Ordinary Lifestyles

Report of the Management Committee

for the year ended 31st March 2022

The Management Committee present their report and the audited financial statements for the year ended 31st March 2022. Included within the Management Committee's report is the directors' report as required by company law.

Reference and administrative information set out on page 1 forms part of this report. The financial statements comply with current statutory requirements, the memorandum and articles of association and the Statement of Recommended Practice - Accounting and Reporting by Charities: SORP applicable to charities preparing their accounts in accordance with FRS 102.

Objectives and activities

Ordinary Lifestyle's broad objective is to provide supported living services for adults with learning difficulties, acquired brain/head injuries and/or physical disabilities (including young people in transition from children's services), to enable them to lead valued and independent lives in their own homes and to be part of a local community of their choice, irrespective of their disability. People who receive a support service from Ordinary Lifestyles may also have physical and sensory impairment; they may also have behavioural support needs and/or mental ill health.

The organisation is established for exclusively charitable purposes and for public benefit. The communities Ordinary Lifestyles presently provides services for are Manchester and Trafford. Ordinary Lifestyles is a 'family-led' organisation in that families are involved by inviting them to serve on the Management Committee and by participating in the development of the individual services which are set up for the adults with disabilities. It is not a 'self-help' group and services are not specific to members of certain families. The facilities of the charity are available to all adults with a learning/physical disability based upon need and the organisation's ability to meet those needs. The charity operates a Selection Policy with the object that those who will derive most benefit from the charity are all potential beneficiaries. A Trustee may receive a benefit from the charity in the capacity of a beneficiary.

In this report the Trustees have reviewed the aims, objectives and activities of the charity. In examining the achievements and outcomes during the period under review, the Trustees confirm the success of each key activity and the benefits the charity has brought to those people it is set up to help. The review also helps the Trustees to ensure the charity's work remains focused on its stated purposes.

Our aim is to continue to provide services to adults with learning difficulties which are reflective of relevant quality standards.

The organisation will assist adults with disabilities to seek and organise their funding to meet their assessed needs, to find appropriate housing in their local area and provide paid staff who will support individuals according to their personal needs and wishes. We will aim to ensure that the people we support:

- Lead lives which are as full and active as they wish
- Exercise as much choice and control as possible over how they lead their lives
- Live in keeping with their own cultural, religious or family background
- Have sufficient staff support to ensure both quality of life and safety
- Are not excluded from services due to lack of finance

As a family-involved organisation we respect the step towards independence taken by each individual who wishes to move into their own home and we also respect their continuing relationship with their family. Our role is to support the person with disabilities and their parents as all concerned take on an altered set of responsibilities. We work with each individual and those who know them best, in order to identify where they wish to live, who they wish to live with and what sort of support they require from their staff. We aim to build services around the individual which are flexible and capable of changing over time as people's lives change.

Ordinary Lifestyles

Report of the Management Committee

for the year ended 31st March 2022

As well as the continued provision of our traditional 24-hour 'Virtual' Individual Budget services, Ordinary Lifestyles will provide direct payment services, manage Individual Service Funds and offer a 'Brokerage' service to support individuals to set up and manage their own services using Individual Budgets. We also facilitate community social activity groups which are universally open to everyone interested in taking part.

Currently we offer a Manchester city-wide service as well as providing some services in Trafford, which are available equally to all people with learning disabilities (sometimes more complex needs) and their families across the two authorities. In future we plan to open our perimeters to offer services incorporating people in the whole of the Greater Manchester area as well. We operate an Equal Opportunities policy and a Selection Policy, which means that our services are available on the basis of need and our ability to meet those needs. No-one is excluded because of background, race, faith, gender, sexuality or ability to pay.

We do this by maintaining each person's own chosen team of support workers so that there can be strong relationships and a high level of understanding of the person's support needs. We try to build up a network of bank workers who know the individuals' so that there will be continuity of support without relying on agency support. The services are developed around the individuals rather than having to fit into the structure of the organisation.

