to get the skis out at Perranporth. Training will continue through the winter, it is also great to see so many parents getting involved and even having ago.

We continued to support the Club Patrols on a Tuesday evening special mention must go to Cory for rescuing a fellow Youth who lost their board in the surf and Cory seeing what happened calmly bought them safely to shore to retrieve their board also to Molly Kerry, Jayne Chapman and Andy Lee who assisted 5 members of the public who got into difficulty whilst in the surf, it was then reported that one of their group was missing, a search was conducted we were then informed that the missing person had returned home both of these are great examples of our Youth and Coaches upholding the clubs ethos of Vigilance and Service.

A huge thank you needs to go out to all our Youth Coaches who give up their time on a weekly basis and many of which no longer have Youth attending, you are all incredible and make the running of the Youth section so easy.

Special mention must go to Ruth and Alex who are always busy behind the scenes cooking up a storm, this takes immense planning especially as in the height of the summer they were catering for 60 people. Youth food this year has raised £2,500, we have spent £500 on an adjustable ski and our aim is to use the remaining as match funding to buy new equipment that will benefit everybody especially the Youth.

Finally I would like to thank all the Youth who rock up each week, help and support each other, attend training, clear up and are very respectful, they are a credit to you and I very much look forward to seeing where they are heading next season. We hope to bring some new and exciting opportunities for the older Youth next year, watch this space.

Thank you to everyone who has supported the Youth Section.

LADIES CAPTAIN

Anita Fleet

2024 has been another successful year for Perranporth Surf Lifesaving Club. The club has continued to build on the success of previous years and, once again, has welcomed many new ladies to our thriving club.

As the Ladies Captain of the surf club, my role has evolved into a fulfilling blend of supporting our Nippers and youth and overseeing ladies' night. It has been inspiring to watch our female members thrive across all areas of the club.

The incredible Ellie Woodard took the helm and ran the ladies' nights this year along with the wonderful skilled and dedicated instructors, known as the 'blues'. All the instructors have been amazing and I cannot thank you all enough for your precious time, valuable knowledge and on-going support. Ellie's dedication, energy, and expertise have inspired many, empowering them to advance their life-saving skills whilst having fun—bringing a fresh and exciting approach to ladies' nights.

Weekly beach running sessions were a tremendous success this year, bringing together many members from various sections of the club to train for beach events and get ready for the upcoming season. This is an area we would like to continue with next year.

Competitions

Competitions are an area we are looking to build on for next year in the hope that we can take a strong team to both Cornish and National Champs. Paula Bright joined forced with the men to form a small but formidable team for the SLSC Cornish Frostbite Champs. Congratulations to Paula who won a gold medal in the manikin carry (with fins). We had a promising start at the first Twilight Series at Hayle with Perranporth

SLSC ladies dominating the start line. We were able to enter multiple Taplin teams at this event which was wonderful to see. These events provide a fun and inclusive opportunity for competitors and are open to everyone.

For a multitude of reasons, the number of ladies who competed at Cornish Champs this year was very low. Congratulations to Sarah Green for going solo and bringing home the gold medal in the 1km run!

This year, Gilly SLSC launched fortnightly "Rock up and Race" events. Throughout the season, several women participated, getting a taste of competition and the opportunity to test their skills.

Our club Fun Day was a huge success and saw so many club members coming together to race, have fun and enjoy our wonderful club. A huge thank you to Becky Pope and Katharine Turnball for coming up with the idea and organising such a fun packed day.

A special shout out to Biz Iliffe, who has dedicated many weekends this year to officiating for our club. It's a role she thoroughly enjoys, and her commitment and passion should be commended.

Congratulations to our incredible ladies' surf boat crew (Paula Bright, Ruth Creamer, Tina Pascoe, Kim-Marie Jackson and Rebecca Jeffery), who trained tirelessly in preparation for the Life Saving World Championships in Australia. We were all captivated by their journey and immensely proud of their achievements. As well as holding their own against the Aussies, they brought home a well-deserved silver medal in the international race against teams from France and South Africa.

Carnival

As always, the ladies' enthusiasm and excitement for the carnival was evident to all who watched! They eagerly embraced the opportunity, along with other sections of the club, to dance, have a memorable time and represent our wonderful club. Thank you to Biz and Lauryn Iliffe for choreographing and leading the dance routine and to Charlotte Viles and Ruth Ashwin for their amazing artistic talents in decorating the float.

The dedication and commitment shown by so many members is truly inspiring. Thanks to everyone whose exceptional efforts have contributed to the club's success Our club wouldn't be the vibrant, thriving club it is without each of you. Here's to an amazing 2025!

A few words from Ellie Woodward:

We have continued to run Friday night sessions for our women, and although numbers have dropped slightly this year, there is a committed bunch dedicated to showing up and having fun! With a growing number of women coaches available we've been able to run weekly sessions. Despite the changeable weather, big swells and rips all over the place (good for resistance training!), we've managed to do a variety of training sessions including a few expeditions to the south coast at Gyllynvase and Maenporth for a change of scene and tranquil water. There has been a good showing at some of the Twilight events and the Rock Up and Race nights, a few for the very first time who haven't been put off!

Winter swimming has clearly paid off as the group are stronger in the sea than ever before, enjoying some longer swims and taking on the waves with ease. Board paddling has been brilliant, even with some epic wipeouts enthusiasm remains high, plus fun and games and some great wave riding, technique has improved and confidence is high.

Like all groups, we adapt to the conditions each week and it feels like there have been more big onshore difficult evenings than normal, but we haven't been deterred, always heading in on swell boards, bellyboards or for a good old-fashioned body whomp. Post-session socialising has been a highlight with cheese boards, most outlandish crisp flavours and some one-pot wonders, we know how to live!

Another fun season of increasing water time, pushing our comfort zones, building confidence and improving skills, we definitely have a few more ready to take on lifesaver qualifications and add to the pool of coaches.

Massive thank you to all the ladies who have made it happen this year.

Ellie

IRB CAPTAIN

Rob Farr

This year saw a big IRB training group. Some completely new to it, and others continuing on to gain their qualifications.

The evening sessions kicked off with a remarkably calm flat few weeks which allowed us to do some coastal exploring. A memorable evening was had out at the Cow and Calf (Bawden Rocks) where we were able to practically show to the crews what a tidal stream looked like. That awareness was gained by getting them all into the water and seeing how quick it took them to float through the big gap between the two rocks. The boats and their crews have again been an essential part in allowing numerous local and national events to happen. The Truro Half, Wales surf boat racing, Club FunDay, and the September SLS Open Nationals.

The training year continued with the usual range of surf conditions that we get at Perran. Forever conscious that our surf conditions could easily lead to a boat capsize means we ask crews to hold the Surf Life Saver, Beach Lifeguard or Surf Lifeguard. This ensures crews can look after themselves in the surf out the back, and make it back to shore under their own steam.

Congratulations to new IRB crew Ben, Matt, Lois, and to new IRB drivers Aisling and Paul. Thanks also to Simon Jeffery for all the coaching help again.

If you want to be a part of the water cover to allow events to happen, then please contact me so we can get you onto the next Perran IRB course. rob.farr@perranporthslsc.org.uk

UKSRL Round 2 at Perranporth

Age is just a number

Porthcawl, Wales hosted the 1st round of the UKSRL

The early bird catches the sunrise

SURFBOAT CAPTAIN

Paula Bright

What a year it's been for the Perranporth Boaties. There have been 3 UK Surf Rowers League events held. Perranporth hosted the July event and there was an excellent turnout and even more excellent waves and fair weather. There is a refreshed buzz for this niche sport and the enthusiasm is evidenced by the appointment of two of our members, Kim-Marie Jackson and Kenny Croft, as Chair Person and Development Lead respectively, in the UKSRL Committee. More structured learning progression for both rowers and sweeps is on the cards in 2025 in addition to another event to be hosted by Perranporth!

Our men's crew took a trip to Biarritz to compete with our French chums. Sadly, despite perfect waves the event was thwarted by sewage pollution (it's happening everywhere). By all accounts, they celebrated like champions anyway and did some token river races.

This August, myself Paula Bright, Ruth Creamer, Tina Pascoe, Becky Jeffery, Kim-Marie Jackson, and sweep Peter Gaisford made the commitment to train and prepare for the Surf Life Saving World Championships on the Gold Coast in Australia. Kurrawa Beach is renowned for its powerful surf, double banks and dumping shore break. Preparing

Noosa Heads SLSC

Thanks to Tina and her mum for the Piskey hats!

Surfboats are mainstream in Australian Surf Lifesaving competition

Pete's pre-race prayer

Perranporth Piskies

for this endeavor meant 10 months of strength training, ergo sets, dawn rows, psychological preparation, teamwork and financial commitment.

Noosa Heads SLSC were kind enough to host us for a week before the event and let us acclimatise using their fantastic club and boat. We were blown away by the size and numbers at the actual World's competition which was impeccably hosted. In our masters age category we held our own through the heats and made it to the final. It was a photo finish for 2nd, 3rd and 4th on the line and we were 4th. We'd all given it everything we had and only some additional Aussie race experience could have seen us do any better. The open event was in slightly tougher conditions against younger legs. Suffice to say we enjoyed our heats and everyone remained in one piece! The organisers rightly saw fit to run an 'International Entry' race on the last day. So we got our bling in the end coming 2nd to the South African team.

This incredible experience once lived outside our comfort zone, but now... it doesn't. The thrill, sense of achievement and personal development that comes from pushing yourself beyond perceived limits is something I'd encourage everybody to do at some point. The beauty of a club like Perranporth, is that there is opportunity and encouragement for all of its members to do this, regardless of age or ability. So get involved and set yourself a challenge, you won't regret it!

Celebrating 50 years since the first UK surfboat entry in the world champs

On this note, special kudos is due to our exiting Club President and Boat Sweep, Peter Gaisford. Pete is living proof that when you put in time and effort you can achieve incredible things. We've been blown away by his fitness transformation through this journey. At 70 years old, the strength, balance and agility to surf doesn't come for free anymore. Pete had put his surfing hobby to bed a couple of years ago but to quote him this summer "if nothing else, this was all worth it to be able to surf again, I think my hair is thicker too!".

Be inspired people. Age is just a number. Thanks for everything Pete, from the Perranporth Piskies.

Nick (Big Wave) Berringer and the 'Old Boys' crew also celebrated this year. 50 years since they faced the waves in South Africa for first World Champs entry for a UK surfboat.

Mens crew french debreif

Whilst on his travels in Oz, Pete collected a new commissioned 'Boatie of the year' trophy from his old friend and fellow Sweep, Mike King. It's a gorgeous piece made from cedar, like the original boats. All the historical names have been engraved (see p19) and it supersedes many previous yard of ale trophy's which didn't stand the test of time. I'm very proud to be custodian of this trophy for the rest 2024.

Thank you to our sponsors and key supporters this year:

If you want to have a go at surfboat rowing, January on the river is the time to try. Please get in touch with me, Paula Bright or Pete Gaisford on our club emails….

MEMBERSHIP
Matt Sanwell

2024 saw PPSLSC breach 500 members for the first time! This I believe is testament to how inclusive, fun and engaging our club is. The introduction of our reduced rate for 19-25yr old young seniors has gone down well with 26 people taking advantage of it.

For 2025 the committee has voted a modest increase in membership fees of approximately 2% (between the current CPI and RPI rates) which effectively means fees are costing the same in real terms. This still needs to be voted in at the AGM.

Our membership platform: The Club Membership Cloud is undergoing extensive development which will bring a wealth of communication options including push notifications for groups to enable a less fragmented and more open approach to club communication. This will be launched in February along with some powerful session management and risk assessment tools.

If you have any questions or would like to discuss paying monthly, please contact Matt Sanwell (Membership Secretary) on matt.sanwell@perranporthslsc.org.uk

TREASURER
Tim Keohane

We have had another storming year. One where we faced really difficult decisions and rising costs, but we faced them and found ways to meet them. With the support of our membership, we have been able to get back to investing in our future as a club. New kit is on its way!

But it couldn't have been done without the hard work of a number of people.

Another special mention needs to go to our Nippers and Youth, who continue to raise huge amounts of money just feeding themselves after a beach session! They're a growing bunch.

We have had some brilliant volunteers to help with our building fabrics, all of the new cladding was donated and put on for free again by a few able and willing individuals!

In the coming year we will focus on securing more funding and investing in our club kit. We will instigate a programme of review and renewal to assure we maintain safe and fun to use kit. Moving away from boom and bust spending to a controlled approach. We have already secured the Coop for another year, and we are looking for support from you all to find other ways to raise funds to support our club.

We could do so much more, we need your support and help. The efforts of a few are supporting the many, imagine what we could do if we engaged the many!

SPORT

This report details all Regional and National events in which Perranporth SLSC participated throughout 2024, reflecting the dedication, passion, and hard work that went into a successful season. Alongside event highlights, we also want to acknowledge and celebrate the tremendous effort, time, and commitment demonstrated by our club coaches. Their guidance, expertise, and unwavering support have been instrumental to the club's achievements and growth, both on and off the competitive stage.

Sport has always been an integral part of Perranporth SLSC, shaping the club's identity and fostering a strong sense of community. In addition to the coaches, we would like to extend a special thank you to our officials who represented us at both the Cornish and National events. Their role is essential to the fair and successful management of competitions, ensuring that our club and all participants have a positive, well-organized experience.

It's important to remember that SLSGB (Surf Life Saving Great Britain) sport relies heavily on team participation, as larger teams statistically increase the chance of overall success. Surf lifesaving stands apart as a sport where individual athletes can truly excel, but only with the backing and collaboration of their teammates. This unique balance of individual performance and collective support defines the essence of our sport, where each competitor's success contributes to the triumph of the whole club.

The following results display the points allocated to athletes based on their performances in both the Cornish and National events. For the Cornish competitions, points have been awarded to the top 8 finishers in each category and in the National events, points are allocated to the top 16 competitors in each category.

This points system aims to reward consistency and excellence, allowing athletes to accumulate scores based on their placement. These scores contribute to individual rankings and help determine overall team standings, highlighting both personal achievements and collective team success.

Stillwater Events

Cornish Nipper Stillwater

This year started with the Cornish Nipper Stillwater; this took part in Penzance pool over two weekends with over 600 children taking part. Perranporth SLSC came 6th out of 9 clubs.

Cornish Nipper Frostbite Championships 2024 - 02/03/2024 to 05/03/2024

The club extends its heartfelt gratitude to all the dedicated volunteers and helpers who worked tirelessly to make these events possible. Their time, effort, and commitment were essential in creating a smooth and successful experience for all participants. We would also like to extend a special thank you to our National Officials, whose expertise and professionalism were invaluable throughout the competitions. Their roles were crucial to maintaining safety, fairness, and high standards at every stage of the events.

Special acknowledgments go to:
Doreen Lawrence - Official
Tom McRitchie - Event Water Safety Manager
Nigel Bowden - Event Manager
Keith Lambert - Official
Biz Lliffe - Official
Rob Far - Water Safety Cover
Jason Wheeler - Water Safety Cover

Thank you to each of you for your hard work and dedication, which ensured the success of these events and contributed to an inspiring atmosphere for all involved.

No more 2nd place Byatt!!!

Andrew 'Milky' Byatt, earns Double gold in the International Surfing Association World SUP & Paddleboard Championships: Prone Technical and Prone Distance.

Independent examiner's report to the Trustees of Perranporth Surf Life Saving Club

I report to the trustees on my examination of the accounts of the Perranporth Surf Life Saving Club (the Trust) for the year ended 30 September 2024.

Responsibilities and basis of report

As the charity trustees of the Trust, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

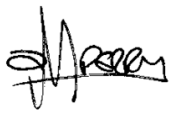

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or

2. the accounts do not accord with those records.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

THE IMPOSSIBLE WE DO NOW MIRACLES TAKE A LITTLE LONGER

A new roof covering and the addition of solar PV to help reduce our energy consumption

PRESIDENT
Pete Gaisford

The Perranporth Surf Lifesaving Club continues to grow in membership numbers and to be at the forefront of reducing its Carbon footprint.

There is a long waiting list for the Nipper membership and as they grow the Youth section is also increasing in membership numbers. You will see from the AGM Reports that the Nipper and Youth membership have performed particularly well in both Pool and Beach competitions in 2023. Well done to all the coaches and parents for giving your time to help the Nipper and Youth sections to medal success.

In 2015 the club secured the sponsorship of Happy Energy for the installation of a Solar Thermal water heating system. During the winter of 2022 the club presented a very successful Crowd-funding proposal across social media platforms for the purchase of a PV solar panel array. In September 2023 OnShore Solar provided and fitted the PV solar array alongside Truro Heating and Plumbing Ltd. This PV solar array and solar thermal water heating system has superseded the bottled gas boiler system.

Thank you to club member Magnus Hamilton of OnShore Solar for all his advice and technical support with this Green Energy project.

The RNLI continue to provide the professional Lifeguard service for Perranporth Beach and Perran Sands. It was noted alongside the usual Perranporth faces that there were more female lifeguards patrolling Perranporth Beach in 2023. The RNLI Lifeguards performed 113 Rescues and recorded 679 incidents in total. Perranporth SLSC supports the professional lifeguard service with the provision of trained and qualified new recruits for the RNLI Lifeguard system. The Club has a core commitment to provide volunteer patrols on the beach outside the normal lifeguard hours during the peak summer weeks from 6pm to 8pm.

One of those regular patrolling volunteers is Perranporth SLSC Chair – Doreen Lawrence. Doreen has recently been recognised for her voluntary service at the BBC Cornwall - Make a Difference Awards. The awards ceremony took place in Truro Cathedral, congratulations Doreen upon your Highly Commended Volunteer Award

CHAIR
Doreen Lawrence

A year has passed since the last report, and time has flown by! I find myself in a rather unusual situation as I'm writing this report by hand due to a power outage during storm Ciaran. With limited options, I've decided to embrace the old-school approach.

During the past year, I attended the Stillwater event in Wales, the national championships in Dorset, and the open competition at Portreath. I genuinely enjoy participating in these events, especially when our fellow clubs are involved.

As you may be aware, our fees have increased this year. This rise in costs is a result of several necessary upgrades and improvements to the club, including fire safety regulations, a new roof and the addition of a new water tank. We've also had to re-evaluate our insurance coverage, which has seen a significant increase. It's evident that fundraising is essential for our club's financial sustainability.

