Our Activities:

ISCRE has continued to provide support to organisations across the East Anglia region through training, advice and support, to understand the impact of racial inequality, whilst equipping them with the tools to help them create inclusive workplaces. Achievements and performance

The organisation continues to play a pivotal role in challenging unfairness and unlawful racial discrimination, whilst keeping race on the agenda in Suffolk and beyond. Our vision of a fairer Suffolk for all people to live, work and visit has been embraced by organisations and individuals across the county.

Projects:

Beyond Boundaries - funded by Sizewell C, Beyond Boundaries is an innovative, community-informed initiative designed to support young people from racially minoritised and disadvantaged backgrounds to overcome barriers to employment, social inclusion and progression. Delivered in partnership with local employers, statutory agencies and community organisations, the programme provides tailored mentoring, skills development, confidence-building and pathways into education, training and work. Beyond Boundaries places lived experience at its heart, addressing inequality, discrimination and systemic barriers while strengthening resilience, aspiration and employability. Through this approach, the programme helps individuals realise their potential while contributing to a more inclusive local workforce and delivering meaningful social value aligned with Sizewell C's commitment to levelling up communities in Suffolk and the surrounding region.

Desistence Readiness - The desistence readiness work in prisons across East Anglia remains one of ISCRE's flagship projects. ISCRE's work has contributed to the knowledge, evidence and future development of interventions and policy work with the prisons' minority ethnic communities, and those that are marginalised, disadvantaged or experiencing the worst outcomes towards their rehabilitation in custody. As an external partner supporting prisons in the areas of equality, social inclusion and disproportionality, ISCRE continues to strengthen its reputation as an important regional think-tank, addressing the rehabilitation needs of minority ethnic and hard to reach groups in custody.

Suffolk Police Powers Public Scrutiny Group - The aim of the SPPPS is to build a sustainable relationship between members of the community and Suffolk Police in order to further the Equality agenda; ensure legal compliance and influence the wider community cohesion agenda. We facilitate SPPPS meetings in order to build trust and confidence in the use of police powers. The group provides people from BAME communities and others with a safe space and a neutral platform to share their experiences whilst challenging unfairness in order to reduce disproportionality in the use of the policing tool.

Diversity and Equality Works - ISCRE's consultancy service delivering a wide range of services to the voluntary, public and private sectors to further our commitment to ensuring diversity and equality are at the forefront of driving lifelong change in Suffolk for all. Services delivered include working with staff and organisation to reviewing existing services, conducting "fit for purpose" reviews and audits based on diversity and equality, diversity and inclusion training and EDI leadership development programmes. As part of this, ISCRE also designs and delivers specialist tailor-made training to meet specific organisational needs and requirements on the issues of diversity and equality.

Financial review

The charity continues to be dependent on grant funding to achieve its objectives. In the year under review the trustees are grateful to all those funders. The support from these organisations has ensured that ISCRE continues to exist and to deliver services to the most vulnerable people of Suffolk.

Service level agreements with Prisons and Suffolk Police were renewed for the year and continue to have positive impact on the lives of local people.

The support from a Local Council and a charity have allowed ISCRE the capacity to identify gaps in service provision and to explore new opportunities for the charity.

During the year income increased to £136,717 (2024: £129,514), despite this there was a deficit in the year of £49,377 (2024: £65,435).

Further information about our income and expenditure is set out in the Statement of Financial Activities and supporting notes. Any cash resources not immediately required are held in bank and building society deposits under powers contained in the memorandum and articles of association.

The charity's deficit in the current year has had an adverse effect on year end cash balances, which have decreased to £112,373 (2024: £167,193).

Reserves policy

The trustees actively review the reserves available on a regular basis and given the general uncertainty surrounding funding and project income aim to maintain reserves equivalent to approximately £115,000 (2024: £115,000). This figure is based on the expected level of expenditure over 6 months. This level of reserves takes into account existing and future commitments.

At the 31 March 2025 the reserves held for general purposes amounted to £88,065 (2024: £131,999). Which is no longer in line with the reserves policy of the charity.

As at 31 March 2025 total reserves held were £96,401 of which £8,336 were restricted as detailed in the notes to the accounts. The remaining £88,065 is unrestricted, and of this £88,065 is considered to be 'free reserve' in line with the Charity Commission guidance.

Plans for future periods

The development of a new race equality focused strategy has progressed well after the separation from Suffolk Law Centre, with new areas of work being developed. The Trustees have agreed to set up a new consultancy project to service deliver a wide range of services to the voluntary, public and private sectors to include working with staff and organisation to reviewing existing services using a diversity perspective, conducting "fit for purpose" reviews and audits based on diversity and equality, diversity and inclusion training and leadership development programmes. As part of this, ISCRE will also design and deliver specialist tailor-made training to meet specific organisational needs and requirements on the issues of diversity and equality.

Our relationship with the prisons and the commissioners in the Hertfordshire, Essex and Suffolk region, and our services is now much more integrated into their day-to-day service delivery and our services have been commended by His Majesty's Inspectorate of Prisons for its impact in preparing prisoners for life after incarceration.

We are looking forward to building on our work in prisons by extending the services to local communities especially those from minority ethnic backgrounds. We are keen to deliver culturally appropriate projects with looked after young people and those at risk of entering the criminal justice system.

In the new financial year, we are looking at consolidating the work of our Stop and Search Reference Group to include public scrutiny of all police powers and training of new police officers. Community engagement with young people has substantially improved, working with schools and colleges to deliver initiatives to increase their awareness of rights whilst enhancing their capability to provide public scrutiny of use of police powers.

We have developed and tested interventions with private and commercial sector organisations, delivering services aimed towards improving their diverse staff recruitment, retention and progression strategies. These have been well received and we are looking at expanding the services in conjunction with the Suffolk Chamber and other commercial entities.

ISCRE will be bolstering its community engagement initiatives using the newly formed Friends of ISCRE - an ISCRE led community group which is working towards keeping race on the agenda by promoting civic participation amongst people from minority ethnic communities.

Income

All income is included in the statement of financial activities when entitlement has passed to the charity, it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.
- income from grants and contracts for the supply of services is recognised with the delivery of the contracted service. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.
- income from subscriptions is recognised on a receivable basis.
- investment income is recognised on a receivable basis.

Expenditure

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Operating leases

The lease payments are for rent and are recognised as an expense over the lease term on a straight-line basis. The aggregate benefit of lease incentives is recognised as a reduction to expense over the lease term, on a straight-line basis.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Restricted fund purposes:

- Stop and Search Reference Group - police supporting the Group and the 3rd party reporting centre for complaints. The overspend related to staff costs being greater than anticipated and the charity is working with the fund provider to recover amounts whilst completing the remaining project work.
- BAME Support Work - work delivered in collaboration with a Clinical Commissioning Group to understand causes of health inequalities in BAME communities and co-producing solutions with them.
- Prisons Fund - The desistence readiness work in prisons led by the Community Diversity Officer remains one of ISCRE's most successful projects over the last 18 years. ISCRE's work has contributed to the knowledge, evidence and future development of interventions and policy work with BAME people, and those that are marginalised, disadvantaged, or experiencing the worst outcomes towards their rehabilitation in custody. As an external partner supporting prisons in the areas of equality, social inclusion, and disproportionality, ISCRE continues to strengthen its reputation as an important regional think-tank, addressing the rehabilitation needs of minority ethnic and hard to reach groups in custody.
- Connecting the Generations - The income received within this fund is restricted to the purposes set out by the fund provider and the project is complete. The slight overspend in the year to 31 March 2025 has been made up by a transfer from the General funds of the charity.
