Report of the Trustees
for the Year Ended 31 March 2021

The trustees present their report with the financial statements of the charity for the year ended 31 March 2021. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

Throughout 2020/2021 The Humber Teaching NHS Foundation Trust Charitable Funds working name Health Stars gathered real pace as a proactive charity.

Our Corporate Trustee continues to take positive steps forward across the Humber Teaching NHS Foundation Trust, with the CQC rating remaining at good through a global pandemic, partnership work between Trust staff teams and the charity enable care to go over and above what the core NHS can provide, enabling patient and carers journeys to be a comfortable and memorable one. The Charity is in a position to partner and support both capital projects and small changes which make a big difference to our patients, carers and employees.

The transparent and easy access to charitable funds has encouraged services to maximise charitable funds, with 69 wishes (grant requests) in 2020/2021 whilst numbers of wishes have been reduced significantly this year due to the impact of COVID19. The core focus this year was on supporting staff during the pandemic with the provision of food hampers, this was funded thanks to grants from NHS Charities Together through their highly successful fundraising appeal. Additional investments have been made into areas such as creating chill out rooms and sensory areas for both patients and staff through the most detrimental part of the pandemic, Purchasing of SaeboStim One machines to support patients rehabilitation journeys post stroke and the printing of the bereavement booklet which will make a lasting impact for many years to come. Through our connection to the HEY Smile Foundation, the commissioned deliverer of our Charity, we have built many relationships with local businesses capitalizing on corporate volunteering and gifts in kind.

In 2020/21 a grant from NHS Charities Together for the benefit of those from Black Asian Minority Ethnic communities adversely affected by COVID-19 was received. This led to the "Dost" project being established by Health Stars in partnership with neighbouring NHS Charity the Health Tree Foundation. This project is providing befriending to BAME communities.

Most significantly in the last 12 months, we have launched our second appeal, The Whitby Hospital Appeal supporting the £13.1 million rebuild of Whitby Hospital. The Appeal has seen both the Trust operational teams and Charity team work in partnership with independent dementia friendly consultants and community engagement groups to identify a number of enhancements which will add sparkle to the hospital.

This Appeal has been a significant part of the charity's work in the last 2 months. With the investment of substantial resources from Humber Teaching NHS Foundation Trust, Health Stars and Smile team.

The Charitable Fund's Committee carries out the responsibilities of the Trustees (The Board of Directors of the Humber Teaching NHS Foundation Trust) working closely with our commissioned charity services (HEY Smile Foundation) and their seconded team members.

In the operational year, the charity's strategy and operations plan continued to be delivered enabling the Charity to move to be a strategic partner of the Humber Teaching NHS Foundation Trust.

The Humber Teaching NHS Foundation Trust and its executive team remain committed and passionate about charitable funds within the Humber Teaching NHS Foundation Trust and look forward to reporting on successes over the next three years and beyond.

Finally, we'd like to say a huge thank you to all of our supporters who have helped us to have such a fantastic year. This Charity represents true partnership working to have the best possible resources available for the ever-changing needs of health care across the Humber Teaching NHS Foundation Trust service area.

Our Mission

We promote the development of exceptional healthcare, which goes above and beyond NHS core services, through the investment in people, environments, resources, training and research.

OBJECTIVES AND ACTIVITIES

Significant activities

In the reporting year, Health Stars continued to develop and operate a clear and transparent system to access charitable funds across the Humber Teaching NHS Foundation Trust services The Circle of Wishes, for patient, carer and employee benefit in line with the objects of the charity and special purpose funds.

The central fund has NHS wide objectives and shall hold the trust fund upon Humber Teaching NHS Foundation Trust to apply the income at their discretion so far as permissible, the capital, for any charitable purpose relating to the NHS.

In 2020/21 the charity recruited a part time fixed term role of Whitby Hospital Appeal coordinator who is supporting the Whitby Hospital Appeal.

