Report of the Trustees **for the Year Ended 31 March 2023**

The trustees present their report and financial statements for the year ended 31 March 2023.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charity's governing document, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended for accounting periods commencing from 1 January 2019)

Objectives and activities

The charity's objectives are to mainstream Asian Arts in the South West of England and nationally.

The charity's mission, based in Bristol the Asian Arts Agency supports artists and practitioners to deliver traditional and contemporary South Asian arts, encouraging engagement from all communities and from venues in the South West and nationally.

Our key aims are:

- to encourage high quality South Asian arts practice in mainstream venues
- support professional development of South Asian artists
- bring international South Asian artists to the South West of England
- encourage innovation in South Asian arts practice and developments
- support contemporary, experimental and new work developed by British Asian artists
- celebrate and promote South Asian arts to the whole community
- enable communities to experience and participate in South Asian arts

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

The main activities undertaken to achieve the charity's objectives are the running of various events to allow Asian artists to showcase the Asian culture to all communities in the South West and nationally.

Achievements and Performance

This year the Agency managed to resume delivery of our live performance programme after a long period of lockdown and uncertainty. We delivered 31 live performances which included coordinating music tours and working with festivals and venues both in the South West and nationally. In total our programme involved 56 musicians and 117 freelancers in delivering this work. We presented and toured a range of national and international incoming artistes including the premiere of UK-based Roopa Panaser's new work 'ATMA', presented live in Bristol and at the Barbican London (and released online); tours by World renowned musicians Shahid Pervez (India) and Rizwan Muazzam (Pakistan), nephews of Nusrat Fateh Ali Khan; and UK based violin player Jyotsna Srikanth. There is still some way to go in bringing stability back to our live music programme due to venues struggling with increased costs and re-building audiences after lockdowns, however we saw some encouraging signs of things coming back to a level of normality this year.

A major achievement was our successful Arts Council England application to secure NPO (revenue) funding for the next three years. This will help us to consolidate and increase the scale and depth of our work in future. In particular, the Agency will be able to step up our support for the South Asian music sector through an increase in the number of live performances we present and support; new music commissions; and building on our work in supporting artistes by taking forward new initiatives informed by the Breaking Barriers project.

ASIAN ARTS AGENCY

Report of the Trustees **for the Year Ended 31 March 2023**

New Music Commissions and Support for Artistes

We continued our innovative Breaking Barriers programme which aims to support artistes from a South Asian background. This programme was devised to support musicians through the difficult time they faced due to venue closures and loss of live performance work opportunities during lockdowns. As part of this we launched our new 'Emerge' programme targeted at support emerging musicians and producers; we offered bursaries, training, and mentoring support to 8 musicians to gain a better understanding of the music sector and to plan and building their careers. Six training sessions were run including an introduction to the music sector and other sessions focused on digital marketing; Copyrights and royalties for recorded music; using social media; a final session around production and recording techniques will take place next year at Real World Studios in Wiltshire.

Live events

We delivered major performances with Grammy nominee Sarod player Amjad Ali Khan; UK-based artiste Jason Singh; Roopa Panaser; and arranged national tours with Jyotsna Srikanth; and Sufi artists from Pakistan, Rizwan Muazzam and sitar player Shahid Pervez. Our work was delivered at several venues including St. Georges Bristol, Glastonbury, Southampton, WOMAD Festival, and at King's Place and the Barbican in London. In total we reached audiences of more than 30,000 for our live events.

We also worked with Bristol-based Rythmn Utsav coordinating an event which offered opportunities for children and young people from Bristol to learn and showcase their talent.

Diversity and Inclusion

Addressing and advising on issues related to diversity and inclusion formed a key part of our work and we collaborated with several strategic bodies including Arts Council England; our long-term supporter, Bristol City Council; British Council, and WECA (West England Combined Authority). Led by our Director Jaswinder Singh, several discussions and meetings took places to increase diversity and inclusion in the arts sector.

Use of Digital Technology and Communication

The Agency is responding to the new opportunities offered by working digitally in number of ways. We produced new online content to publish and promote on digital platforms; supported digital production and distribution through Breaking Barriers; and released a new music album with British sitarist Roopa Panaser. Her album entitled Subha (Morning) was an instant hit with the press and media and went straight into top 10 world music albums by Songlines magazine. In addition, we have made greater use of digital technology in promoting and publicising the Agency's work.

Summary

2022/23 has been a year of recovery following the negative impact of Covid on the music industry, particularly, the live music sector. We were able to resume our work in coordinating and presenting World class music to audiences around England; supporting UK-based musicians to create and promote new work digitally and via live performance; touring international artistes of the highest standing; and maintaining the Agency's presence as one of the leading promoter and supporter of South Asian music in the UK. We responded very positively to the challenges being faced by South Asian musicians with a new programme of artists support, which has resulted in several successful outcomes, the full impact of which will be felt over the next few years.

Notes to the Financial Statements **for the Year Ended 31 March 2023**

1. ACCOUNTING POLICIES

Charity information

Asian Arts Agency is a private company limited by guarantee incorporated in England and Wales. The registered office is 4th Floor, Royal Oak House, Royal Oak Avenue, Bristol, BS 1 4GB, United Kingdom.

1.1 Accounting convention

The financial statements have been prepared in accordance with the charity's governing document, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended for accounting periods commencing from 1 January 2019). The charity is a Public Benefit Entity as defined by FRS 102.

The charity has taken advantage of the provisions in the SORP for charities applying FRS 102 Update Bulletin 1 not to prepare a Statement of Cash Flows. The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of freehold properties and to include investment properties and certain financial instruments at fair value. The principal accounting policies adopted are set out below.

1.2 Going concern

At the time of approving the financial statements, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus, the trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives unless the funds have been designated for other purposes.

Restricted funds are subject to specific conditions by donors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

1.4 Incoming resources

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received. Debtors are measured at the amount expected to be received by the charity.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Legacies are recognised on receipt or otherwise if the charity has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

ASIAN ARTS AGENCY

Notes to the Financial Statements - continued **for the Year Ended 31 March 2023**

1 Accounting policies (Continued)

1.4 incoming resources (Continued)

Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the grant conditions will be met and the grants will be received.

A grant that specifies performance conditions is recognised in income when the performance conditions are met. Where a grant does not specify performance conditions it is recognised in income when the proceeds are received or receivable. A grant received before the recognition criteria are satisfied is recognised as a liability.

1.5 Resources expended

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Liabilities are measured at the value of the expected economic outflow.

Expenditure is accounted for on the accruals basis and has been classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to a particular heading, they have been allocated to activities on a basis consistent with the use of resources.

1.6 Tangible fixed assets

Depreciation is provided at the following annual rates, in order, to write off each asset over its estimated useful life. Depreciation is recognised so that to write off the cost or valuation of assets less their residual values over their useful lives on the following basis:

Computers	2 years straight line
-----------	-----------------------

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

1.7 Impairment of fixed assets

At each reporting end date, the charity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated, in order to determine the extent of the impairment loss (if any).

1.8 Taxation

The charity is exempt from corporation tax on its charitable activities.

Pension costs and other post-retirement benefits

The charitable company operates a defined contribution pension scheme. Contributions payable to the charitable company's pension scheme are charged to the Statement of Financial Activities in the period to which they relate.