I'd like to express my heartfelt gratitude to the committee for their tireless dedication and countless hours spent managing the club. Without their efforts, we would not have made the progress we have.

Finally, I want to extend my appreciation to each and every one of you for supporting the Perranporth Surf Lifesaving Club. Your support is invaluable, and without it, we would be nothing. With warm regards, Dx

P.S. I'd like to thank you all for attending my 80th birthday party, and I'd like to offer a special thank you to the youth for the thoughtful and engraved gold whistle!

CAPTAIN Tom McRitchie

Throughout the season, committee members, Patrol volunteers and coaches have worked hard behind the scenes on a variety of important projects and activities, with a real sense of community spirit emerging.

This is hugely significant for a club like ours and while we have a great membership, you can never have enough resource to fulfil the many tasks that are required to run a Surf Lifesaving Club. I would like to thank everyone involved for giving up their time during this year and I'm confident that ethos will continue into 2024 with the 'can do' culture that has undoubtedly developed.

Due to taking on roles with Cornwall Fire and Rescue Service and Surf lifesaving Cornwall, unfortunately I feel I cannot give the role of captain the full amount of energy it deserves. However, Martijn will be a worthy replacement I will endeavour to help him where possible, and I wish him well for the future.

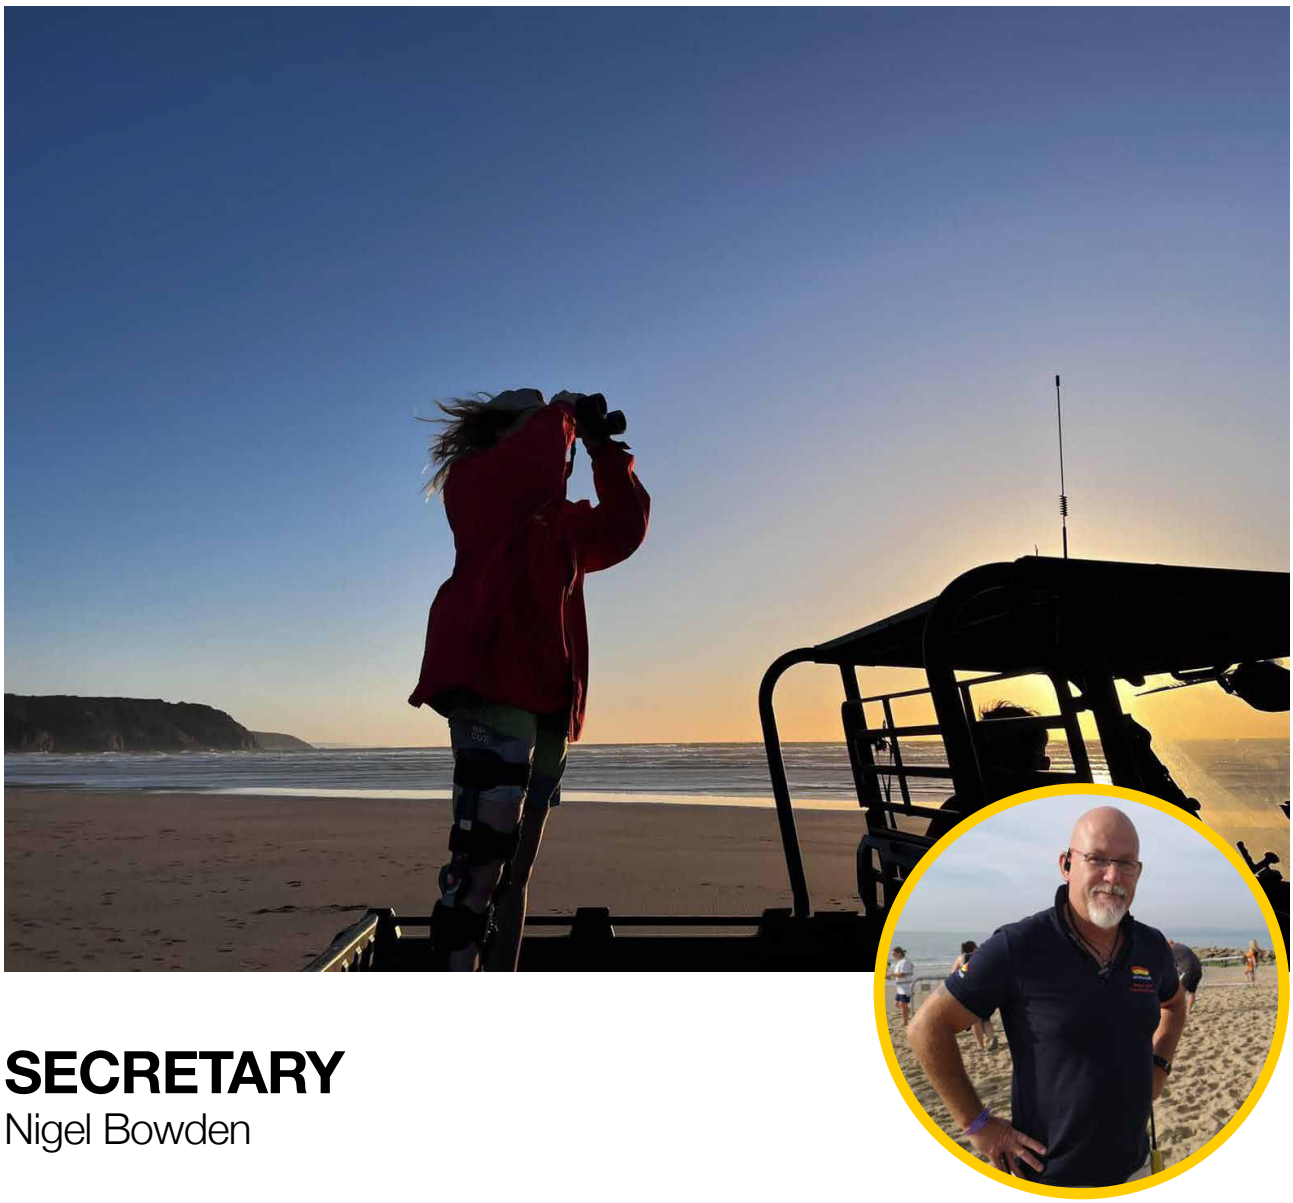

Patrol Co-ordinator Report

Year on year, we are slowly evolving the patrol section of our club to suit the needs of the beach and the people who use it. In our 5th year of HM Coastguard declared patrols, it was time to cover more of the various school holidays. Last year out 6-8 patrols were solely organised over the 6 weeks of the summer holidays. This year we covered 16 days in the easter holidays, 9 days in the may half term and then the normal 6 weeks of the summer holidays. Volunteers have racked up some brilliant statistics this year:

Total Volunteer hours	678 (2022=352.5)
Preventative Actions	68
Incidents	6 (2022=4)
Minor Injuries	13 (2022=19)
Major Injuries	2 (2022=1)

These stats and reports are proof that our supplementary patrols after the RNLI have finished for the day are having a positive effect on the safety of the locals and visitors to our beach. I'd like to say a massive thank you to everyone that stepped up this year to help put these patrols on. Without the "boots on the ground", this safety cover simply wouldn't be possible.

Next year's plans are already in motion and information will be going out in the new year. If you are interested in getting involved, please drop me an email (tom.mcritchie@perranporthslsc.org.uk). I'll be looking to qualify more people in the IRB in my new role as regional IRB officer so that the IRB can be made available as an asset to the coastguard more often. Anyone over the age of 14 is welcome to come to patrols, whether you're qualified or not. Training can be provided to those wanting to gain qualifications.

SECRETARY
Nigel Bowden

As per normal 2023 has been another busy year for the Perranporth Surf Lifesaving Club, with another 12 months of hard work and commitment. In my mind to list all the achievements over the year would just take too much time, so I would like to thank all the members of the club for all their time making the club such a great place to be.

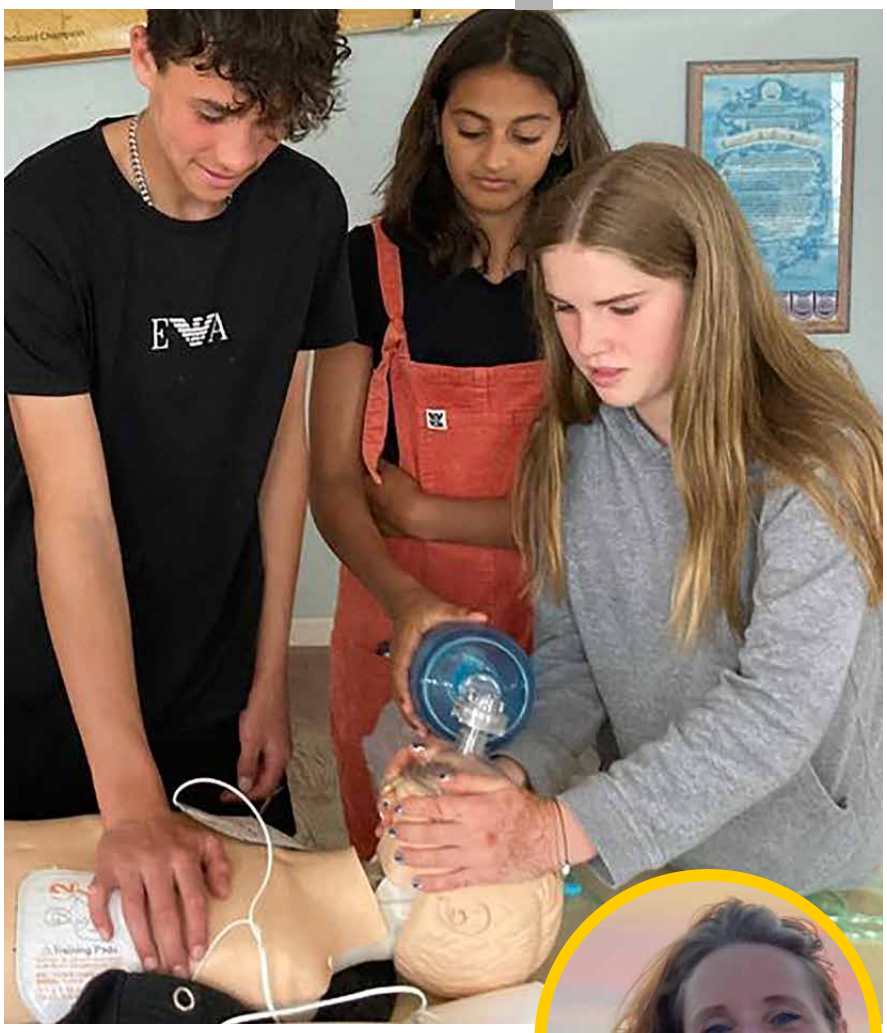

This year, we have seen some much-needed updates to the clubhouse with the fitting of the new Solar Panels and the updating of the electrics. Now a lot of the work must be done by contractor so we have the insurance and guarantees, but our members still gave their time freely where they could help.

Our Patrols are going from strength to strength, and this is down to the commitment of our members. Covering the whole summer holiday period is something we need to be proud of and shows what the club was first established for all those years ago. Hopefully we will see a lot, of our young volunteers go on and become professional Lifeguards.

The summer started so well with one of the best June and July we had in a long time. Everyone was keen to train and just happy being around the club, everyone was looking forward to the competition and their place in the teams. Then came the start of the competition in August, and how did the weather and surf change. With the Nippers at Holywell Bay being the first to be blown out, then the Youth at Polzeath and finally the Open and Master's at Bude. There was a lot of rain and wind but everyone made the most of being together and when we did race, we had some very good results.

Perranporth Surf Lifesaving Club depends on membership subscriptions, grant funding, donations and sponsorship to keep the club financially afloat and we are indebted to all those who support the club. This is an endless task and moving forward we must support and come up with more ideas for fundraising and we must plan to our future requirements.

LIFESAVING

Rebecca Jefferey

In total 34 members of our club have now completed either their full lifeguard training or re qualification in 2023.

17 of our members passed their full life guard course. 12 of them were our inspiring youth who will hopefully go on to work on our local beaches implementing their lifesaving skills. A further 17 of our members completed their re qualification. 5 of these lifeguarded full time in Perranporth and Newquay.

NIPPER MANAGER

Spike Gaisford

One name, Jayne Chapman.

Our deepest thanks go to Nipper Coach Jayne who has completed her time with Nippers, 11 years to be precise. Through those years she has embraced the Club's Nipper ethos, nurturing, in her amazing and fair style, not only each child in her various beach and pool groups but all of the hundreds of children in those eleven years who have committed to representing the Perranporth Nipper team at Cornish and National events. I for one am eternally grateful that Jayne stepped up and shared with me the "behind the scenes" load which managing Nippers creates. She hasn't gone far, moving on to coach our Youth section with her warm smile and calm manner, encouraging all abilities, coaxing confidence in each child, giving everyone a chance. Thank you so very much Jayne.

2023 has been busy for our 145 children aged 7-13. The beach has been buzzing, the pool sessions splashtastic. It's fantastic to see the weekly enthusiasm. A full group of new 7s and parents joined Pete's initiation into Nippers and surf club life; all finished the summer oozing sea confidence and definitely a little bit fitter. Coach Andy Davies did a fabulous job of arranging extra 50m pool sessions as well as continuing his Sunday summer beach sessions, focusing on fitness and race technique for any 8+ Nipper wanting to improve and enter the regional and national events this year. Along with Event Team managers Jayne, Anita, Mel and Annie, he has helped shape a Perranporth squad who have again excelled at all events. Biz Iliffe fortunately stepped up and took her SLSGB Officials Award and became our Club 'Official' at events this year. We cannot enter events unless we provide people like Biz and events do not happen at all without these volunteers. Could you do this for us too?

Cornwall Region events

In the pool, Perranporth finished 4th with a whopping 64 children racing at the SLS Cornwall Frostbite at Penzance in March. It was a great feeling having 50% of our 8-13s at this event, thank you parents for signing your children up, getting them there, cheering them on and helping with timing and marshalling. On the beach in July, the Cornish Nipper Champs were held at Holywell Bay and Team Perranporth placed 3rd Club. There were outstanding performances across the board from all 57 Nippers who attended with really tight racing at an unforgiving venue. The Max Hocking Nipper Fun Day was a brilliant success at Hayle, with 52 children joining in with Nippers from across Cornwall.

National Events

Wales – Cardiff's 50m pool again hosted the SLSGB National Nipper Pool Champs at the end of April with 37 Nippers making the journey. We were 5th overall. The children were incredible as were the parents who helped with the team and the lane timing. On the beach the SLSGB National Ocean Champs were again held at Branksome Chine, Dorset in August with tricky racing conditions this year. An admirable 5th Club overall belied some fantastic results from the 35 children who made up the team. It was a great trip away not only from a sporting perspective but from the social memories made by everyone. For our Nipper medallists and point takers please check out the sports report at the back. There are too many to list here, but our Nippers shone bright with plenty of medals following hard won battles in the water and on the sand. Well done to them all. This year you may also have seen several of our Nippers starring in the CBeebies show "Treasure Tales" filmed at the Club. Bea Cudmore and Biz were instrumental in putting together our fantastic first Nipper Halloween party which was well attended by families, was a spooky success and which we want to repeat every year. Parents Charlotte Viles and Lou Thrower along with members Maxine, Vicky and Dave as part of the Saltwater

Collective, held a fundraising art exhibition with proceeds going to the Club. Anita Fleet did a superb job with her Christmas Gonk making workshop with the children for our yearly entry to the St Piran's Christmas Tree Festival, they looked amazing.

We did not hold the Youth Aquathon this year, a case of the organising team feeling a little burnt out to say the least and if anyone reading this would like to help organise future Nipper events please do come forward, we need fresh ideas and willing victims! Events like these raise funds for the Club but it takes more than a handful of people to do this. If anyone has any bright ideas, please do get in touch with me. I cannot thank enough those parent members who have taken the time to pass SLSGB awards to become our valuable Coaches, your children's coaches and who keep coming back week after week to share the surf lifesaving love and knowledge. To the parent register takers, the event helpers, water cover at events, cake bakers, the BBQ flippers you all make Nippers happen wherever we are. And big love to Karen and Ruth the all-important hot chocolates Queens. I am eternally grateful to Biz Iliffe who has come forward to help me with managing Nippers behind the scenes, it is a mammoth task. Thank You and bring on 2024!

Our Annual Awards are held in December so don't make the edit of the Annual Report of that year. Here are our Nippers who received awards, trophies, and stars in December 2022

YOUTH MANAGER

Sarah White

Last winter the Youth continued their swim training at a pace both at Redruth School and Sir Ben Ainsley Centre, a big thanks to Keith Lambert for his continued support, this winter we have been joined by Andy Davies who is developing competition technique which complements both the Lifesaver qualifications and the competitions alongside Keith's swim technique, great feedback on all swimmers from both coaches.

We hit the beach early this summer making the most of the summer light, we were very fortunate that we were able to train at Perranporth every week without fail and also utilise surrounding beaches for some competition training, this certainly paid off at both County and National competitions.

Our beach training continued and our Lifesaver/Lifeguard training on a Monday night was hugely successful a huge thank you to both Becky Jeffery and Tom McRitchie for their commitment in getting our Youth through this award it is great to see our Youth members holding up the clubs motto of 'Vigilance and Service'.

been hugely successful this year and well attended, this is testament to our wonderful coaches who give up their Tuesday evenings and provide such amazing support and encouragement. All our Youth successfully completed their Swim, Board and Tube Rescue Awards.

Thank you to Ruth and Alex who have kept us all fed and watered with such amazing meals every Tuesday night, our socials after some hard training have gone from strength to strength and it is great to see everyone coming together we have also reinstated Club Notices giving all members of Youth a chance to deliver them. A special thank you to Doreen for keeping us all in line ensuring we are all registered, have the correct attire (remember your hat, goggles and ear plugs) and revised your theory, you are truly one of a kind Doreen and we love you for it.

This year we have bought all our Youth ear plugs and we are encouraging them to use them every week and outside of Surfclub sessions, we see them as a vital part of their kit when entering the sea and hopefully we can be proactive in preventing Surfers ear, we will be issuing all new Youth with earplugs at the beginning of each season when we return to the beach in the future.

