Trustees

The board of trustees consists of 3 members who are recruited from the local community. Role description is issued to each trustee and a full induction is given setting out the obligations of a trustee. All trustees are issued with 1 copy of the Charity Commission's guide 'The Essential Trustee'.

The trustees are responsible for preparing the annual report and the financial statements in accordance with applicable law and United Kingdom generally accepted Accounting practice. Charity law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of charity's financial activities during the year, its incoming resources and expenditure during that year and of its position at the end of the year.

In preparing those financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent; and
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the charity will continue in operation

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 1993. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Reserves policy

The trustees have examined the requirement for free reserves which are those unrestricted funds not committed or invested in tangibles fixed assets (the free reserves) held by the charity should not be less than £1,000. At this level, the trustees feel that they would be able to continue the current activities of the charity in the event of a significant drop in funding. In the event of such an occurrence, it would be obviously necessary to consider how the funding would be replaced or activities changed. The trustees are considering ways in which additional unrestricted funds can be raised.

Risk Management

The trustees actively review all risks which the charity faces from external and internal sources through regular review of the charity's strategic plan. The plan is reviewed on an annual basis and the major risks to the charity are exposed as identified and evaluated by the trustees and systems have been put in place to mitigate these significant risks.

Statement of Accounts

Financial Review

During the year the charity received £119,428 by the way of public donations and gift aid relief. The net movement of the funds shows a cash surplus of £7,059 which has been added to reserves.

The trustees have considered the most appropriate policy for investing funds and have reviewed ways in generating income and capital growth to meet their requirements

Accounting and reporting Responsibility

Charity law requires the trustees to prepare the financial statements for each financial year, which shows a true and fair view of the state of affairs of the charity, and its financial activities for that period in preparing their financial statements. The trustees are required to:

- A. Select suitable accounting policies and apply them consistently
- B. Make judgements and estimates that are reasonable and prudent
- C. State whether applicable accounting standards have been followed subject to any departures disclosed and explained in the financial statements
- D. Prepare the financial statements on the going concern basis unless it is appropriate to presume that the charity will not continue in operation existence.
