ANJUMAN-E-BADRI (BIRMINGHAM)

TRUSTEES ANNUAL REPORT

YEAR ENDED 31 DECEMBER 2023

The Trustees are pleased to present their report and the financial statements of the charity for the year ended 31 December 2023.

Structure, Governance and Management

Anjuman-e-Badri (Birmingham) was created by a Deed of Trust on 1 March 2000 by the donation of an initial corpus of £786 by the 52nd Dai al-Mutlaq, His Holiness Dr Syedna Mohammed Burhanuddin (RA). The Trust's registered charity status was confirmed by the Charity Commission on 29 March 2000.

Objectives and Activities

The Trustees shall hold the Trust Fund and its income upon trust to apply them for any charitable purposes for the benefit of the community and in particular the Mumineen of the Dawoodi Bohra Jamaat of Birmingham and in particular for the following purposes:

1. The preaching and practising of the Islamic religion in conformity with al-Quran, Islamic Shariat and the Fatimi (Fatimid) philosophy, culture and traditions, all as interpreted by al-Dai al-Mutlaq.
2. The advancement of education.
3. The relief of need, hardship and distress.
4. The provision and assistance in the provision of facilities for the recreation and other leisure time occupations of the said beneficiaries particularly for women and young people in the interests of social welfare and so their conditions of life may be improved.

The Trustees have paid due regard to guidance issued by the Charity Commission on public benefit when reviewing the Trust's aims and objectives and in planning the Trust's future activities.

The Trustees who served during the year were:

Shaikh Mohamed Hussain Karimjee
Dr Shaikh Turab Maimoon
Shaikh Zulfikar Najmudin Hassanali
Dr Abbas Lohawala
Mulla Zulficar Jalal
Anwar bhai Gulamhussain Luqmanjee
Kourech Abdoulhoussen
Shabbirhussain Mansoorali Vohra

Trustees are appointed by al-Dai al-Mutlaq for a term of five years or as may be determined by al-Dai al-Mutlaq. A Directive from His Holiness Dr Syedna Mufaddal Saifuddin (TUS) appointed a new board of trustees from 07 March 2018. Trustees may be reappointed at the end of a term of five years or new trustees may be appointed as set out in the terms of the Trust Deed. The Trustees have the power to manage, administer and conduct the day-to-day business and affairs of the Trust.

Meetings of the Trustees are held ordinarily once every 3-4 months at which they agree the broad strategy and areas of activity for the Trust, including the consideration of grant/loan making, reserves and risk management policies and performance.

The day to day administration of grants/Qardan Hasana and the processing and handling of applications prior to their consideration by the Trustees (if appropriate), together with the general administration of the charity has been delegated to various subcommittees. The Trustees adhere to all the legislation applicable to them.

Risk management

The Trustees have assessed the major risks the Trust faces in respect of its structure, governance and management, objectives and activities, financial and future plans and identified the major risks by area of activity, the nature of those risks, the likelihood of the risks materialising and the measures taken to manage them. The Trustees review these risks regularly at their meetings and they are satisfied that systems are in place to manage the risks that have been identified, in particular, controls over cash withdrawals and authorisation of invoices.

Policies and procedures for Induction and Training of Trustees

Before appointment, Trustees are generally aware of the responsibilities they will be expected to carry out. They are also given a copy of the Trust Deed that contains the rules of the charity and must familiarise themselves with all procedures set out in the governing document.

Remuneration of Key Management

The Key Management personnel of the charity are the Trustees. The charity's policy is not to remunerate Trustees on the basis of this being the normal practice for charities of a similar size and nature.

Review of Developments, Activities and Achievements

The Trustees consider that the performance of the Trust for the year has been satisfactory. The resources of the Trust have enabled it to satisfy the demands made upon it.

There have been no changes with respect to the aims and objectives of the charity. Since its opening in 2017, the running of Masjid and community centre has been one of the key activities of the charity; in addition to supporting members of the Dawoodi Bohra community.

The Trust continues to make efforts to alleviate hardship within the community through grants and donations which are made at the discretion of the trustees. Representations are made by members of the community through meetings with individual trustees. These are then presented by trustees to the Board of Trustees. The Board then makes its decision accordingly.

The work of the Madrasah (religious school) run by the charity has also continued during the year. The charity received donations of £33,132 (2022 - £33,524) specifically in relation to the Madrasah. The Madrasah helps the charity to fulfil one of its objectives of the advancement of education.

The charity organised and hosted a number of feasts (Niyaz) for the community during the year. Donations of £69,644 (2022 - £61,028) were received from supporters to fund these events, on which the charity incurred expense of £51,557 (2022 - £50,847).

During the year, the charity continued to undertake relevant refurbishment of the properties it manages, which are owned by the Dawat-e-Hadiyah Trust (United Kingdom) on behalf of His Holiness The Dai al-Mutlaq. These properties are let to community members and the general public to generate income for the charity.