The Youth have really stepped up this year and supported the Club Patrol sessions over the summer period outside of the Lifeguard hours, putting to good use their skills acquired during their training sessions.

A huge thank you has to go to everyone in the club who supports the Youth, from parents ferrying the Youth to training and competitions, towing trailers, coaching whether in the pool, in the sea on dry land, registering, BBQing, cooking, cleaning down, administration you are all awesome and we couldn't do it without you.

Look out for the Twilight events, a fun way to have a go!

LADIES CAPTAIN

Anita Fleet

2023 has been another successful year for Perranporth Surf Lifesaving Club. The club has continued to build on the success of previous years and, once again, has welcomed many new ladies to our thriving club.

During the summer months, the skilled and dedicated instructors, known as the 'blues', ran fortnightly lifesaving training sessions, coinciding with the high tides. The primary objective for these sessions was to enhance water confidence among our members whilst also providing a challenge for our more skilled surf club participants. All the instructors have been amazing and I cannot thank you all enough for your precious time, valuable knowledge and on-going support. A special thank you to Sarah Green who planned and led many of the sessions this year. We're delighted that Ellie Woodward has agreed to take a lead in running the Friday training sessions next season. Additionally, some of the ladies took advantage of the Wednesday night club sessions to further their experience and skills.

Competitions

For the first time in years, we sent a small but formidable team of ladies to the SLSGB National Still Water event in Cardiff. Their outstanding strength, fitness and skills were apparent from the onset, propelling them through each event with determination and remarkable sportsmanship. Their unwavering commitment to success resulted in them earning several victories each, securing some well-earned places on the podium. Congratulations to Paula Bright and Kate Passmore for showcasing your talents.

Enthusiasm for competitions continued and a team of ladies from Perranporth SLSC joined forces with the men to form a strong team for the SLSC Cornish Still Water event at Carn Brea.

Congratulations to all who competed and represented Perranporth SLSC.

For a multitude of reasons, the number of ladies who competed on the beach this year was very low. This is an area we are looking to build on for next year in the hope that we can take a strong team to both Cornish and National Champs.

Carnival

Having missed several years due to COVID, the ladies were delighted that the carnival was back on and their enthusiasm and excitement was evident to all who watched! They eagerly embraced the opportunity, along with other sections of the club, to dance, have a memorable time and represent our wonderful club. Thank you to Biz and Lauryn Iliffe for choreographing and leading the dance routine.

I'd like to express my gratitude to all those who have contributed to the success of the club through your outstanding efforts. The level of dedication and commitment displayed by many members is truly remarkable. We simply wouldn't have the wonderful, thriving club that we do without you. Roll on 2024.

Severn Bore reconnaissance expedition

IRB CAPTAIN

Rob Farr

Apart from the large training group, this year saw a couple of unusual activities.

April saw the club getting involved in a RNAS Culdrose aircrash exercise. The scenario was based around two military aircraft colliding over Penhale, with aircrew ejecting over the sea. Our club dummy became that ejected pilot! The IRB team were briefed by the exercise organiser as to where he wanted the downed pilot to appear, and at what time ahead of the exercise going live. It was great to see the club members involved in this prior to the emergency services being mobilised.

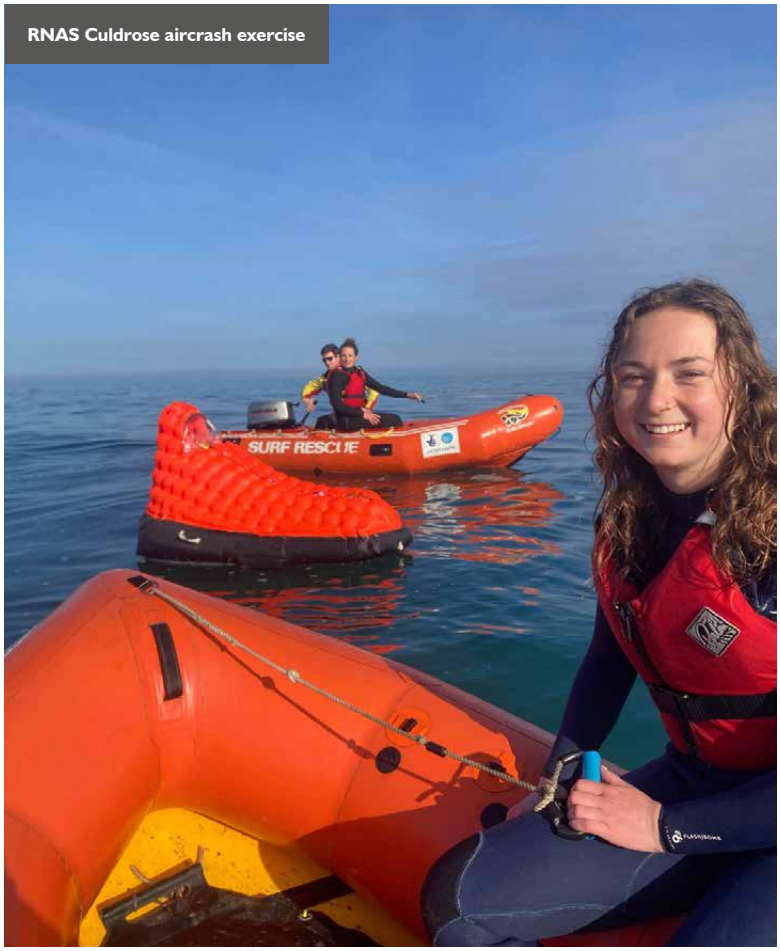

The IRB's also got to go out of county in April, to the Severn Bore. The combination of surf experience and swiftwater flood experience proved the IRB's to work brilliantly in this environment. This was an initial trip to see if getting the boats on the river Severn and operating on the Bore was feasible. The IRB's and the rescue boards made for a great tow in combination, and culminated with a very long ride by Si Jeffery. September saw the usual final assessments after the drivers and crews trained in proper Perran conditions all year. Well done to Summer and Willow Jeffery on both getting their drivers, and to Paul Barrell getting his crew. Thanks to Si Jeffery for all his help this year.

One of my standout moments of the year was seeing Summer and Willow calmly launching from very big, high tide Perran, showing exceptional big surf skill. That in itself made all the years efforts worth it. For those of you that have thought about it, but not yet got to it, catch me over the winter to talk about your starting with the IRB's next year. I look forward to hearing from you – rob.farr@perranporthslsc.org.uk

RNAS Culdrose aircrash exercise

Cornish Champs at Portreath

Saunton Sands UKSRL

SURFBOAT CAPTAIN

Paula Bright

2023 has been a year of building ground swell for the Perranporth Boaties. A sense of new energy within the Surfboat community has bought fresh enthusiasm to showcase and invigorate this epic sport.

We've had a good trickle of new adult rowers this year as our previous youth crews mostly fledged to higher education and travelling adventures.

Our newbies had their race baptism and got gently spanked by Neptune at our two main summer series events held at Portreath and Saunton Sands. Great results and celebrations were had. See photos above.

Good club fitness commitment has been demonstrated throughout the year and a building bank of new Sweeps learning under the watchful eye of Sweep Jedi, Pete Gaisford.

Wednesday night 'Rowga' fitness training open to all!

2024 marks the 50-year anniversary of the first World Lifesaving Championships that Great Britain took part in, in South Africa. The 1974 Perranporth Surfboat Crew who represented GB are pictured below (Nick 'big Wave' Beringer- Sweep, Mike Allen-Bow, Andy Dawe-2nd Bow, Robert Plimley-2nd Stroke, Alan Homes-Stroke). They won Gold in the Surf Boat Recue and Bronze in the Surf Boat Race.

1974 World Championship Surfboat crew

The 'Old Boys' rowed Lake Windemere this year with Nick Beringer sweeping. To loosen off the next day, the old men of Perranporth climbed The Old Man of Coniston.

Nick 'big Wave' Beringer

The 'Old Boys' up the Old Man of Coniston

As serendipity would have it, an intrepid male and female crew from Perranporth have started preparations to attend the World Championships on The Gold Coast of Australia in August 2024. This will also be Sweep Pete Gaisfords 70th year on the planet! Already committed to a rigorous strength and conditioning training programme, we're feeling positive team cohesion and ambition. This is an expensive endeavour in terms of time, commitment and of course money. We will therefore be holding some fundraising events in 2024 to combine a celebration of our Surfboat World Champ 50 year history and investment in our World Champ future ambitions. We'll be documenting our preparation journey and would welcome the interest of a big sponsor who'd like to support and be associated with this huge endevour.

Winter training is about to commence from Rustler Slipway in Penryn. If you are keen to give Surfboat Rowing a try, then flat water in Januray is the time. Please get in touch with Paula Bright or Peter Gaisford.

Winter flat water rowing is the perfect way to see if Surfboats are for you!

The committee meet the first monday of each month to ensure smooth sailing in all weathers

MEMBERSHIP

Matt Sanwell

The committee has voted to increase the membership prices for the 2024 membership year. The decision has been carefully considered and not taken lightly. As custodians for our amazing club the committee are responsible for the future prosperity of the club and financial sustainability is a key part of that.

This year, SLSGB has increased its individual membership fee from £25 to £30, which is included in your PPSLSC membership fee. On top of this, our club house and equipment insurance premium has nearly doubled. We have tirelessly shopped around and critically analysed our needs, but were unable to find a cheaper cost that didn't reduce the cover.

The proposed new membership fee structure, including the SLSGB fee increase of £5 and a contribution to the increased insurance premium, is as follows: Nipper: £70 - Youth: £70 - Senior: £115 - Associate/Helper: £55

We decided not to also adjust the fees inline with inflation, which was also discussed. This will be accounted for by reviewing our subletting fees.

Thanks to the investment in solar PV panels, management system and a new thermal store via our crowd funding campaign, we hope to have long term energy security and possibly even reduce our power consumption costs!

The next stage is to put the above fee structure to a vote, at our club AGM on the 22nd November - all members are encouraged to come along to and raise any concerns or ideas. If successful, the new fees will be collected at midnight on the 1st December 2023 via the membership cloud.

If you have any questions or would like to discuss paying monthly, please contact Matt Sanwell (Membership Secretary) on matt.sanwell@perranporthslsc.org.uk

TREASURER
Tim Keohane

Well, what an interesting first year I've had! Following on from the amazing Andy Davies, I took on the role of Treasurer at the last AGM. Matt and Andy told me, 'all you've got to do is pay a few bills once in a while, easy'. I feel like I was kidnapped haha

This financial year like last, we have seen some staggering increases in costs for all of us.

- Interest rates were raised at 14 consecutive policy meetings from 0.1% in December 2021 to 5.25% in August 2023.
- UK consumer prices, as measured by the Consumer Prices Index (CPI), were 6.7% higher in September 2023 than a year before, unchanged from August, which was the lowest rate since February 2022.
- UK food and non-alcoholic drink prices were 12.1% higher in September 2023 compared to the previous year, based on the CPI measure of inflation. This continued the decline from the recent peak of 19.1% in March 2023, which was the highest rate of increase in food prices since 1977.

Francis-devine, B. et al. (2023) Rising cost of living in the UK - house of commons library, Rising cost of living in the UK. Available at: https://commonslibrary.parliament.uk/research-briefings/cbp-9428/ (Accessed: 01 November 2023).

The challenge this presented us all at home cannot be underestimated. These pressures put a strain on us all, and had a direct impact in our community and club. It made for a tough year of cost control and fundraising. Reaching deep into our community and corporate sponsorship to support the vital activities of our club, in order we continue to support our membership and the community we love.

You all rose to the challenge, delivering a year of activity we can all be proud of during these extraordinary times. We started the financial year by building on the transparency of reporting and costs, creating a shared folder with the financial reports in each month for the committee to review. We created a budget process, assigning owners to an expected spending profile and reporting/discussing it each month. It helps us keep our eye closely on our spending habits, and means we were able to respond to forecasted cost pressures with extra fundraising etc. Amongst other really successful fundraising activities, we ran a brilliant Crowdfunding project to help us reduce our impact on our planet by installing a solar system to reduce our carbon footprint and our overall costs.

Outside of the huge increases in our day-to-day operational costs, extraordinary cost pressure came our way when we had to instigate a programme of building works to assure the safety and security of everyone in our club. Renewing our vital fire safety infrastructure, doors, alarms and lighting added to our challenges, circa £12,000. The fundraising and support from you all again met that challenge, the project came in on budget and we now have future proofed fire safety standards.

A review of our building and equipment insurance levels identified a shortfall in cover. A review of our premium meant a doubling of our costs to circa £10'000 pa.

What a year! But what a membership we have. Every time the call went out for fundraising support you stepped up, every time we needed your labour for work you stepped up, every time we asked you answered. What a club, what a membership, what a community. I am proud of the work that has been achieved this year and immensely proud of the community of people who step up time after time.

We met the challenges of this year, we will meet those of next year and we will continue to grow and get stronger. Personally, I want to thank you all so very much for the help and support you have shown me and the committee this year. We don't do this without you, we do this because of you.

We enter the 23/24 financial year in good shape; we have huge challenges ahead, but I get comfort knowing that you will all step up once again and help us maintain the vital support we give to our community.

Arguably the best race in surf lifesaving - Double Ski - Simon Lawrence and Matt Sanwell representing PPSLSC at the Ocean Nationals

SPORT

It was good to get back to a full programme of event for 2023. This report covers, all Regional, National events for 2023, but would also like to highlight all the time and hard work the club Coaches give to the club. Sport has always been a big part of Perranporth SLSC.

The club would like to thank our two new National Officials Elizabeth Iliffe and Keith Lambert who Officiated at both Cornish and National Events.

SLSGB sport is still a numbers game when entering, the larger the team the more chance of winning. Surf lifesaving is one of the only sports where the individual will shine but needs the support of the rest of the team to succeed.

2023 Medal count

Medals	Gold	Silver	Bronze
Cornish	29	32	28
National	34	24	26
Total	63	56	54

Congratulations to Andrew 'Milky' Byatt, 2nd in the Men's Tech Prone and 2nd in the Long Distance Prone and Jess Georgelin, 4th in the Women's Long Distance Prone as part of Team England at the SUP and Paddleboard World Championships in France.

Stillwater Events

Cornish Nipper Stillwater

This year started with the Cornish Nipper Stillwater, this took part in Penzance pool over two weekends with over 580 children taking part. Perranporth SLSC came 4th out of 12 clubs.

National Ocean Championships

This year the event was held at Bracksome Chine.

National Nipper Ocean

The National Nipper is now the biggest Surf lifesaving in the country with over 600 competitors from 30 clubs. This is a big step for our young Nipper to take, but they all took on the challenge and competed to their best for the Black and Gold of Perranporth.

National Nipper Team

Independent examiner's report to the Trustees of Perranporth Surf Life Saving Club

I report to the trustees on my examination of the accounts of the Perranporth Surf Life Saving Club (the Trust) for the year ended 30 September 2023.

Responsibilities and basis of report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

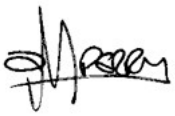

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or

2. the accounts do not accord with those records.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

THE IMPOSSIBLE WE DO NOW MIRACLES TAKE A LITTLE LONGER

What it's all about! Willow Jeffery, Aisling Cook and Abbey White started out as nippers and spent this summer working for the RNLI

PRESIDENT
Pete Gaisford

Anyone remember the long hot summer of 1976? It has taken 46yrs for a similar summer to return, with the long hot summer of 2022. Hose pipe bands were introduced and the sea was so warm that a wetsuit was not an everyday requirement.

2022 is the first year when some kind of normality returned following the two previous years of the Covid pandemic with its lockdowns and travel restrictions. The outside wood panelling received a new coating of protective wood treatment along with a coat of paint sealer. Club work parties ensured the building received a thorough spring clean in preparation for a busy summer. The summer weather did not disappoint and the usual club membership day by day, weekly activities resumed once more in earnest.

There are separate reports in this document that will highlight the club members achievements through the year.

Sadly, Perranporth had one drowning incident at Droskyn in August. RNLI Lifeguards went to the aid of the casualty. Perranporth SLSC club members assisted the Lifeguards upon their return of the casualty to the beach. Our condolences go to the bereaved family.

After two years of difficult fund-raising conditions. The club needs to address how to gain additional funding income. There are still a number of outstanding issues that need to be addressed to ensure that the building structure meets with the ever changing safety regulations.

There are number of changes taking place within the Club Management Committee as some members retire or move away. Can I say a heartfelt thankyou to you all, for the giving of your time to keep the club moving forward. Can I also say a big welcome to those club members stepping forward to fill the vacant management positions. Everyone has a role to play in the success of Perranporth Surf Life Saving Club.

It is volunteers who have built and moulded Perranporth SLSC into what it is today and long may it remain so.

CHAIR
Doreen Lawrence

What a great year we had! Came out of Covid-19 and straight into 2022!

At the start of the year we had Still Water Championships, Swansea first with Youth , Open and Masters and then Cardiff with the Nippers! Those that participated in these events had a great time and the Nippers really did well!

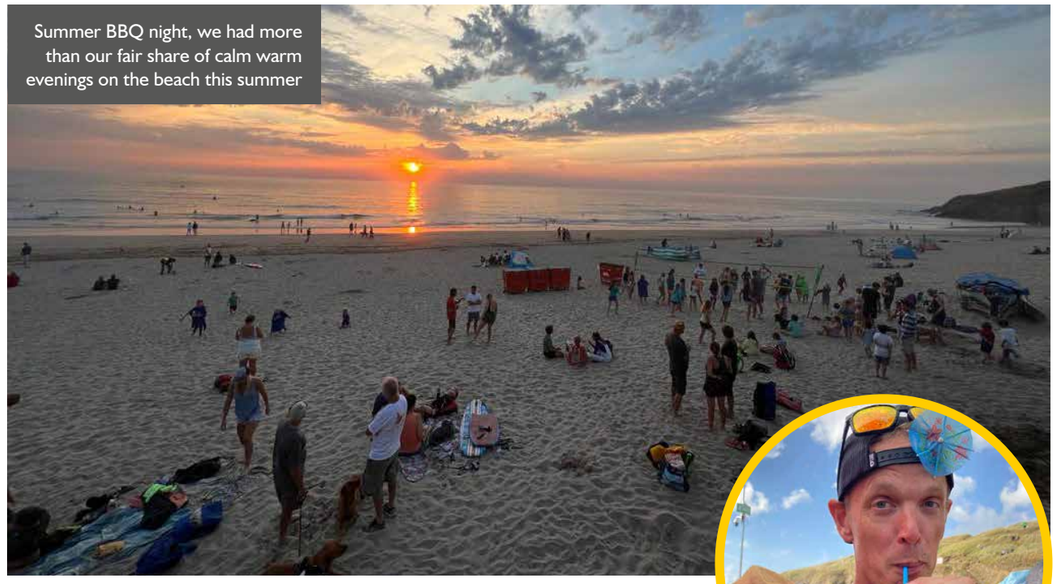

In August we all went off to Dorset for a week! Nippers, Youth and Masters. The weather was excellent, events do go well when the weather is good! Thanks to all parents and helpers, without your support these events would not take place. The Nippers did an excellent job, they got the most GOLD but missed out on the points! Never mind there is next year!

