Aims and Objects

Community Counselling has been working in the London Borough of Newham for over 30 years. We provide one-to-one counselling for anyone in East London who is suffering from psychological distress that threatens their mental and emotional health and wellbeing, such as depression, anxiety, feelings of loneliness and isolation, bereavement, childhood trauma and low self-esteem. We are an independent voluntary organisation and are able to offer low-cost medium and long-term counselling, sometimes supporting clients over several years. We do not receive any public funding and our counsellors offer their time without charging. In the current year we have 24 counsellors working with us and currently see 78 clients a week.

Structure

We are a collective of qualified counsellors and counsellors in training who volunteer our services part-time. We are an organisational member of the BACP (British Association for Counselling and Psychotherapy) and work within their guidelines for good practice.

Our structure is defined by the Constitution which was adopted on 13th February 2016. The quarterly meeting is our main decision-making body, supported by smaller Clinical Issues and Service Delivery groups. Our trustees are elected at our Annual General Meeting from our body of counsellors, who are given a detailed induction and introduction to our policies and procedures at their initial supervision session. We have a team of four qualified supervisors who provide monthly low-cost supervision. All our counsellors are further supported by monthly peer supervision groups and, when possible, by free quarterly continuing professional development workshops.

Activities, achievements and performance

In the year 2024/25 we assessed 90 clients and on average our team of 24 counsellors was seeing 78 clients per week. We continue to work remotely, either by Zoom or by telephone, or in person at St Bart's in East Ham, according to the preference of counsellors and clients. Six student counsellors completed their placements with us and qualified and have stayed on as volunteers. We are grateful to those qualified counsellors who continue to volunteer with us. We were able to offer placements to three new counselling students.

Financial review and funds

Community Counselling continues to support clients who are unable to meet the cost of counselling charged by private practitioners. We have been able to keep our fees low (most clients pay £15 or £20 per session) and we have been able to support a few clients at a lower fee or no fee. We were not in receipt of any funding this year. We continue to pay our experienced counsellors a token amount for some of their client work, since only a small number of clients are working face to face (currently 25 out of 78 clients) and there is not much rent payable for rooms. This has helped us to retain our experienced counsellors and support those counsellors who have also suffered financial hardship because of the pandemic.

The trustees have a policy to retain sufficient reserves to be able to fund activities for the year ahead. Reserves held at 31st May 2025 totalled £18,315.
