## OBJECTIVES AND ACTIVITIES FOR THE PUBLIC BENEFIT

The purpose of the Foundation is the advancement, promotion and encouragement of education, in particular, but not exclusively, for the support of the general educational purposes of Clare College in the University of Cambridge.

## FINANCIAL REVIEW

The Trustees have made a charitable grant of £50,000 (2021: £30,000) to Clare College in the course of the year to support the College's tutorial system in accordance with the terms of the Trust Deed of the Nicholas Hammond Foundation. The Charity's income amounted to £30,853 (2021: £18,411), including new donations of £17,555 (2021: £2,458) received in the year.

The total unrestricted funds available to the Charity at 31st July 2022 were £551,405 (2021: £563,358).

## FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST JULY 2022

## NOTES TO THE FINANCIAL STATEMENTS

## 1. ACCOUNTING POLICIES

## 1.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their financial statements in accordance with the Financial Reporting Standards applicable in the UK and Republic of Ireland (FRS 102) (effective 1st January 2019) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

The Nicholas Hammond Foundation meets the definition of a public benefit charity under FRS 102.

## 1.2 ASSESSMENT OF GOING CONCERN

The financial statements have been prepared on a going concern basis.

The Trustees consider there are no material uncertainties about the Charity's ability to continue as a going concern. The most significant areas of uncertainty that affect the carrying value of assets held by the Charity are the level of the investment return and the performance of investment markets.

## 1.3 INCOME RECOGNITION

All income is included in the Statement of Financial Activities when the charity is legally entitled to the money and the amounts can be quantified with reasonable accuracy.

The following policies are applied to particular categories of income:

**Donations and grants**

Donations and grants are recognised when the charity has been notified in writing of both the amount and settlement date. In the event of a donation or grant is subject to conditions that require a level of performance before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that those conditions will be fulfilled in the reporting period.

Investment income is accounted for when receivable. Tax recoverable relating to investment income is accounted for in the same period as the related income.

## 1.4 EXPENDITURE

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of obligation can be measured reliably.

All expenditure is accounted for on an accruals basis. Charitable support expenses and governance costs include all expenditure not directly related to the charitable activity.

- Charitable grants payable are reflected in the accounts during the year in which the grant was made, and any amounts outstanding at the year end are included in the current liabilities. When grants awarded expire unclaimed they are recredited.

Value added tax is not recoverable by the Charity. As such it is included in the relevant costs in the Statement of Financial Activities.

## FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST JULY 2022

## NOTES TO THE FINANCIAL STATEMENTS

## 1.5 FIXED ASSET INVESTMENTS

Investments are a form of basic financial instrument and are initially recognised at their transaction value and subsequently measured at their fair value as at the balance sheet date using the closing quoted market price. The Statement of Financial Activities includes the net gains and losses arising on revaluation and disposals throughout the year.

The Charity does not acquire put options, derivatives or complex financial statements.

The main form of financial risks faced by the Charity is that of volatility in equity market and investment markets due to wide economic conditions, the attitude of investors to investment risk, and changes in sentiment concerning equities and within particular sectors and sub sectors.

## 1.6 REALISED GAINS AND LOSSES

All gains and losses are taken to the Statement of Financial Activities as they arise. Realised gains and losses on investments are calculated as the difference between sales proceeds and their opening carrying value or their purchase value if acquired subsequent to the first day of the financial year. Unrealised gains and losses are calculated as the difference between the fair value at the year end and their carrying value. Realised and unrealised investment gains and losses are combined in the Statement of Financial Activities.

## 1.7 CREDITORS

Creditors are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors are normally recognised at their settlement amount after allowing for any trade discounts due.

## 1.8 TAXATION

As a charity, The Nicholas Hammond Foundation is exempt from tax and grants falling within section 505 of the Taxes Act 1998 or section 252 of the Taxation of Chargeable Gains Act 1992 to the extent that these are applied to its charitable objects. No tax charges have arisen in the year.