In September we hosted the Open Nationals! The weather changed! It was still a successful day for the Club. (This was only one day as the week before Her Majesty Queen Elizabeth II died)

Other Events on our Calendar were the Duncan Newby Swim, the Youth Aquarthon and the replacement for the Triathlon the Perranathlon and the last event the Clubbie Classic.

I would like to thank the Committee for all their support this year and the help from all club members at all our events.

A final thank you to those who did voluntary patrols this year, this is the reason we do all of the above to keep our beach safe for others to enjoy.

Summer BBQ night, we had more than our fair share of calm warm evenings on the beach this summer

CAPTAIN Matt Sanwell

2022 will go down as one of the longest and hottest summers. Its mid November and only now is it starting to feel a bit chilly. We had a jam packed year with Covid-19 as a distant memory, a full schedule of events, record membership numbers and club momentum running at full steam.

Racing highlights for the club were without doubt hosting one of the most memorable Cornwall Twilight series, with challenging surf and a huge turnout in mid June. We also hosted the National Open Championships in september. Finally, (in the blighted hiostory of PPSLSC trying to host a National comp - usually massive) we had a forecast that was looking chunky, but managable and could produce some amazing racing for both competitors and spectators. However, in a mark of respect with the passing of the Queen, the descision was made to cancel Saturdays racing and run a condensed schedule on the sunday. The swell had dropped off, but was super clean and just enough to keep things interesting. PPSLSC members pulled together to put on an event to remember, with clubs traveling from all over to compete in the first official event for 3 years.

Our own events were very successful too, the Duncan Newby Swim had perfect conditions and saw teams from other Cornish clubs and we also held the first Perranathlon (Swim, Run, Wade, Cry) which was very well recieved. We also had a summer beach party with BBQ and Volyball, it was so good to see the whole club come together and have some fun.

Training has been really successful too this year, with lots of focus on technique for the masters. Looking forward, I would like to see more younger faces at the senior training nights. We are back in the pool now and numbers are good thanks to Keith securing the thursday night sessions at the Sir Ben Ainsley Centre. This winter we are focusing much more on surf lifesaving skills and general fiutness which is prooving very popular.

After what will be 8 years, I have decided to step down as captain in March 2023. I have enjoyed the challenge immensly (and found it hard and stressful at times) I have learnt a huge amount and gained confidence in public speaking and drumming up enthusiasm for events etc. It was made easy with the unwavering support of the rest of the club comittee, a truely great and committed crew. Now feels like the right time to hand the captaincy reigns over. I look forward to seeing the club blossom and grow.

2021 AWARDS

No Awards were presented in 2021 due to Covid-19

SECRETARY
Nigel Bowden

As per normal it has been another busy year for the Perranporth Surf Life Saving Club with another 12 months of hard work and commitment and getting back to some normality after two years of the pandemic. To list all the achievements over the year would just take too much time, so I would like to thank all the members of the club for all their time making the club such a great place to be. There seem to be a lot more now getting involved which we have been lacking over the last few years.

This has been a very difficult year for everyone when it has come to fundraising; this has not only been for the club, but everyone is feeling the pinch. This year we have seen all the wood cladding outside the club being treated which is hopefully the start of some refurbishment to the clubhouse. The committee is very much aware of all the work that is needed to upgrade the clubhouse and are now looking into some focussed fundraising and grant funds to get this work carried out.

To see the Club Patrolling on a regular basis really show what dept's the club has, and how important this activity is. Our Volunteer Patrol Coordinator (Tom McRitchie) is now looking to put together some important training throughout the winter so that we can offer more to our community. If you have some spare time, please support him.

This year we see 7 of the committee standing down. Being a committee member is a huge commitment and always open to criticism on some of the decisions made, but without them the club would not be able to run. I would like to thank them for all their hard work over the years.

- ***Andrew Davies (Treasurer):*** Over the last few years he has put into place a more structured budgeting structure which will help the club moving forward. Andrew is leaving the committee but will still be involved with the club on a Coaching level.
- ***Matt Sanwell (Club Captain):*** Like all Captain's he has left his mark and always led from the front.
- ***Lynda Bowden (Membership Secretary):*** Lynda has been part of the committee for over 15 years and has held several posts. Her legacy is still a big part of the club by setting up the Nipper Swimathon and the Biatholon (which is now the Aquathon) back in 2005.
- ***Ben Gardiner (Committee, RNLI Liaison):*** Due to work commitments Ben is standing down and his Lifeguarding knowledge of the beach will be missed. Ben is truly one of the unsung heroes of the beach.
- ***Rob Nunn/Sam Chamberlain (Lifesaving Officers):*** The work that Rob and Sam have carried out is the backbone of the club.
- ***Esme Rogers (Vice Captain):*** Hopefully we will still see Esme around the club, but life moves on and I wish her luck in her new venture.
- ***Aaron Jones (Committee, Boat Captain):*** Aaron may be standing down as Boat Captain, but I have a strange feeling that this is just a new start in his club life as his children move into Nippers.

Perranporth SLSC is such an asset to our beach and the community of Perranporth so let's all keep working together and see the club grow from strength to strength.

CLUB PATROLS
Tom McRitchie

This year was our 4th year of officially declared patrols to HM Coastguard. Continuing from last year, we were patrolling from 6pm till 8pm however we extended our patrolling from just the month of August to the full 6 weeks of the summer holiday.

The Watering Hole and Creative View kindly sponsored patrol clothing and a patrol flag for this season meaning that our volunteers looked like a professional service. Being easily recognisable as life savers and lifeguards meant that members of the public could come to us with issues they had knowing they were in the right hands. Also, when giving out our advice and making preventive actions, members of the public know that we're qualified to do so. We thank The Watering Hole and Creative view for their support. Also thank you to our Chairman, Doreen Lawrence, for sorting out the manufacturing of our kit and getting the sponsorship to pay for it.

Over the course of of 44 days, 47 club members stepped forward to help keep Perranporth beach that much safer once the RNLI Lifeguards had finished their shift for the day.

Our patrol volunteers put in an incredible 352.5 hours over the course of the summer holidays in which we had 713 face to face interactions with members of the public. 140 of these were preventative actions such as, but not limited to, advice given about the dangers of swimming in rips, tidal cut offs and jumping from rocks.

In terms of incidents, we did 19 minor first aids (mainly cuts and weaver fish) 1 major first aid, 2 lost or found persons, and 4 incidents (rescues and assists).

Next year we plan to patrol even more than this year and will hope to cover 6pm till 8pm for the 2 week Easter holidays, 1 week may/June half term, 6 week summer holiday and 1 week October half term. We also hope to find further sponsorship for more uniform and patrol equipment so our volunteers have everything they need to keep our beach safe and free from preventable drowning!

If you'd like to patrol next year, then please keep and eye on the surf club socials for information relating to our patrol dates next year or feel free to contact me directly expressing interest (tom.mcritchie@perranporthslsc.org.uk). The more people that help out, the more the work load is shared!

I'll also be running various levels of qualifications in the winter for anyone that would like to get involved but doesn't currently hold any lifesaving qualifications. Keep an eye out on socials for course start dates.

NIPPER MANAGER

Spike Gaisford

Perranporth Nippers have been firing on all cylinders this year. This is thanks to the commitment of our parent coaches behind the scenes who give up their time each week on the beach and at the pool to facilitate the sessions for the 141 Nippers on our books. Without these incredible parents we would not function at all. The whole Club is solely run by volunteers, and we are so grateful to everyone who gives their precious time to keep us afloat in our 65th year.

Jayne Chapman and Andy Davies again enthusiastically ran Sunday competition beach training sessions during the Summer for any Nippers 8+ keen to take part at events. Without doubt these extra sessions have paid off with our highest Club rankings for many years both in the pool and at ocean competition in Cornwall and nationally. Jayne and Andy's hard work, the children's desire to do their best plus their parent's time commitment to being at the events is the recipe for our success. I won't list the many medals and point scoring places achieved here as the list is very long - you will find them in the Sports report! We are incredibly proud of you all.

Our move back to the space of Newquay Waterworld Pool in January helped inspire 57 Nippers attend the Cornish Frostbite at Penzance. Many younger 8s, 9s & 10s stepped up for the first time. Remember, Covid meant they had not been to a competition since joining as 7-year-olds. Nerves were calmed and each Nipper was outstanding in performance and behaviour. So too were the parents who had volunteered to be poolside - timing and marshalling Cornwall's finest. We were rewarded with second Club overall, the icing on the cake for everyone who attended. The SLSGB National Pool champs in Cardiff were held quite late in May and I do think this had an impact on our entry with only 25 making the trip to the fab 50m pool. 18% of our Nipper membership is not much when you think about it, yet these children managed 6th place overall out of 28 UK Clubs with a large haul of medals. It would be superb if we could take more children to the GB Pool event in 2023, it's not that far and is a wonderful experience.

The Ocean events were back on with a vengeance this year. The Cornish champs at Portreath saw 56 Nippers make up our team and we cracked out a tight 4th overall, only 11 points between 2nd, 3rd and 4th. The event was run during the heatwave and our Nippers coped marvellously. New to the event, many parents graciously stepped forward to assist with the region entry requirement to provide help with event management and

water cover. The weather was still hot, hot, hot at Branksome Chine, Dorset in August for the SLSGB National Ocean Nipper Champs again and 25 children travelled up for the 2 days, camping and competing. We were 5th Club overall but the took largest number of Golds (25) of any club. Numbers again less for the team, I appreciate that it is the school holidays, people are away and the distance and cost can be an obstacle however these events are where long-lasting memories and friends for life are made. Please consider being part of the team in the future.

The Max Hocking Day at Hayle was well attended by 50 Nippers enjoying games and fun races. I urge any parent with a child less enthusiastic about races/events to come along to the 2023 day. You will see what a fantastic movement Nippers is. Our fundraising Youth Aquathon was resurrected and there was a good turnout from the Perran Nippers despite the rain. For once the sea was kind, which meant the swim was longer. Everyone impressively dug deep and managed to complete the timed swim and run, definitely testing some of our Nippers but the smiles post event showed how much the achievement meant. I hope we can double the entry in 2023 and for all events. Parents, we only ask your child to attend a maximum of 5 events/days yearly and of course regularly attend our weekly sessions in exchange for the privilege of being a Perranporth Nipper especially when we have so many children desperate to be a part of the Club. On that note we will be monitoring weekly attendance in 2023 as it is unfair on our waiting list children if our “members” only rock up very rarely. Fortunately, it’s only a minority we need to keep an eye on.

Congratulations go to parents Mike Jeffs, Cris Balinger, Annie Lee, Martin Fleet and Mat Rowlands who have achieved their SLSGB Level 2 Coach Award to join the rest of our parent coaches this year. Our Nipper Mum’s, Donna Parker, Sangeeta McNair, Kelly Jeffs and Naomi Jones also gained their First Aid qualifications at the Monday Award nights. All of their commitment adds up to help the Club run its sessions and put voluntary evening patrols on. To our parents, look out for the next round of Lifesaver/Lifeguard/First Aid/Coaching courses starting and sign up. We need every single one of you to buy in to both Nippers and the Club. We need your fundraising ideas. We need more of you to take the awards. We need to see you at one of our summer evening patrols, after all it’s what the Club is about, there is a job for everyone. If your children can do it, so can you, it’s not just a side-line spot for you as a parent!

YOUTH MANAGER

Sarah White

Our Youth have been awesome again this year, achieving a whole host awards, qualifications, and competitions, their tenacity continues to amaze me.

Swimming continued at a pace over the winter season at Redruth School pool, technique and endurance pushed our swimmers and came into its own when we returned to the beach. This Winter we have returned to the pool at the Sir Ben Ainsley Centre and Redruth School Pool, and it would be great to think we can put all the weekly training to good use and enter both County and National pool events.

Our return to the beach in May was accompanied by some great conditions, we were very fortunate this season to not have to move or cancel any of our sessions.

Huge congratulations to Willow Jeffery, Aisling Cook and Abby Martyn who on qualifying as Lifeguards became employed by the RNLI to patrol our local beaches, the club is hugely proud of all our youth who undertake the Lifeguard training and then go onto serve our local community, upholding the clubs tradition of 'where Lifeguards are made'.

Congratulations to Amelia Parker, Elodie McNair, Lilah Talbot and Jack Rowlands who have passed their Lifesaver Award and to Byron Postle, Freddy Gaisford and Finn Jeffery on completing their Lifeguard award, we look forward to seeing you patrolling on our local beaches next season.

NO 2021 YOUTH AWARDS WERE PRESENTED DUE TO COVID

CURRENT NUMBER OF YOUTH MEMBERS

60

Thank you to all our Youth who have supported the Clubs Patrols outside of the Lifeguard hours.

Our weekly beach nights have seen a variety of activities with all our Youth completing their Swim, Board and Tube awards, we have been lucky to have a few evenings where we have been able to get the skis out at Perranporth. Notices have been reintroduced with much hilarity and everyone taking turns in reporting them, along with food which seems to be hugely popular.

We took a great, but small team to the Cornish Champs at Portreath, a great effort by everyone especially Tom Dingle, Jowan Kerry and Jacob Webb.

The above then went on to represent the Club at the Youth Nationals at Brankscome Chine joined by Rosie Norton and Henrik.

Two of our Youth members Seb Bartlett and Alex Robinson entered the inaugural Perranathlon a great achievement and inspiration to the rest of Youth, we look forward to see more of you entering next year.

The final competition was the National Open held on our very own beach, well done to Seb Bartlett, Tom Dingle and Ben Hardwick who bravely entered.

A huge thank you to all our wonderful coaches who give up their time to come and support us, to the parents who coach, transport, cook and clean up you are all awesome and we couldn't do it without you.

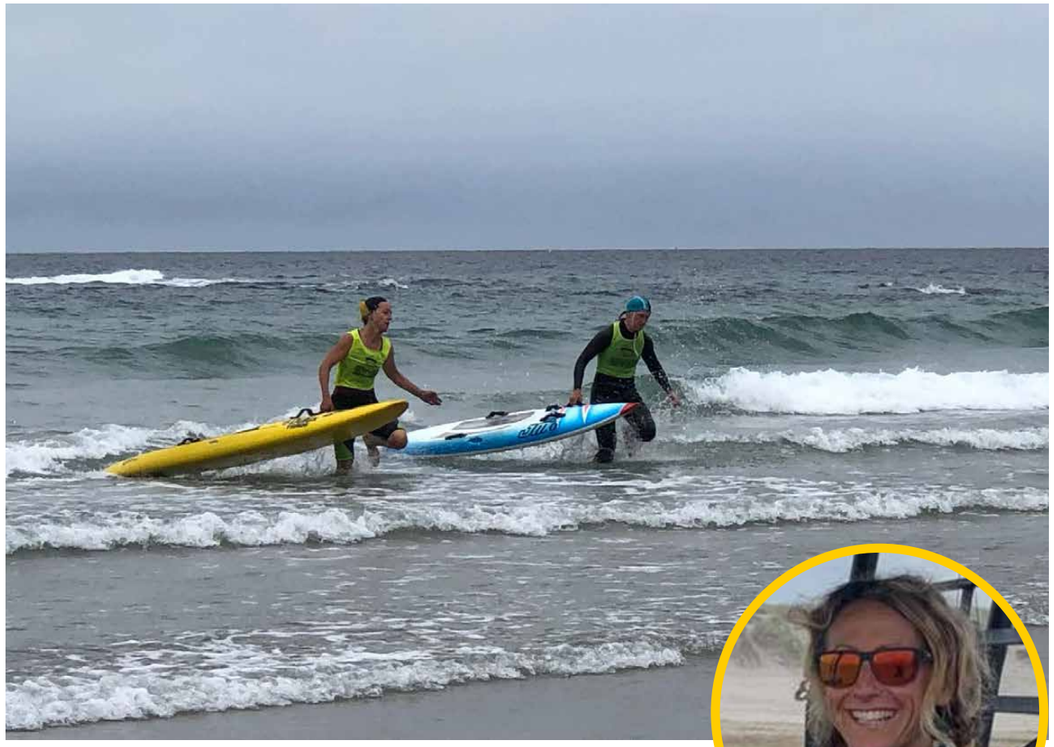

LADIES CAPTAIN
Anita Fleet

After two years of restrictions, 2022 has enabled us to return to normal activities after COVID-19. It has been wonderful to see our bustling club open and active once again. The club has continued to build on the success of previous years and has welcomed many new ladies to our thriving club.

Having reflected on previous years, the coaches decided that the best way to move forward with the training was to run ladies' night on a fortnightly basis. This appeared to be a success, with many committed ladies attending the fortnightly sessions.

Once again, all the instructors have been amazing. They all offer something unique and help to support, encourage, inspire and keep us all safe in the water. I cannot thank you all enough for your precious time, valuable knowledge and on-going support. A special thank you to Sarah Green who planned and led many of the sessions with the support of the other instructors.

It was wonderful that competitions could resume and it was the first time, in a very long time, we had a large team of female masters who were all keen to compete and show their talent at the SLS Cornish Champs at Portreath. Hopefully this incredible enthusiasm will continue next year and we will have an even larger team!

The Duncan Newby Surf Swim was another success this year with some of our ladies forming teams and taking on the challenge. By entering and swimming as a team, rather than individually, it incorporates characteristics of surf lifesaving – enduring your own physical challenge while maintaining awareness of the conditions and performance of those around you.

I would like to take this opportunity to thank everyone for your sterling efforts in supporting and running the club. The dedication and commitment of many female members is incredible - not only in the training and competing side but also in the organisation and general running of the club.

