Additional governance issues (Optional information)

You **may choose** to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

The Charity is a member of the National Council for Voluntary Organisations (NCVO) which provides regular up-to-date information that is useful in assisting the Charity to successfully run its services.

The Trustees regularly carry out a review of the major risks faced by the Charity. The results of the most recent review exercise were quite satisfactory.

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

- To advance the Christian religion
- To advance the education of the public in the Christian religion
- To relieve Poverty and Sickness
- To relieve the Aged

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

All our activities for the year were carried out in line with the Charity Commission's guidance on public benefit. Our main activities continue to be: weekly Church prayer fellowships/Bible study classes, Pastoral counselling services, Food/clothes distribution to the homeless/needy, Hospital visitation/prayer services for the sick, Drop-in video recreation centre for the aged and Weekly Street Community Outreaches. These activities benefit the public by providing Christian resources and services for spiritual, socio-economic and moral well-being, which help beneficiaries live a crime-free and fulfilled life. All our activities are offered absolutely free-of-charge and are open to any interested member of the wider public regardless of ethnic, social, economic or religious background.

Due to the Covid-19 pandemic and the lock-down imposed by the government during periods of the year, these activities had to be curtailed. As with the previous year, we also carried out some ad hoc activities, especially delivering shopping and providing telephone counselling for the aged and vulnerable people that were adversely affected by the pandemic. We are glad that we were again able to contribute our quota to the government and community initiatives to help people through the pandemic.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

The charity is non-grant making. However, occasional gifts/donations may be considered to support charitable causes that are in line with the charity's objects.

For its successful day-to-day operations the charity relies hugely on contributions made by volunteers which are drawn from the pool of its beneficiaries.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

During the year, and within the limitations imposed by the government's Covid-19 pandemic lockdowns, the charity successfully ran most of its regular on-going activities as highlighted in the Summary of Main Activities above.

Our well-structured Bible Study classes continue to gain increasing popularity within the community with more and more participants joining in. The classes provide beneficiaries with well-balanced life-application teachings which are designed to help each individual gain the understanding that is necessary to live a practical and fulfilling Christian life. As with the previous year, we had to move the classes online for most part of the year because of the lockdown restrictions imposed by the government due to the Covid-19 pandemic. We are glad to report that the online hosting of the classes was a huge success, as it provided a great source of comfort and encouragement to many during the stressful lockdown periods.

We continue to receive encouraging reports from many beneficiaries of our services who heartily express their gratitude to the charity for how their lives are being remarkably changed for the better through personal application of the Christian principles they learn whilst participating in our activities.

Our Prayer and Counselling Services, which, for most periods of the year, were carried out remotely by telephone due to the Covid-19 pandemic restrictions, also recorded a steady increase in number of beneficiaries as word continues to spread in the community about their effectiveness. As with the previous years, we again received a few prayer requests from some non-Christians within the community. We are grateful to God that our activities are clearly bringing beneficial changes to people's lives regardless of their faith.

Our weekly Church Fellowship meetings on the evenings of Wednesdays and Fridays as well as Sunday mornings provide good opportunity for families to worship God together and be refreshed in an atmosphere of Christian love and unity. These services were moved online for most periods of the year due to the government restrictions imposed as a result of the Covid-19 pandemic.

The Weekly Street Community Outreach programme which the charity started a few years ago, could only be carried out during the latter parts of the year, as the lockdown restrictions were eased by the government. The opportunity it provides for all interested passers-by to receive free on-the-spot counselling and advice, as well as other relevant support within the scope of the Charity's objects, has always been well embraced by many people who are resident within the local community that the charity serves. A report based on a recent survey which the charity carried out on the community benefits of this outreach programme and several similar feedbacks received from those who have stopped by to use the programme, was quite encouraging.

The income/expenditure balance of the charity during the year shows a positive amount of two thousand six hundred and ninety five pounds. As with the previous year, the positive balance this year is largely due to the Covid-19 support grants that the charity received.

During the year, three new Trustees (Emmanuella Abraham, Deborah Abraham, and Hannah Abraham) were appointed on 26 April 2021.

However, two of them (Deborah Abraham and Hannah Abraham) only served briefly, as they resigned their Trusteeship to the charity with effect from 27 December 2021. We thank all of them for their contributions to the progress of the charity, and wish those who had to resign, every success in their future endeavours.

Finally, we would like to express our profound gratitude to all our members and beneficiaries who consistently showed great commitment in their financial and moral support to the charity during the year. The charitable hearts of these wonderful people are a tremendous blessing to the charity and the community that it serves.

Section E Financial review

Brief statement of the charity's policy on reserves

If possible, the charity aims to always have a cash reserve that is equivalent to a minimum of six months operating expenditure.

Details of any funds materially in deficit

Not applicable.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The charity's main source of funds continues to be from members contributions to the Church. However, this year the charity's funds were significantly boosted by the Covid-19 grants it received.

Our expenditure has been strictly applied to support the key objectives of the charity. All our activities are directly run by the trustees with ample support from volunteers drawn from our pool of beneficiaries, thereby curtailing high and presently un-affordable staff costs.
