Charity name: BUXTON FOR YOUTH

Objectives and Activities

<p>Summary of the purposes of the charity as set out in its governing document</p>	<p>To advance in life and to help young people by the provision of grants to support:</p> <ul style="list-style-type: none">i. recreational and leisure time activities provided in the interest of social welfare and designed to improve their conditions of life;ii. activities which develop their skills, capacities and capabilities to enable them to participate in society as mature and responsible individuals
<p>Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.</p>	<p>The charity is now fully focussed on its role of providing grants for young people.</p> <p>The trustees met three times in the course of the year to monitor the charity's financial strategy, to consider grant applications (see Achievements and Performance below) and to keep the charity's performance against its objectives under review.</p> <p>Close contact was maintained with the trustees of the Ethel James Trust, whose grants significantly contributed to our original purchase of the premises. They remain committed to providing supplementary funding for any worthwhile young people's project for which Buxton for Youth alone may be unable to offer a sufficient grant.</p> <p>The trustees are particularly anxious to maximise returns on investment and savings. The performance of our investments is monitored at every meeting and reviewed at least annually with our financial adviser. Following advice from MKC, who had taken over the financial management of our investments the previous year and after careful consideration, the trustees agreed to transfer our investment from HubWise to a discretionary passive portfolio with Quilter. The transfer proved to be a rather protracted process, finally concluding after the end of the current year.</p> <p>Our modest turnover now means that our accounts no longer require an independent examination.</p>

Summary of main activities contd/..	Annual renewal of our Data Protection registration with the Information Commissioner's Office has been actioned. Sadly, Jean Pendlebury, founder trustee and fund-raiser extraordinary, died in May. Some trustees were able to attend a commemorative celebration of Jean's life and our Chair, David, was invited to say some words in acknowledgement of Jean's contribution to Buxton for Youth.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Public benefit is always at the forefront of the trustees' minds: the entire focus of the charity is on making provision for the public benefit. This is achieved through providing funds to support projects designed to benefit local young people, by listening to young people and reviewing our grant criteria as necessary.

Additional information (optional)

You may choose to include further statements where relevant about:

Policy on grant making	Three documents – Small Grant Making Policy and Procedures; Notes for Applicants; and an Application Form – are all available to the public.
Policy on social investment	n/a
Contribution made by volunteers	The trustees and officers of the charity are volunteers. No other use is made of volunteers.

Achievements and Performance

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	<p>Our grants are designed to benefit the wider community, specifically young people.</p> <p>Over the past year, the previously agreed grant of £1020 was paid to the Youth Robotics Project, which subsequently achieved pleasing growth and success in regional competitions.</p> <p>Trustees became concerned that no grant applications were received over the past year despite efforts to promote our scheme in local schools and elsewhere . As a result a significant change to our grant criteria was agreed that would allow applications from individual young people and not only from groups. The scheme is now being publicised more widely, including via social media.</p>

<p>Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.</p>	<p>This was the first full year, following the sale of the Market Street premises, when the charity was able to concentrate solely on its new role of providing grants for young people.</p> <p>The trustees held four face-to-face meetings at three-monthly intervals in the course of the year to monitor the charity's financial strategy, to consider grant applications (see Achievements and Performance below) and to keep the charity's performance against its objectives under review.</p> <p>Close contact was maintained with the trustees of the Ethel James Trust, whose grants significantly contributed to our original purchase of the premises. The performance of our investments is monitored at every meeting and reviewed at least annually with our financial adviser. We also opened a second, interest earning, 95 Day Liquidity NatWest Business Savings Account and transferred 50% of our cash savings into it, leaving the remaining cash in our Business Current Account to fund foreseeable grants.</p> <p>Our modest turnover now means that our accounts no longer require an independent examination.</p>

Summary of main activities contd/..	<p>The trustees have monitored the rate of grant applications and rewards over the first full year of the scheme and have identified possible modifications, if needed, to increase take up.</p> <p>Our Data Protection registration with the Information Commissioner’s Office has been renewed.</p>

Achievements and Performance

Summary of the main achievements of the charity, identifying the difference the charity’s work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	<p>Our grants are designed to benefit the wider community, specifically young people.</p> <p>Over the past year, the charity managed four successful applications for a grant. The charity donated £1900 to enable a young person with additional needs to take part in a group Work Experience placement in Germany; £600 towards a Scouts Winter Adventure in Switzerland; and £125 towards a Christmas party for local refugee children A grant of £1020 towards a Youth Robotics Project is pending.</p> <p>A highlight for the trustees was to invite the scouts who attended the Korean Jamboree in 2023 to tea in a local tea room. The scouts gave an impressive illustrated account of their experiences, fully justifying our generous grant to them.</p> <p>So far the trustees have maintained the agreed policy of awarding grants to groups of young people, rather than to individual young people but this is kept under review.</p>

