WENSLEYDALE RAILWAY ASSOCIATION (TRUST) LIMITED

COUNCIL OF MANAGEMENT REPORT (INCLUDING DIRECTORS' REPORT)

FOR THE PERIOD ENDED 31 MARCH 2022

The Members of Council present their annual report and financial statements for the period ended 31 March 2022.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charity's Memorandum and Articles of Association, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (effective 1 January 2019).

Objectives and activities

The objectives of the Trust in 2021/22 continued as follows:

1. To advance the education of the public in all matters related to the Wensleydale Railway between Northallerton in the county of North Yorkshire and Garsdale in the county of Cumbria (herein after called "the railway") and railways and public transport in general and integrated public transport in particular.
2. To advance and conserve the heritage of the railway, and railways in general, for the benefit of the public.

Aims

Our aim is to maintain the Wensleydale Railway as a heritage railway in full working order. The full length of the railway from Northallerton to Garsdale is almost 40 miles but only 22 miles (from Northallerton to Redmire) currently has rails.

The ultimate aim is to re-open the full length of the railway, but this is very much a long-term plan.

Currently trains operate between Scruton and Leyburn. Extensive permanent way works have been required on the track and fencing. Much of the work has been carried out by volunteers but major restoration works will need to be done by contractors.

We raise funds through appeals, membership fees, grants and general donations to pay for materials and contractors and how much we can do depends on how successful we are in raising funds.

Our progress is measured by the amount of funds raised coupled with the length of railway restored and operational.

Achievements and performance

Heritage and Education Programme

Although the effects of the pandemic have continued to impact on previously outlined plans, the gradual improvement in conditions has allowed the NHLF funded programme to continue, particularly with the restoration of the station house at Leeming Bar. A Steering Committee was set up and an Evaluator was appointed. A process followed to monitor and support the CEO and Graduate Trainee with The Activity Plan. In-depth research has been a priority to ensure the authenticity of the interior of Station House, and this also formed the basis of all activities. Objects and artefacts were sourced, volunteer interpreters were recruited and trained to escort visits. The most successful part of the Activity Plan has up to this point been the Digital Talks via Zoom, which were very well attended. People joined from as far away as Munich and Toronto! Train services ran from Bedale to Leeming Bar and Scruton allowing visitors to experience both of the Trust's restored properties with Interpreters dressed in period costume. These services were very successful as the restrictions were eased allowing families to enjoy days out. The Trust staff have continued to work to develop the facility at Leeming Bar and the plan for a programme of school visits has successfully begun.

Training

Training has been successfully resumed and is now completed on line.

Fundraising

Grants received during 2021/22 were from:

- *Hambleton DC for Changing Places Room* £5,000
- K A Anderson Metal £114 for our Environmental Project
- Hambleton DC for a graduate trainee £5,000
- Mondegreen £37,500 for our new toilets.

We also continued to receive staged payments of the National Lottery Heritage Fund grant for the renovation of Leeming Bar Station House and creating a Heritage Education Programme based at the station. During the year we received £60,468 with a further £49,889 available in 2022.

We had three major fundraising appeals during the 15 months of the costing period (1/1/21 to 31/3/22). They raised respectively:

Shopping List: £35,826

Infra Appeal 2021: £45,798

Full Steam Ahead: £37,083

A total of £118,707 which is a very impressive and very welcome boost to our income.

We also received, in total, donations of £245,216, including a magnificent £100,000 from a couple in memory of their mother.

We are, as ever, deeply grateful to our very many supporters and members for raising this amount which enabled us to survive the pandemic and to look forward to hopefully better times ahead.

Volunteering

Our newly appointed Volunteer Coordinator, Clare Bell, has worked hard to improve the number of volunteers available in all areas of the business. Whilst we are still well below the numbers prior to the pandemic, we are starting to see new faces amongst the returning volunteers and training is being developed and offered to those wishing to acquire new and enhanced skills appropriate to their area of activity.

Volunteers have continued to be the mainstay of our organisation being involved in all aspects of the heritage railway.

Membership

We went through an extremely difficult period with membership renewals in February and March 2022.

