The League of Friends of the Lymington New Forest Hospital

Trustees' Report (including Directors' Report)

The trustees, who are directors for the purposes of company law, present the annual report together with the financial statements of the charitable company for the year ended 31 March 2021.

Trustees

Mrs P Caswell (resigned 30 September 2020)

Objectives and activities

Objects and aims

To relieve patients of the Lymington New Forest Hospital in Hampshire and former patients of the Lymington Hospital and Lymington Infirmary at Lymington in Hampshire and other invalids in the community who are sick, convalescent, disabled, handicapped, infirm or in need of financial assistance and, generally, to support the charitable work of the hospital. One of our aims is to help provide locally for diagnosis and treatment, rather than having to travel to Southampton or Bournemouth.

The League depends wholly on its Members, Volunteers and the general public for the generation of its funds.

Objectives, strategies and activities

Its prime objectives are to benefit the public by applying those funds towards extra care and amenities for patients at the Lymington New Forest Hospital and towards the purchase of medical and other equipment for the Hospital when that equipment is not available through normal NHS channels.

In order to achieve this objective and to generate the funds necessary to support these amenities, the charity carries out fundraising activities both through appeals and other activities. These fundraising activities can both be specific and targeted towards specific equipment, such as the Imaging Suite appeal or to collect general funds on an ongoing basis to donate as requested.

In addition, it provides amenities within the Hospital by operating (through its trading subsidiary) a shop and café.

Public benefit

The charity has satisfied its public benefit responsibilities by being the prime mover in instigating the establishing of the hospital for the benefit of the local community and its provision of services to assist its effective running. Its continued support of donations for capital equipment ensures that the hospital is able to continually modernise and purchase the latest equipment e.g. the provision of the new Ultrasound in 2020 following that of the CT Scanner in 2019 will continue to dramatically improve the service available to the general public in a number of medical disciplines.

The trustees confirm that they have complied with the requirements of section 17 of the Charities Act 2011 to have due regard to the public benefit guidance published by the Charity Commission for England and Wales.

Use of volunteers

During the financial year due to the effects of COVID19, the Charity was unable to provide volunteering services or amenities within the hospital. However, the Charity looks forward to being able to resume these services in the coming year and remains grateful for the willingness of its Volunteers to provide their time to support services and extra care for the benefit of both patients and staff in the Hospital. Thousands of volunteer hours are put in each year which are difficult to value financially but make a very valuable and essential contribution to the League of Friends and the Hospital.

The League of Friends of the Lymington New Forest Hospital

Trustees' Report (including Directors' Report)

Achievements and performance

The charity has continued to collaborate with Southern Health NHS to support the upgrade the facilities within the Imaging Suite at the Lymington New Forest Hospital to provide local people with the best possible service enabling complex imaging procedures to take place much closer to home. In addition, it has identified a number of new areas where it can support the patients and the hospital in 2021 and beyond.

During the financial year the charity donated £54,307 to the hospital in order to purchase a new Ultrasound, which was installed in December 2020. This was funded as far as possible from donations to the date of donation with remainder coming from the reserves of charity. In addition, the charity spent £4,298 on patient amenities and £4,043 on staff benefits to enhance patient care.

Although the services the charity provides within the hospital have been limited due to restricted access since the outbreak of COVID 19, the Charity continues to provide support to patients and staff to the extent possible during this period.

The Charity continues to hold a regular dialogue with the hospital to identify the support they need for the patients, staff and equipments which is above and beyond that the NHS can fund and provide. We anticipate continuing our support through 2021 and have already identified a number of items which can be supported which will further this objective.

The purchase of CT scanner and Ultrasound have provided local people with the best possible service, enabling complex imaging procedures to take place much closer to home and saving many people the stress of long journey for their scans.

We have donated over £4 million to hospital since 1952

Financial review

This year there has been increase in funds of £86,328. This increase is largely attributable to gain on investment of current year of £110,299 (2020- £30,091). Excluding this the fund has been decreased by £24,531 compared to last year's increase of £86,120.

Policy on reserves

Unrestricted funds have increased from £1,629,259 to £1,756,859 during the year, a increase of £127,600. The majority of increase arises from a gain on investment. Restricted funds attributable to the CT Scanner have decreased from £41,772 to £Nil following the purchase of the Ultrasound the total cost for which was £54,307.

The Trustees have resolved to commit as much of the Charity's resources as possible to the League's objectives, whilst retaining sufficient investments to generate income and/or growth from which to meet these objectives.

Although the Trustees will continue to fundraise to match purchases for the benefit of the hospital and its patients, it is possible reserves may decrease in future because of future Hospital funding requests.

Future application of these reserves is governed by the League's objectives.

Investment policy and objectives

The charity maintains liquidity through the use of CAF Bank and associated deposit accounts to invest surplus cash awaiting donation or investment.

