Trustee's Report for the year ended 31 December, 2022

1. Objects of the Charity - Principal Activities and Organisation

The church is constituted by a Deed of Trust dated 30 October, 1998 and is registered with the Charity Commission under reference 1072718.

The objects of the Trust are to advance the Christian faith to relieve hardship and to promote and fulfil such other charitable purposes beneficial to the community in the County of Surrey and in such other parts of the United Kingdom or the World as the Trustees think fit. The principal activities carried out in pursuance of these objectives are set out below.

The Trustees who served throughout the year are Mr. Ian Curry, Mrs. Margaret Thomas and Dr. John Eglington. Mr Glenn Hirschfield resigned on 12 January 2022, and Mrs Lisa Hopkins was appointed on the same date. Mrs Margaret Thomas resigned on 31 May 2023. The appointment of new Trustees is governed by the Trust Deed, which requires a resolution of the majority of church members voting at a duly constituted church meeting.

2. Financial Review

The total incoming resources for 2022 totaled £432,568 (2021: £527,264) and total expenditure for 2022 totaled £479,269 (2021: £553,150) which produced net outgoing resources for the church of £46,701 (2021: £25,887) before adjusting for revaluation in fixed assets and actuarial valuation of pension schemes. After these adjustments, the net movement in funds was an increase of £11,816 (2021: 161,723). Income was lower in 2022 than in 2021, mainly due to Foodbank donations received in 2021 amounting to £76,000. Giving in 2023 to date is good, and we expect the income to be higher in 2023.

Fund balances carried forward amount to £2,304,667 unrestricted funds and £8,147 restricted funds.

3. Review of Activities

- The preaching and teaching on Sundays and in the Connect Groups enabled members of the congregation to increase their knowledge of God and in the practice of their faith.
- A formal prayer ministry team has been set up with regular training received. The team prayed for those who requested it and this provided help and comfort for these respondents.
- In 2022, 25 people were baptized and 18 new members were received.
- In the Youth Work about 40 young people have attended the groups in 2022. The average weekly attendance is about 20.

- BMS
- Christian Solidarity
- Josiah Venture UK

- Anchor Trust
- Baptist Union SEBA
- Evangelical Alliance
- Mission 24

6. Future Developments and Funding

There are currently no commitments for future major capital expenditure.

7. Governance and Management

The Trustees are required to meet at least once in every year and in practice do so as often as necessary for the proper management of the Trust. Four ordinary members meetings are scheduled each year, together with occasional extraordinary meetings dedicated to particular matters.

The Trustees review remuneration of all Staff, including the Pastor, annually. This is done with a view to

the level of responsibility each member of staff has within the church. Salaries are also reviewed with regard to the current rate of inflation.

The Trustees have attended various seminars and training courses relevant to the role of Trustee.

Decisions as to the day-to-day pastoral work of the church are made by the Eldership, two of whom are also Trustees, but referring to the Trustees in all Financial and Legal matters, including staff appointments and development within their roles.

8. Risk Management

The Trustees and Elders have examined the major strategic business operational and legal risks that the church faces. The Trustees confirm that to the best of their knowledge and belief suitable systems and measures are in place to monitor, manage and mitigate these risks appropriately for the benefit of church members and other users of the premises.

In particular the main risks identified are:

- a. The possibility of personal accident claims being made against the church. The Trustees (together with the Elders) have ensured that proper and regular Health and Safety reviews are carried out for the premises and its' users, and all recommendations considered, and implemented where relevant.
- b. Loss caused by theft or financial fraud. The Trustees have ensured that procedures are in place concerning the cash offerings and all payments made to and by the church to reduce the risk of misappropriation.
- c. Danger to youth and vulnerable adults due to Safeguarding issues. The Trustees have ensured that there is a relevant Safeguarding policy in place, ensuring that all those involved with vulnerable individuals are aware of, and have had, the necessary training.
- d. Losses caused by accidental or malicious damage to the church's assets (namely the church building, any ancillary structures and No. 16 Sycamore Walk), are mitigated by obtaining adequate insurance (at competitive market rates) against these risks and others.

9. Reserves policy

The trustees have determined that the charity should aim to hold unrestricted cash of no less than £60,000 (which equates to 1.5 months of unrestricted expenditure). The current cash reserves are well above this amount.

Measures to safeguard against unauthorised expenditure and to monitor income are constantly reviewed to ensure funds are rigorously protected.

