Principal Activity

The principal activity of Children in Hunger during the period under review was the relief of child poverty in Brazil, through the provision of food, education, medical care and clothing.

This year we continued with the emergency food relief for poor families suffering immense hardship due to the COVID-19.

Projects

Children in Hunger funded and managed projects in seven locations in Brazil during the period under review. They were in the city of Fortaleza and the towns of Ipueiras and Macambira, in the state of Ceará. In the town of São Miguel do Araguaia, in the state of Goiás, and the indigenous villages of Barreira Branca, Mirindiba and Cachoeirinha, all in the state of Tocantins.

To date over 9,000 children and young people have benefited from our work.

Chairman's Report

This year, as in recent years, we have found it very difficult raising funds, due to both the ongoing poor economic situation in the UK and Ireland, from where most of our funding comes, plus the problems caused by the Coronavirus pandemic, which is now seen as the priority for most funders.

We also have the added problem of many funders no longer regarding Brazil as a poor country, despite the immense poverty to be found there, and as well as being one of the countries worst hit by COVID-19 pandemic in the world. As well as this, child poverty in Brazil gets no media coverage at all in the UK, despite being a lot worse than in many countries which receive huge media coverage.

This year our income was down from last year to £62,775, but with a continuing strong Pound we have been enabled us to keep ahead of the out of control inflation in Brazil, particularly in Fortaleza, our main area of operation, which has the country's highest inflation.

I am pleased to report that over 9,000 impoverished children and young people have benefited from our work.

As in previous years, our main area of operation is in the city of Fortaleza, located in Brazil's poor north-east region. However, due to the ongoing COVID-19 pandemic we have had to adapt the way our projects operate there.

As last year, for our feeding program, we continue to prepare the food at our project kitchen, and deliver the cooked meals to the children's homes in containers for them to eat there. The children no longer come to our project centre to eat, as in previous years, where they would sit next to each other on long benches at tables to eat.

Last year, due to the pandemic our Education Program was suspended in March 2020, but re-started in December 2020, when the pandemic had started to improve. Then due to another wave of the pandemic it was suspended from March to May 2021. Since the restart we have reduced the number of children in each class, and the children are seated 2 meters apart, and all wear masks, as do the teachers.

We have also continued to supply COVID-19 Emergency Aid for families suffering extreme hardship due to the pandemic in the city of Fortaleza, by way of monthly food parcels and financial support. We started this in March 2020.

Our Vocational Training program remains on hold until we consider it safe to resume this program.

We also continue to run feeding programs in the poor rural towns of São Miguel do Araguaia in the state of Goiás, and in Ipeúras and Macambira in rural Ceará, and for children from the indigenous villages of Barreira Branca, Mirindiba and Cachoeirina, all located on Bananal Island in the state of Tocantins, which can all be carried out easily with social distancing.

I would like to thank our Project Co-ordinators and our small group of dedicated volunteers, both here and in Brazil, for all their hard work throughout the year. I would like to make a special mention to Liduina, our co-ordinator at our Fortaleza projects, who sadly passed away earlier this year from COVID, and to mention her tireless work over the last 20 years.

I would also like to thank everyone who has made donations, both large and small, without whom we would not be able to continue this vital work.

Last but not least, I would also like to thank our Appeal Patron, Phil Collins for all his support throughout the year.
