### Trustees' Report for the year ended 31 December 2022 (continued)

#### Public benefit

The trustees have reviewed the outcomes and achievements of the charity's objectives and activities for the year to ensure they remain focused on the charitable aims and continue to deliver benefits to the public. They have complied with the duty under the Charities Act 2011 to have due regard to public benefit guidance as published by the Charities Commission.

#### Grant-making policy

Historically, grants made by the Charity are in relation to donations received from N.F.F.O. Services Limited. During the year, member groups and producer organisations can make applications for a percentage of the total grant available. Their proportion is calculated on the actual percentage of the total of subscriptions they have paid to The National Federation of Fishermen's Organisation Limited as at the last day of the year of donation. The grants must be for training and/or safety equipment for member fishermen. Grants are authorised by the trustees. The Board of N.F.F.O. Services Limited decided to make a donation of £100,000 to the charity during the year. This payment was received on 31 December 2022.
