**THE ARBORY TRUST
TRUSTEES' REPORT
FOR THE YEAR ENDED 31 DECEMBER 2022**

The Trustees present their annual report with the financial statements of the Trust for the period ended 31 December 2022.

OBJECTIVES AND ACTIVITIES

The object of the charity is the provision and maintenance of public burial grounds in the advancement of Christian religion. The Trustees in setting their objectives have had due regard to the public benefit guidance issued by the Charity Commission.

ACHIEVEMENTS AND PERFORMANCE

The popularity of Barton continues. We are using the glades in the North Glebe for Burials and have filled Glade 1 (Hornbeam), Glade 2 (Aspen), Glade 4 (Birch), Crab Apple (Glade 5) and Willow (Glade 3). Spindle (Glade 8) and Oak (Glade 7) and Wayfaring (Glade 6) are now open.

There were in total, 181 burials and 114 interments of ashes in 2022 [195 Burials and 90 Ash internments in 2021]. There was a consistent flow of Funerals throughout the year. There have been relaxed covid restrictions in line with government recommendations.

Burial reservations have not been allowed since 2019. The Trust can retract that decision at any time in the future. People are allowed a reservation when it is booked at time of the burial of their loved one. We seem to be taking more double depth reservations because of this.

The Trust were very grateful to Mrs Pauline Bennett who included The Arbory Trust in her Will. Mrs Bennett generously bequeathed from her estate £108,305. This gift will help maintain the woodland burial ground for years to come.

The Trust anticipates that the number of reservations and interments in 2023 will continue to match if not exceed that of previous years. It is the dedication and cohesion of the whole team, whether employees or volunteers both at Barton and Ely, that contributes hugely to the Trust's success.

The Trustees expect that Glebe Rise in 2023 will be fenced, tracks and parking constructed and planting commenced.

Trustees
Francis Burkitt and Paul Evans have joined the Trust

REVIEW OF THE YEAR

The net surplus for the year amounted to £196,597 (2021 - £138,308).

Risk analysis

The trustees confirm that major risks to which the Trust is exposed are reviewed regularly. The trustees delegate to a Working Group of trustees the task of ensuring that risks are reviewed and managed.

Reserves policy

The Trust aims to hold free reserves sufficient to cover 12 months of charitable expenditure, currently estimated at £ 95,000. At 31 December 2022 the Trust's free reserves were £957,813. The long term aim of the reserves is to enable for future acquisition of land for woodland burials, either at Barton or elsewhere and for site maintenance in-perpetuity.

**THE ARBORY TRUST
TRUSTEES' REPORT
FOR THE YEAR ENDED 31 DECEMBER 2022**

COVID-19 impact on the Arbory Trust

Concerning Covid-19. There have been no operational risks. We still have reduced numbers of attendees and they are limited to the service room only, no standing and any overflow have to stand outside.

Staff do not interact with mourners in the service room and do not play music for the funeral, that is now the responsibility of the funeral directors. This keeps staff safe and away from the volume of mourners.

We still put distance signs up outside the doors on funeral days.

Plans for the future

The plans for the future include the preparation of drawings and applications for an extension to the Service Lodge in order that our families can be seated rather than stand outside.

We also hope to start planting on our newly acquired land north of our site called Glebe Rise in December 2023.

Regarding Covid 19, we will still plan to have safety measures in place including social distancing signs and sanitiser in place around the venue. Signs will be present to remind people to be careful. We will keep the Lodge well ventilated when families are having a service.

STRUCTURE GOVERNANCE & MANAGEMENT

The charity was incorporated as a company limited by guarantee on 11 June 1999 and registered with the Charity Commission on 29 February 2000, charity number 1079635.

Day to day management of the work of the Trust is undertaken by the Manager, under the direction of the working group of Trustees. The working group meets 4 times per year, usually February, April, June and November and the full annual meeting takes place in September.

Appointment of Trustees

The Chairman of the Trust must be a Bishop of the Church of England. Other trustees are appointed to provide expertise in the following areas: land and woodland management; finance; ecological matters; and burial practice of the Christian Church. All of these areas are covered by the current trustees. Upon appointment new trustees are given an induction pack, which includes working group meeting minutes, past issues of the newsletter and the most recent annual accounts, and are invited to attend a trustees meeting before accepting the trusteeship.