Objectives and Activities

<p>Summary of the purposes of the charity as set out in its governing document</p>	<p>To advance in life and to help young people by the provision of grants to support:</p> <ul style="list-style-type: none">i. recreational and leisure time activities provided in the interest of social welfare and designed to improve their conditions of life;ii. activities which develop their skills, capacities and capabilities to enable them to participate in society as mature and responsible individuals <p>[As updated and registered with the Charity Commission on 24 October 2019.]</p>
<p>Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.</p>	<p>This is the first report since the charity sold its premises and adopted its new role of providing small grants for the benefit of young people.</p> <p>The trustees met four times in the course of the year, all now face-to-face again. Meetings now monitor the charity's financial strategy, consider grant application and keep the charity's performance against its objectives under review.</p> <p>With respect to our grant making activity, Policies and Procedures, Notes for Applicants and Application Forms have been produced. Articles were placed in the two local media outlets and a flyer was circulated around local schools to publicise the launch of the scheme.</p> <p>A pleasing enhancement to our new role is that the trustees of the Ethel James Trust, whose grants significantly contributed to our original purchase of the premises, have agreed to be approached to provide supplementary funding for any worthwhile young people's project for which Buxton for Youth alone may be unable to offer a sufficient grant.</p> <p>The trustees have also taken specialist advice on a pro bono basis from a supportive local financial adviser on how best to invest and protect the proceeds of the sale, the intention now being to invest £100,000 in each of two managed funds, one medium risk and one low risk. The purpose of these investments will be to build the capital of the charity over time, whilst if necessary allowing some small withdrawals.</p>

Summary of main activities contd/..	<p>The proceeds from the sale of the premises took us over the threshold for an independent examination of our accounts. This was duly completed.</p> <p>With our new NatWest Business Charity bank account fully operational, our old RBS bank account was closed.</p> <p>Our Data Protection registration with the Information Commissioner's Office has been renewed.</p>
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	<p>Public benefit is always at the forefront of the trustees' minds: the entire focus of the charity is on making provision for the public benefit. Achievements and Performance

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	<p>Our grants are designed to benefit the wider community, specifically young people.</p> <p>Over the past year, the charity received three applications for a grant. The charity donated £2000 towards the fund-raising efforts of three local scouts to attend the World Scout Jamboree in Korea. A second application, still pending but accepted in principle, will help with the costs of a small group of young people facing disadvantage to visit Germany. A third application, received from another charity was not deemed to meet our eligibility criteria.</p>

BUXTON FOR YOUTH

**Trustees' Annual Report for the period
from 1st April 2021 to 31st March 2022**

Charity name: BUXTON FOR YOUTH (BfY)

Charity registration number: 1076385 (Registered as a CIO 25 March 2021)

Objectives and Activities

<p>Summary of the purposes of the charity as set out in its governing document</p>	<p>To advance in life and to help young people by the provision of grants to support:</p> <ul style="list-style-type: none">i. recreational and leisure time activities provided in the interest of social welfare and designed to improve their conditions of life;ii. activities which develop their skills, capacities and capabilities to enable them to participate in society as mature and responsible individuals <p>[N.B. These amended Purposes were agreed and registered with the Charity Commission and Companies House on 24 October 2019.]</p>
<p>Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.</p>	<p>This will be the final report with respect to the charity's ownership of premises. Twenty four years after leasing our first premises, we completed the sale of our current premises on 1 March 2022, thereby significantly changing the way in which we meet our charitable purposes – from providing premises for the benefit of young people to providing small grants for the benefit of young people.</p> <p>The trustees met five times in the course of the year, by Zoom conferencing for all but our latest meeting. Much meeting time focussed on the progress of the sale and its ramifications; and on planning for the the future. Meanwhile, we continued to ensure that the premises provided safe and appropriate accommodation and facilities for our user groups, with all routine repairs and minor maintenance works promptly undertaken, and all required annual safety checks and inspections carried out. With the sale of the premises pending, the trustees took care to ensure that all such checks were up to date and that the premises were in good condition. The front wall was repaired and some roof felt replaced. Throughout we have continued to liaise with Bright Opportunities to ensure a Covid-safe environment.</p> <p>The sale of the premises, as seen, had been agreed in principle before the start of the year but a further eleven months were needed to conclude all the requirements of selling a commercial premises and of replacing a deed of access to provide emergency egress.</p>