10. Statutory Obligations

The Trustees and Elders have examined the relevant statutory requirements in respect of antidiscrimination, the protection of vulnerable individuals (including children), health & safety, and data protection. The Trustees confirm that to the best of their knowledge and belief the church complies with these obligations and does so in conformity with the objects of the Trust.

11. Responsibilities of Trustees under Charity Law

The Trustees are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Charity law requires the trustees to prepare financial statements for each financial year which give a

true and fair view of the state of affairs of the charitable company as at the balance sheet date and of its incoming resources and application of resources, including income and expenditure, for the financial year. In preparing these financial statements, the Trustees are required to:

1. select suitable accounting policies and apply them consistently;
2. observe the methods and principles in the Charities SORP;
3. make judgements and estimates that are reasonable and prudent;
4. state whether the applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
5. prepare the financial statements on a going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011 and the Charity (Accounts and Reports) Regulations 2008. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

12. Bankers

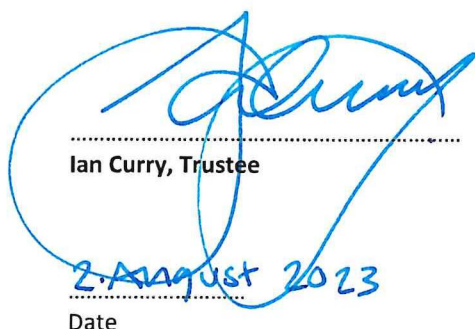

The Trust's principal bankers are CAF Bank Limited, 25 Kings Hill Avenue, Kings Hill, West Malling, Kent, ME19 4TA.

13. Independent Examiner

The Trust's independent examiner is Sarah Crispin, Stewardship Services, 1 Lamb's Passage, London EC1Y 8AB

INDEPENDENT EXAMINER'S REPORT
TO THE TRUSTEES OF
REIGATE BAPTIST CHURCH
('the Charity')

I report to the charity trustees on my examination of the accounts of the Charity for the year ended 31 December 2022 on pages 8 to 21 following, which have been prepared on the basis of the accounting policies set out on pages 12 and 13.

Responsibilities and basis of report

As the charity's trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Charity's accounts carried out under section 145 of the Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

Since the Charity's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of the Institute of Chartered Accountants in England and Wales, which is one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Charity as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

REIGATE BAPTIST CHURCH
NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED 31 DECEMBER 2022

1 Statutory Information

The charity is a trust registered with the Charity Commission in England & Wales. The charity's registered number and principal address can be found on the Charity Information page.

2 Accounting Policies

These financial statements are prepared on a going concern basis, under the historical cost convention.

These financial statements have been prepared in accordance with the "Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) ("the Charities SORP"), with the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland ("FRS 102") and with the Charities Act 2011. The charity meets the definition of a public benefit entity as set out in FRS 102.

The Charities (Accounts and Reports) Regulations 2008 (the '2008 Regulations') requires charities to prepare their accounts in accordance with 'Accounting and Reporting by Charities: Statement of Recommended Practice effective from 1 April 2005' but this accounting standard has since been withdrawn and has been replaced by the Charities SORP mentioned in the preceding paragraph. The charity has prepared these financial statements in accordance with the new Charities SORP; this departure from the 2008 Regulations is believed to be necessary for these financial statements to give a 'true and fair view'.

The principles adopted in the preparation of the financial statements are set out below.

a) Going concern

The trustees have assessed whether the use of the going concern basis is appropriate and have considered possible events or conditions that might cast significant doubt on the ability of the charity to continue as a going concern. The trustees have made this assessment for a period of at least one year from the date of approval of the financial statements. In particular the trustees have considered the charity's forecasts and projections and the possible implications should projected income and / or expenditure vary unexpectedly. The trustees have concluded that there is a reasonable expectation that the charity has adequate resources to continue to operate for the foreseeable future. The charity therefore continues to adopt the going concern basis in preparing its financial statements.

In making this assessment the trustees have considered the impact of Covid-19 and have concluded that its impact on net income will not be material.

b) Income

Income including investment income is recognised in the period in which the charity becomes entitled to receipt, the amount receivable can be measured with reasonable certainty, and receipt is probable. For the most part, income is generally recognised when it is received. Income is only deferred when the charity has to fulfil conditions before becoming entitled to it or where the donor has specified that the income is to be expended in a future period.

