REPORT OF THE TRUSTEES

STRUCTURE, GOVERNANCE AND MANAGEMENT

Trimsaran Family Centre is a charity governed by a constitution as adopted 15th February 2001. It is registered as a charity with the Charity Commission.

The aims and objects of the charity are "to develop at a local level the skills and nurturing capacity of families, parents and carers so that the well-being and life chances of their children are enhanced."

Appointment of Trustees

Trustees are appointed as set out in the Memorandum and Articles of the company. Professionals and service users within the community, who have a personal interest in the charity, are invited to join the management committee. Nomination forms are completed and applicants are voted onto the committee as appropriate. Committee members can also be co-opted when appropriate.

OBJECTIVES AND ACTIVITIES

The object of the charity is about prevention and early intervention.

The constitution states the two objects as

1. The preservation and protection of health and the relief of distress within family relationships by the provision of a resource and advice centre and by the education of the public in good parenting skills.
2. The provision of facilities for recreation and other leisure time activities for and in the interests of social welfare with a view to improving conditions for life.

The charity works in partnership with parents and carers. It empowers them in order to better cope with family life and therefore gives their children a better start in life.

The Aims of the Family Centre is to ensure children:-

- Have a flying start to life.
- Have a range of education and learning opportunities.
- Enjoy the best possible health, free from abuse.
- Have access to play, leisure and cultural activities.
- Are listened to and respected and have their identity recognised.
- Have a safe home and community.
- Are not disadvantaged by poverty.

The objectives for the next year are to continue to:-

- Provide a safe, warm and welcoming environment.
- Provide access to various play equipment and activities.
- Offer training and support to families.
- Provide opportunities to go on trips and outings.
- Provide open-door policy where everyone is welcomed.
- Continue outreach work to identify isolated families.

Every year we continue to see children's social skills develop which better prepares them for school. The children who attend the Family Centre will often be attending school together so they already know each other. Numbers have declined recently possibly due to the change of location and venue and also the introduction of flying start which offers a two and a half hour session a day of crèche provision for every 2 year old living in a flying start area, however even though our numbers are affected it is an excellent provision that we welcome and are more than happy to work along side.

At the Family Centre staff provide a safe quality service. We provide an opportunity to access information and other services that they may require in order to meet their individual needs. We offer support to parents while caring for their children and try to relieve stress and anxiety within the family. Through questionnaires and evaluation forms parents have told us that through attending the Family Centre, their families have gained:-

- Improved social and support networks.
- Improved skills on positive parenting.
- Improved relationships.
- Improved resilience.
- Increased confidence and self-esteem.
- Increased access to community resources.

TRIMASARAN FAMILY CENTRE**REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 31 MARCH 2022 Cont'd****Public Benefit**

Trimsaran Family Centre has become a community hub for all. We continue to be a free access service that provides sessions for families with children however during 2020 as we were all in the depths of the pandemic it became obvious that we needed and more importantly could extend our provision out into the wider community. As part of the community we were able to get really involved with meals on wheel, the food bank and groups with the older generations. The open door policy that we practice encourages equal opportunities and promotes inclusivity through a wide variety of sessions and activities. We have reached out deep into the community for experience and skills that we can all share. The Centre is very often a first point of contact for many and because we work closely with other like-minded organisations we can direct residents and families to the right service when needed.

ACHIEVEMENT AND PERFORMANCE

During this year we supported 52 families by providing weekly themed activity bags that kept the families occupied and promoted family time. We were awarded lottery money to purchase resources to deliver this project during 2021. The monthly themed activities were a positive step to keep all the family involved as many of the activities needed parental supervision. Many reported as the restrictions were in place it allowed them the time to spend with their children but were grateful for ideas and resources.

As restrictions were lifted, we were able to provide sessions with limited numbers with all guidance in place following government guidelines. 42 families continued to attend 4 morning sessions of play and chat sessions. These were sessions that encouraged families to socialize again, it was also an opportunity for mums that had had babies during lockdown to introduce their babies to social settings and new faces. This was something that proved to be quite a task but eventually we did overcome some fears and phobias.

As well as supporting our existing families we were able to reach out to many residents with doorstep deliveries and distanced chats. We continued to support families with food surplus pick up deliveries and we also supported local residents with the delivery of hot food which the local cafe provided. This was welcomed more than ever. We collected food donations and shopping from foodbanks and supermarkets to distribute to residents that were unable to leave their homes. We also picked up weekly shopping and delivered medical supplies and medicines in the community to whoever needed. This proved to be a lifeline to the older generation and people who were living alone.

During the summer holidays we provided outdoor play sessions which were all very well attended, and we also went on an outing each week to explore the outdoors. We carefully chose venues that were free to not put a strain on families; beaches and parks where we played games, did scavenger hunts, and had lovely picnics. We worked together with the community council to deliver Christmas gifts from donations that had been provided and also food items to many who were still feeling vulnerable, isolating or fearful of going out and about when lockdown was eased before Christmas.

During this pandemic it has become even more apparent that Trimsaran is a close knit community and the strength within community groups is truly reassuring which has validated our place in village life. We believe that we have played an integral part in emotionally and physically supporting our residents keeping the community connected. We were privileged to be able to keep connected with our families and other residents. We feel part of a local network that is a support mechanism for families living locally who depend on us. We are fortunate that we have excellent working relationships in the wider community who support the work that we do.

FINANCIAL REVIEW

Reserves Policy

Trimsaran Family Centre has reviewed the risks that might occur and feels that reserves are necessary to enable the service to continue in the event of the loss of a major grant. The trustees feel it would be important to ensure that the service could continue at the same level of provision for between 6 – 9 months following the loss or discontinuation of funding to enable time to secure alternative provision. At 31 March 2022 the reserves available to the charity were £18,179.

STATEMENT OF TRUSTEES RESPONSIBILITIES IN RELATION TO THE FINANCIAL STATEMENTS

The trustees are responsible for preparing a trustees' annual report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the charity trustees to prepare financial statements for each year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing the financial statements, the trustees are required to:

- Select suitable accounting policies and then apply them consistently;
- Observe the methods and principles in the applicable Charities SORP;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with the Charities Act 2011, the applicable Charities (Accounts and Reports) Regulations, and the Provisions of the Trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.