<p>Summary of main activities contd/..</p>	<p>The new owners are to be Tracey and Barrie Green, their intention being to continue to provide the premises for the highly valued work with adults with learning difficulties delivered by Bright Opportunities, a Community Interest Company of which Tracey is a Director - and already established as our main user over recent years. Once the sale was completed for the agreed sum of £200,000 and all key services, certificates, insurances and licences had been handed over, this objective was seamlessly achieved.</p> <p>Buxton for Youth will now operate as a grant-making charity to support projects to benefit small groups of local young people. Policies and Procedures, Notes for Applicants and Application Forms have been produced, with a plan to launch and publicise the scheme in late spring. A pleasing enhancement to our new role is that the trustees of the Ethel James Trust, whose grants significantly contributed to our original purchase of the premises, have agreed to be approached to provide supplementary funding for any worthwhile young people's project for which Buxton for Youth alone may be unable to offer a sufficient grant.</p> <p>The trustees have also taken specialist advice on a pro bono basis from a supportive local financial adviser on how best to invest and protect the proceeds of the sale, the intention now being to invest £100,000 in each of two managed funds, one medium risk and one low risk. The purpose of these investments will be to build the capital of the charity over time, whilst if necessary allowing some small withdrawals.</p> <p>A new NatWest Business Charity bank account registered to the CIO has been opened, including an Online Banking facility, and our current Gift Aid scheme its being updated. Our Data Protection registration with the Information Commissioner's Office has been renewed.</p>
<p>Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit</p>	<p>Public benefit is always at the forefront of the trustees' minds: the entire focus of the charity is on making provision for the public benefit. Over the past year this has been primarily through the provision of premises as described below. In future it will be through providing funds to support projects designed to benefit local young people.</p>

<p>Policy on grant making</p>	<p>See above; all documentation in the public domain.</p>
<p>Policy on social investment</p>	<p>n/a</p>
<p>Contribution made by volunteers</p>	<p>Overall management and oversight of the premises, including a good deal of hands-on housekeeping, has been undertaken entirely by the trustees on a voluntary basis. BfY itself makes no other use of volunteers. Some of the organisations which make use of our premises include volunteers in their teams.</p>

Achievements and Performance

<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>The activities at the Centre which relate to the public benefit over the past year have been the programmes and services delivered by the organisations which rent the premises. Buxton for Youth has continued to provide safe, well maintained and appropriate premises, at low cost, for other charitable organisations providing services to young people and young adults, particularly those with learning difficulties, mental health issues, social and emotional needs, or challenging behaviour. With the easing of lockdown restrictions, the premises have again been heavily used five days a week.</p> <p>The not-for-profit charitable organisation to have made full daytime use of our premises is Bright Opportunities (a CIC making comprehensive provision for people with learning difficulties). Connex Community Services (an incorporated Charity) which provides some children's support services, including sibling support, occasionally uses the premises in the evening. High Peak Help for Homeless (Company Ltd by Guarantee) has rented office space and access to laundry and shower facilities from us. It is good to report that all these arrangements will be able to continue under the premises' new owners.</p> <p>The benefits of this provision are obvious, both for the service users themselves, who are receiving specialist support and opportunities, but also for their families, their carers and their communities. The user groups have been hugely appreciative of the quality of the accommodation and they are regularly consulted about further improvements. The trustees have been committed to ensuring that the premises meet the needs of all our users and realising this objective has represented our greatest achievement.</p>

Financial Review

<p>Review of the charity's financial position at the end of the period</p>	<p>The expense of maintaining the building has been slightly greater than incoming rental payments, and the administrative requirements surrounding the sale of a commercial premises have attracted some additional expenditure. However, the accounts have continued to show a healthy balance sheet.</p>

