The League of Friends of the Lymington New Forest Hospital

Trustees Report (Including Directors Report)

The Trustees, who are directors for the purposes of company law, present that Annual Report together with the Financial Statements of the charitable company for the year ended 31 March 2024.

Trustees

Mr A A England (Joint Chair)

Mr M Hodges (Joint Chair)

Ms C A de Hautville-Bowell (appointed – 6 December 2023)

Ms A J Bowman

Dr F C B Houlford (resigned – 6 December 2023)

Mr D Mackew (appointed – 22 May 2024)

Mr A Mann (resigned – 12 February 2024)

Mr H C Nash (deceased – 30 July 2024)

Dr C D Roseveare (appointed – 12 February 2024)

Dr T G A Sterling (appointed – 12 February 2024)

Objectives and activities

Objects and aims

To relieve patients of the Lymington New Forest Hospital in Hampshire and former patients of the Lymington Hospital and Lymington Infirmary at Lymington in Hampshire and other invalids in the community who are sick, convalescent, disabled, handicapped, infirm or in need of financial assistance and, generally, to support the charitable work of the hospital. One of our aims is to help provide locally for diagnosis and treatment, rather than having to travel to Southampton or Bournemouth.

The League depends wholly on its Members, Volunteers and the general public for its generation of funds.

Objectives, Strategies and benefits.

Its prime objectives are to benefit the public by applying those funds towards extra care and amenities for patients at the Lymington New Forest Hospital and towards the purchase of medical and other equipment for the Hospital when that equipment is not available through normal NHS channels or funding.

In order to achieve this objective and to generate funds necessary to support these amenities, the Charity carries out fundraising activities both through appeals and other activities. These fundraising activities can both be specific and targeted towards specific equipment or to collect general funds on an ongoing basis,

In addition, it provides amenities within the Hospital by operating a shop (through its trading subsidiary).

Public Benefit

The Charity has satisfied its public benefit responsibilities by its continued support of patients, patient activities and benefits and also of donations for capital equipment which ensures that the Hospital is able to continually upgrade and purchase the latest equipment.

Donations in the year have covered a wide range of small and large equipment for many departments and the community. These items range from free daily newspapers and activities for patients, rehabilitation classes and aids for stroke patients, TVs for patient waiting areas to home thermometers and aids to support community teams. Significant equipment items included Blood Pressure and Resuscitation Monitors, Colonoscopes, Pressure Mapping equipment to significantly enhance the service available to the general public in a number of medical disciplines.

In addition, the charity has built a woodland Wellbeing Trail in the grounds of the hospital as well as replacing and updating the signage across the hospital to assist patients and visitors.

The Trustees confirm that they have complied with the requirements of section 17 of the Charities Act 2011 to have due regard to the public benefit guidance published by the Charity Commission.

Use of Volunteers

During the financial year, due to the ongoing effects of COVID 19, the Charity continued to be impacted in its ability to provide volunteering services within the hospital. However, we are pleased to advise that we restarted patient facing services (Ward Friends) during the year. The Friends shop offering a range of products operated throughout the year.

The Charity remains grateful to the Volunteers for their willingness to provide time to support services and extra care for the benefit of patients, visitors and staff in the Hospital. Significant numbers of volunteer hours are put in each year which are difficult to value financially but make a very valuable and essential contribution to the League of Friends and the Hospital

Achievements and performance

The Charity has continued to collaborate with Southern Health NHS Trust who provide a range of care in the Hospital and Partnering Health Ltd (who provide Urgent Treatment Services for the NHS within the Hospital) to support the provision of facilities and to provide local people with the best possible service and the ability to enable care and procedures to take place much closer to home.

During the year the Charity donated £164,882 to the hospital in order to purchase various equipment including Blood and Resuscitation Monitors, Colonoscopes and Pressure Mapping equipment, together with a number of smaller items. The Charity also designed and installed a Wellbeing Trail in the Hospital Grounds and updated all the hospital signage to aid patient and visitor navigation. In addition, the Charity spent £17,167 on patient amenities including newspapers, stroke ward supplies, Kings Coronation, Christmas and New Year activities to enhance patient care.

