OBJECTIVES AND ACTIVITIES

Under the terms of the Trust Deed, the Trustees have wide discretionary powers as to distributions of income and capital in pursuance of the objects of the Trust as stated above.

CERNAVODA ORPHANAGE AND CASA FERICIRII ("Home of Happiness")

Nightingales Childrens Project is the brain child of David Savage MBE, who during the 1990's, gave up his life in England to set up and run the project, which initially consisted of providing a supported volunteer network to visit the children in the Cernavoda Orphanage, giving them one to one attention, love and stimulation to enable them to develop. The Orphanage was closed during 2004/05 and the children living there were either fostered

TRUSTEES REPORT

FOR THE YEAR ENDED 31 MARCH 2021

or transferred to other Orphanages within the Constanta area. Nightingales continued to provide support for these children via support for their new families and regular visits until the end of 2007.

David Savage MBE also raised money for and built a home, Casa Fericii, (meaning "Home of Happiness"), for a group of 22 HIV positive young people whom it adopted from the Cernavoda Orphanage in 1998. At the time of fostering the young people were not expected to live beyond their early teens, and the aim was to provide them with a loving caring home and the necessary medication and stimulation to make their lives as happy and comfortable as possible. Over the years Casa Fericii has opened its doors to a number of other HIV positive children that the state was unable to accommodate due to their specialist needs.

Over the years, several of the originally fostered HIV positive children died, but as a result of the care provided by Nightingales, many are now in their early 30s and have good standards of health. Whilst some are now independent, for a number, the years of institutionalisation prior to their move to Casa Fericii, means that they have been unable to develop fully into self sufficient adults.

Currently we have 5 young people with severe learning difficulties living in the home. We also have a further 9 young adults living in independent units in the town, working and supporting themselves and requiring only moral and social support from Nightingales. They have a full programme of activities each day, interacting with all beneficiaries of the Charity. These young people are now in their thirties and continue to need the care that Nightingales provides. They love coming to the Charity daily to help out with the cleaning and spend time there hanging out there with the other beneficiaries of the Charity.

OTHER PROJECTS

For the last 14 years, the work at Casa Fericii and the other projects detailed below, has continued under the control of Ben Wells who has overseen all day to day activities, as well as starting a number of other projects for the relief of poverty in Cernavoda which is a particularly poor area of Romania. Like David Savage, Ben has given up his life in England to care for these people and we owe a great debt of gratitude to him for this. Ben was awarded the Beacon Fellowship Prize for Young Philanthropist of the Year in 2006, a huge accolade that gave recognition to the dedication and hard work that Ben has committed to Nightingales.

Community Outreach Project

Nightingales cares as much for the local community as it does for the people we look after and has a Community Outreach Project which has been running alongside our other projects since Nightingales arrived in Cernavoda in the 1990s. We provide some of the poorest children and their families with clothes, medicines and toys as well as repairing their houses to a basic standard of living.

"DRAGONS DEN" Coffee Shop and play area – (formerly "Tereza" Community Centre)

The Coffee Shop building was funded in 2004 by a London based volunteer, Miki Jablowska, founder of the charity "2 Wheel Appeal".

It employs 6 of the girls from our Human Trafficking Prevention Programme and one of our handicapped adults, providing them with valuable work experience for 2 hours each day alongside their education.

The Coffee Shop is self-sufficient and provides a welcoming space used by the whole community. It is an increased means of outreach and contact with the community. We run arts and crafts for the local community and a

library for 1 to 12 year olds. It also offers a place where the local young people can display and sell the many items including candles, bags, skirts, jewellery and wooden furniture, they make.

Adjoining the coffee shop is a park, built by young men in the Nightingales mentoring scheme, a reading and colouring room, a water play feature, and play and seating areas.

The Centre also provides education and practical skills to help young people gain employment giving them a chance to break out of the poverty in which they currently live and offers gymnasium facilities, and classes in boxing, weightlifting, dancing and football, which enable the locals to participate in sports related activities at an affordable price. It also offers an after school club for local children, run by volunteers, where they can receive help with their homework, and a "Stay and Play" children's play area.

HUMAN TRAFFICKING PREVENTION PROGRAMMES

This project was set up to combat the large number of young people in Cernavoda who are forced into prostitution or trafficked each year. Nightingales works in partnership with the Human Trafficking Foundation, two local schools and a local church to deliver various projects which provide opportunity and hope to vulnerable young people.

Trafficking Prevention for young girls

In Cernavoda one of the biggest growth industries is the trafficking of young women to work in the sex industry in Western Europe, as highlighted in an article in the Guardian newspaper on November 30th 2020. We are working in partnership with two local schools, a local church and local authorities to deliver a number of projects which provide opportunity and hope to vulnerable young people.