As per the Irshaadaat of Syedna Mohammed Burhanuddin (RA) and Syedna Mufaddal Saifuddin (tus), three Qardan Hasana Schemes have been initiated as follows:

- *Mohammedi Scheme* – This Scheme focuses on contributions made by Mumineen at large, collected on significant dates (e.g. on Lailat al-Jumu'ah and Yawm al-Jumu'ah) and on various Mawaaqeet (e.g. Asharah Mubarakah, Urs, etc.). In the Mohammedi Scheme, the contributors are not specifically identified, and receipts are not issued for each individual contribution (except on specific request, in which case the contribution can be forwarded to the Taher Scheme). The Mohammedi Scheme will be perpetual in nature, i.e. once the amount is contributed the amount becomes part of the corpus of the relevant Qardan Hasana Scheme.
- *Taher Scheme* – In the Taher Scheme, all contributions made are acknowledged, and a receipt is issued to the Contributor, thus allowing him to be specifically identified. Like the Mohammedi Scheme, the Taher Scheme is also based on the understanding that contributions made by Mumineen will be perpetual in nature, i.e. once the amount is contributed; the amount becomes part of the corpus of the relevant Qardan Hasana Scheme.
- *Husain Scheme* – Participants in the Husain Scheme are encouraged to give Qardan Hasana through the aegis of the Qardan Hasana Scheme towards the ennobling purpose of benefitting Mumineen in their time of need. The Husain Scheme is based on the premise that Qardan Hasana provided by Mumineen to this Scheme will earn the Mumin Thawaab and will be returnable. Givers to the Husain Scheme will specify a time-period/due date for which they are giving the amount. They are encouraged to commit large amounts, and for longer periods.

At 31 December 2023, the Husain Scheme had attracted £140,154 (2022 - £190,794) of refundable contributions. £8,125 (2022 - £16,335) was contributed through the Mohammedi and Taher Schemes during the year. At the year end, the debtors figure from amounts lent to community members during the year was £76,817 (2022 - £53,513).

TRUSTEES ANNUAL REPORT

YEAR ENDED 31 DECEMBER 2023

Performance against Targets

As a result of the nature of the activities of the charity in its current form, no specific financial targets were set for the year. Rather, the charity sought to maximise the positive impact it had on the community, through the provision of charitable assistance, education, worship and events. It also sought to make refurbishments to the Masjid complex. The Trustees believe that these targets were achieved.

Future Developments

The policies and purposes of the Trust shall continue to be advanced under the provisions of the Trust Deed.

From 2019, the Trust started to rent out the two properties that charity had operated from prior to the completion of the Masjid; the income from doing this is utilised to help fund the running of the Masjid.

In 2021, the Trust completed the process to purchase land for use as a Qabristan (burial ground) located at Essington Cemetery, Bursnips Road, Wolverhampton, WV11 2AF. Donations were received from members of the Dawoodi Bohra community towards the purchase costs. Donations were also received in 2022 and 2023, and the Trust has purchased additional land on the same site in 2023.

Public Benefit

The Trustees confirm that they have paid due regard to the guidance given by the Charity Commission on public benefit.

By fulfilling its objects, the charity has a positive impact on the local community and thus is of public benefit. It supports those in need through the giving of grants and loans, it organises and hosts feasts attended by members of the local community, and the Masjid is a place of worship and social activities for the local community.

TRUSTEES ANNUAL REPORT

YEAR ENDED 31 DECEMBER 2023

Financial Review

The Charity's income increased to £507,388 from £376,973 (2022). The donations for Sabil ul-Khair wal-Barakat and Faiz ul Mawaid il Burhaniyah have increased when compared to last year, which is the key driver for the increase in the income. There was also an increase in donations received for Niyaz (religious feasts) of £8,616 in comparison to 2022. The rental income from the entrusted properties also increased to £23,613 (2022 - £17,530)

The charity's expenditure has increased to £483,041 from £328,348 (2022). The difference is mainly driven by the cost of £60,000 for purchase of the additional Qabrastan land during the year. The repairs and maintenance costs have also increased to £42,436 in comparison to 2022 (£17,199) due to the upkeep of the Masjid complex, and similarly the costs for Light and heat have increased by £22,666 when compared to the prior year. The cost for providing Faiz ul Mawaid il Burhaniyah has increased by £11,274 and there were also more costs incurred in the following categories when compared to 2022: Cleaning and general expenses (increased by £6,782) and Madrasah expenses (increased by £7,377).

The charity achieved a net surplus of £24,347 (2022 – surplus of £48,625), mainly due to the factors mentioned above.

The charity's cash reserves have reduced to £292,276 from £376,126 in 2022. The charity's unrestricted reserves deficit has decreased to £15,241 from £74,995 (2022) and its restricted reserves have reduced from a £106,397 (2022) surplus to £70,990.

The Trustees give regard to the progress made in refurbishment of the Masjid and other properties, the community projects undertaken, as well as the aforementioned financial performance indicators when assessing the charity's success in fulfilling its objects.