As highlighted in the reporting year, 69 requests for enhancements were delivered by the Charity, which continues to be a positive year on year growth despite the many challenges we have all faced through the global pandemic. Work is underway to refresh the charity and grow staff awareness of the charity and how charitable funds can be accessed in order to make a difference to service areas within Humber Teaching NHS Foundation Trust. A close working relationship has been established with the Trust communications team and we anticipate that 2021/2022 will see further growth and evolution for Health Stars.

Public benefit

The public benefit is further tested through the Wish process by carrying out the following asks of each wishee;

- Is the Wish an enhancement of the current statutory provision
- Explain how the patient or patients will see a benefit
- Finally, would you put a pound in a collection box for this ask (Public perception).

ACHIEVEMENT AND PERFORMANCE

Fundraising activities

In the reporting year, the Trustees continued to commission the HEY Smile Foundation to deliver the operations of the charity and provide additional strategic leadership.

Along with the supportive leadership of the Corporate Trustee, principal advisor and patient and carer engagement enables us to decide upon the most beneficial way to use the charitable funds held and donated within the year.

The Charity also continues to receive communication from our investment bankers CCLA Investment Management Ltd (COIF Charitable Funds), the Charity Commission and Health Stars is an active member of the Association of NHS Charities.

Health Stars has expanded its fundraising efforts to match the ambition of the Trustees to provide greater access to charitable funds to its beneficiaries across the Humber Teaching NHS Foundation Trust service area. Therefore our income now derives from individuals, corporate supporters, grant-giving trusts, direct donations from grateful families and our range of fundraising activities.

FINANCIAL REVIEW

Investment policy and objectives

The Charity has a deposit account with CCLA Investment Management Ltd (COIF Charitable Funds). Dividends are paid into a high-interest deposit account which remains greater than a standard current account.

The Charity also has 510 COIF Charities Investment fund income units with a value of £7,560 at the end of March 2021.

The Charity has endeavoured to maximise the return from the resources in the COIF Deposit Funds as we have no fixed commitments on these funds to require any significant movement in the next six months.

The Charitable Fund's Committee reviews the investments and banking arrangements taking advice from our professional advisors each year. There were no additional investments or realised investments during 2020/2021

Reserves policy

Our reserve policy states to have a minimum of six months of operating costs in the bank.

FUTURE PLANS

At the beginning of the financial year the COVID-19 pandemic had begun and the UK moved into Lockdown. At this point it was unclear the impact of the pandemic on the charity but we have since identified a significant reduction in wishes received based on previous years. Thanks to the charities ability to be agile and responsive we have been able to respond to the needs of our staff and patients at Humber Teaching NHS Foundation Trust and support in diverse ways. The Charity established its next major fundraising appeal supporting Whitby Hospital which was launched in January 2021. The next year will include delivering the key Whitby Hospital Appeal, returning to fundraising events as restrictions begin to lift and making the most of the opportunities to receive grant income from NHS Charities Together. The Charity will also continue to support the DOST project.

Working in partnership

We are delighted to work with a range of community partners including the range of League of Friends across our service area. Likewise, we look to work with funders not just request investment whether they are corporate, community partners or individual donors.

Risk management

The Corporate Trustee is responsible for managing risk issues for the Charity, which is underpinned by the internal policies and procedures of the Humber Teaching NHS Foundation Trust, including;

Code of Conduct; Standing Orders;

Standing Financial Instructions and Scheme of Delegation; Charitable procedures, fundraising, grant management; and Fraud Policy.

In the reported year, no major risks to which the Charity is exposed have been identified and considered. They have been reviewed and systems established to mitigate those risks. The most significant risk identified is the continued investment into the fundraising costs as we look to expand the charity's services. These have been carefully considered, and there are procedures in place to review the reserves policy and to ensure both spending and firm financial commitments remain in line with income.

Income and expenditure are regularly monitored. Listings of income and expenditure and the balance on individual funds are examined on a monthly basis to detect trends as part of the risk management process to avoid unforeseen calls on reserves.