The charity's principal sources of funds (including any fundraising)	Our funds have derived primarily from rental income; rental rates are low but the premises are well used. Some income derives from, mostly gift aided, donations. If / when need be, we are able to apply for funds for specific projects from other local charities.
Investment policy and objectives including any social investment policy adopted	The charity has not hitherto invested funds in bonds or equities. However, having taken advice from a financial adviser, the trustees plan to invest the net proceeds of the sale of the premises, rounded up to £200,00, in two managed funds: one medium risk (£100k) and one low risk (£100k). The purpose of these investments will be to build the capital of the charity and over time to fund our new Small Grants programme.
A description of the principal risks facing the charity	<p>Trustees have maintained a comprehensive Risk Register.</p> <p>The two main risks, which no longer applied once the sale of the premises had completed, were:</p> <ol style="list-style-type: none"> 1. The (unlikely) absence of organisations wishing to rent the premises, thereby seriously depleting our income source. However, the charity's funds and other donors would enable a period of rent-free use or non-use of the premises. 2. Given the age of the building, a major structural or maintenance expense; again, the charity's reserves and our ability to call on donors mitigate this risk. <p>The only risk facing the charity in the future, apart from fraud or mismanagement, will be a serious fall in returns on our investments.</p>

<p>Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.</p>	<p>As a result of Covid restrictions and our own planned changes the trustees unusually met seven times in the course of the year, always by Zoom conferencing We have continued to ensure that the premises provide safe and appropriate accommodation and facilities for our user groups, with all routine repairs and minor maintenance works promptly undertaken, and all required annual safety checks and inspections carried out.</p> <p>We have continued to liaise with Bright Opportunities over the whole of the year to ensure a Covid-safe environment for the premises when open to users; and to monitor and maintain the condition of the premises whilst closed as a result of lockdown or other restrictions. Meanwhile significant repair work has been undertaken to restore an effective damp course in a rear external wall and the ground floor has been fully redecorated.</p> <p>A rationale and decision to sell the charity's premises was recorded in last year's Annual Report. As a preliminary to this, the trustees applied to the Charitable Commission for a change of charitable status for Buxton for Youth and this process culminated in the registration of BfY as a Charitable Incorporated Organisations on 25 March 2021. This in turn meant that BfY ceased to be a Company Limited by Guarantee.</p>

<p>Summary of main activities contd/..</p>	<p>In light of our new status, the trustees took steps to open a new bank account under the new charity's details and also initiated an application for an Online Banking facility.</p> <p>The trustees have agreed to sell the premises, all being well, to Bright Opportunities and solicitors have been engaged. This will enable Bright Opportunities, as our current main user, to continue seamlessly their highly valued work with adults with learning difficulties. In preparation for the sale steps have been taken to ensure that all the checks and certification that are required for commercial premises are in place. And agreement has been reached, in principle, with Bright Opportunities for the handover of all key services, certificates, insurances and licences.</p> <p>The intention being, once a sale is completed, for Buxton for Youth to operate as grant-making charity to support projects to benefit small groups of local young people, the trustees have started to draft a set of policies and procedures to underpin this role. Meanwhile the trustees have been taking specialist advice on how best to invest and protect the proceeds of a sale.</p>

Without Buxton for Youth, these organisations would struggle to find suitable affordable accommodation and we can take considerable credit for supporting initially unprofitable projects from their early stages and enabling them to flourish.</p> <p>High Peak Help for Homeless (Company Ltd by Guarantee) also rents office space and access to laundry and shower facilities from us.</p> <p>The benefits of this provision are obvious, both for the service users themselves, who are receiving specialist support and opportunities, but also for their families, their carers and their communities. Buxton for Youth is committed to ensuring that the premises meet the needs of all our users and realising this objective represents our greatest achievement.</p> <p>Unfortunately, Derbyshire Federation for Mental Health decided in July 2021 that they no longer required a base in the premises – as a direct result of home working required by the lockdown. Otherwise, all rental agreements have been renewed on an understanding that Bright Opportunities will continue to honour them once a sale is agreed.</p>

Investment policy and objectives including any social investment policy adopted	The charity does not invest funds in bonds or equities. A current account holds sufficient funds to meet all routine revenue costs and to fund any minor improvements to facilities and resources. Remaining funds are invested in a savings account that best meets the charity's requirements and which offers the best rate of interest available whilst allowing for access in the event of any unforeseen demand.
A description of the principal risks facing the charity	Trustees have drawn up a comprehensive Risk Register. The two main risks are: 1. The (unlikely) absence of organisations wishing to rent the premises, thereby seriously depleting our income source. However, the charity's funds and other donors would enable a period of rent-free use or non-use of the premises. 2. Given the age of the building, a major structural or maintenance expense; again, the charity's reserves and our ability to call on donors mitigate this risk.