INDEPENDENT EXAMINER'S STATEMENT

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- (b) the accounts do not accord with those records; or
- (c) the accounts do not comply with the accounting requirements of section 396 of the 2006 Act than any requirement that the accounts give a "true and fair view" which is not a matter considered as part of an independent examination; or

(c) Expenditure

Expenditure is recognised once there is legal or constructive obligation to make a payment to third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably.

(d) Tangible fixed assets

Land is not depreciated. The Memorial Lodge and its furnishings are depreciated to write off the cost over the estimated useful life of between 10 and 25 years. Computers are depreciated over an estimated useful life of 3 years.

The charity is controlled by the Board of Trustees.

15 PENSION COSTS

The Arbory Trust is part of the Ely Diocesan Board of Finance (DBS) pension scheme. Ely DBF (DBS) participates in the Defined Benefits Scheme section of CWPF for lay staff. The Scheme is administered by the Church of England Pensions Board, which holds the assets of the scheme separately from those of ELY DBF (the employer) and the other participating employers.

CWPF has two sections:

1. the Defined Benefits Scheme
2. the Pension Builder Scheme, which has two subsections;
 - a. a deferred annuity section known as Pension Builder Classic, and,
 - b. a cash balance section known as Pension Builder 2014.

The Defined Benefits Scheme ("DBS") section of the Church Workers Pension Fund provides benefits for lay staff based on final pensionable salaries.

For funding purposes, DBS is divided into sub-pools in respect of each participating employer as well as a further sub-pool, known as the Life Risk Pool. The Life Risk Pool exists to share certain risks between employers, including those relating to mortality and post-retirement investment returns.

The division of the DBS into sub-pools is notional and is for the purpose of calculating ongoing contributions. They do not alter the fact that the assets of the DBS are held as a single trust fund out of which all the benefits are to be provided. From time to time, a notional premium is transferred from employers' sub-pools to the Life Risk Pool and all pensions and death benefits are paid from the Life Risk Pool.

The scheme is a multi-employer scheme as described in Section 28 of FRS102. It is not possible to attribute DBS assets and liabilities to specific employers, since each employer, through the Life Risk Section, is exposed to actuarial risks associated with the current and former employees of other entities participating in DBS. This means that contributions are accounted for as if DBS were a defined contribution scheme. The pensions costs charged to The Arbory Trust SoFA during the year are contributions payable towards benefits and expenses accrued in that year (2022: £740, 2021: £847) plus the figures in relation to The Arbory Trust's share of the DBS deficit highlighted in the table below as being recognised in the SoFA, giving a total charge of £740 for 2022 (2021: £1,383).

If, following an actuarial valuation of the Life Risk Pool, there is a surplus or deficit in the pool, further transfers may be made from the Life Risk Pool to the employers' sub-pools, or vice versa. The amounts to be transferred (and their allocation between the sub-pools) will be settled by the Church of England Pensions Board on the advice of the Actuary.

A valuation of DBS is carried out once every three years. The most recently finalised was carried out as at 31 December 2019. In this valuation, the Life Risk Section was shown to be in deficit by £7.7m and £7.7m was notionally transferred from the employers' sub-pools to the Life Risk Section. This increased the Employer contributions that would otherwise have been payable. The overall deficit in DBS was £11.3m.

The next actuarial valuation is due at 31 December 2022.

Following the valuation, Ely DBF has entered into an agreement with the Church Workers Pension Fund to pay a contribution rate of 23.6% of pensionable salary and expenses of £6,500 per year. In addition deficit payments of £5,692 per year have been agreed for 7 years from 1 April 2021 in respect of the shortfall in the Employer sub-pool. This obligation has been recognised as a liability within Ely DBF's financial statements.

THE ARBORY TRUST
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2022

15 PENSION COSTS (continued)

Section 28.11A of FRS 102 requires agreed deficit recovery payments to be recognised as a liability. The movement in the provision for Arbory Trust is set out below:

	2022 £	2021 £
Balance sheet liability at 1 January	-	-
Deficit contribution paid	-	(536)
Interest cost (recognised in SoFA)	-	-
Remaining change to the balance sheet liability*(recognised in SoFA)	-	536
Balance sheet liability at 31 December	-	-

* Comprises change in agreed deficit recovery plan and change in discount rate between year-ends.

This liability represents the present value of the deficit contributions agreed as at the accounting date and has been valued using the following assumptions, set by reference to the duration of the deficit recovery payments:

	Dec-22	Dec-21	Dec-20
Discount rate	0%	1.5%	0%

The legal structure of the scheme is such that if another employer fails, the employer could become responsible for paying a share of that employer's pension liabilities.