In addition, the charity holds investments in accumulation units in the COIF Charities Investment Fund, which totalled £625,972 at 31 March 2021.

The Long Term Objectives of the COIF Charities Investment Fund are to provide a long term total return comprising growth in capital and income.

It is a £3.460m Fund, described as suitable for all of a charity's long-term funds where the charity is looking for a good level of distributions and long-term protection from inflation. It follows a client-driven ethical investment policy.

The League of Friends of the Lymington New Forest Hospital

Trustees' Report (including Directors' Report)

Going concern

The accounts have been prepared on a going concern basis. The trustees consider that the charity is well placed to continue in operational existence for the foreseeable future.

Structure, governance and management

Nature of governing document

The League of Friends of the Lymington New Forest Hospital is a charitable company limited by guarantee and is therefore governed by its Memorandum and Articles dated 4 June 1998 and most recently amended and updated on 2 September 2019.

Its charity number is 1070233 and its company number is 03575712.

Recruitment and appointment of trustees

The Trustees have a broad range of expertise and experience and they are keen to ensure that this range is maintained and developed according to the skills needed and of benefit to the charity. Interest is always welcomed from individuals who may wish to become a Trustee and add to this expertise.

Trustees are appointed or re-appointed by members at the Annual General Meeting. One third of the total Trustees must retire at each AGM but may stand for re-election.

Additional Trustees may be co-opted onto the Board to serve for the rest of a financial year. At the next AGM they may stand for election.

All changes to Trustees are reported on the information page in these accounts. The Board must be made up of at least 3 Trustees but not exceed 15 Trustees.

Induction and training of trustees

Trustees are encouraged to be familiar with the practical work of the Charity when they join the committee. On appointment, they are provided with detailed information and support to gain a greater knowledge and are encouraged to attend, where appropriate, training events where these facilitate the undertaking of their role.

Organisational structure

The Trustees meet a minimum of six times a year to review activities, equipment requests, finances and fundraising. The Trustees have referred to the Charity Commission's guidance on public benefit when reviewing past and planning future activities.

The League of Friends of the Lymington New Forest Hospital

Trustees' Report (including Directors' Report)

Major risks and management of those risks

Hospital Relationship

Maintaining a good relationship with the Hospital

Monthly Meetings are held between the Chair and the Hospital to ensure there is a regular transfer of information on the activities of both bodies. The Operations Manager is located at the Friends' Office in the Hospital and maintains a good daily relationship with Hospital Staff.

Staff and Volunteers

Retaining the Operations Manager and Volunteers

An experienced Operations Manager is employed. Control structures and manuals are in place to guide Volunteers and rotas maintained to ensure that the League provides the expected service.

Retail Operations

Maintaining a good control of retail operations

These activities are controlled by the Operations Manager supported by a volunteer with wide retail experience in installed systems to control cash, maintain margins and minimise waste and maximise stock-turn.

The League of Friends of the Lymington New Forest Hospital

Independent Examiner's Report to the trustees of The League of Friends of the Lymington New Forest Hospital

I report to the charity trustees on my examination of the accounts of the charity for the year ended 31 March 2021 which are set out on pages 7 to 22.

Respective responsibilities of trustees and examiner

As the charity's trustees of The League of Friends of the Lymington New Forest Hospital (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of The League of Friends of the Lymington New Forest Hospital are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of The League of Friends of the Lymington New Forest Hospital as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

For the financial year ending 31 March 2021 the charity was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the charity to obtain an audit of its accounts for the year in question in accordance with section 476; and
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

The financial statements on pages 7 to 22 were approved by the trustees, and authorised for issue on 18 October 2021 and signed on their behalf by:

H C Nash
Trustee

The League of Friends of the Lymington New Forest Hospital

Notes to the Financial Statements for the Year Ended 31 March 2021

1 Charity status

The charity is limited by share capital, incorporated in England.

The address of its registered office is:

League of Friends Office
Lymington New Forest Hospital
Wellworthy Road
Lymington
Hampshire
SO41 8QD

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014 (as updated through Update Bulletin 1 published on 2 February 2016), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), the Charities Act 2011, the Companies Act 2006 and UK Generally Accepted Practice as it applies from 1 January 2015.

Basis of preparation

The League of Friends of the Lymington New Forest Hospital is a charitable company limited by guarantee incorporated in England and meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes. The address of the registered office is given in the charity information on page 3 of these financial statements. The nature of the charity's operations and principal activities can be found in the Trustees' Report on page 1.

The financial statements are presented in sterling which is the functional currency of the charity and rounded to the nearest £1.

Going concern

The World Health Organisation declared the outbreak of a coronavirus (COVID-19) a pandemic. The COVID-19 outbreak in the United Kingdom has resulted in a temporary lockdown and reduction of the charity's activities. At the current time, the trustees are unable to quantify the potential effects of this pandemic on future reporting periods. The trustees' review of the resources available against the charity's commitments show that the charity would have sufficient means for at least a year from the date these Financial Statements are approved. Given the above, the trustees consider it appropriate to adopt a going concern basis in preparing the financial statements.