Ordinary Lifestyles has clear strategies and direction. We keep abreast of current trends and opportunities. We regularly review our effectiveness through internal and external monitoring meetings and inspections. We set clear priorities relevant to our purpose and mission. There is a very strong sense of values underpinning all our work, led by families and very committed management personnel. All of the services and activities fit together well into the strategy. We regularly review our written plans, updating our Business Plan, to ensure that our objectives are realistic, achievable and are specific to what the organisation and the individuals we support want to achieve. Our financial planning is set in line with these priorities.

Structure, governance and management

Governing document

The charity is a company limited by guarantee (number 3175855) and was first registered on 20th March 1996. It was registered as a charity on 30th September 1996 (number 1058340). Its governing document is by way of Memorandum and Articles of Association which was last updated in July 2012.

None of the Trustees has any beneficial interest in the company. All Trustees are members of the company which entitles them to voting rights only. The Trustees guarantee to contribute £1 to the charity's assets in the event of wind up.

Ordinary Lifestyles currently discharges its objectives through the regulated provision of Supported Living Services within the provisions of The Social Care Act 2014. The independent regulatory body responsible for inspection of our services is The Care Quality Commission.

There are regular Board meetings to review and govern the business. We have a Governance checklist and a number of guidance documents including a Trustee's Handbook, which are used to ensure that the committee discharges their responsibilities well. The Senior Management Team report and account to the Board concerning the agreed Business Plan and strategic direction of the company. The reports typically illustrate what is working well, what Ordinary Lifestyles needs to do to improve and alerting the Trustees to any potential risk, advising how such risks can be managed. Overall, the reporting structure monitors progress of the Business Plan and ensures that we remain true to our values and beliefs.

Ordinary Lifestyles
Report of the Management Committee
for the year ended 31st March 2022

Recruitment and appointment of Trustees

New Trustees are appointed or reappointed by the existing Trustees. Trustees of the charity are also Company Directors for the purposes of company law and are also 'members' of the company. All Trustees are unpaid and offer their time on a voluntary basis. Expenses are paid and are set out in note 9 to the accounts.

It is the company's view that parents and the people with learning disabilities have valuable and pertinent knowledge about the proposed activities of the charity and as such, their contribution as Trustees is important. It is not proposed that the entire management group is made up of parents or people with disabilities, but it is felt important that there is at least some representation. Any conflicts of interest are clearly prohibited by the Companies Act and further enhanced by Article 11.1.3 of our Articles of Association. A Trustee must withdraw from decision-making where a conflict of interest may arise.

There is a process of application that includes taking references, undertaking background checks such as Disclosure Barring Service (DBS), attending/observing relevant information seeking/giving and Board meetings. The applicant receives all relevant information about the organisation, Trustee Role Description, Guidance on Trustee responsibilities and Trustee National Occupational Standards and Code of Conduct. This is further supported with verbal information from the Chair of Trustees and experienced Trustees, as well as from the Senior Management Team.

The Board, who will all meet the prospective Trustee prior to their appointment, then discuss the applicant's suitability. The Trustees will then vote to appoint or not, at the next Board meeting.

Trustees are chosen for their variety of skills, capability and depth of experience needed for effective governance combined with their values, philosophy and passion for the charity's objects.

Induction and training of Trustees:

We have reviewed and improved our recruitment process and procedures, induction and training and have developed a Handbook for Trustees.

All new Trustees receive basic induction into their roles and responsibilities. We have an induction pack and check list. The main documents used for induction purposes are Ordinary Lifestyles Roles and Responsibilities of Trustees and Officers, our Trustees Role Descriptions, publications about good governance and information from the Charities Commission and other networks. The checklist takes the new Trustee through a familiarisation process with all the areas of the companies' operations. We are aware that expansion, along with changes and proliferation of new legislation and funder's requirements, has all made the job of the Trustee more complex and demanding. We are continually seeking more in-depth training incorporating all areas of our operations including such topics as new developments, legislation and employment issues.

