## **Report of the Directors / Trustees**

The Directors / Trustees present their report and financial statements for Ethelburga Early Years Centre (The Company) for the year ended 31 March 2025.

### **Principal activity**

The object and principal activity of the Company is the provision of educational activities to pre-school children in a caring and family orientated environment.

### **Organisational structure**

The company functions as an independent charitable entity, but is also a member of Childcare & Business Consultancy Services (CBCS).

### **Directors / Trustees**

The Directors are also Trustees under charity law. Those Directors / Trustees who held office during the year and subsequently are shown on page 3. The Directors / Trustees have no beneficial interests in the Company.

### **Directors' / Trustees' Responsibilities in respect of the Financial Statements**

The Directors / Trustees are responsible for preparing the Directors / Trustees' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the Directors / Trustees have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law).

Under company law the Directors / Trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the Directors / Trustees are required to: select suitable accounting policies and then apply them consistently; make judgements and estimates that are reasonable and prudent; state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors / Trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## **Report of the Directors / Trustees (continued)**

### **Significant Activities**

The Company has sought to maintain a high quality of service to the children in its care. In particular, there have been regular reviews of the curricular, to ensure that the level and content of the education provided are appropriate and effective.

The expenditure for the year was £302,193 (2024: £ 358,548), compared to an income of £305,116 (2024: £332,758). Therefore the surplus for the year was £2,923 (2024: deficit £25,790).

The parental fee income in the year was lower than the previous year's level, and there were no Grants receivable in the year.

The unrestricted funds at 31 March 2025 were £12,818 (2024: £9,895). The Directors have resolved to maintain reserves in excess of £7,500 in these funds, to ensure that the Company can continue to operate as a going concern.

During the year, the Company (the organisation) continued to provide early years education and childcare in line with its objectives, supported by contributions from volunteers, local community members and partner organisations. Staff development remained a key priority, with team members participating in a range of training opportunities that supported both professional practice and individual growth. The organisation also continued its involvement in the government apprenticeship programme and provided voluntary placements to students from the local adult college. Our childcare development software is being used effectively, and staff have ongoing access to an online training portal to support their continuous professional development.

Occupancy levels fluctuated during the year, which had a corresponding impact on income. These variations have been monitored closely, and steps are being taken to strengthen forward planning and improve consistency in place allocation and engagement with families.

The organisation also incurred costs relating to an agency staffing matter. A payment was made to the agency following a placement and notice-period disagreement. A review concluded that the issue stemmed from a management oversight. In response, management processes have been strengthened, and additional support and training have been provided to ensure improved handling of staffing matters and to reduce the likelihood of similar issues arising in future.

Looking ahead, the organisation will continue to focus on maintaining high standards of quality, supporting the professional development of staff, and achieving sustainable occupancy levels. Governance, financial monitoring and operational oversight will remain central to maintaining the effective delivery of early years provision in the coming year.

### **Guarantees**

Members of the Company guarantee to contribute an amount not exceeding £1 to the assets of the Company in the event of a winding up. The total number of such guarantees at 31 March 2025 was 2 (2024: 2).
