Description of the charity's trusts

Type of governing document (e.g. trust deed, constitution)	Constitution
How the charity is constituted (e.g. trust, association, company)	Trust
Trustee selection methods (e.g. appointed by, elected by)	Appointed by Trustees

Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

- The Charity has a comprehensive handbook, which is reviewed periodically, and which provides policies and procedures against which the Charity operates.
- The Charity is a member of Hunts Forum which provides both relevant advice and training sessions on a range of topics covering governance, marketing, finance, first aid, social media, fund raising
- The Charity's financial regulations include a policy related to the level of financial reserve which is required to maintain viability of the Charity and the orderly dissolution of the Charity should this become necessary.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

Warboys and District Day Centre is a registered charity and serves to provide social activity and a change of scene for the frail and elderly and/or respite for their carers, based on the individual's needs. In providing this service we strive to:

1. support our members in maintaining a good quality of life enhanced by the interaction with others
2. minimise the effects of social isolation
3. understand and allow for each members' individual needs, including those relating to race and culture
4. recognise and respond, wherever possible, to meet changing needs
5. maintain the principles of respect for a member's right to choose, for their dignity, privacy and their individuality.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

1. The highest quality of service will be consistently provided to our members
2. To support and encourage the members to participate in group activities, should they so choose, and to promote independence and a sense of worth and wellbeing.
3. Whilst the members are in attendance, they will be provided with appropriate refreshments and well-balanced meals, taking into account individual dietary needs wherever possible.
4. Members will receive the appropriate level of assistance in the following areas:
 - mobility
 - personal hygiene (hand washing, toileting)
 - eating & drinking
 - the management of prescribed medication (subject to current guidelines). Such assistance will only be provided by the Centre Manager who has received the appropriate level of training.
5. Transportation to and from the Centre.
6. To provide members with a planned and stimulating programme of in-house activities, entertainment and outside visits thereby stimulating both physical and mental wellbeing

We can confirm trustees have had regard to the guidance issued by the Charity Commission on public benefit.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Nothing to add

Section D Achievements and performance (see full annual reports for more details)

Summary of the main achievements of the charity during the year

Our main community fundraising initiatives - May Day Stall, Yard Sale and Christmas Quiz- were all very successful thanks to the hard work of the Trustees, Centre Manager and volunteers. It is pleasing to note that we were able to exceed our £3000 fund-raising target for the year by £667.

The team continued to deliver a comprehensive planned programme of activities which combined popular outside musicians and in-house entertainments, all of which are intended to promote overall member wellbeing.

Our experience is that whilst we are able to bring in new members, our numbers do fluctuate because some existing members need to transfer to alternative care environments and sadly because others have died.

Section D Achievements and performance (see full annual reports for more details)

We have increased our social media profile and this We are however receiving an increased number of referrals via the Social Prescribing system and through self-referrals.

Section E Financial review

Brief statement of the charity's policy on reserves

- We have reviewed our reserves policy and based on our analysis have agreed that we should maintain our reserves at a minimum level of three months.
- Funds may only be designated by the Trustees for uses on projected spend, outside the normal annual payments, which fall into the short or medium timescales. Designated funds may be held in addition to the reserves.
- Where a restricted donation has been received, this will be retained until its use is appropriated to the donors wishes.

Details of any funds materially in deficit

- The current level of reserves is slightly below the agreed level, but we are addressing this as part of our 2025-2026 financial management strategy. We do however maintain a financial surplus.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

- On the financial front we remain dependent on the grant we receive from Cambridgeshire County Council (CCC) to meet our core costs. This is currently set at £10,000 and is guaranteed until March 2027.

We augment our income with

- member fees, which in this reporting year was set at £14 per session. Member income is dependent on attendance which can be variable, but we are seeing an increase in numbers, and we will continue to drive this forward in the forthcoming year
- fund-raising activities – we set a target of £3000 from all sources and were able to exceed this by £600

Section F Other optional information

Looking forward

- We continue with initiatives to
 - raise the profile of the Centre by increasing our social media presence so that we can maximise attendance at each session. We will maintain our target of 15 members per session with a realistic objective of 12 per session, but we are aiming to increase this.
 - recruit new and younger volunteers and hopefully some male volunteers to give a better gender balance
- we will continue with a full programme of entertainment that will focus on physical, social and mental health well-being. We plan to augment this with regular chair-based exercises provided by a local council provider
- we have increased our fund-raising target for 2025-2026 – now set at £ £4750 from all sources
- In setting the budget for 2025-26, we have committed to meeting the Real Living Wage as a minimum and will increase this in the autumn in accordance with RLW recommendations.

Section G Declaration

The trustees declare that they have approved the trustees' report above.
