## **Trustees' Report**

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 March 2023.

The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

### **OBJECTIVES AND ACTIVITIES**

#### **Charity Background**

YES, is a youth focused charity offering support and advice on a range of issues from, housing and homelessness, teenage pregnancy, and mental health counselling. The charity has been supporting young people in the North-East Essex area for over 35 years and has a recognised and respected reputation. The charity delivers support to young people in one of the most socially and economically deprived areas of the UK.

YES, was established in 1988 to support young people between the ages of 11-25 whose needs were not being met by the health and social care services at that time. Our original trustees were local people: a GP, a probation worker, a builder, and others who were concerned about the lack of accessible, appropriate, and timely support for young people in North-East Essex.

Today we are continuing to work with young people, helping them navigate through their formative years in previously unprecedented circumstances. In a post-covid world and a growing cost-of-living crisis, the predicted impact on young people has never been greater.

The YES charity still holds the core values of the original trustees 35 years ago and at our heart is to support and inspire young people of North-East Essex for the next 35 years.

#### **Objectives and aims**

These are set out in the company Memorandum of Association, which has been approved by the Charities Commission. They are "to promote the physical and mental health and social development of young people by the establishment of an information, advocacy, and counselling service in Colchester and Tendring for those in need by means of their social, economic, mental or physical circumstances."

During the year ending 2023 we have continued to deliver the final stages of the YES 3-year business plan, which has continued to deliver our key goals of sustainable funding, increased provision of services and service development. The last 12 months have been a clear period of growth and opportunity to the charity and set a strong vision for the next 3-year business plan.

The year 2022 – 2023 has seen the post COVID impact and the ongoing cost of living crisis on young people continues to increase the demand for YES services. The three core services of mental health support, housing & homelessness and Maternity have seen a sharp increase in numbers.

This year YES has continued to grow its partners networking this includes educational organisations, GP's, Health & Social care, VCSFE, housing providers and the wide community of North-East Essex.

In this year YES has been able to work with over 3500 clients directly through our service and an additional 1000 within secondary and high educational settings. YES has also increased its engagement work and has engaged with another 2000 plus young people. This means YES is engaged with around 7500 young people in 12 months.

Our core aim is to provide children and young people with an information, advice and counselling service which supports them when they are most in need of help. To support this objective, we have developed three main

foundations of our charity with associated other smaller projects that have grown from our engagement with and learning from young people using these core projects.

### **Core projects:**

#### **Counselling**

Yes provides high quality one to one counselling for young people between the ages of 11-25, this is a non-judgemental, confidential setting and is fully staffed by BACP registered and experienced counsellors. Counselling offers the opportunity for a young person to explore different ways of looking at their life and enables a young person to find ways to cope with their issues and working through to resolution when possible. YES offers a free 8-week core offer of support.

YES also provides a school navigator role supporting young people within the school/college setting through active listening, engaging in discussion and helpful supportive feedback. This is not counselling and therefore the young person can simply talk through their concerns or issues before the need for referral into other more specialised services. The navigator is a first point of contact and is a sign poster to offer the services if required. All school navigators are trained counsellors under the BACP register.

#### **Homelessness and housing**

YES provides a walk in and appointment-based service for young people up to the age of 25 years old, who are threatened with or are homeless. Our aim, in partnership with local voluntary and statutory partners is to prevent or alleviate homelessness. YES offers individual meetings or ongoing casework our project lead will endeavour to support our young person either to return to the family home where appropriate and safe to do so, or into alternative accommodation, some young people are fleeing abuse or witnessing domestic abuse prompting them to leave home.

YES has seen a substantial rise in housing and accommodation issues, within the North-East Essex area and like the rest of the UK there is a recognised shortage of council, temporary or affordable accommodation. YES is predicting this to continue to rise for young people due to the cost-of-living crisis and the immigration demands on local authorities.

#### **Maternity**

YES offers a support programme for young mothers (and partners) between the ages of 15-25 across North-East Essex. YES maternity team works alongside the NHS specialist midwife under the daisy team remit. This allows YES to access all young mothers through the NHS maternity service, which can be delivered at the two YES office sites and or in a community setting.

The programme is delivered in partnership with HCRG and therefore has access to other support partners such as Barnardo's, Community 360, MOSAIC and Sure Start centres.

The maternity team offer a targeted support offer around debt and money management, maintaining healthy tenancies, living healthy lifestyles. YES also offers group work to communicate with peers around issues/concerns that can be shared and sorted. This group also reduced isolation of the young mothers and allows YES to continue to be involved in the early stages of the baby's life.

YES is part of the new Suffolk and North-East Essex Integrated Care Board (SNEEICB) which works within six domains of a Live Well strategy. The domain YES maternity works within is Start Well and we are a recognised partner in the ICB and are looking to develop and deliver a wider offer in the future.

Other projects that have grown from our engagement with young people using our services:

#### **Mentoring**

In this year YES continued to develop and deliver its mentoring offer across North-East Essex. It has recruited and trained over 15 new mentors, and we have successfully delivered 22 mentoring partnerships. The project continues to develop its offer and over the next year will introduce a mentoring group work strategy to support even more young people.