Organisational structure

The Trustees are responsible for the overall management and control of the company. At the regular committee meetings the Trustees agree broad strategies and areas of activity for the charity including finance and risk management, policy and performance. The day-to-day operation and administration is managed by the paid management personnel, who regularly report their work to the Trustees.

The charity operates within a framework of policies for strategic development and quality assurance. These policies cover areas of our activities such as Finance Control, Equal Opportunities, Health and Safety, Quality Assurance and Personnel. During the year, a number of these policies have been reviewed and updated to ensure that they meet the requirements of new legislation, the 'outcomes' set out in the Essential Standards of Quality and Safety and also the requirements of our funders. Quality assurance is a major area of work and is ongoing.

Ordinary Lifestyles

Report of the Management Committee

for the year ended 31st March 2022

As well as the Senior Management Team, the charity currently employs 14 teams of Support Workers to give 24-hour support to 22 people and 176 hours support to other people with disabilities living in their own homes across Manchester and Trafford to enable them to continue to maintain their homes, their health and a range of activities in their communities. The company employs approximately 71 permanent staff and 7 casual bank workers.

Team Leaders, in consultation with the individuals, their families and other interested parties oversee the day-to-day organisation of these services. The CEO/Registered Managers, Finance and Administration Manager and Training and Development Manager are office based and they monitor and lead the work of the teams. They are supported by one part-time administrator. The voluntary Management Committee has ultimate responsibility for the organisation as a whole. Of the seven Trustees, three are family members of three individuals we support and another previously received support and now lives more independently.

Remuneration Policy

Ordinary Lifestyles has a written Remuneration Policy for key management personnel which states that benchmarking is carried out to establish parity of Ordinary Lifestyles senior staff with the salaries of similar organisations within the sector, of similar size and which are similarly run. Salaries will normally increase with average earnings. Adjustments to salaries can be made for carrying out additional responsibilities.

In addition to the internal decision-making, monitoring and review described above, the organisation is subject to external monitoring from various sources:

- The Care Quality Commission
- Manchester City Council
- Trafford Council
- Manchester Clinical Commissioning Group (CCG)

Wider networks include membership of BILD (British Institute of Learning Disabilities) and Charity Trustee networks. We attend Independent Provider consultation meetings facilitated by MCC and Trafford Adult Social Care Services and continue to network with members of the now disbanded Federation of North West family led Supported Living Groups. A new Network of Registered Managers meetings are also attended.

Achievements and performance

In reviewing our activities and planning for the future, the Trustees have referred to the guidance contained in the Charity Commission's general guidance and confirm that we have complied with the duty in section 17 of the Charities Act 2011 to have due regard to the requirement to further our charities purposes for public benefit. We have reviewed the Strategic Action Plan (SAP) to measure progress and also the major organisational risks.

We have continued to work towards the actions identified in our 2019-2022 Strategic Action Plan and drafted a new plan for 2022 to 2025. This will continue to be updated on a quarterly basis and a red, amber, green (RAG) rating system is used to show how well we are performing in relation to the targets set. The SAP working group meets twice a year to review progress and prioritise actions.

The Senior Management Team have provided maternity cover for the Registered Manager with the appointment of a Deputy Manager. We have reviewed our responsibilities in preparation for the return of the Registered Manager in June 2022. Regular management meetings are held to plan and develop their work and to provide the Trustees with robust quarterly management reports.

