Structure, governance and management

Menheniot Sports Association is an unincorporated association governed by a constitution adopted on 2 July 1997 as amended 24 September 1997 and 1 July 2025

Trustees are appointed or reappointed annually at the Annual General Meeting

The Management Committee consisting of the trustees and representatives of the community agree and monitor the activities and future plans of the Association whilst always keeping in mind the Charity Commission's guidance on public benefit.

Objectives and activities

The objects of the Association shall be to provide for the inhabitants of Menheniot and the Neighbourhood (hereinafter call the "area of benefit") in the interests of social welfare for recreation and leisure-time occupation, for the purpose of relaxation and with the object of improving the conditions of life for the said inhabitants.

The Association's activities are the provision and maintenance of our sporting facilities for their use by the community either as individuals or through local clubs and groups including the local primary school. We liaise with the users and community representatives with a view to expanding the range of activities available at our facilities and within the area of benefit irrespective of age or ability.

Summary of main achievements during the year

The Association received planning approval from Cornwall Council to build a new tennis court and replace the existing floodlights on the Multi Use Games Area (MUGA).

After being awarded £10,000 from the Garfield Western Foundation and £40,000 from the Community Infrastructure Levy the Association was able to undertake the work needed to rejuvenate the MUGA. New floodlights were installed replacing the old Halogen type with energy efficient LED'S, this has reduced the electricity usage of the floodlights by 50%. The old Matchplay2 surface was replaced after approximately 18 years of use. The old football goals were replaced with new bespoke goals, manufactured and fitted by local business SG Customs. The MUGA is now in a great condition that will hopefully serve the community for many years to come.

The improvements made to the MUGA have already made a huge impact on usage. There has been an increase in football being played by men, ladies and children and the local school uses the facility weekly during term time. Tennis coaching sessions are full, new initiatives have started including walking tennis and pickleball and both were huge successes and are now regularly played. Over 160 people now use the facilities each week, this is an increase of approximately 40% compared to 2023.

The Association has been able to support the Cricket, Football and Tennis clubs this year by subsidising their electricity costs using the Feed In Tariff from the solar panels.

Financial Review

Cash at bank on 31 December 2024 was £16,194 in unrestricted funds. Financial risk is minimised by setting annual subscriptions at a level which will cover normal anticipated operating expenditure and maintain a level of contingency reserves which the trustees agree as appropriate. Expenditure out of the ordinary and capital item expenditure will not be incurred unless funds are sourced from grants, donations or from reserves set aside for that purpose.

Declaration

The trustees declare that they have approved the trustees' report above