Income from donations and legacies includes:

Recoverable gift aid. This is recognised when the related donation is received. Gift aid that has not been recovered by the balance sheet date is included as a debtor.

The charity relies on volunteers to carry out many of its activities. However, in accordance with the SORP, the value of these services has not been included in these financial statements as they cannot be reliably measured.

Income from charitable activities represents income receivable from goods, services and facilities supplied in furtherance of the charity's charitable objects. It includes income from the toddler group and church events.

Income from other trading activities represents income receivable from activities undertaken to generate funds for the charity. It is primarily income received from property rentals.

The charity has taken the view that it has only one charitable activity, namely the advancement of the Christian faith, and all income from donations, legacies and charitable activities is in respect of this one activity.

c) Expenditure

Expenditure, including irrecoverable VAT, is recognised when it is incurred or, if earlier, when a legal or constructive obligation for a payment arises provided that it is probable that settlement will be required and the amount of the obligation can be measured reliably.

REIGATE BAPTIST CHURCH
NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED 31 DECEMBER 2022

The charity makes grants to other institutions and individuals to further its charitable objectives. Grants payable are recognised as constructive obligations arise, which is generally when the charity expresses a commitment to the recipient that can be measured reliably and then only to the extent that any conditions associated with the grant are outside of the control of the charity.

The Charities SORP requires charities with income over £500,000 to allocate costs to the various activities undertaken by the charity. The nature of the work of the church is considered to be so integrated that the core charitable activity costs are considered to be for the one activity.

Governance costs, which are included in expenditure on charitable activities but are identified separately in the notes to the accounts, includes costs associated with the independent examination of the financial statements, compliance with constitutional and statutory requirements and any other expenditure incurred on the strategic management of the charity.

d) Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the trustees in furtherance of the general objectives of the charity. Designated funds comprise unrestricted funds that have been set aside by the trustees for particular purposes. There are no designated funds as at the year end. Restricted funds are donations which are to be used in accordance with specific restrictions imposed by donors; they include donations received from appeals for specific activities or projects.

e) Tangible fixed assets

Items purchased or donated for the charity's own use are capitalised when the cost of purchased items, or the fair value of donated items, is more than £500 and the item is expected to benefit the charity over more than one accounting period. Depreciation is charged on a straight line basis so as to write down the value of each asset to its estimated residual value (if any) over its expected useful economic life. To achieve this objective the following rates of depreciation are charged:

Freehold land	Is not depreciated (because it is not consumed by use)
Freehold buildings	Are not depreciated on the grounds that they have very long useful lives and the assets will be maintained in such condition that their residual values are not materially different from the amounts shown in the balance sheet.
Equipment	Over 4 years

The carrying values of tangible fixed assets are reviewed for impairment in periods when events or changes in circumstances indicate that the carrying value may not be recoverable.

f) Pension scheme arrangements

The charity is a participating employer in the Baptist Union Pension Scheme which, prior to January 2012, was a multi-employer defined benefit pension scheme. The charity is unable to identify its share of this scheme's assets and liabilities therefore, as permitted by FRS 102, the entire scheme is being treated as if it were a defined contribution scheme. The last actuarial valuation indicated that the obligation to provide defined benefits gives rise to a funding deficit and the charity, along with other participating employers, must make additional contributions to remedy the deficit. The obligation to make deficit reduction contributions in future years has been included as a liability in these financial statements. Further information about this defined benefits scheme, and the charity's obligation to contribute towards its funding deficit, is disclosed elsewhere in the notes to these accounts.

g) Taxation

The charity has taken advantage of the various reliefs from taxation available to charities and no tax is payable on the charity's income.

h) Financial instruments

The charity's financial assets and financial liabilities all qualify as basic financial instruments, as defined by FRS102. Except for loans, creditors and debtors are measured at their expected settlement value (normally the amount of cash that the charity expects to pay or receive). The charity recognises liabilities for the principal of those loans that remains outstanding at the year end (i.e. the liabilities exclude any interest chargeable on the loans in future years).

i) Critical accounting estimates and areas of judgement

In preparing financial statements certain judgements, estimates and assumptions have to be made that affect the amounts recognised in the financial statements. The trustees consider the following to be significant:

- i) The annual depreciation charge for property, plant and equipment is sensitive to changes in the estimates for useful economic life and residual value. These estimates are reassessed annually and, when necessary, adjusted to reflect current circumstances.