Ordinary Lifestyles

Report of the Management Committee

for the year ended 31st March 2022

We have been particularly active in the delivery of staff training this year. A total of 1,108 hours of training was completed by individual staff during 2021/22, double the figure for 2020/21. This reflects a backlog of training which was difficult to provide during the lockdown period, which staff have now largely caught up on. More than half of the training provided has been face-to face, the rest has been live online via ZOOM. We have continued to provide a varied mix of mandatory training, alongside specialist training from guests who we have welcomed to Ordinary Lifestyles. This has included 'Signalong' training; two Autism events delivered by 'experts by experience'; Mouthcare training from Community Dental Services and Falls Prevention training for staff where this was relevant. For the first time this year, we also supported a young person who joined us as an Apprentice, offering her a structured programme of work experience and training.

Celebrating outstanding work by our staff, particularly during the pandemic, has continued to be a priority. Employees were rewarded for particular achievements and successes in line with our Reward and Recognition Policy. We also acknowledged the long service of 2 employees who reached their 10-year milestone with us, and 1 employee has achieved 20 years.

Other achievements during the period under review have included:

- The redesign of the organisation's website and started to explore increased use of social media platforms
- Became a Living Wage employer and joined the Living Wage Foundation
- Started to implement Nourish Care Management Software
- Used external support to begin to explore technology and how we can support people to use technology in creative ways
- Had a positive annual Investors in People review
- Started GOLD Saturdays, a monthly disco night, to create more social opportunities for the people we support and their friends
- Set up a new service providing support to a student from Dorset so that he could attend the British Institute of Modern Music and pursue his dream of being a song writer
- Successfully recruited and inducted 11 new Support Workers and a new administration worker
- Continued provision, and development, of our community allotment project, which has provided people with a safe outdoor space to socialise during the pandemic
- Adapted our plans to have a covid secure Christmas celebration which included afternoon tea and talent show
- Continued our working groups for Person Centred Reviews, the Strategic Action Plan and CQC
- Continued to facilitate online activities for individuals, including regular Tuesday night bingo sessions and disco nights, in an effort to reduce isolation and generally keep spirits up!
- Continued to respond proportionately to the covid-19 situation, managing risks whilst also considering the implications of mental health and best interests
- Continued to provide incentives for covid testing to ensure the safety of both supported individuals and staff

Plans for the future

The Trustees intend to continue the current strategy of maintaining and developing our presence and good reputation as a trusted provider of high-quality services and support for families at a competitive price with the needs of the individuals' remaining paramount. We will do this by maintaining an environment where everybody's energy and creativity is focused on getting better lives for people where they are part of a wider network of friends, neighbours and family.

We will start to work through the new Strategic Action Plan covering the period 2022-2025.

Ordinary Lifestyles

Report of the Management Committee

for the year ended 31st March 2022

We will continue to plan our funding requirements for long term security. We view it as a priority to identify advocacy and any other support for people in danger of losing or encountering funding cuts whilst remaining aware of our duty to the taxpayers.

We do not envisage expansion on a grand scale, as we believe remaining relatively small sits well with our values. We will review our policy of not tendering for services, although we believe that individuals and their families should have a choice of provider, due to the local authority policies we recognize this may be necessary.

Other ideas which we have agreed to work on in future are listed below:

- To be more proactive in business development across the GMCA
- To develop a Health and Wellbeing group with our trained Mental Health First Aiders taking an active part
- To safely restart our cooking group in a covid secure way
- To achieve the 'Outstanding' rating by CQC
- To implement our investment policy and invest our reserves wisely
- To review the salary scales to ensure appropriate levels are in place, within funding constraints available, to recognise the value of staff and be an attractive organisation to be employed by
- To continue to improve our administrative functions to ensure efficiency and effectiveness in order to aid high standards of service delivery
- Continued roll out of the implementation of Nourish Care Management Software across the organisation.
- To continue to strive to improve communication throughout all levels of the organisation
- To explore the use of technology and how it can be used to improve support delivered within Ordinary Lifestyles
- To continue to incorporate/strengthen our values in all that we do
- To continue the process of carrying out person centred reviews, on an agreed timescale, for all individuals receiving 24-hour support who wish to have them
- To offer person centred reviews to all supported individuals within Ordinary Lifestyles and offer to provide this service externally as situations arise.
- To appoint a treasurer and arrange more training for the Board of Trustees on the roles and responsibilities of Trustees and matters of governance enabling them to fulfil their roles effectively