In 2023, the Charity was donated £77,500 by the Leon Crouch Foundation a significant portion of which was used in 2023/4 to develop a Wellbeing Trail within the hospital grounds. The remainder has been retained for the further development of the gardens and to provide facilities for staff use when on breaks from patient care which are currently being agreed with the hospital.

The Charity continues to hold a regular dialogue with the Hospital to identify the support needed for the patients and equipment above and beyond that the NHS can fund and provide. We anticipate continuing our support through 2024/25 and have already a number of projects in progress which will further this objective.

We have donated or expended over £1,000,000 in the last 4 years to support patients in the hospital and community and in excess of £4 million since 1952.

Financial Review

This year there has been a decrease in funds of £76,752 (2023 increase of £119,688). This decrease is largely attributable the charity spending excess funds raised in the previous financial years. This was partially offset by a gain on investments in the current year of £98,992 (2023 loss of £6,295).

Policy on Reserves

Unrestricted funds have fallen from £2,051,529 to £2,036,781 during the year a decrease of £14,748. The majority of the decrease relates to the conscious decision of the Trustee to spend legacies and restricted donations received in recent financial years but not able to be spent in those years.

£1,000,000 of the reserves represent the cost of the land on which the Hospital is built and are not readily available.

The Trustees have resolved to commit as much of the Charity's resources as possible to the League's objectives whilst retaining sufficient reserves and investments to enable future donations which can individually be substantial in size.

Although the Trustees will continue to fundraise, where appropriate, to match purchases for the benefit of the Hospital, it is possible reserves may decrease in future due to fulfilling Hospital funding requests.

Investment policy and objectives

The Charity maintains liquidity through the use of Lloyds Bank, CAFBank and a number of deposits with selected other banks to invest surplus cash awaiting donation or investment.

In addition, the Charity holds an investment in the COIF Charities Investment Fund which totalled £903,184 at 31 March 2024. The objectives of the COIF Charities Investment Fund are to provide long term total return comprising both growth in capital and income. The Fund follows a client driven ethical investment policy,

Going Concern

These accounts have been prepared on a going concern basis. The Trustees consider the Charity is well placed to continue to operate for the foreseeable future.

The League of Friends of the Lymington New Forest Hospital

Trustees Report (Including Directors Report)

Structure, Governance and Management

Governing Document

The League of Friends of the Lymington New Forest Hospital is a charitable company limited by guarantee and is therefore governed by its Memorandum and Articles dated 4 June 1998 and most recently amended and updated on 2 September 2019.

The League operates under the working title of "Lymington Hospital Friends".

Recruitment and appointment of Trustees

The Trustees have a broad range of expertise and experience and they wish to ensure that this is maintained and developed according to the skills needed and of benefit to the Charity. Interest is always welcomed from individuals who may wish to become a Trustee and add to this experience.

Trustees are appointed or re-appointed by the Members at the Annual General Meeting. One third of the Trustees must retire at each AGM but may stand for re-election until a total of 9 years has been served. Additional Trustees may be co-opted on to the Board between AGMs to serve for the rest of a financial year. At the next AGM they would be required to stand for re-election. The Board must have a minimum of 3 Trustees but cannot exceed 15 Trustees.

Trustees are encouraged to be familiar with the practical work of the Charity when they join the Board and, on appointment, are provided with detailed information and support to gain a greater knowledge and encouraged to attend training, where appropriate.

Organisational Structure

The Trustees meet a minimum of 6 times a year, although typically more often to review operations, finances, funding requests, project progress and future plans. Trustees visit the Charity and Hospital between meetings to further the work of the Charity.

Major risks and management of these risks.