The Manse freehold property was valued at £400,000 on 29 March 2022 by an independent qualified valuer at open market value assuming vacant possession. The trustees are not aware of any material changes in value since March 2022 and the valuation has not been updated. If freehold property had not been revalued, its carrying value at historical cost would have been £238,446 (2021: £238,446). The Church freehold property is held at cost as valuation is not possible due to the restricted use of the site and lack of comparable properties in the area.

The Baptist Union Pension Scheme

The charity is a participating employer the Baptist Pension Scheme ("the Scheme"), which is a separate legal entity administered by the Pension Trustee (Baptist Pension Trust Limited). The assets of the Scheme are held separately from those of the Employer and the other participating employers.

REIGATE BAPTIST CHURCH
NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED 31 DECEMBER 2022

The Scheme, previously known as the Baptist Ministers' Pension Fund, started in 1925 but was closed to future accrual of defined benefits on 31 December 2011. Prior to this date the main benefit provided through the Defined Benefit (DB) Plan was a pension of one eightieth of final minimum pensionable income for each year of pensionable service together with additional pension in respect of premiums paid on Pensionable Income in excess of Minimum Pensionable Income.

From January 2012, pension provision is being made through the Defined Contribution (DC) Plan within the Scheme. In general, members pay 8% of their Pensionable Income and employers pay 6% of members' Pensionable Income into individual pension accounts, which are operated and managed on behalf of the Pension Trustee by Broadstone Corporate Benefits Ltd. In addition, the employer pays a further 4% of Pensionable Income to cover Death in Service Benefits, administration costs, and an associated insurance policy which provides income protection for Scheme members if they are unable to work due to long-term incapacity. This income protection policy has been insured by the Baptist Union of Great Britain with Aviva Limited.

The Scheme is considered to be a multi-employer scheme as described in Section 28 of FRS 102. Because it is not possible to attribute the Scheme's assets and liabilities to specific employers, the scheme is accounted for as if the Scheme were a defined contribution scheme.

Actuarial valuation as at 31 December 2019

A formal valuation of the DB Plan as at 31 December 2019 was carried out by a professionally qualified Actuary using the Projected Unit Method. At the valuation date the market value of the DB Plan assets was £298 million, whilst the level of assets needed to pay benefits was £316m, giving a deficit of £18m (equivalent to a past service funding level of 94%). The charity and the other participating employers in the DB Plan are collectively responsible for funding this deficit.

The key financial assumptions underlying the valuation were as follows:

<i>Type of financial assumption</i>	<i>% pa</i>
RPI price inflation assumption	3.20
CPI price inflation assumption	2.70
Minimum Pensionable Income Increase Adjustment (above CPI)	0.50
Pre-retirement assumed investment returns (gilt yield plus 1.75% pa)	2.95
Post retirement assumed investment returns (including benefits matched by the insurance policy) (gilt yield plus 0.5% pa)	1.70
Minimum Pensionable Income increases (CPI plus 0.5%)	3.20
Deferred pension increases	
- Pre April 2009	3.20
- Post April 2009	2.50
Pension increases (based on CPI with an annual floor of 0% and annual cap of	2.70

Mortality is assumed in accordance with 80% of the S3NA standard mortality table. Future improvements projected from 2013 in line with the "CMI 2019" projection with a long-term rate of improvement of 1.75% p.a. for males and 1.5% p.a. for females with the core smoothing parameter and with additional initial mortality improvement factor A=0.5%.

The next actuarial valuation of the DB Plan within the Scheme will commence in 2023 to reflect the position as at 31 December 2022.

Recovery plan

In addition to the contributions to the DC Plan set out above, where a valuation of the DB Plan reveals a deficit the Trustee and the Council agree to a rate of deficiency contributions from churches and other employers involved in the DB Plan. Following the 2019 valuation a Recovery Plan was signed in September 2020 under which deficiency contributions are payable until June 2026. These contributions were broadly based on each employer's membership at 31 December 2014 and increase annually in line with increases to Minimum Pensionable Income as defined in the Rules.

On 30th June 2022 the Baptist Pension Scheme signed an agreement with the insurance company Just Group ("Just") to secure DB Plan members' pension benefits. Just are now providing financial backing for all pensions provided through the Scheme's DB Plan and following this transaction, the Scheme no longer has a shortfall. An updated Recovery plan was then signed in August 2022 under which recovery contributions from each participating employer in the DB Plan reduced to £1 per month from August 2022.