Overall, 2022 has been a successful year where new friendships have been formed, lifesaving skills learnt and good times enjoyed by all. Roll on 2023.

IRB CAPTAIN

Rob Farr

The sunny summer of '22 got us back to normality. The year started with some great coastal tours up and down our coastline, with some crew members seeing it close up for the first time. I've done these trips for years, but still manage to find something new every time because of the different tide, sea and weather conditions. A forever changing canvas.

A very large group signed up for IRB training, with varying ages and experience. Many complete beginners to it. It was good to be getting the young guns trained up with their crew and drivers to help them gain their first position with the RNLI. It was also good to get the older club members trained and qualified to be that backbone of essential watercover to enable the various events to go ahead.

Well done to those gaining their IRB crew award - Aisling Cook, Paula Bright, Rebecca Jeffery, Summer Jeffery and Willow Jeffery. And those gaining their IRB driver award - Simon Jeffery and Matt Sanwell. Those that didn't quite manage to finish this year, you will be at the top of the list to qualify early next season.

The Perran IRB crews were on hand to help with the successful Duncan Newby swim, the early season twilight in really chunky surf, and the Open Nationals in September. It was great to see the Perran surf turn on for these events! IRB crews trained at Perran can operate in these testing conditions confidently and safely, enabling the events to go ahead.

Thanks as always to Jason Wheeler, Shane Tellam and Tom Mcritchie for helping along the way. Perran couldn't keep producing the crews without you.

Looking ahead to next season, we need to ensure that we keep a stream of people trained and available to help with water cover and maintenance. If there's anyone out there who has their lifeguard or surflifesaver and wants to get involved with the IRB's, please let me know. No experience required, just a desire to get in there and learn, and support your club.

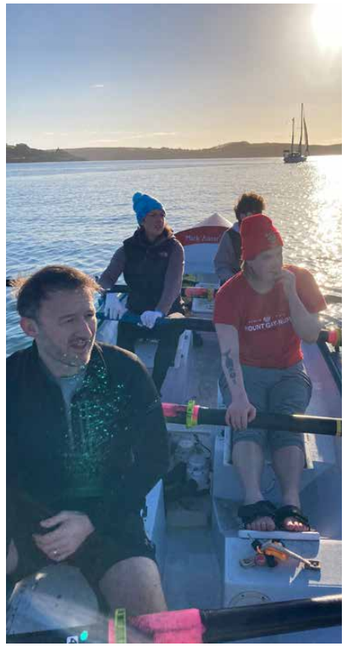

SURFBOAT CAPTAIN
Aaron Jones

Due to family commitments, Aaron is standing down as Boaty captain. We thank him for all his hard work over the years welcome his kids to Nippers!

Mostly thanks to the Boaties, PPSLSC secured 6th in the SLSGB National Open champs (hosted by us). With a gold in the female and mixed events and a bronze in the mens.

Formal river rowing will re-start in January and if you're a member who'd like to give rowing the Surfboat a go make yourself know to Mr Gaisford or Paula Bright ASAP. There will be 'taster' sessions in the new year if anyone is unsure if the surfboat is for them (it is). In addition 'sweep school' will be resurrected and a few keen, experienced rowers will be learning the art/ science of sweeping the boat. If you have good surf awareness and a shouty voice, we need you!

Winter training has started at 7-8pm on a Wednesday evening, where a combination of ergo technique and fitness and circuit training gets a good sweat on. Open to club members over 14yrs old.

TREASURER
Andy Davies

It has been another challenging year financially. There have been numerous costs that have been incurred due to the continued return to activity and much needed investment in the building and other club assets; all of which are operationally critical.

We have seen a return to more regular fundraising with the club raffle, the hosting of events and BBQs and running the Perranathlon and Youth Aquathlon. This has helped to fund the much-needed investment in the building and equipment repairs and maintenance.

As Treasurer, and on behalf of the committee, I would like to thank everyone for their efforts on fundraising and the work parties that carried out the building maintenance. This has kept the costs down and will help prevent future costs – a great investment.

As a committee (and club) I feel we should be proud of how we have navigated this period of uncertainty and maintained our financial control, whilst still delivering a successful return to activity and investment in new and existing assets.

The operating environment is going to continue to be challenging going into the 2022/23 financial year and beyond. The primary driver of this is no longer Covid. This is now inflation and the impact that this will have on members personal finances and the general operating costs of the club.

Increased fundraising will therefore remain crucial to successfully maintaining financial resilience. The 2021/22 financial year has seen a return to more meaningful fundraising, and it is really good to see that this is coming from more sources, with more club members getting involved. This has had a really positive impact on the club community.

SPORT

It was good to get back to a full programme of event for 2022. This report covers, all Regional, National events for 2022, but would also like to highlight all the time and hard work the club Coaches give to the club. Sport has always been a big part of Perranporth SLSC.

SLSGB sport is still a numbers game when entering, the larger the team the more chance of winning. Surf lifesaving is one of the only sports where the individual will shine but needs the support of the rest of the team to succeed.

This year started with the Cornish Nipper Stillwater, this took part in Penzance pool over two weekends with over 550 children taking part. Perranporth SLSC came 2nd out of 13 clubs.

THE DUNCAN NEWBY SURF SWIM CHALLENGE

For over 30 years, Duncan was a member of the Club, Lifeguard & competitor. A talented swimmer he passed on his swimming knowledge to Club members for many years, as well as coaching around the county.

When Duncan passed away after a fight against cancer, he left a legacy fund to Perranporth SLSC to continue to encourage members of the club to stretch their swimming abilities. The event was created by Simon Jeffery in 2019. We were unable to run it in 2020 due to Covid-19, but we were able to host the Surf Swim Challenge in his memory this year.

As a team event, to swim the length of Perranporth Beach encourages the teamwork aspects of lifesaving, requiring swimmers and board cover to work together to operate a buddy system. All the teams completed the challenge and enjoyed a BBQ and refreshments at the club house after. We are looking forward to growing the event in 2022.

PERRANATHLON 2022

We held the inaugural Perranathlon (Swim-Run-Wade-Sprint) event in September, a new alternative race to our Triathlon which has been a victim, hopefully temporarily of the A30 roadworks. Forty eight fledgling individual, relay and pair entries saw a wide range of people aged 16+, swimming and running across our beach and the surrounding dunes.

Neptune was kind for once, giving us magnificent conditions for the swim which looked so unusually long as you could actually see the buoys! The Club lifeguards, lifesavers and IRB drivers came together with our friends from the RNLI to ensure everyone was safe in the water. Always a Scout, Simon Jeffrey set a creative long dune run overnight before the race began by the light of his head torch and super organised Sarah White commanded a team of marshals drawn from members, parents and club friends to ensure the beach and dune course was safe and clear. The event involved a 1km surf swim, 10k run over the beach, cliff and dunes , a 750m leg sapping wade finishing with a 500m beach sprint. Club member Michael Birchmore was first man home and Holly Andrews first lady. Thanks to Snugg and Piran Surf for the prizes donated.

Feedback was good from competitors who loved the challenge of the distances/terrain. From an organisational/logistics perspective it was so much easier to set up than the Tri with everything on the beach, this will be a great event moving forward. However, the Club needs some fresh different/new members to join the organising group moving forward.

AQUATHON 2022

It was great to put the children's event back on after a 2-year Covid break. This year we ran it in the afternoon following the Perranathlon rather than separately and this kept our costs and peoples volunteer time down. The weather turned on us, but despite the pouring rain the 77 children (7-16 years) who entered were superb and still smiling at the end. The children were properly put through their paces in the swims as the conditions allowed full distances to be swam, no wades this year.

It was great to see children from across Cornwall SLS clubs enter although it would have been nice to have more entries from our own Nippers, after all the event is a fundraiser for their own Club, the race is individually timed and is a personal challenge. Again, I think a new organising team for this might refresh the event format, generate more entries and thus funds, but different/new parents and members need to step forward and do this rather than leave it to the same old few faces who would gladly retire!

The BBQ and refreshment team under the capable guidance of Ruth Ashwin for the day was brilliant and a big thank you to the parents who helped with this and the donations of cakes as it provided much needed funds for the Club
For our events to be a successful both for the competitor, and the Club as fundraising streams, we really do need you the members and our Nipper/Youth parents old or new to join the organising teams to share the thinking/doing/promoting/prize-getting load. Is this you? If so, please get in touch.

PERRANPORTH SURF LIFE SAVING CLUB

Independent examiner's report to the Trustees of Perranporth Surf Life Saving Club

I report to the trustees on my examination of the accounts of the Perranporth Surf Life Saving Club (the Trust) for the year ended 30 September 2022.

Responsibilities and basis of report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

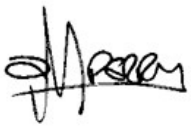

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or

2. the accounts do not accord with those records.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

FOR THE YEAR ENDED

30 SEPTEMBER 2022

Registered Charity No 1041075

PERRANPORTH SURF LIFE SAVING CLUB

Independent examiner's report to the Trustees of Perranporth Surf Life Saving Club

I report to the trustees on my examination of the accounts of the Perranporth Surf Life Saving Club (the Trust) for the year ended 30 September 2022.

Responsibilities and basis of report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

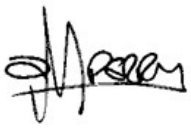

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or

2. the accounts do not accord with those records.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

THE IMPOSSIBLE WE DO NOW MIRACLES TAKE A LITTLE LONGER

Where it all began- Alan Holmes (shown here in a photo from 1988 at the XXXX held at Perranporth)

PRESIDENT
Pete Gaisford

It is with great sadness that I have to report on the passing of our last Founder member Alan Homes. A stalwart of the club for whom nothing was too much trouble when asked.

A Royal Humane Society citation hangs proudly on the surf life saving club wall for a rescue Alan performed in big seas at Perranporth. If the club needed any help with moving or storing equipment Big Al was the first port of call. Should young life saving club members need a summer job, Alan was always willing to help by providing employment at The Perranporth Camping and Touring Park. Many of us can recall working behind the camp site bar at Failte listening to the Beach Boys on the old 8 track cassette player.

A true gentleman who never said a cross word and had the Perranporth Surf Life Saving club in his soul. Our deepest sympathies go out to Alan's three daughters Lucy, Emily and Jenna.

During the mid 1970s I was lucky enough to work at Als camp site and I can recall the site being completely full of tents and caravans from mid July through to the August bank holiday. This was in the time before cheap package holidays and cheap flights to the Mediterranean. The summer of 2021 reminded me of the 1970s with the beach completely full of windbreaks as far as Flat Rocks and the lifeguards having to cone a sand vehicle roadway from high tide up to the surf life saving club. The number of people who came to Cornwall on holiday in the summer of 2021 broke all records for recent times.

The threat of Covid infection continued to place the Lifeguards and our volunteer club members under severe pressure to keep everyone safe. The club mounted evening observation patrols from 6pm to 8pm during the week and weekend. There were some outstanding rescues, notably a rescue past Perran sands towards Penhale which came very close to a very different outcome. Well done to all those who took part.

In this strangest of times, Perranporth Surf Life Saving continues to provide a focal point for the community for all ages from 7yrs up. The club adapted to the changing Covid guidelines and admirably performed the tasks for which it was founded in 1957. All our past founder members would be justly proud to know, that no drownings occurred at Perranporth during the summer lifeguard season of 2021.

CHAIR
Doreen Lawrence

I am sitting at the computer, yes I do use a computer!, after attending the Remembrance Service at Perranzabule Parish Church and I thank everyone from the Club that was there and Children in the Uniform Organisations. It was a lovely service.

Yet again it has been a very difficult year, but we have 'overcome'. I go to two club evenings the Youth and Seniors and both have been well attended, also the Ladies and the Nippers, I think the club has rallied and we are stronger than ever!

It was great to get back to Competitions on Portreath in September and we had the best turn out of the club in years! We did not win a lot but as the saying goes 'its taking part that counts-' is the important bit. I went up to Crawley Town a couple of weeks ago to the Still Waters! Can't they swim fast! You see it on the tele but it is very fast up close! Keep up the swimming with Keith (thank you Keith) and we might get there in the end!!!

Bon Fire Night was spectacular!!! I think any one that had wood to burn had it burnt. Thanks to those who organised. Thanks to Tom and Esme for organising the Volunteer Patrols and those who took part.

Thank you to all the Leaders, Coaches, Parents and everyone else for all your hard work in keeping Perranporth Surf Life Saving Club on the path to success.

I wish you all a Happy Christmas and New Year

CAPTAIN Matt Sanwell

2021 was a mixed bag of ups and downs, but Perranporth SLSC, as always, kept on keeping on. The year started with lock-downs and doubt and ended with fun and optimism.

The club lost its last founding member this year. Alan Holmes, along with 9 others, started the club back in 1957. Their legacy will continue to develop lifeguards and raise awareness of water safety for years to come.

Sport was back on the menu this year with some local twilight races, nipper competitions and the Open Carnival. PPSLSC were due to host the National Open, however once again, the conditions wouldn't allow it (due to the range of abilities of entrants), but thankfully Portreath SLSC stepped in to host it.

We had an amazing team of 36 seniors and youth, more had entered, but couldn't make the venue change. The uptake blew me away, and the diverse team brought home some metal work too - see the results on page 21.

Our club nights have seen a big increase in women training, often outnumbering men, which is great to see. We have a very strong masters team and I can't wait to see them in action at some local and national events next year.

A huge congratulations to the Boaty Ladies: Alice Berriman, Paula Bright, Alex Sandbrook, Ruth Creamer, Tina Pascoe and Kim-Marie Jackson - who successfully completed the first ever relay swim to the Scillies from Lands End in July this year. Their 26 mile endeavour raised over £10,000 for Surfers Against Sewage.

Our club has grown to nearly 450 members this year, I put this down to a strong leadership committee and an inclusive club ethos. I would really like to encourage more people to take land and water based qualifications in 2022, so we can all work together to keep Perranporth beach a safe place.

2020 AWARDS

No Awards were presented in 2020 due to Covid-19

SECRETARY
Nigel Bowden

This year we have seen how important the club is to its members well-being. Their enthusiasm and commitment after a year of lockdown has really brought the club together. With now over 400 members Perranporth Surf Life Saving Club is now one of the largest in the country and we are making a difference to the safety of our beach.

This year the club have put in 512 voluntary patrolling hours of which 296 hours were declared to the HM Coastguard. Perranporth have retaken up the commitment of patrolling under the new SLSGB framework where the club must be audited each year to maintain its status. This shows the commitment from the club towards beach safety.

The last two years have been very difficult year for everyone in the sector when it has come to fundraising. We have been lucky to secure some donations and a few grants which help toward some much needed equipment. This year we see Hannah Pile stand down as Fundraising Officer and I would like to thank her for all the work she has done over the years. Hopefully the position will be filled as we all need to get our thinking caps on again and look at different avenues for raising funds. Perranporth Surf Life Saving Club has always been in the front when it comes down to getting the money in the bank. We need to raise some serious cash to keep the club's inheritance in good standing and develop the club for the future.

Chris Rogers will also be leaving the committee and I would like to thank Chris for all his time and help over the years. With Chris leaving this has opened one position on the committee. Esme Rogers (his daughter) has been proposed for the position which I feel is the correct person to replace him. Esme has been one of our key members in promoting both Lifesaving and Sport within the club. She has attended committee meetings for the last few years as Youth Rep and hopefully continue for many more years on the committee.

This year has seen the return of some Carnivals and Perranporth Surf Life Saving Club put in a good show. We were meant to host the SLSGB National Open Carnival in September, but due to a very large surf forecast it was relocated to Portreath 3 days before the event. We still sent a large team and did really well in some very challenging conditions. Earlier in the year the Nipper's went to the SLS Cornwall Nipper event at Gyllyngvase and again had a great turnout.

I am a great believer that our history shapes our future and this year we see the passing of Alan Homes one of our earliest members. The work caried out by these members in the early days is now the backbone of our club and it's our responsibility to keep those standards very high, which makes Perranporth Surf Life Saving Club respected throughout the world.

There is so many people to thank, so I would like to thank every member of Perranporth Surf Life Saving Club for their ongoing support and commitment which makes the club what it is today.

CLUB PATROLS
Tom McRitchie

For the past 3 years, our volunteer patrols have only ever been on a Tuesday and Wednesday night whilst there has been a training session on. After spending two winters in New Zealand with their incredible weekend volunteer lifeguards, and chatting with neighbouring Cornish clubs already putting on full volunteer services, I felt that we needed to be doing the same, much like we once did.

Our patrol system is based around who turns up and what qualifications they hold. We can be anything from observation only to a full red and yellow flag set up. We then log on with the coastguard, informing them what level we are operating at so then they can use us as an asset if they have an emergency near us (much like a coastguard rescue team or lifeboat).

One of the first organised patrols we had came on Boxing Day when a group from the older youth ranks stepped up to help keep eyes on all those braving the cold winter waters for a quick dip.

After a quiet spring and knowing that this summer was lined up to be one of the busiest, me and Doreen set the target of having club members patrolling from 6pm till 8pm, after the regular RNLI 10-6 service had finished, for the month of august. After holding an induction meeting, we had established a brilliant and diverse group in terms of age, experience and qualifications. All were put into a rota and all gave up at least 2 hours of their week (if not more!). Our patrols finished the weekend of tunes in the dunes with even more members giving up their free time to help do the safety cover for that festival, gaining some very valuable experience that you wouldn't find elsewhere.

We completed over 512 hours of volunteering and well over 50 Incidents which include major first aids, minor first aids, lost or missing kids/adults, rescues, assists, interventions and face to face safety advice. Some of these definitely could have been a lot worse if we hadn't been there to help or give out lifesaving advice.

I'd like to say a massive thank you to anyone that gave up their time this year. Without you, this wouldn't have been possible. Hopefully we can follow up with even more volunteer hours next year and get the club back to being one of the great volunteer lifesaving services once again!

Keep an eye out on the Facebook page in your email inbox for updates about the 2022 patrols if you'd like to get involved.

