THE BRITISH FRIENDS OF EZER MIZION

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31ST JANUARY 2021

The trustees present their report with the financial statements of the charity for the year ended 31st January 2021. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The objects of the charity are to relieve poverty and sickness, particularly by providing financial and other assistance to an Israeli charity known as Ezer Mizion whose main objects are the aid and support of the sick and needy in Israel.

All over the world the incidence of cancer has risen. Bone marrow transplants are increasingly being used as a cure for cancer and for the treatment of many other illnesses.

The charity is focused upon raising public awareness about stem cell transplants; rallying additional potential donors and expanding representation of different ethnic groups. It endeavours to fund deeper level tissue typing by engaging in scientific research on transplant issues; speed up the transplant process and thereby increase the chances of success. Its support network is driven to empower patients and their families, embrace a holistic care approach and ensure that the charity reaches every one who needs it.

ACHIEVEMENT AND PERFORMANCE

Charitable activities

Ezer Mizion has now completed the construction of the new international bone marrow registry. During the year, a total of 383 transplants were facilitated.

Fundraising activities

The charity has had a successful twenty years and has always maintained a position of surplus.

Donation received from the public maintained a satisfactory level and the charity was able to make significant grants for its core purpose.

FINANCIAL REVIEW

The Trust Deed authorises the Trustees to make and hold investments using the general funds of the charity however, no such investments are presently held.

During the year the Charity had a surplus of £37,247, (2020: deficit of £18,794). Funds at the year end totalled £71,069 (2020: £33,822) of which none was held in restricted funds.

2020 saw a significant gap in fundraising campaigns due to Covid-19. This virus created an atmosphere of financial uncertainty, which impacted upon donors' financial giving capacity. The major interruption that Covid-19 caused in ongoing funding drives instigated a material decline in donations received which resulted in no funding transfers in 2020 being made to Ezer Mizion Israel.

FUTURE PLANS

The need for our services is increasing and we will continue our support. The trustees realise that we must use the resources we have wisely and so will continue to target those problems where we have the expertise to make the most positive difference.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document, a deed of trust and constitutes an unincorporated charity.

Recruitment and appointment of new trustees

The appointment of new trustees is generally by invitation of and must be sanctioned by, the Israeli Head office of Ezer Mizion.

PUBLIC BENEFIT

In addition to being one of Israel's largest health aid organisations, providing food, shelter, counselling and medical treatment to 650,000 people every year, Ezer Mizion has created the world's 4th largest national bone marrow registry.

Over 36 million potential donors are registered in Bone Marrow Donors Worldwide, the global registry in The Hague. Ezer Mizion is the main source of Jewish bone marrow donors in the world. During the year 46,719 people have registered making a total of 1,066,562 potential donors on Ezer Mizion's registry. This followed a landmark agreement between Ezer Mizion and the Israel Defence Force in 2005 whereby recruits routinely undergo testing as part of their induction process.

Stem cell testing sponsors can set up a Donor Pool in Ezer Mizion's main registry. Each Donor Pool includes all the potential stem cell donors whose initial tissue typing was funded by the sponsor.

The trustees have a duty to report on our organisation's public benefit under section 4 of the Charities Act 2011. We are confident that our organisation meets those public benefit requirements and have taken Charity Commission guidance into consideration.

Responsibilities and basis of report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the Act and in carrying out my examination I have followed all applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