Financial review

With the exception of investment income **all** other income received in 2021/22 was applied to supporting the organisation's main activity, being the provision of support living services for adults with learning disabilities, acquired head injuries and/or physical disabilities. Income was received from the following sources in the period reported on:

- Manchester City Council
- Manchester Clinical Commissioning Group
- Oldham Council
- Trafford Metropolitan Borough Council
- Contributions from individuals' benefits to include Individual Budgets, Individual Service Funds, Direct Payments and a small amount of private funding
- Sundry income

The Statement of Financial Activities for the year ended 31st March 2022 shows that the total reserves of the charity at the end of the year was £1,014,129, none of which are restricted. Trustees have designated reserves of £277,000 which includes provisions for any Personal Protective Equipment (PPE) costs associated with COVID-19, the continuation of reinstated social inclusion activities, a contingency for

Ordinary Lifestyles

Report of the Management Committee

for the year ended 31st March 2022

potential voids, continued investment in improved telephony/IT systems and our media and community allotment initiatives – as well as a provision to enable a review of the salaries of support staff in line with the Real Living Wage. It is anticipated that the funds designated for the majority of above purposes will be realised on a monthly basis throughout the financial year. Those relating to reviewed salaries are likely, if implemented, to be realised between November 2022 and March 2023.

In comparison to the previous financial year there was an increase in both income, of approximately 14.82%, and expenditure of approximately 15.35%. The increase in income reflected inflationary increases in funding received for services along with additional funding received relating to the COVID pandemic, for example Infection Control Fund monies awarded to organisations within the care sector to cover additional expenditure incurred, for example increased PPE costs. A review of salaries paid to support staff took place during the year to recognise the fantastic work and commitment shown; this was a contributing factor to the increase in expenditure when compared with previous years. In addition activities which had previously been halted due to the pandemic were able to resume which impacted spending.

The above explains the surplus in the year of £89,022. This has further bolstered the reserves of the charity from £925,107 to £1,014,129 which is an increase of 9.6%. Trustees remain satisfied that the level of reserves maintained meets the requirements of our Reserves Policy in relation to four months' operating costs.

As with previous years the challenge to succeed in securing our hourly rate with one of the local authorities we work with remains and continues to be furthered until a resolution is found. This relates to only one or two services. A review of the rate the organisation charges will take place in preparation for the financial year 2023/24 in order to ensure full cost recovery is achievable in all of our services.

The financial performance of the organisation continues to be monitored closely by the Finance and Administration Manager who then reports quarterly to the Finance Sub-Committee and to the Board of Trustees.

Risk management

The Trustees regularly review the risks to which the charity is exposed, in particular those related to the operations and finance of the charity and ensure that, as far as possible, systems are in place to mitigate our exposure to those risks. The Trustees agreed the Organisational Risk Management Plan and Business Continuity Policy and Procedures in August 2021.

The Senior Management Team, who report directly to the board of Trustees, review major risks on a day-to-day basis. The key controls used by the charity include formal agendas and minutes for all Board meetings, clear authorisation/approval limits/levels for senior management, comprehensive strategic planning, budgeting, management reporting and accounting and written policies and procedures.

Ordinary Lifestyles manages risks by employing suitably qualified and experienced staff at each level in the charity. This is enhanced by providing appropriate training and supporting continual professional development. In addition, the development, review and implementation of policies and procedures, regular risk assessment, monitoring of key areas and having a contingency/continuity plan to cope with the possible impact of the main organisational risks.

Risks to recruitment and retention of staff within the sector are ever present. Although at Ordinary Lifestyles, for now, we do have a 'low turnover.' The main reasons for this are that we have a culture which encourages staff to build close supportive relationships with both the person they support and management personnel and therefore they report a high degree of commitment to their role and to the organisation.