Hospital Relationship

Regular meetings are held between the Charity and the Hospital to ensure there is a regular transfer of information on the activities and plans of both bodies. The Charity's Operations Manager is located at the Friends office in the Hospital and maintains a regular relationship with Hospital staff.

Staff and Volunteers

An experienced Operations Manager is employed, Policies and manuals are in place to guide volunteers and rotas maintained to ensure the League provides the expected services.

Retail Operations

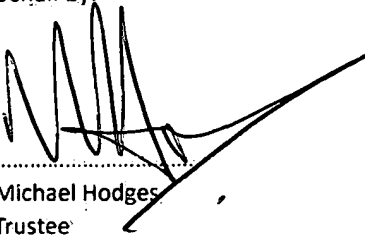

These activities are managed by the Operations Manager on a day-to-day basis supported by experienced volunteers. All transactions are by secure card payment. The Manager monitors and manages stock, margins, waste and volunteers.

The League of Friends of the Lymington New Forest Hospital
Independent Examiner's Report to the trustees of The League of Friends of the
Lymington New Forest Hospital

I report to the charity trustees on my examination of the accounts of the charity for the year ended 31 March 2024 which are set out on pages 7 to 23.

Respective responsibilities of trustees and examiner

As the charity's trustees of the League of Friends of the Lymington New Forest Hospital (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act')

Having satisfied myself that the accounts of The League of Friends of the Lymington New Forest Hospital are not required to be audited under part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the directions given by the charity commission under section 145(5)(b) of the 2011 Act.

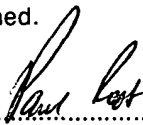

Independent examiner's statement

Since The League of Friends of the Lymington New Forest Hospital gross income exceeded £25,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of ICAEW, which is one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. Accounting records were not kept in respect of The League of Friends of the Lymington New Forest Hospital as required by section 386 of the 2006 Act; or
2. The accounts do not accord with those records; or
3. The accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not matter considered as part of an independent examination; or
4. The accounts have not been prepared in accordance with the methods and principals of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

For the financial year ending 31 March 2024 the charitable company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 March 2024 in accordance with section 476 of the Companies Act 2006.

The trustees acknowledge their responsibility for

(a) ensuring that the charitable company keeps accounting records that comply with Sections 386 and 387 of the Companies Act 2006 and

(b) preparing financial statements which give a true and fair view of the state of affairs of the charitable company as at the end of each financial year and of its surplus or deficit for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the charitable company.

Balance Sheet as at 31st March 2024

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

The financial statements on pages 7 to 23 were approved by the trustees and authorised for issue on the 11th December 2024 and signed on their behalf by:

Michael Hodges
Trustee

The League of Friends of the Lymington New Forest Hospital

Notes to the Financial Statements for the Year Ended 31 March 2024

1 Charity Status

The charity is limited by share capital, incorporated in England.

The address of its registered office is:

League of Friends Office

Lymington New Forest Hospital

Wellworthy Road

Lymington New Forest Hospital

Hampshire

SO41 8QD

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019, the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), the Charities Act 2011 and the Companies Act 2006.

Basis of preparation

The League of Friends of the Lymington New Forest Hospital is a charitable company limited by guarantee incorporated in England and Wales and meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes. The address of the registered office is given in the charity information on page 3 of these financial statements. The nature of the charity's operations and principal activities can be found in the Trustees' Report on page 1.

The financial statements are presented in sterling which is the functional currency of the charity and rounded to the nearest £1.

Going concern

The charity's Financial Statements show a net loss of £76,752 for the year and free reserves of £2,067,777 as at the year end. The trustees are of the view that these results and fundraising plans for the future have secured the immediate future of the Charity for the next 12 months and on this basis the charity is a going concern.

The League of Friends of the Lymington New Forest Hospital

Notes to the Financial Statements for the Year Ended 31 March 2024

2 Accounting policies (continued)

Exemption from preparing a cash flow statement

The charity opted to adopt Bulletin 1 published on 2 February 2016 and have therefore not included a cash flow statement in these financial statements.