Team Type	Title	Capability
1	**Community Surveillance Reactive Only**	Provide surveillance cover on beaches and safety advice. Able to support HMCG by giving notification of incidents observed.
2	**First Aid Station Pro Active**	Provide first aid and first responder cover as a unit either stand alone or assisting a lifeguard patrol. Provide preventative action and education Support HMCG activities within their role. Can only deploy if competencies are met
3	**Lifesaving Capability Pro Active**	Provide first aid and first responder cover as a unit either stand alone or assisting a lifeguard patrol. Provide preventative action and education Support HMCG activities within their role. Can only deploy if full competencies and patrol member numbers based on a RA's are met
4	**Full Surf Lifeguard Patrol Pro Active**	Full standalone lifeguard patrol to safeguard beach within an agreed patrol area Provide preventative and reactive service along with education Support HMCG activities within their role Can only deploy if full competencies and patrol member numbers based on RA's are met.
5	**Power Craft**	Enhanced water rescue asset either Inshore Rescue Boat or Rescue Water Craft

Some of Perranporth and Perran Sands Team 2021

RNLI

Ben Gardiner *RNLI Seasonal Supervisor Perranporth and Perran Sands/PPSLSC committee member*

After the flattest summer in 13 years and a wet August, October has been a great way to wind up 2021.

So, I am thinking back over this season for this report and looking at the 2020 report. It makes for uncomfortable recollections when the beaches were closed at what should have been the start of last season. Tragic loss of life on beaches that would normally have been lifeguarded while on lockdown.

It was a huge relief when in 2021 we had all our beaches open as hoped, with Perranporth actively patrolling everyday from April 2nd until 31st October, one of just a handful in the entire region. Despite initial continuing restrictions, we were just happy to be back to training and work.

Hopefully the next few years will see more of our beaches covered beyond the current scope. Perranporth has been showing what can be done by the club, with a team of dedicated volunteers working after RNLI lifeguarded hours from the lifeguard rooms at the club over the peak season. Volunteering is a way to see if you enjoy lifeguarding and would want to do it for the RNLI too.

Using the Ruthlee mannequin and IRB Fitness Tests

At Perranporth and Perran Sands the RNLI had 14 club members working this year (Doreen was back volunteering), with 5 more lifeguards from neighbouring clubs. This local knowledge and experience was invaluable when we were hitting daily highs of around 14,000 people on the beach and in the sea.

A good place to keep up with to date with beach matters is on the 'Community Lifesaving Perranporth Area' Facebook page. We have this year also launched our Instagram Page 'RNLI Lifeguards Perranporth SC', which we launched with some amazing drone pictures by Jamie Turnbull.
Once we got up and running, we had the usual first aids, rescues, assists, lost and found persons and of course weevers. Lifeguards from Portreath to Holywell Bay have dealt with more than 1,850 incidents this season, many occurred at Perranporth and Perran Sands. Some of note were Ben Evans being early for work at Perran Sands and rescuing a man surfing in big swell and caught in the impact zone; George Hudson and Sam Stephens rescuing a man and woman on rescue boards on a dropping tide

Volunteers view from the 'Ops Room' and dangerous low tide rips exposed on a Spring Tide

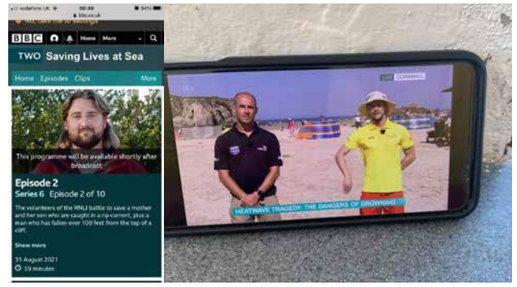

in heavy surf, the same day a helicopter attended after a mass rescue to aid a man who had swallowed water (they featured on Westcountry News). Pre-season Tom McRitchie and Graham Fisher were working in a Water Safety role and saved the life of a delivery driver after he was found unconscious in his vehicle by them near Portreath.

Lifeguards training early season at Hanover Cove: Photos from 'Perrans Above

More unusual events were the massive hole dug by some teenagers (quickly filled in) and reports of a 'bomb' at Perran Sands that turned out to be from an old sea mine.

James Kirton, Charlie Florey and George Hudson featured on 'Saving Lives at Sea' for a rescue last year.

A huge hole dug on the beach; the biggest any of us remember seeing! And remnants of a Sea Mine

George on the flagship show for the RNLI on prime time and Graham on live TV

After a year when lifeguards had not been able to renew their Beach Lifeguard award, as soon as SLSGB permitted it, we were enjoying the assessments before work within two days.

I would encourage all the club youth to look at the RNLI recruitment website and think about joining the team that keep one of the most dangerous beaches in the UK safer for our visitors and community. Simply get an application submitted in the New Year, usually early January. Follow the notification for this on the Facebook and Instagram pages mentioned earlier. Fitness requirements are a Beach Lifeguard qualification, 400m swim in under seven and a half minutes, a 200m run in under 40 seconds and an underwater pool swim. Full details are on the website https://summerjobs. rnli.org/lifeguards and be part of the wider team. We will recruit volunteers and new lifeguards in 2022, we want you as part of the team.

Alan Holmes

I began this report reflecting on last year. Alan Homes, who passed this year, was out last founder member. It is important to remember that the club and therefore the RNLI owe a deep gratitude to people like him who established lifesaving in the UK.

NIPPER MANAGER

Spike Gaisford

How blooming brilliant are our Nippers? And what an intense year we have had. A year for returning to what we love, with the focus on fun and togetherness after the restrictions and stress we have all endured.

I am sure the rest of the community thought we were all rather 'foolish' on April 1st this year. After a winter of lockdowns and more uncertainty we were all itching to get moving, to get out, to get together, to get on with living. An early cold April was not in our plans! It was a first for a "back on the beach" so early in the year. Yet we did it. We embraced the sea and the freedom it gives us with fortitude and a sprinkle of crazy screaming.

Permissions granted to restart activity, we got in the water. 5mm wetsuits, hoods, boots, gloves, determination, grit and plenty of hot chocolate allowed us each week as the water grew warmer, to extend the sessions. The Age Groups 9,10,11 & 12 were properly hardcore in early April; our full admiration goes to each and everyone of them and also to their parents, many of them not avid cold water surf fans. No, we were not crazy at all. We were living.

We finally and gladly welcomed our new Age 8s who had waited patiently during a doubtful 2020 to join. Excited children, many with active senior parents plus lots of children completely new to the lifesaving ethos enrolled with us. Then it was on to our new Age 7s who joined in as the water warmed up and so our 2021 Nippers were complete.

Surf Life Saving GB quite rightly realised the need for a gradual return to competition after a year without. The emphasis was to be on fun. There was a relaxed Nipper meet at Gyllyngvase Beach which saw 30 children attend with lots of fabulous results as we remembered how much we love racing. Jayne and Andy ran a Sunday comp training session for the older ages to nurture their competitive instincts. The Max Hocking Nipper Fun Day at Hayle Towans, again had only 30 children attend. A small group attended the Polkerris swim. We appreciate this year has been quite frantic and we all wanted to get away if we could, but with a register of 132 Nippers that's only 22% representing the Club at events this year……so we could do better, and we have a mammoth waiting list of children wanting to compete. Parents, this is always down to you getting your child to events. Surf Club is not just about joining because everyone else is, it's fundamentally about sea safety, lifesaving, hanging out with friends but with event attendance as the cherry on the top. Competition is good, it sets up your child for the real (un-rosy) world and fosters a desire to improve. So, for 2022 we would

like to see ALL children attend a minimum of one event either Pool or Ocean. It's not about the bling, it's about the team and there is no 'I' in team. We need your children to fully be part of our team. Don't worry it's not always about being the fastest. We teach determination to all our children; we support them all whatever their level. We need parents to support us in this please.

The beach was crazy this year, 12,000 on one day. We have not seen it as busy as this since the 80s pre cheap flights. But our parents came, our children thrived. We found our space. This was only possible with the commitment of you the parents. We must say a huge thanks to some special members, parents and grandparents who make Nippers happen every week. Pete Gaisford, Remy Whiting, Esme Rogers, Steve Iliffe, Mike Jeffs, Anita Fleet, Simon Boyle, Cris Balinger, Annie Lee, Andy Moody, Adrian Richards, Martin Fleet, Sarah Green, Gemma Teague, Jayne Chapman, Andy Davies, Shelley Hardwick, Harry Milsom, Tessa Wilson, Simon Lawrence, Lloyd Bellenie, Vicky Thornton, Mat Rowlands, Rob Cook, and new to the team, Amy Vian, Mel Munialo, Naomi Jones, Sam Howard, Kate Passmore all give up time to coach.

Thanks also to our admin and hot choccie parents, Biz Iliffe, Steph Bemrose, Hannah Brown, Ruth Ashwin, Kasia Bugala and Karen Longstaff. Without these fine people Nippers just does not happen. Several passed their Level 2 Coach Award this year. Our Youth helpers also deserve a mention for their weekly commitment and even when the DofE program finished they still came to help. Elodie, Byron, Charlie O & Charlie M, Aisling, Lucy, Cecily, Eliza, Ben, Zach, Anna, Abs and Fred, we are grateful for your dedication to giving back to our Nippers and the Club you have been a part of since you joined when Age 7. Remember, everyone is a volunteer.
No 2020 Annual Awards were given because each of our Nipper's was a 'Star' and 'Nipper of the Year' last year after all that upheaval. Our 2021 awards are decided after this report goes to press and will be presented on Dec 18th this year and written in next year's report.

What will 2022 bring? Whatever we face, we do it together and with tenacity. One thing is for sure, we need more willing parent victims to take the lifeguard award and coaching courses to keep this fabulous Club moving forward. Go on. Get involved, for your child, for you and your community.

YOUTH MANAGER

Sarah White

Here in Youth we have got well and truly back into the Surf Club stride, maintaining our swim training at Newquay Bay Resort with Russell last winter and after a lot of hard work we have secured pool time at Redruth School Pool for this winter and are continually looking for more pool time elsewhere. We are lucky to see the return of Keith Lambert to the club who has agreed to coach the Youth at swimming, his knowledge and expertise will greatly assist us in producing the Lifeguards of the future.

We were quick to get back on the beach this year in May, we continued to use the pod system that worked so well in 2020. It has been amazing to see so many of our Youth returning this year especially the older Youth who have gone on to undertake their Lifeguard qualifications, congratulations to Tiffany Postle, Aisling Cook, Summer Jeffery, Willow Jeffery, Alex Robinson and Aiden DeBeer, also to Alex Robinson and Willow Jeffery who has recently successfully converted their Lifeguard award to a Pool Lifeguard award and will now Lifeguard at our Tuesday night pool sessions.

Thank you to Sam Chamberlin and Rob Nunn who returned with the Lifesaver and Lifeguard Award.

It was great to see our older Youth Lifeguarding again this season on all our local beaches and up-holding the clubs moto of 'Vigilance and Service' keeping up the tradition of many Youth, some of whom are still Lifeguarding today.
Ski Paddling has been fairly consistent throughout the year on Sundays, with the Youth even taking part in 2 of Truro Canoe Club's time trial sessions we even managed to get some very productive sessions on our very own beach in the surf. A big thanks to Simon Lawrence and Peter Gaisford for sharing their expertise with the youth.

A combined Youth evening organised by Portreath was appreciated by all who attended, mixing the clubs Youth up and racing against each other proved an enjoyable evening with a great social afterwards.

Thank you again to everyone who has helped out from ferrying the Youth to various training locations, towing trailers, coaching on the beach, registering and keeping everyone in line (Doreen we couldn't do it without you x) making the hot chocolate, BBQing, cleaning down, it feels like some semblance of normality has returned.

I would like to thank everyone across the club who has made this year happen for the Youth.

NO 2020 YOUTH AWARDS WERE PRESENTED DUE TO COVID

CURRENT NUMBER OF YOUTH MEMBERS

64

LADIES CAPTAIN

Anita Fleet

2021 has been another successful year for Perranporth Surf Life Saving Club. The club has continued to build on the success of previous years and, once again, has welcomed many new ladies to our thriving club.

This year, it was wonderful to see so many ladies training on Wednesdays at club night. For a multitude of reasons, Ladies Night on Fridays had fewer people attend than previous years. This provided the instructors with the opportunity to offer more bespoke training and good fun was had by all. Once again, all the instructors have been amazing. They all offer something unique and help to support, encourage, inspire and keep us all safe in the water. I cannot thank you all enough for your precious time, valuable knowledge and on-going support.

Due to the pandemic, competitions have been limited but the events that have been held have seen a competitive team of ladies attend. The National Open Carnival at Portreath was a fine example of this where we were able to enter multiple teams for several events. Hopefully this incredible enthusiasm will continue next year.

Pleasingly, The Duncan Newby Surf Swim was able to go ahead and was a huge success. There were several strong all female teams which was wonderful to see. By entering and swimming as a team, rather than individually, it incorporates characteristics of surf lifesaving – enduring your own physical challenge while maintaining awareness of the conditions and performance of those around you. I know there were many other members who wished that they had entered so get your teams sorted and set it as a challenge for 2022!

I would like to take this opportunity to thank everyone for your sterling efforts in supporting and running the club in these challenging times. The dedication and commitment of many female members is incredible - not only in the training and competing side but also in the organisation and general running of the club.

Overall, 2021 has been a successful year where new friendships have been formed, lifesaving skills learnt and good times enjoyed by all. Roll on 2022.

IRB CAPTAIN

Rob Farr

The IRB year kicked off in early April with the engines and hulls returning from an in depth winter overhaul. It wasn't long until the crews gave the kit a good shakedown with some perfect early April conditions for a coastal explore. An essential piece of training for local crews to know their bit of coast intimately.

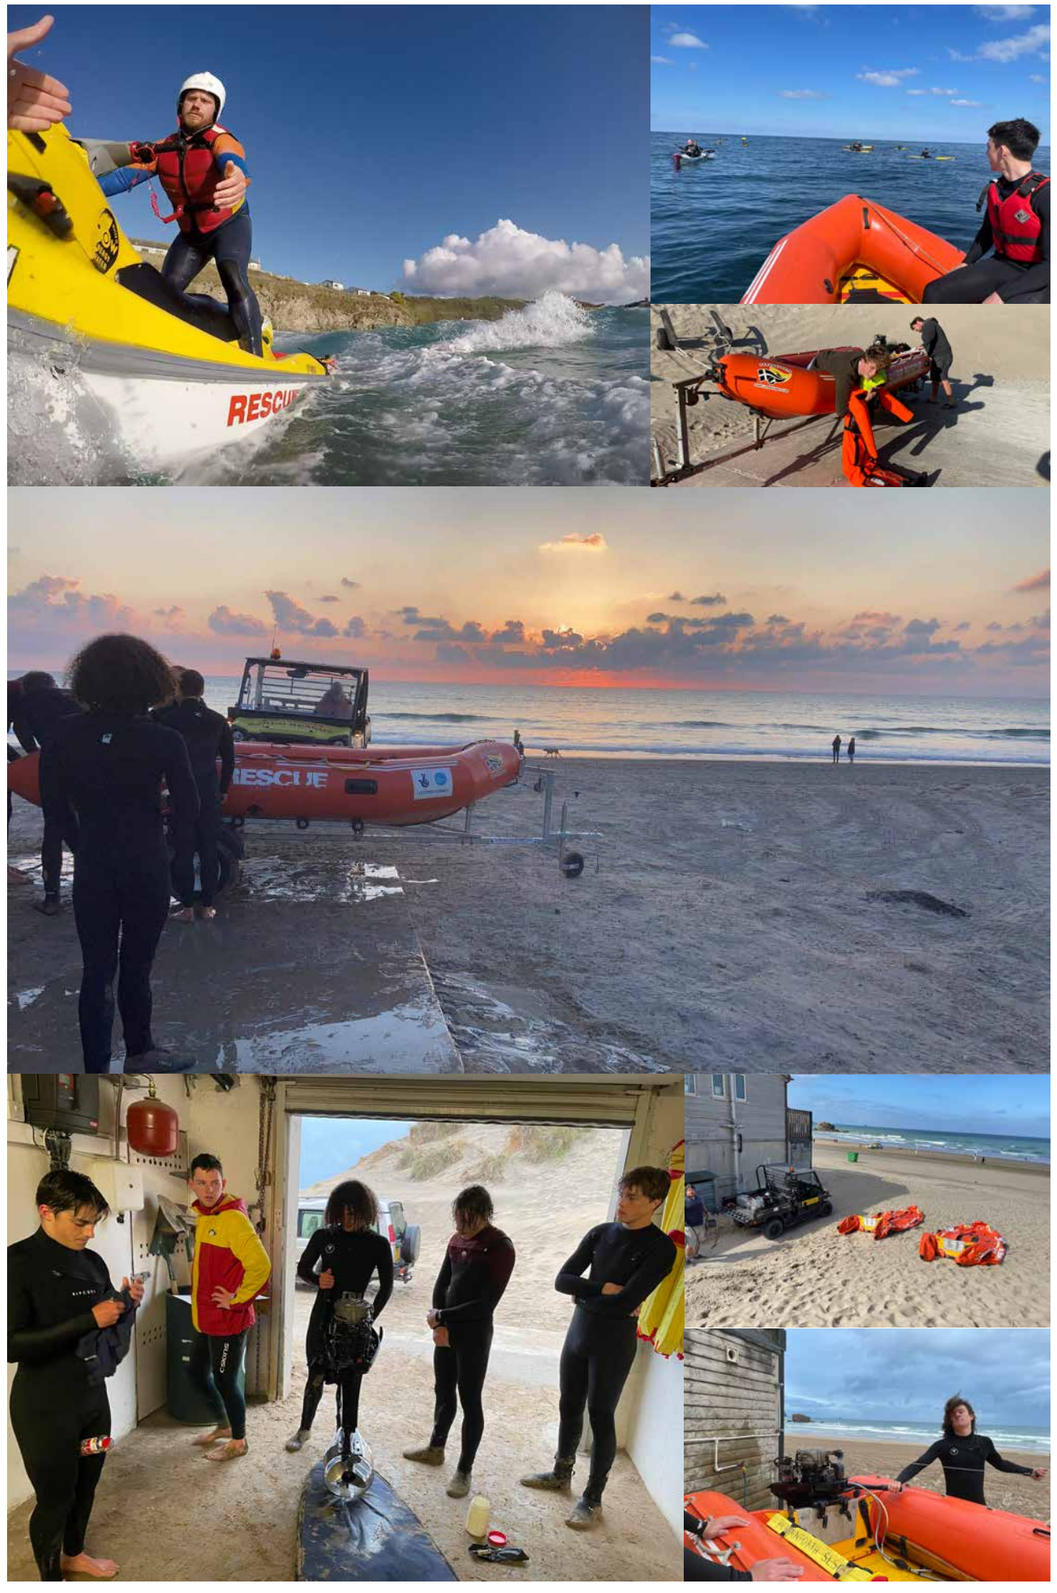

Training and then assessment got underway for the remainder of the group from 2020 unable to finish due to pandemic interruptions. By June, Aiden, Huw and Joel got their crew, and Ben Evans got his drivers. All went on to work for the RNLI on Perran or other local beaches. Very competent crews ready for the busy summer ahead of them.