Ordinary Lifestyles invests in a consultant to provide advice and guidance about systems, procedures and

Ordinary Lifestyles
Report of the Management Committee
for the year ended 31st March 2022

insurance protection for any employment and health and safety concerns. The Charity has comprehensive insurance to cover a range of potential risks such as Trustee and Officers Professional Indemnity.

The Board of Trustees is satisfied that the major risks have been identified and are adequately mitigated where necessary. It is recognised that systems and internal controls can only provide reasonable but not absolute assurance that major risks have been adequately managed.

Reporting Serious Incidents – declaration to Annual Report (Statement)

Ordinary Lifestyles Trustees believe they have taken all reasonable steps to assess and manage risks associated with the activities of the Charity, beneficiaries, work and reputation. In this regard the Trustees declare that there are no serious incidents or other matters relating to the Charity concerning the previous financial year which have not already been brought to the attention of The Charity's Commission.

Reserves policy

The Trustees have reviewed the charity's requirements for reserves with regard to the main risks to the organisation and have concluded that the present level of £1,014,129 is sufficient in relation to the present size of its operations should there be any drop in funding until contingency plans could be made. Of the £1,014,129 available Trustees have designated reserves of £277,000 for the financial year 2022/23. As stated above these are designated for any Personal Protective Equipment (PPE) costs associated with COVID-19, the continuation of reinstated social inclusion activities, a contingency for potential voids, continued investment in improved telephony/IT systems and our media and community allotment initiatives – as well as a provision to enable a review of the salaries of support staff in line with the Real Living Wage. It is anticipated that the funds designated for the majority of above purposes will be realised on a monthly basis throughout the financial year. Those relating to reviewed salaries are likely, if implemented, to be realised between November 2022 and March 2023. The balance represents in excess of 4 months running costs and a level of reserves that the Trustees consider necessary to provide for:

General operating costs:

- Voids which can result in long term loss of fees
- Fluctuations in cash flow and to be able to meet budgeted expenditure for 1 year
- Office equipment, lease contract agreements
- Possible redundancies
- Employment issues
- Governance
- Marketing

Asset purchase and improvement e.g.:

- Expenditure on capital improvements
- Renewals and maintenance
- Development provision – investment in new technologies
- Training fund

Statement of responsibilities of the management committee

The Management Committee (who are also directors of Ordinary Lifestyles for the purposes of company law) are responsible for preparing the management committee's annual report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Ordinary Lifestyles
Report of the Management Committee
for the year ended 31st March 2022

Company law requires the management committee to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the management committee are required to:

- Select suitable accounting policies and then apply them consistently
- Observe the methods and principles in the Charities SORP
- Make judgements and estimates that are reasonable and prudent
- State whether applicable UK Accounting Standards and statements of recommended practice have been followed, subject to any material departures disclosed and explained in the financial statements
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation

The Management Committee are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

FOR AUDITS ONLY

In so far as the management committee are aware:

- There is no relevant audit information of which the charitable company's auditors are unaware
- The management committee have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information

The management committee are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Ordinary Lifestyles
Report of the Management Committee
for the year ended 31st March 2022

Auditors

Slade & Cooper Ltd were re-appointed as the charitable company's auditors during the year and have expressed their willingness to continue in that capacity.

This report has been prepared in accordance with the provisions applicable to companies subject to the small companies' regime of the Companies Act 2006.