Reserves Policy

The charity maintains an unrestricted reserve. The charity's aim is that the unrestricted fund is maintained at a level that will enable the charity to permit it to continue in operation, at current levels of income and expenditure for the foreseeable future. The value of the unrestricted reserve remains negative, as a result of the donation of the Masjid during 2017. As stated in the future developments and going concern section, measures are being taken to increase the income of the charity to reduce this overall deficit year on year.

The restricted funds that existed during the year were in respect of the funding of Qardan Hasana (interest free loans) to community members and the purchase of land for use as a Qabrastan (burial ground). As at 31 December 2023, the charity's restricted reserves were: Qardan Hasana at £70,894 (£62,769 – 2022) and Qabrastan fund at £96 (2022 - £43,628).

Investment Policy

The charity holds no investments other than standard bank accounts; hence it does not have a specific investment policy.

Use of Volunteers

Volunteers help the charity to fulfil its charitable objects. Volunteers, for example, assist in the preparation of meals and organisation of events. No volunteers, other than the Trustees have decision making powers.

Entrustment Directive

The following properties vest in the "the Dai al-Mutlaq" (Corporation Sole) who is the Sole Trustee of Dawat-e-Hadiyah Trust (United Kingdom) (Reg. No. 294807). The Sole Trustee has vide Entrustment Directive dated 21 October 2019 entrusted the said properties to Anjuman-e-Badri (Birmingham) for its administration, supervision and management to facilitate religious, social, charitable, educational and cultural activities of the community and where pertinent to receive rental income.

- 3) House situated at 130 Osmaston Road, Harborne, Birmingham, B17 0TN.
- 4) Community Hall situated at 63A Crosswells Road, Langley, Oldbury, Birmingham, B68 8HH

ANJUMAN-E-BADRI (BIRMINGHAM)

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2023

1. General Information

Anjuman-e-Badri (Birmingham) is an unincorporated charity governed by a Trust Deed. The charity is registered in England and Wales with the Charity Commission. Its registration number is 1080090 and its registered office is Saifee Mosque, 164 Hingeston Street, Birmingham, B18 6PU.

2. Accounting Policies

a) Basis of Accounting

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant note(s) to these financial statements. The financial statements have been prepared in accordance with Accounting and Reporting by Charities; Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective January 2015) – (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities Act 2011.

The accounts (financial statements) have been prepared to give a 'true and fair' view and have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a 'true and fair view'. This departure has involved following Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014 rather than the Accounting and Reporting by Charities: Statement of Recommended Practice effective from 1 April 2005 which has since been withdrawn.

The trust constitutes a public benefit entity as defined by FRS 102.

The financial statements are prepared in sterling, which is the functional currency of the charity, and are rounded to the nearest whole £1. The accounts are prepared for the charity as a single entity.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Charity's accounting policies (see note 3).

b) Going Concern

The trustees consider that there are no material uncertainties about the Trust's ability to continue as a going concern. The charity has large cash balances and a number of measures have been taken to increase income, such as renting of properties and additional donations from community members to help fund the running costs of the Masjid.

c) Incoming Resources

All incoming resources are included in the statements of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. Donations and rental income are included in the statement of financial activities when received. The corresponding gift aid due is included in the relevant fund when receivable.

d) Resources Expended

All expenditure is included on an accruals basis and is recognised when there is a legal or constructive obligation to pay for expenditure. The Trust is not registered for VAT and accordingly expenditure is shown gross of irrecoverable VAT.

Expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.

e) Allocation of support and governance costs

Support costs have been allocated between governance costs and other support costs. Governance costs comprise all costs involving the public accountability of the charity and its compliance with regulation and good practice. These costs include costs related to the independent examination and general accountancy fees.

Support costs have been allocated between activities based on the nature of the costs. In each case, consideration is given to whether the support primarily relates to the general provision of charitable services or to the maintenance and management of the Masjid and other properties.

f) Unrestricted Funds

Unrestricted funds consist of incoming resources received and income generated for the objects of the charity, without further specified purpose, and are available as general funds.

g) Restricted Funds

Restricted funds are to be used for specific purposes. Expenditure which meets these criteria is charged to the fund.

h) Fixed Assets and Depreciation

Fixed assets are initially recorded at cost. Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Fixtures, Fittings and Improvements	- 25% Reducing Balance
Computer Equipment	- 25% Reducing Balance
Motor vehicles	- 33 ¹ / ₃ % Straight Line
Leasehold improvements	- 2% Straight Line

i) Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

j) Cash at Bank and in Hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

k) Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

l) Financial Instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

ANJUMAN-E-BADRI (BIRMINGHAM)

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED 31 DECEMBER 2023

3. Judgements in applying accounting policies and key sources of estimation uncertainty

In preparing the Financial Statements, management is required to make estimates and assumptions which affect reported income, expenses, assets, liabilities and disclosure of contingent assets and liabilities. Use of available information and application of judgement are inherent in the formation of estimates, together with expectations of future events that are believed to be reasonable under the circumstances. Actual results in the future could differ from such estimates.

Owing to the simple nature of the charity's activities, balances and transactions, no significant judgements are made. Consequently, there are not considered to be any areas of the accounts that are considered to be subject to significant estimation uncertainty.