Exemption from preparing a cash flow statement

The charity opted to adopt Bulletin 1 published on 2 February 2016 and have therefore not included a cash flow statement in these financial statements.

The League of Friends of the Lymington New Forest Hospital

Notes to the Financial Statements for the Year Ended 31 March 2021

2 Accounting policies (continued)

Exemption from preparing group accounts

The company is a parent company subject to the small companies regime. The company and its subsidiary comprise a small group. The company has therefore taken advantage of the option provided by section 398 of the Companies Act 2006 not to prepare group accounts.

Income and endowments

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of the income receivable can be measured reliably.

Donations and legacies

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period.

Legacy gifts are recognised on a case by case basis following the grant of probate when the administrator/executor for the estate has communicated in writing both the amount and settlement date. In the event that the gift is in the form of an asset other than cash or a financial asset traded on a recognised stock exchange, recognition is subject to the value of the gift being reliably measurable with a degree of reasonable accuracy and the title to the asset having been transferred to the charity.

Other trading activities

Other trading activity income comprises of events income, sponsorship income, and membership subscriptions.

Investment income

Investment income comprises interest receivable on bank deposits and investment income from the fixed asset investments held by the charity.

Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Raising funds

These are costs incurred in attracting voluntary income, the management of investments and those incurred in trading activities that raise funds for example fetes and stalls

Charitable activities

Charitable expenditure comprises those costs incurred by the Charity in the delivery of its activities and services for its beneficiaries.

Governance costs

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustees's meetings and reimbursed expenses.

The League of Friends of the Lymington New Forest Hospital

Notes to the Financial Statements for the Year Ended 31 March 2021

2 Accounting policies (continued)

Taxation

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Tangible fixed assets

Individual fixed assets are initially recorded at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Freehold land	Not depreciated
Office equipment	33.3% straight line basis

Business combinations

Business combinations are accounted for under the purchase method. Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by the charity. All intra-group transactions, balances, income and expenses are eliminated on consolidation. In accordance with Section 35 of FRS 102, Section 19 of FRS 102 has not been applied in these financial statements in respect of business combinations effected prior to the date of transition.

Fixed asset investments

Fixed asset investments are included at market value at the balance sheet date. Realised gains and losses on investments are calculated as the difference between sales proceeds and their market value at the start of the year, or their subsequent cost, and are charged or credited to the Statement of Financial Activities in the period of disposal.

Unrealised gains and losses represent the movement in market values during the year and are credited or charged to the Statement of Financial Activities based on the market value at the year end.

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the charity will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

The League of Friends of the Lymington New Forest Hospital

Notes to the Financial Statements for the Year Ended 31 March 2021

2 Accounting policies (continued)

Fund structure

Unrestricted income funds are general funds that are available for use at the trustees's discretion in furtherance of the objectives of the charity.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

Financial instruments

Classification

Financial assets and financial liabilities are recognised when the charity becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the charity after deducting all of its liabilities.

Recognition and measurement

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the charity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the charity transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the charity, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

Investments

Investments in non-convertible preference shares and non-puttable ordinary or preference shares (where shares are publicly traded or their fair value is reliably measurable) are measured at fair value through profit or loss. Where fair value cannot be measured reliably, investments are measured at cost less impairment.

Investments in subsidiaries and associates are measured at cost less impairment. For investments in subsidiaries acquired for consideration including the issue of shares qualifying for merger relief, cost is measured by reference to the nominal value of the shares issued plus fair value of other consideration. Any premium is ignored.

Fair value measurement

The best evidence of fair value is a quoted price for an identical asset in an active market. When quoted prices are unavailable, the price of a recent transaction for an identical asset provides evidence of fair value as long as there has not been a significant change in economic circumstances or a significant lapse of time since the transaction took place. If the market is not active and recent transactions of an identical asset on their own are not a good estimate of fair value, the fair value is estimated by using a valuation technique.

17 Related party transactions

During the year the charity entered into the following related party transactions:

LOF (Lymington) Limited

LOF (Lymington) Ltd is a wholly owned subsidiary of The League of Friends of the Lymington New Forest Hospital.

For the financial year ending 31 March 2021, the COVID restrictions resulted in a temporary cessation of trade for LOF (Lymington) Ltd. The joint chairs of The League of Friends of the Lymington New Forest Hospital agreed LOF (Lymington) Ltd would be compensated for the loss incurred. The intention would be to provide LOF (Lymington) Ltd with the funds required to restart the retail operation.

For the financial year ending 31 March 2020, LOF (Lymington) Ltd donated 100% of its' operating profit of £4,997 to The League of Friends of the Lymington New Forest Hospital. At the balance sheet date the amount due from LOF (Lymington) Limited was £1,822 (2020 - £24,196).