- This group meets every day for sessions that incorporate one to one mentoring and discussion groups and provision of financial, academic and practical support
- Through Nightingales they run a successful social enterprise, "Light for Night" that makes candles, bags, Christmas cards and jewellery
- They learn various skills including hairdressing, cooking and make-up
- They are provided with a hot meal each day
- They have their own football team
- They coordinate programmes for younger children in Cernavoda

As well as the opportunities for serious discussion on personal subjects the girls have the chance to develop new skill sets and enjoy themselves within a supportive network. This is a pilot scheme which it is hoped will be replicated in other towns around Eastern Europe.

Trafficking prevention for young men - The Football Team

The programme with the young ladies at risk lead us to recognise the need to provide a similar programme for the young men at risk of getting involved in trafficking girls or in drug related activities. The majority of these young men have dropped out of school without gaining their High School Certificate and consequently have been drawn into the cycle of trafficking.

In September 2012 Nightingales Childrens' Project started a 5-a-side football team in a local league, alongside which the young men worked doing small amounts of DIY at the charity. The only stipulation to being allowed

NIGHTINGALES CHILDRENS PROJECT

TRUSTEES REPORT

FOR THE YEAR ENDED 31 MARCH 2021

to train and play is a commitment to attending and behaving at school thereby enabling them to gain their High School Certificate.

Currently Nightingales mentors over 100 young men providing them with the incentive to stay in education and to find jobs after education, so as not to get involved in the trafficking industry. These young men are from Cernavoda and Constanta; many have spent time in orphanages and care. Football continues to be a focal point. Since 2018 we have had an 11-a-side team in the Romanian 4th division where over 30 members of the scheme play in our senior and junior teams. The coaches use the training sessions to teach life skills and build character and confidence through football. Each is provided with a hot meal every day.

Over the last few years, the original 6 young men have started coaching some of the younger teams and running a business making and selling wooden pens and furniture made from pallets and some of the young men have also been volunteering in local prisons and schools to teach life skills through football.

In 2017, we had a representative for the Romanian national team at the Homeless World Cup in Oslo, Norway.

THE IMPACT OF THE COVID-19 PANDEMIC

2020 changed the way the world functions and this was the same for Nightingales. It has meant supporting out beneficiaries in other ways, giving them access to school online, weekly food parcels during lockdown and football training on Zoom. It has been hard for everyone but our focus has been on keeping everyone healthy.

SPONSORSHIP

Nightingales has a number of different sponsorship programmes where everyone can get involved in the fight against trafficking by supporting one of our projects. Please visit our website at www.nightingaleschildrensproject.co.uk for full details.

FINANCIAL REVIEW AND ACKNOWLEDGEMENTS

The results were considered satisfactory although it was pleasing to note that, for the first time in a number of years, there was an excess of income over expenditure. This surplus totalled £21,333, (2020: £8,726 deficit of expenditure over income). Unrestricted reserves totalled £87,517 at 31 March 2021 (2020: £62,410), which included cash of £68,785 (2020: £42,778).

The Trustees send their heartfelt thanks to everyone who has supported us throughout the year, particularly Dauntseys School, (and in Romania, the Canadian Embassy), as well as our regular donors. Without your help, our work cannot continue as we are totally reliant on donations and, every penny really is most gratefully received and put to good use.

INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES OF NIGHTINGALES CHILDRENS' PROJECT

I report to the trustees on my examination of the financial statements of Nightingales Childrens' Project (the charity) for the year ended 31 March 2021, which are set out on pages 5 to 12.

RESPONSIBILITIES AND BASIS OF REPORT

As the charity's trustees you are responsible for the preparation of the financial statements in accordance with the requirements of the Charities Act 2011 (the 2011 Act).

I report in respect of my examination of the charity's financial statements carried out under section 145 of the 2011 Act. In carrying out my examination I have followed all applicable directions given by the Charity Commissioners under section 145(5)(b) of the 2011 Act.

Basis of independent examiner's report

I confirm that I am qualified to undertake the examination because I am a member of ICAEW, which is one of the bodies listed in section 145 of the 2011 Act.

My examination was carried out in accordance with the General Directions given by the Charity Commissioners. An examination includes a review of the accounting records kept by the charity and a comparison of the financial statements presented with those records. It also includes consideration of any unusual items or disclosures in the financial statements and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the financial statements present a "true and fair view" and the report is limited to those matters set out in the statement below.

Independent examiner's statement

I have completed my examination and confirm that no matters have come to my attention which give me cause to believe that in any material respect:

- accounting records were not kept in accordance with section 130 of the 2011 Act; or
- the financial statements do not accord with the accounting records; or
- the financial statement do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination.

I have no concerns and have not come across any matters in connection with the examination to which attention should be drawn in order to enable a proper understanding of the financial statements to be reached.

This report is made solely to the Charity's trustees, as a body, in accordance with section 145 of the Charities Act 2011. My work has been undertaken so that I might state to the Charity's trustees those matters which I am required to state to them in this report and for no other purpose. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other than the Charity and the Charity's Trustees as a body, for my work, for this report, or for the opinions I have formed.