The management committee' annual report has been approved by the management committee on 10/11/2022 and signed on their behalf by

Name: Maggie Dickinson

Title: Chairperson

Independent auditors' report
to the members of
Ordinary Lifestyles

Opinion

We have audited the financial statements of Ordinary Lifestyles (the 'charitable company') for the year ended 31 March 2022, which comprise the Statement of Financial Activities (including the income and expenditure account), the Balance Sheet, the Statement of Cash Flows and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 March 2022, and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the trustees' annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine

whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' report (incorporating the directors' report) for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the trustees' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the trustees' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the trustees were not entitled to prepare the financial statements in accordance with the small companies' regime and take advantage of the small companies' exemptions in preparing the Trustees' Annual Report and from the requirement to prepare a strategic report.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement set out on page 16, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The specific procedures for this engagement and the extent to which these are capable of detecting irregularities, including fraud is detailed below:

- enquiry of management and those charged with governance around actual and potential litigation and claims.
- enquiry of the charity's staff, management and those charged with governance to identify any instances of non-compliance with laws and regulations.
- reviewing minutes of meetings of those charged with governance.
- reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations.
- auditing the risk of management override of controls, including through testing journal entries and other adjustments for appropriateness, and evaluating the business rationale of significant transactions outside the normal course of business.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities is available on the Financial Reporting Council's website at: <https://www.frc.org.uk/Our-Work/Audit/Audit-and-assurance/Standards-and-guidance/Standards-and-guidance-for-auditors/Auditors-responsibilities-for-audit/Description-of-auditors-responsibilities-for-audit.aspx>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Ordinary Lifestyles

Notes to the accounts for the year ended 31 March 2022

1 Accounting policies

The principal accounting policies adopted, judgments and key sources of estimation uncertainty in the preparation of the financial statements are as follows:

a Basis of preparation

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), second edition - October 2019 (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006 and UK Generally Accepted Accounting Practice.

Ordinary Lifestyles meets the definition of a public benefit entity under FRS102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note.

b Preparation of the accounts on a going concern basis

The trustees consider that there are no material uncertainties about the charitable company's ability to continue as a going concern.

The trustees have made no key judgments which have a significant effect on the accounts. The trustees do not consider that there are any sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next reporting period.

Ordinary Lifestyles

Notes to the accounts for the year ended 31 March 2022 (continued)

c Income

Income is recognised when the charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that the income will be received and the amount can be measured reliably.

Income from government and other grants, whether 'capital' grants or 'revenue' grants, is recognised when the charity has entitlement to the funds, any performance conditions attached to the grants have been met, it is probable that the income will be received and the amount can be measured reliably and is not deferred.

For legacies, entitlement is taken as the earlier of the date on which either: the charity is aware that probate has been granted, the estate has been finalised and notification has been made by the executor(s) to the charity that a distribution will be made, or when a distribution is received from the estate. Receipt of a legacy, in whole or in part, is only considered probable when the amount can be measured reliably and the charity has been notified of the executor's intention to make a distribution. Where legacies have been notified to the charity, or the charity is aware of the granting of probate, and the criteria for income recognition have not been met, then the legacy is treated as a contingent asset and disclosed if material.

Income received in advance of a provision of a specified service is deferred until the criteria for income recognition are met.

d Donated services and facilities

Donated professional services and donated facilities are recognised as income when the charity has control over the item, any conditions associated with the donated item have been met, the receipt of economic benefit from the use by the charity of the item is probable and that economic benefit can be measured reliably. In accordance with the Charities SORP (FRS 102), general volunteer time is not recognised; refer to the trustees' annual report for more information about their contribution.

On receipt, donated professional services and donated facilities are recognised on the basis of the value of the gift to the charity which is the amount the charity would have been willing to pay to obtain services or facilities of equivalent economic benefit on the open market; a corresponding amount is then recognised in expenditure in the period of receipt.

e Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the Bank.

Ordinary Lifestyles

Notes to the accounts for the year ended 31 March 2022 (continued)

f Fund accounting

Unrestricted funds are available to spend on activities that further any of the purposes of charity.

Designated funds are unrestricted funds of the charity which the trustees have decided at their discretion to set aside to use for a specific purpose.