## **Go Green**

The allotment-based project has grown in its delivery and this year saw a record number of young people access the garden. The programme works with young people to break down anxiety issues, reduce social isolation and act as programme of education and relaxation. The programme is successful in building confidence and community engagement. The Go Green project was nominated for 3 awards this year around its community work, Green environmental skills, and youth engagement. The project received two highly recommended and one Gold star award.

## **Public benefit**

The charity provides services to the 11 to 25 year age band. All services are currently free to the users.

## **STRATEGIC REPORT**

### **Achievement and performance Charitable activities**

#### **Partnerships.**

YES, is an independent charity and has existing partnerships with HCRG, Colchester Borough Homes and SNEEICB. YES, partners with YMCA, Beacon House, KORBAN, Peabody Trust and Emmaus around housing and homelessness support.

YES, works with CAMHS, EPUT and other mental health support agencies such as MIND, Young Minds and Teen Talk and support young people with mental health concerns.

YES, also works in partnership with community 360 and CVST around volunteering including Go Green, front of house, Counsellors, and mentor volunteers. These partnerships allow us to build training, support, and best practice around our volunteering model for the future project of 'Friends of YES'.

#### **YES development.**

The year 2022 – 2023 has seen YES grown both in delivery and recognition. YES developed its new logo and website to ensure we were able to promote and market our messages and services. This has made it easy for young people to contact us and refer to our services.

The charity also invested in its infrastructure around a central records management system called Lamplight. This has allowed YES to manage its data, evidence, and reporting under one system.

#### **Conclusion.**

YES continues to be an independent charity working with an increasing number of young people across multiple systems. It has become a core charity within the voluntary sector of North -East Essex and continues to grow its sphere of influence and impact.

YES has an active board of directors, staff and volunteers who are fully committed to supporting Young People.

## **Trustees' Report**

### **Financial review**

The Charity spent unrestricted reserves for the year of £65,019.

At the end of the financial year unrestricted reserves stood at £287,456, however £109,330 of this represents net equity in the freehold property and fixed assets, which is therefore not available for the charity's working capital. In addition, the trustees have set aside £45,764 for Trinity Street repairs, £35,000 for redundancies, £20,000 for the development of the infrastructure and £75,000 for the Contingency Fund in accordance with the reserves policy stated below. The 'free cash' reserves therefore stand at £2,362.

### **Investment policy and objectives**

The trustees, having regard to liquidity requirements operate a policy of keeping funds available in an interest bearing deposit account.

### **Reserves policy**

The Board of Trustees have established a reserves policy which defines reserves as either "restricted funds" (grants given for specific purposes as designated by the grant awarding body) or "designated funds" (general reserves which are designated for particular purposes by the Board of Trustees at each Annual General Meeting). In the current climate the policy is for Reserves to not fall beneath those required to wind up the company in an ordered manner. This is estimated to be £120,000, being an estimate of 4 months' costs in a normal operating year. In light of the effect of the Coronavirus pandemic the Board have decided to defer reviewing the level of the contingency fund until it is better able to assess what will be regarded as normal ongoing costs.

### **Future plans**

YES's priority remains our commitment to providing a holistic, non-judgemental and easily accessible support service for the children and young people in crisis in our area. Whilst the focus must of course be on sustainability and maintaining funding for our services the turbulence of the last few years and the undoubted continuation of these difficult times over the foreseeable future must not let us lose sight of that purpose.

With the continued support of our wonderful volunteer counsellors, the support staff volunteers, our Trustees and staff team we remain committed to providing high quality, free to the client services that support children and young people in achieving positive life choices and positive lifestyles.

New development projects will be around alternative youth groups looking at how we develop and deliver small youth focused support groups for young people. These groups are in development and being coproduced with YES by young people from North-East Essex.

The Youth Enquiry Service are looking to explore other versions of counselling including more group work, digital and more flexible timing, and venues. The Youth Enquiry Service continues to work with a wide set of partners including the NHS, Councils, DWP and the Third Sector ensuring that young people are on the wider health & social care agenda.

#### Statement of trustees' responsibilities

The trustees (who are also the directors of Colchester & Tendring Youth Enquiry Service for the purposes of company law) are responsible for preparing the trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including its income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards, comprising FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

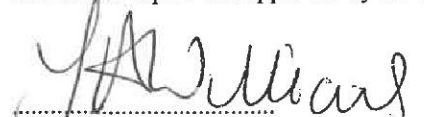

The trustees are responsible for keeping proper accounting records that can disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

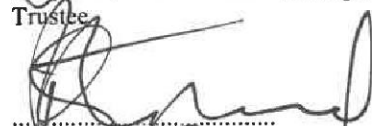

#### Disclosure of information to auditor

Each trustee has taken steps that they ought to have taken as a trustee in order to make themselves aware of any relevant audit information and to establish that the charity's auditor is aware of that information. The trustees confirm that there is no relevant information that they know of and of which they know the auditor is unaware.