Our membership Secretary, Bob Mordey, very sadly and unexpectedly died shortly before Christmas 2021. Bob was the mastermind behind the new membermojo system and was the only person who understood it and knew how to, operate it. Coupled to that it was when the new membership categories and fees had to be introduced. Finally, there was a need to launch the Full Steam Ahead Appeal to pay for the MK2 coaches which we had agreed to buy.

All this created some chaos and inevitably mistakes were made in the implementation of the new rates and categories. We can only apologise for that as we struggled to make sense of the system and operate it adequately.

Thankfully we are through that period and with the appointment of Patsy Illingworth as our new Membership Secretary and the efforts of our Fund-Raising Manager, we have stabilised the membership figures and there is now evidence of an incremental growth in then numbers.

Financial review

For the period ending 31 March 2022 the combined value of the Association's funds was £877,762 (2020 - £895,617), of which £764,373 (2020 - £712,380) are fixed assets leaving net current assets of £113,389 (2020 - £183,237).

Restricted funds totalled £14,798 (2020 - £134,216) a large reduction primarily due to the continued work in relation to Leeming Bar Station and the issue of grants to the Plc towards the purchase of two MK2 coaches and designated funds were £14,204 (2020 - £15,537).

The income for 2022 was £454,160, less than in 2020 (£732,951) due to NHLF grants, and the Emergency Appeal received in the previous year.

The main expenditure was on Leeming Bar Station House (£128,799) but significant support was also given to the Railway (£249,148) for Infrastructure, Rolling Stock, equipment, and training.

The Trust maintains its policy of having reserves set at between three- and six-months expenditure which we feel confident will be sufficient to carry us through any short-term crisis.

Financial Performance

We are dependent on voluntary giving and grants for our funds. We have a wide network of donors but clearly we are dependent on the strength of the economy for the level of support we receive.

Funding sources

These are principally our members and supporters through membership fees, regular donations, and periodic appeals.

We also have been successful in attracting significant grant funding from various sources.

Investment Policy

Beyond an adequate contingency fund (enough to keep us solvent for 6 months), we do not have investments.

FOR THE PERIOD ENDED 31 MARCH 2022

Principal Risks

The maintenance of an adequate level of fund raising and number of volunteers. We have recruited a Fundraising Manager and a Volunteer Co-ordinator to prevent any serious shortfall in funds or volunteers.

The Council actively reviews the major risks which the Trust faces on a regular basis and believes that maintaining reserves at current levels, combined with an annual review of the controls over key financial systems, will provide sufficient resources in the event of adverse conditions. The Trust has no debts.

Objectives for 2022/23

- Continue to support the railway, advancing its heritage for the benefit of the public.
- Build the resilience of the railway through working with the Plc to develop and deliver joint Business and Marketing Strategies.
- Further develop and roll out heritage interpretation programmes
- Increase membership of the Trust
- Increase the number, skills and retention of volunteers

The Trust continues with its work to support the activities of the Wensleydale Railway and advancing its heritage for the benefit of the public. We have survived the difficulties brought about by the Coronavirus (Covid-19) epidemic and resulting lockdown, but it has had a significant negative effect on our progress.

The restoration of the Leeming Bar Station House and fitting out the interior in 1920's style has been largely completed. Transfer of the ownership of Leeming Bar Station House from the PLC to the Trust was completed in May 2020.

A new toilet block for the station which includes Changing Places provision has been completed and has been very well received.

The development of the Heritage and Education programmes will continue at Scruton and Leeming Bar. The Joint Business Development Plan sets out the ambition to set each of our stations in different eras and provide a journey through time.

Work on the restoration of a number of Mk2 coaches, and on track maintenance will also continue. Fencing has emerged as a particular issue and a significant amount will be restored or replaced, including fitting kissing gates for pedestrian crossings.

Structure, governance and management

The company is a Registered Charity and a company limited by guarantee. The objects and powers of the charitable company were established by its Memorandum of Association, and it is governed by its Articles of Association.

1.3 Going concern

At the time of approving the financial statements, the Members of Council have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the Members of Council continue to adopt the going concern basis of accounting in preparing the financial statements.

1.4 Charitable funds

Unrestricted funds are available for use at the discretion of the Members of Council in furtherance of their charitable objectives.

Designated funds comprise funds which have been set aside at the discretion of the Members of Council for specific purposes. The purposes and uses of the designated funds are set out in the notes to the financial statements.