Restricted funds are donations which the donor has specified are to be solely used for particular areas of the charity's work or for specific projects being undertaken by the charity.

g Expenditure and irrecoverable VAT

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Expenditure on charitable activities includes the costs undertaken to further the purposes of the charity and their associated support costs.
- Other expenditure represents those items not falling into any other heading.

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

h Allocation of support costs

Support costs are those functions that assist the work of the charity but do not directly undertake charitable activities. Support costs include back office costs, finance, personnel, payroll and governance costs which support the charity's programmes and activities.

i Operating leases

Operating leases are leases in which the title to the assets, and the risks and rewards of ownership, remain with the lessor. Rental charges are charged on a straight line basis over the term of the lease.

j Tangible fixed assets

Individual fixed assets costing £1,000 or more are capitalised at cost and are depreciated over their estimated useful economic lives on a reducing balance of 15 per annum in all cases.

Ordinary Lifestyles

Notes to the accounts for the year ended 31 March 2022 (continued)

k Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

l Cash at bank and in hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

m Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

n Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

Ordinary Lifestyles

Notes to the accounts for the year ended 31 March 2022 (continued)

o Pensions

Employees of the charity are entitled to join a defined contribution scheme. The charity's contribution is restricted to the contributions disclosed in note 8. There were no outstanding contributions at the year end.

2 Legal status of the charity

The charity is a company limited by guarantee registered in England and Wales and has no share capital. In the event of the charity being wound up, the liability in respect of the guarantee is limited to £1 per member of the charity. The registered office address is disclosed on page 1.

8 Net income/(expenditure) for the year

This is stated after charging/(crediting):	2022	2021
	£	£
Depreciation	147	167
Operating lease rentals:		
Property	19,387	19,387
Auditor's remuneration - audit fees	3,150	3,000
Auditor's remuneration - accountancy fees	2,415	2,300
	<u> </u>	<u> </u>

9 Staff costs

Staff costs during the year were as follows:

	2022	2021
	£	£
Wages and salaries	1,738,859	1,486,813
Social security costs	145,247	119,190
Pension costs	65,959	57,634
Non-contractual gift	(21,312)	20,695
Redundancy and termination costs	-	-
	<u> </u>	<u> </u>
	1,928,753	1,684,332
	<u> </u>	<u> </u>

No employees has employee benefits in excess of £60,000 (2021: Nil).

The average number of staff employed during the period was 81.58 (2021: 77.08).

The average full time equivalent number of staff employed during the period was 59.25 (2021: 52.57).

The key management personnel of the charity comprise the Chief Executive Officer, Registered Manager, Training Manager, Finance & Administration Manager and Deputy Manager.

The total employee benefits of the key management personnel of the charity were £175,606 (2021: £161,468).

Ordinary Lifestyles

Notes to the accounts for the year ended 31 March 2022 (continued)

10 Trustee remuneration and expenses, and related party transactions

Neither the management committee nor any persons connected with them received any remuneration or reimbursed expenses during the year (2021: Nil).

No (No) trustees received travel and subsistence expenses during the year of £Nil (2021:£nil).

Three members of the Management Committee is closely related to a beneficiary of the charity (2021: three).

There are no donations from related parties which are outside the normal course of business and no restricted donations from related parties.

No trustee or other person related to the charity had any personal interest in any contract or transaction entered into by the charity, including guarantees, during the year (2021: nil).

11 Government grants

The government grants recognised in the accounts were as follows:

	2022 £	2021 £
Manchester City Council	1,180,544	1,099,553
Manchester CCG	266,027	259,566
Trafford MBC	164,882	264,402
HMRC	-	4,759
	<hr/>	<hr/>
	1,611,453	1,623,521
	<hr/> <hr/>	<hr/> <hr/>

There were no unfulfilled conditions and contingencies attaching to the grants.

12 Corporation tax

The charity is exempt from tax on income and gains falling within Chapter 3 of Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992 to the extent that these are applied to its charitable objects. No tax charges have arisen in the charity.