Exemption from preparing group accounts

The company is a parent company subject to the small companies regime. The company and its subsidiary comprise a small group. The company has therefore taken advantage of the option provided by section 398 of the Companies Act 2006 not to prepare group accounts.

Income and endowments

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of the income receivable can be measured reliably.

Donations and legacies

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period.

Legacy gifts are recognised on a case by case basis following the grant of probate when the administrator/executor for the estate has communicated in writing both the amount and the settlement date. In the event that the gift is in the form of an asset other than cash or a financial asset traded on a recognised stock exchange, recognition is subject to the value of the gift being reliably measurable with a degree of reasonable accuracy and the title to the asset having been transferred to the charity.

Other trading activities

Other trading activity income comprises of events income, sponsorship income and membership subscriptions.

Investment income

Investment income comprises interest receivable on bank deposits and investment income from the fixed asset investments held by the charity.

Raising funds

These are the costs incurred in attracting voluntary income, the management of investments and those incurred in trading activities that raise funds for example fetes and stalls.

The League of Friends of the Lymington New Forest Hospital

Notes to the Financial Statements for the Year Ended 31 March 2024

2 Accounting policies (continued)

Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with the central staff costs allocated on the basis of time spent, and the depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs. Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

Charitable activities

Charitable expenditure comprises those costs incurred by the Charity in the delivery of its activities and services for its beneficiaries.

Governance costs

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustee's meetings and reimbursed expenses.

Taxation

The company is a registered charity and therefore, is not liable for income tax or corporation tax on income derived from its charitable activities, as it falls within the various exemptions available to registered charities.

Tangible fixed assets

Individual fixed assets are initially recorded at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment costs.

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over the expected useful economic life as follows:

Asset class	Depreciation method and rate
Freehold land	Not depreciated
Office equipment	33.33% straight line basis

Business combinations

Business combinations are accounted for under the purchase method. Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by the charity. All intra-group transactions, balances, income and expenses are eliminated on consolidation. In accordance with section 35 of FRS 102, section 19 of FRS 102 has not been applied in these financial statements in respect of business combinations effected prior to the date of transition.

The League of Friends of the Lymington New Forest Hospital

Notes to the Financial Statements for the Year Ended 31 March 2024

2 Accounting policies (continued)

Fixed asset investments

Fixed asset investments are included at market value at the balance sheet date. Realised gains and losses on investments are calculated as the difference between sales proceeds and their market value at the start of the year, or their subsequent cost, and are charged or credited to the Statement of Financial Activities in the period of disposal.

Unrealised gains and losses represent the movement in market values during the year and are credited or charged to the Statement of Financial Activities based on the market value at the year end.

Trade Debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest rate method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the charity will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Fund structure

Unrestricted income funds are general funds that are available for use at the trustee's discretion in furtherance of the objectives of the charity.

Restricted income funds are those donated for use in a particular area or for a specific purpose, the use of which is restricted to that area or purpose.

Financial instruments

Classification

Financial instruments and financial liabilities are recognised when the charity becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the charity after deducting all of its liabilities.

The League of Friends of the Lymington New Forest Hospital

Notes to the Financial Statements for the Year Ended 31 March 2024

2 Accounting policies (continued)

Recognition and measurement

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the charity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the charity transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the charity, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

Investments

Investments in subsidiaries and associates are measured at cost less impairment. For investments in subsidiaries acquired for consideration including the issue of shares qualifying for merger relief, cost is measured by reference to the nominal value of the shares issued plus fair value of other consideration. Any premium is ignored.

Fair value measurement

The best evidence of fair value is a quoted price for an identical asset in an active market. When quoted prices are unavailable, the price of a recent transaction for an identical asset provides evidence of fair value as long as there has not been a significant change in economic circumstances or a significant lapse of time since the transaction took place. If the market is not active and recent transactions of an identical asset on their own are not a good estimate of fair value, the fair value is estimated by using a valuation technique.