With clubbies keen to make the most of the summer ahead, the IRB's went on to support club ski paddling activities off the beach on what turned out to be a very long flat spell. When the surf did come, a series of capsized boats in the surf meant that the engine reinstatement procedure became well practiced for some. The trainers are still awaiting the forfeit beers from the offending drivers particularly the one who was trying to get a hat trick!

The summer saw the club hosting the regions Rescue Water Craft RWC (or jetski) for a period of time. Those qualified got the opportunity through the summer to put it through its paces in some testing conditions. Others got to try out what its like for a lifeguard to carry out a rescue from the sled (mat) on the back. The RWC proved to be a great addition to the existing IRB rescue cover for the Duncan Newby swim.

With the young guns through their irb exams, it was time to get started with the new batch. Starting at the end of June, they were mainly a family group, and were all novices to IRB. It all started with flat calm seas, capsize drills and calm coastal tours. This was all to change as the summer progressed and this team of new crew tackled some heavy surf conditions very competently.

As winter approaches and we now turn to maintenance and repair, I can't help but be proud of the IRB crews that come out of Perran surf club. We're obviously blessed with having the testing conditions to train in here on our doorstep, but we also have the support of the club, the trainers and ultimately, the enthusiasm and grit of the people that step forward to crew this essential rescue asset. If you want to be part of that, let me know rob.farr@perranporthslsc.org.uk

SURFBOAT CAPTAIN
Aaron Jones

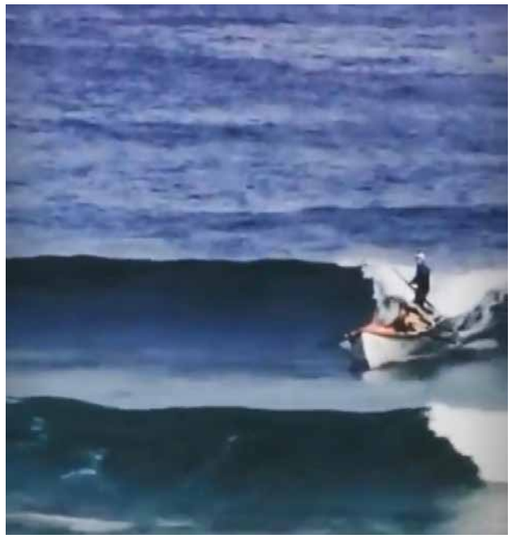

The pandemic meant that we got straight back into the surf and skipped the river training this year. So from April we were catching cold water waves and throughout the summer managed to get some epic sessions in. See pic courtesy of Pete Postle.

The committee gave the go-ahead for a new boat cover which has proved durable and easy to fit making one less complex task for the boaties to deal with when they row.

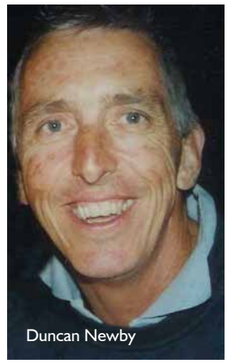

Pete Gaisford has been bringing on some youth members who have expressed an interest in rowing. So far it's been technique and fitness sessions on the ergos but he hopes to have them rowing boats in December.

In July, 6 senior women rowers successfully took on the challenge of being the first relay swim to the Isles of Scilly, 4 of whom rowed the same stretch in the Surfboat in 2015. Over £10k was raised for Surfers Against Sewage in the process.

Formal river rowing will re-start in January and if you're a member who'd like to give rowing the Surfboat a go make yourself know to Mr Gaisford ASAP. In addition 'sweep school' will be resurrected and a few keen, experienced rowers will be learning the art/ science of sweeping the boat. This should help Pete out in his twilight years but it may well also be a test of how well people can swim in 8c water temperature!

Duncan Newby

THE DUNCAN NEWBY SURF SWIM CHALLENGE

For over 30 years, Duncan was a member of the Club, Lifeguard & competitor. A talented swimmer he passed on his swimming knowledge to Club members for many years, as well as coaching around the county.

When Duncan passed away after a fight against cancer, he left a legacy fund to Perranporth SLSC to continue to encourage members of the club to stretch their swimming abilities. The event was created by Simon Jeffery in 2019. We were unable to run it in 2020 due to Covid-19, but we were able to host the Surf Swim Challenge in his memory this year.

As a team event, to swim the length of Perranporth Beach encourages the teamwork aspects of lifesaving, requiring swimmers and board cover to work together to operate a buddy system. All the teams completed the challenge and enjoyed a BBQ and refreshments at the club house after. We are looking forward to growing the event in 2022.

Photos: Remy Whitting

SPORT

This year seen the return of some of our sporting events. They were all local and the idea was to get members back on the beach meeting old friends and just having fun.

Surf Life Saving Cornwall ran a series of Twilight event over the summer. This was on a Thursday event and as a lot of our members were committed to Nippers, they were unable to attend.

Surf Life Saving Cornwall Nippers

The event was held at Gyllyngvase Beach, Falmouth. For some of our younger nipper this was the first time they have been involved in an event and found themselves in the 10-year-old category. There was no overall point score at the event.

Sport England, through their 'return to play' grant funding, enabled the purchase of a significant number of new nipper boards

TREASURER
Andy Davies

It has been another extraordinary and challenging year for individuals and organisations alike. The surf club and the charities sector are no exception to this. We have had a year with restricted activity, both in terms of fundraising, but also in terms of competition and training. First and foremost, I would like to extend a thank you to all members and community partners for your ongoing loyalty and support, without which the challenge would have been far greater.

The priority of the committee, throughout the year, has been to ensure the safety of members by adhering to SLSGB guidance at each stage of the process, and where possible, expediate a return to the activity that we all love so much.

The return to sport from nippers through to masters was not straight forward, with bubbles, kit and safety cover ratios all being key considerations. Thank you to everyone involved in addressing each of these challenges.

A special mention has to go to Sport England, who through their 'return to play' grant funding, enabled the purchase of a significant number of new nipper boards, as well as cleaning equipment. This enabled boards to be rotated between 'bubbles' and the club house and kit to remain COVID safe. Without this we would not have been able to get the nippers safely back to activity. Thank you also to club and committee member Simon Jeffery for his work on the grant submission.

Financially we have continued to maintain strong control over non-essential spend. This is to ensure the club remains resilient in times of uncertainty. Due to this the club's level of reserves remain healthy:

Further analysis of the available resources and income and expenditure for the year can be seen within the financial statements. We are now beginning to look to the future to see how we best invest in our members and the club house. Over the coming months we aim to:

- Renew the emphasis on fundraising. I would encourage all members to come forward with ideas and take these forward,
- Continue to pursue options for obtaining new kit to widen participation,
- Schedule events for the 2022 season, including a return of our flagship event the triathlon and aquathlon, and
- Schedule a maintenance programme over the medium term for the club house. This is to ensure that our key asset is both fit for purpose and best placed to generate much needed funds.

Independent examiner's report to the Trustees of Perranporth Surf Life Saving Club

I report to the trustees on my examination of the accounts of the Perranporth Surf Life Saving Club (the Trust) for the year ended 30 September 2021.

Responsibilities and basis of report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

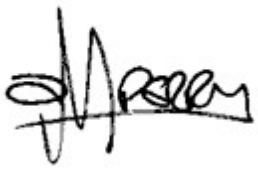

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or

2. the accounts do not accord with those records.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Independent examiner's report to the Trustees of Perranporth Surf Life Saving Club

I report to the trustees on my examination of the accounts of the Perranporth Surf Life Saving Club (the Trust) for the year ended 30 September 2021.

Responsibilities and basis of report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

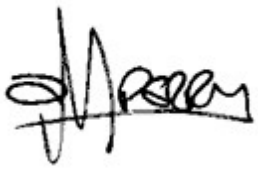

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or

2. the accounts do not accord with those records.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

THE IMPOSSIBLE WE DO NOW MIRACLES TAKE A LITTLE LONGER

With restricted foreign travel, we had a lot of visitors

PRESIDENT
Pete Gaisford

This has been a year like no other. The Corona Virus pandemic has had an impact in every sphere of life and the Surf Life Saving Club has not been immune. All aspects of the club membership have been affected except for one, that of the saving of lives from the sea.

The foundation of Perranporth Surf Life Saving Club are built upon the motto Vigilance and Service. The voluntary surf life saving movement in Cornwall rose to the occasion on the May Bank Holiday weekend and through the following week of the half term school break.

To everyone's dismay upon the lifting of the Government Covid lockdown the restrictions in mid May, it became quickly apparent that the public would travel to Cornwall. Allied to this, it was also made known that the RNLI Lifeguard service would not be in place. The weather prediction for the weekend was for warm sunshine and a big surf.

All the ingredients for a "Perfect Storm" which could result in drownings on Perranporth Beach. The Perranporth SLSC membership rose to the call to provide walking patrols for Perranporth beach and for Perran Sands. Surf Life Saving Club members made 154 interactions with members of the general public advising them not to bathe, particularly at low tide. The club members actions definitely prevented possible drownings. Sadly there were several rescues and two drownings along the North Cornwall coast on the May Bank Holiday weekend. Everyone has had to adapt to new social measures. The club management committee responded to the new requirements in order to keep the club membership training and practicing their skills.

Sadly this year the club could not take on new members and this meant the intake for the new 7yr old age group could not transpire. Hopefully in 2021 the membership doors will be re-opened and normality can return.

Club finances have also been impacted upon, with no opportunity to initiate club fund raising activities. The 2020 Triathlon and Aquathon had to be cancelled and club sponsorship by local businesses was not pursued.

This year we have lost a great supporter of the surf life saving club in Viv Hill a long standing Parish Councillor and owner of the Holiday Shop. We have also lost another member of the Perranporth Miners family, Muriel Miners. Recently I leqarned that Henry Heath died at home in Australia. Henry was a very valuable and reliable club member and part of the first victorious R&R team in 1966.

We wish all their families our sincere condolences at this difficult time.

CHAIR
Doreen Lawrence

I was asked the other day "what is your claim to fame" as he had seen me giving out medals at the aquathon last year! Well I said have you 3 hours!!

A week after this year's Annual Report is being read Jim (my husband of 53 years!) and I will be flying out to Adelaide, Australia to the World Surf Life Saving Championships and I will be on the beach as a Technical Officer, an Official in the UK. I went to the first one under ISL in 1994 and this was held just up the Coast at Fistral, Newquay and have been to at least 8 since then, this is the third time in Oz. The first time at Lorne, a little way from Melbourne, I got 2 Gold Medals and a Bronze, that was my year I only got Bronze in later years!

As a Club we have had a very good year, no major mishaps and the beginning of patrolling after the Life Guards have left for the evening worked very well.

CAPTAIN Matt Sanwell

Initially it seemed unnecessary to produce an annual report this year, as so much had been cancelled or postponed. However the Perranporth Surf Lifesaving Club turned out to be more important to the community of Perranporth than ever before.

Not only did the club keep an eye on the beach whilst the higher powers of the RNLI tried to decide what their role was, but also for our members, both young and old, who were craving some semblance of social interaction after a long period of isolation during lock-down.

Personally I found Lock-down quite hard and was chomping at the bit to get training again. After admittedly being apprehensive about the guidance provided by SLSGB on social distancing etc, it actually created more inclusive and manageable training sessions across the board. The bubbles of 6 meant that the burden of safety and coaching was spread across more people. Whilst every effort was made to abide by the social distancing rules and the cleaning down of kit, we kept the more immediate risks and dangers front and centre.

What this year has proved is how adaptable the club is and how, as a team, we can make things happen very quickly and safely. This was apparent when the club committee decided that we had to provide some form of safety cover during the times when the RNLI weren't present. As with many other clubs up and down the country, we got back to our club roots and saved countless lives. I think the founding members of the club will have been very proud of what they started and what you all have achieved!

Although there were no competitions this year, training has been very strong. We have big numbers of youth getting into ski paddling and quite a few new faces at our Wednesday Senior sessions. Thanks to the hard work of Spike, our winter pool sessions have been going well too. Due to limited space and huge fee increases, we have had to move to the pool at Newquay View, which is only 20 meters, but has meant that we were able to provide the club members with some great training and coaching.

I would like to take this opportunity to thank everyone for all their help and positivity this year.

2019 AWARDS

- **14 members took extra training to become Surf Life Saving GB Beach Wardens.**
- **36 Patrol members.**
- **41 hours of patrolling which came to 640 man-hours on the water's edge.**
- **154 interactions with the public.**
- **Even with all the surveillance we still had to launch the IRB for a life-threatening situation.**

SECRETARY

Nigel Bowden

In the 18 years I have been Secretary at the club I have not seen so many challenges to keep the club moving forward. COVID-19 has altered the way in which we have had to look at the ways in which we have operated all year, but these challenges have brought out the best in the club and its members.

After weeks of lockdown and a Whitsun holiday week the Government said it was safe to travel and everyone knew that they would be heading for the coast which had no Lifeguard service in place. Good weather, large swell and spring tide forecast for the first weekend of freedom was the making of the perfect storm to put people's lives in danger. Our Club Presented (Peter Gaisford) was one of the first people to notice the approach of this perfect storm and started to lobby the RNLI and local government the need of a Lifeguard service but this fell on deaf ears. The club decided that patrols were needed for the Bank holiday weekend and luckily SLSGB came up with the guidance to do this safely. These Patrols were organised and lead by our Patrol Captains and working with the new SLSGB Beach Wardens and were able to run surveillance patrols due to the current situation regarding COVID-19. The club covered the whole of the bank holiday weekend between 9 – 5 with an extra hour on the Bank Holiday Monday, we then moved to covering the 2 hours before and after the low tide.

With the ongoing lobbying from Peter and other forces the RNLI started back on Perranporth beach on Saturday 30th May with a reduced service, this service was then rolled out to other beaches for the summer.

A big thank you must also go out to all the session leads, Coaches, and water safety cover for all the hard work and commitment they have put in this year. The word bubble has now become a part of life and all the training has been arranged in bubbles of six and have not been able to be mixed. With the use of Messenger and WhatsApp all the sessions have been arranged and sorted days before the activity.

So, the club has been buzzy throughout the year but has worked in a very different way, but we have still been able to keep our beach safe and our members training.

Thank you all for your ongoing support and hopefully 2021 will look a little different.

RNLI

Ben Gardiner *RNLI Seasonal Supervisor Perranporth and Perran Sands/PPSLSC committee member*

A year on, half term, the beach is red flagged and it is the final week of lifeguarding in 2020. When I wrote last years report we had no idea what was coming. We began preparing for the season as usual. The lead supervisor and full-time supervisor were dealing with recruitment prior to the return of the two seasonal supervisors. I returned to work looking forward to the season and we set to getting the lifeguards induction planned for Easter. Just over half way through when we had already set up the beaches with basic COVID measures and an idea of working in bubbles we were placed in the most difficult situation and ordered to cease all operations.

Just a few weeks later after a colossal effort from local clubs and the communities we had volunteer patrols on beaches. The RNLI had by this time approved a return to up to 70% of beaches in some capacity, of our seven from Portreath to Holywell Bay we were allotted to open initially one, we quickly had three open having completed the Easter Lifeguards induction in water craft and then commencing with limited training permitted for returning lifeguards.

In the end I understand only two areas nationally opened all their area beaches, we in Perranporth Support Centre were the first

Signage up warning of no lifeguard service

Craft Assessments on return to the beach

Delivering socially distanced induction and PPE and COVID secure working practices

'Shillary': 2019 volunteer and RNLI Lifeguard 2020 practicing 999 calls and Radio Ops, very soon put into action for the real thing

and this was down to determination in recognition of the very real need for lifeguards on our dangerous stretch of coast. That was proven with the tragic drownings on May 25th in other locations and the near missis and successful interventions by many volunteers around the coast.

But volunteering daily would not be a long-term solution for a whole season. Mercifully, due to the hard work of the Perranporth Surf Lifesaving Club, its ethos and the commitment of the clubbies, many had volunteered in 2019 and therefore were thankfully eligible for us to take on in 2020, as there was a ban on recruiting completely new lifeguards. The 2019 volunteers were a saving grace allowing us to reach the numbers required to mount the full service.

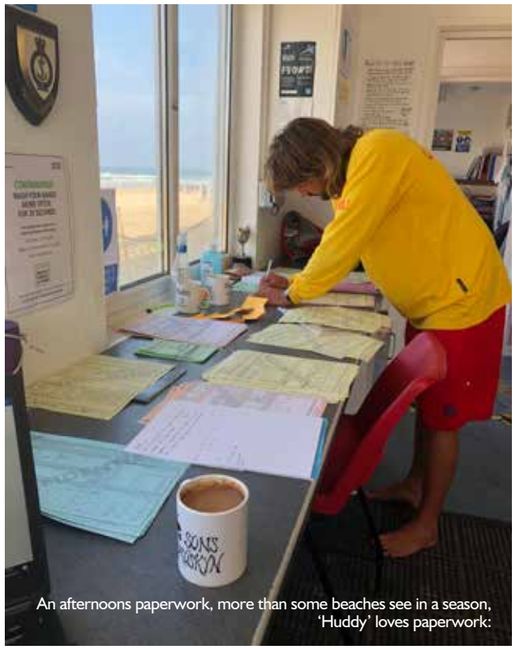

At Perranporth and Perran Sands we had the following 15 club members working this year: Sam Hillary, Ben Evans, Will McRitchie, Tom McRitchie, Rob Nunn, Sam Chamberlain, Aaron Martyn, George Hudson, Max Lawrence, Rory Tellam, Samson Tellam, Jack Farr, Sam Stephens, Tom Cutmore, Ben Gardiner. Doreen was unfortunately not allowed to volunteer but will hopefully be back in 2021.

Only a few lifeguards from neighbouring clubs and one non clubbie from Australia (but really a Yorkshireman) were working at Perranporth. This must be the most clubbies working Perranporth in a single season ever.

The amazing thing was that without the normal inductions the lifeguards doing their first season of paid work had to hit the ground running on what would see us looking after as many as 14,000 people on the beach at one time. There were many 'Bank Holiday crowd' level days that we just don't see usually as people were 'staycationing' and holidaying in Cornwall that would previously have been swimming in the much calmer waters abroad.

We were in for it and the team did really well, really well, juggling new working practices (Pot Noodle sales have soared after microwaves were banned, other instant noodles are available), restrictions on our normal operations and managing large crowds in tough ocean conditions while doing their best to protect themselves and others. The big change requiring tremendous effort was to separate the bathing and surfing areas onto completely different banks, allowing for maximum space to ease the crowds on a single bank.

We had just crept into September when we had our first

An afternoons paperwork, more than some beaches see in a season, 'Huddy' loves paperwork:

confirmation of a lifeguard with COVID which saw us have to put over a dozen of the team into self-isolation. Testament to the lifeguard's adherence to basic practices we had no further cases and were able to get fully back on the beach around 10 days later after some lifeguards from out of area were brought in and other casual lifeguards were able to step in.

The dedication shown by lifeguards is not for the money, any particular organisation, but to lifeguarding and the community itself. Young people doing things that many think they are incapable of. Sure enough we had one guy ding a truck and break a trailer on his first day, a bogging or two, but these lads had very limited inductions and stepped up when needed. Some of the notable incidents this year are summarised below from the 2,200+ we have had in area:

Unconscious male, Fallers at Chapel Rock, Cut offs at Flat Rocks, Dog over cliffs, lived and recovered by IRB, Dog over cliffs, not so lucky, Kyacker washed in front of high cliffs and a dramatic

'Cutters' and 'Rozza' after rescuing a canine that went over the cliffs at 'Highcliffs' just after returning to work

rescue in high seas by Will McRitchie before getting casualty to safety up the cliffs Goat Track, Mass rescues, Mental Health issue, male throwing stones at public, Marijuana washed up on beach, handed to police, Drunk escorted from beach by police, Mass rescue of 6 at Perran Sands, Assault with glass bottle to member of public, Lost and found kids including a two year old and help from Police, Suspicious photographer, Knee injury chapel rock, Hazardous material washed up at Perran Sands and fire brigade attended, washed up seals, Fin cuts, Buzzard rescue, Hypothermia, Bits of a wreck at Perran Sands, Anaphylaxis, dispondent male, dislocations, Mass rescue and suspected spinal as two SUPs washed in after being escorted by lifeboat from St Agnes, Unknown illness, Search for overdue surfer in storms, tasked by Coastguard, Pregnant lady fitting, two dislocated knees on the same day, Broken ribs, lady fell off chapel rock, Bomb Disposal for Phosphorous ordnance, Kite surfer rescues.

There are 350 walkers on the beach today, its windy and raining with a red flag flying, but they are here and weather can change and people grab their boards and jump back in the water. It is late October and we have patrolled daily through October for the first time thanks to the extra funding provided by Perranzabuloe Parish Council that was arranged prior to the season starting.

Unsure as to what next year will hold, I would encourage all the youth to look at the RNLI recruitment website and think about joining the team that keep one of the most dangerous beaches in the UK safer for our visitors and community.

Simply get an application submitted in the New Year. Follow the advertisement for applications (volunteer and paid) on the RNLI website that will be announced on the Perranporth Community Lifesaving Page on Facebook or speak to Ben.

Fitness requirements are a Beach Lifeguard qualification, 400m swim in under seven and a half minutes, a 200m run in under 40 seconds and an underwater pool swim. Full details are on the website https://summerjobs. rnli.org/lifeguards and be part of the wider team.

If we are able to recruit volunteers and new lifeguards in 2021, we want you.

NIPPER MANAGER
Spike Gaisford

What an unusual and challenging year!
Nippers started 2020 in excellent spirit. An autumn term in the pool completed with full attendance before Christmas 2019 had all the children making excellent progress. We held a great Awards night party and families attended our Boxing Day Dip during our well-earned seasonal break for everyone. We were back to the pool in earnest after the New Year celebrations with Coaches planning teams and training ramped up for the February Frostbite Champs at Penzance. Several parents went on a pool officiating course to help at the event and off we went with a big team of 48 enthusiastic children. Hard work paid off and we had medals from Sam Lee, Molly Kerry and Will Davies. The whole team were awesome with lots of placings in the top 10 and many in the top 20. Bear in mind there are often 60 -80 children in each age category from across the county! The 8s deserve a special mention for facing their first pool event with determination. All our Nippers were beautifully behaved through-out, a credit to their parents. Thank you to Jayne, Andy and Annie who managed the teams and to our willing parents who helped poolside with marshalling and timekeeping.

With half-term in the bag, enthusiasm running high for the Easter SLS GB Pool Nationals at Cardiff we were set for Spring and then……a global pandemic put the handbrake on everything for us. Nippers stopped. Normal stopped. Just like that. No pool, no back on the beach BBQ, no competitions to aim for. No being with friends with a common interest. Not a dot. Nothing.

However.
How lucky are we to live in this beautiful place with wide open space and our amazing beach? It was heart warming to see so many of our Nippers and their families out in the water or around and about Perranzabuloe taking their exercise. It kept us all on track at that time, made us all re-evaluate what made us tick, what was important. Thank goodness the weather was unusually glorious, and the waves were perfect. What a privilege. Holding our breath and itching to get going again, those behind the scenes at the Club and our Nipper coaches were plotting and planning how to make Nipper sessions "virus safe" and comply with the multitude of requirements to adhere to the new normal. Special thanks must go to Jayne who "podded" the children into the smaller groups and to our fantastic parent coaches who led each pod every week from mid-July. Biz, Karen, Ruth and Sue were superb with the sign in/out each week and the equipment cleaning. Once we had a system it worked like clockwork. The children were adaptable, resilient and brilliant every week.

Unfortunately to facilitate the beach sessions to happen this summer we had to halt our 2020 new 7s from starting with us. We just did not have the manpower, equipment, and the available time to do this without impacting on our current Nippers during this strange year. The Club as a whole, needed to concentrate its efforts on the current membership and get it safe and right. We achieved this by freezing new membership. All our Club groups managed to hold their sessions from July to September. I am hoping to start our 2020 new Nippers in January 2021 in the pool as 'new 8s' if lockdown stays lifted, but we will have reduced capacity due to pod restrictions. Then in May we will start our 2021 new 7's if controls permit. I really do hope so.

Parent Stars	**Vicky Thornton, Harry Milsom, Khalile Siddiqui**

Which brings us back to swimming again. We managed to access a new swimming facility as Waterworld's management company, using the pandemic crisis as a reset button had sadly given away our historic 30 year Thursday 2 hour slot to a local swim club and massively increasing the hire as a final insult. Never look back. Both our children, our coaches & session admin and the staff at Newquay Bay resort pool have worked hard to make the new Saturday swim sessions successful and safe. Thank you very much to Annie for writing the pandemic swim risk assessment and to our parents who have given up their time each week to coach. The children have been a real credit at training, and I know the coaches have seen some genuine improvements in technique and stamina. I am gutted we are again unable to swim during November due to another lockdown, fingers crossed we can keep swimming over the remaining winter months if it is lifted and thank goodness we got in the pool in September.

Whatever happens in 2021 I know that our Nippers are developing into great young people, they have shown immense resilience, determination, and willingness to adjust to everything that has been thrown at them this year. I am incredibly proud of them all and want to say a massive thank you to the children, and to their parents who have supported Nippers and the Club this year without question whether it be coaching, water cover or just being there with us doing it, but doing it with perseverance.

See you on the other side of 2020, Team Perranporth SLSC Nippers!

YOUTH MANAGER

Sarah White

What a rollercoaster of a year! I would like to thank everyone across the club who has made this year happen for the Youth.

Our amazing parents who in January gave up a whole weekend to undertake their Level 2 coaching, we now have 7 new fully qualified coaches to go alongside our original 3. This was so fortuitous with the way that the year rolled out.

Getting back onto the beach in the middle of July meant a great deal too many. The new pod structure worked extremely well and was fantastic to see groups of 6 doing their thing in pods. We have seen confidence build amongst many of our younger youth this year with them achieving what seemed unsurmountable objectives at the beginning of the year, sea swimming, getting out through surf, tube rescues, we go into 2021 with an awesome group prepared for whatever the year ahead throws at us and we look forward to welcoming the 12's and 13's in the new year.

Swimming has continued at a pace, at the beginning of the year we were holding the two sessions, 1 at Redruth Pool with George and the other at Newquay Waterworld with Russell, thank you for all the swim training that put us in good stead for getting back in the sea. We are now fortunate to be swimming at Newquay Bay Resort under the watchful eye of Russell and hopefully in the near future we will be back at Redruth with George, offering 2 sessions a week again. Ski Paddling took off at a pace again in July we have had some great sessions

on the water both at Malpas and on our very own beach. A big thanks to Simon Lawrence for sharing his expertise and it has been awesome having Peter Gaisford getting back in the water and showing us all how it is done.

Congratulations to our older Youth who after qualifying last year as Lifeguards through the Clubs training programme were employed by the RNLI to provide cover on all our local beaches, it was a great accolade to the club that they all represented the club and held up the tradition of 'Vigilance and Service' joining many of our previous Youth who are still Lifeguarding today.

Thank you to Sam Chamberlin and Rob Nunn who resurrected the Lifesaver and Lifeguard Award, we had a fully compliment of Youth attending and look forward to them all passing their awards next year, adding to our current Lifeguards here at Perranporth and the local area.

Thank you again to everyone who has helped out from ferrying the Youth to various training locations, coaching on the beach, registering and keeping everyone in line (Doreen we couldn't do it without you x) making the hot chocolate, BBQing, cleaning down, it has been a weird one but a great one.

LADIES CAPTAIN

Anita Fleet

2020 has obviously been an extremely different season for the club due to the COVID-19 pandemic. The club house went into lock down and general club activities were temporary forced to halt. Despite these difficulties we have been faced with, we still have much to be proud of.

The winter swimming training started brilliantly. We had so many strong, fit committed ladies regularly training and we had a large team raring to go ready to take on the Cornish Frost Bite competition. Sadly this competition coincided with the start of the first national lockdown and had to be cancelled!

During these difficult times, it soon became apparent that many were using the sea for their dedicated daily exercise. Initially the RNLI made the decision to pause lifeguard patrols on beaches and this is where the club stepped in and immediately organised surveillance patrols to keep the public safe. Thank you to many of our wonderful ladies who volunteered to help with this.

As soon as club activities could resume safely, the instructors and ladies were eager to go. We quickly got used to our 'new normal' way of training in pods and it was a delight to see everyone back in the water. The new structure of pod training was received positively and it enabled more instructors to step up and confidently plan and deliver brilliant training sessions. All the instructors have been amazing; without them, ladies night simply would not be able to run. They all offer something unique and help to support, encourage, inspire and keep us all safe in the water. I cannot thank you all enough for your precious time, valuable knowledge and on-going support.

Competitions

Sadly no competitions were able to take place this year but hopefully our awesome ladies will soon be able to demonstrate their amazing fitness, strength, speed and lifesaving skills in the future.

I would like to take this opportunity to thank everyone for your patience and continued support during these unprecedented times. The club have worked hard to continue to offer safe training opportunities for our members. Thank you once again to Spike Gaisford who gives endless hours of her valuable time to the club. Her encouragement and constant motivation is admirable. I couldn't write this report without mentioning the one and only legend…Doreen Lawrence. She too has learnt new skills this year and is now a dab hand on Google Meet! Doreen continued to give up her time to keep members safe in the water and manages the weekly winter swim sessions for the seniors. Doreen, you are such a star and an inspiration to others.

Overall, 2020 has been a strange year; a year where we have had to adapt our lives and get used to our new normal. Roll on next season.

IRB CAPTAIN

Rob Farr

I start my report this year recounting just how uneasy the late spring was amongst local experienced water users. They could all see a storm brewing with their being no paid lifeguard service on the beaches. The increasing crowds and the complete lack of lifeguard service galvanized surf life saving clubs back into the role they were first created for. Saving people from drowning on our local beaches.

Whilst executive lifeguard management failed to see the danger, grass roots life guarding emerged on each beach, which was a phenomenal common independent response from each coastal community. At Perranporth, surveillance patrols were setup and carried out, and the IRB was quietly put on standby in the club garages ready to go out the door if needed.

May Bank holiday Monday proved to be the club's big test. With good weather, low tide, offshore winds, conveyor belt rips and big swell, large crowds were going to the beach regardless of any warnings. The club put out surveillance patrols to advise people as they walked like lemmings to the waters edge. Most people listened and were thankful to be given life saving advice, but there was no stopping the man with the inflatable swan and two very young children – he knew best.

The water's edge was a tense place to be with our hands tied by protocol of only carrying out surveillance for the emergency services, but not hands on rescue. As we stood at the mouth

of a conveyor belt rip, intercepting people, I became aware of one lifeboat after another being deployed to incidents along the north coast. Then the CG rescue helicopter came screaming over our heads at full speed on their way to Porthowan. I can remember standing at the water's edge with my son thinking, there's nothing more to send to rescue people.

It was at this point that we saw that people had got stuck in the rip and were heading out to sea at a rate. Having spent a lifetime being involved in beach safety, it didn't take long to decide to step beyond surveillance mode and launch the irb.

I'm glad to say that shortly after the incidents over that weekend, the RNLI executive management were forced to change tack, and started to roll out the lifeguard service to as many beaches as quickly as possible. Many of our clubs members stepped in to fill those lifeguarding roles. 12 of our club members also signed up to club IRB training, in order to get themselves qualified for that work.

A late start in the season due to restrictions, and working in bubbles of 6, proved to be a challenge, but they all took it in their stride and worked hard to achieve a qualification. 4 drivers, and 2 crew qualified in the short time we had available, with the remaining 6 primed to be assessed at the start of next season. Thanks to Jason, Shane and Ben for helping to make it all happen this year.

The situation this year has seen the club return to its life saving roots, and I have felt proud of the way our club and its members have responded. Without the club's immediate actions, the death toll would have been much higher on our beaches earlier this year.

SURFBOAT CAPTAIN

Well done to all our Clubbies this year for several reasons and these are just a few

- All club members that joined and paid their membership (this may have been a struggle) this helped to keep the club afloat.
- The awesome people that ran and joined in the extra special Covid patrols keeping our beach safe for all, you did a great job helping your community.
- Clubbies who did and are still looking after the Club, cleaning, and keeping it safe for all.
- Club members that not only did the above but also helped with the Perranzabuloe Community Support Group they gave their time freely to help their community.
- The committee for ploughing through the difficult decisions that had to made during the lock down.

TREASURER
Andy Davies

It has been an interesting first year acting as the club Treasurer and it has certainty not been business as usual. Like all organisations the club has been heavily impacted by the pandemic. There has been and continues to be an increased level of uncertainty both in terms of club activity and also financial resources. Through prudent financial management the club began the financial year with a healthy level of reserves.

The club is not alone in the charities sector in reporting that the biggest impact has been a large reduction in fund raising activity. Whilst some fundraising has been able to take place the cancellation of the annual triathlon had a significant impact on the level of income. The club has also had to respond to the pandemic operationally, with a return to patrolling and increased cleaning. These have all had an impact on the level of expenditure in the year and despite the club being closed for a short period the costs associated with running the club continue.
During this period of uncertainty, we have, and will continue to minimise nonessential spend to ensure that the club remains resilient to any future shocks.

Looking forward we are exploring various funding streams to facilitate the purchase of new club kit to ensure that members from our nippers to our masters are able to continue participating in the activities they love.
Fundraising and continued member support is crucial going into 2021 as the uncertainty around the pandemic and the impact it will have upon the club remains.

FUNDRAISING
Hannah Pile

2019 ended with our usual Christmas market fundraiser and moving into 2020 we started the year keen with the first fundraising committee meeting. Great plans were being born but by February Covid 19 was rumbling and by March it had pushed the country into lockdown, snatching lives, time and opportunity. Personally, I had no choice but to remove my focus from the fundraising officer role as my working life as a nurse became busy and exhausting.

Throughout lockdown and as we came out the other side the club did what it does best and focussed on protecting lives. Sticking with the ethos of protecting lives we have not proceeded with our usual summer or Christmas fundraisers this year as these are clear situations that would provide potential risk of transmission of Covid 19.

2020 is a challenge and it is looking like this will continue some way into 2021 and we are going to desperately need the support, commitment and innovative ideas from our club members to make up for some of our financial losses this year. Hopefully we will reinstate the fundraising committee meeting in the new year and be able to develop plans for the year ahead.

Despite the gloom there is some light at the end of this tunnel. I have recently been discussing with the My Mission App to look at setting up a year long Virtual Fundraising mission from one end of the country to the other, hopefully with a surf lifesaving club theme, this should hopefully commence in the new year. Finally, we have successfully been selected again to be a Co-op local cause so I would ask all clubbies to go to your Co-op membership page and select Perranporth Surf Lifesaving Club as your local cause and encourage those you know to do the same – even those far away can select us! If you don't have a Co-op members account then this can easily be created by going to www.coop.co.uk/membership.

OUR SUPPORTERS

The staff and customers of Co-Op Perranporth. June Donnery and Haven Perran Sands. Everyone at the RNLI, Bob & Tommy Job at The Watering Hole, the community of Perranporth.

Independent examiner's report to the Trustees of Perranporth Surf Life Saving Club

I report to the trustees on my examination of the accounts of the Perranporth Surf Life Saving Club (the Trust) for the year ended 30 September 2020.

Responsibilities and basis of report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or

2. the accounts do not accord with those records.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

FOR THE YEAR ENDED

30 SEPTEMBER 2020

Registered Charity No 1041075

PERRANPORTH SURF LIFE SAVING CLUB

Independent examiner's report to the Trustees of Perranporth Surf Life Saving Club

I report to the trustees on my examination of the accounts of the Perranporth Surf Life Saving Club (the Trust) for the year ended 30 September 2020.

Responsibilities and basis of report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or

2. the accounts do not accord with those records.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
