Our Aims and objectives

Purposes and Aims

Our charity, "Charismatic Renewal Ministries UK" is a Christian Church and Ministry promoting and supporting overall advancements of our communities in harmony with Christian beliefs.

Ensuring our work delivers our aims

We review our aims, objectives and activities to examine what we achieved and the outcomes of our work in the previous year. The review looks at the success of each key activity and the benefits they have brought to those groups of people we are set up to help.

The review also helps us ensure our aim, objectives and activities remain focused on our stated purposes. We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aim and objectives and in planning our future activities.

In particular, the trustees consider how planned activities will contribute to the aims and objectives they have set.

The focus of our Mission in the period under review

Our main objectives for the year continued to be the promotion of a system of congregational activity which ensures that all, not some Christians are taught, trained, equipped, activated and released to demonstrate the love of God in their families and communities through practical teaching from the Bible and application of biblical principles. The strategies we used to meet these objectives included:

1. We have provided a spiritual formation process which enables lay persons to grow in the faith and ultimately serve God rather than be inactive but have positive impact in the society.
2. This spiritual education that is offered by CRM is designed to help everyone regardless of their educational background. In this regard we actively cooperate with other Christian congregations and ministries to ensure that the widest possible spectrums of people have access to the services in locations closest to their homes.
3. Charismatic Renewal Ministries, UK continued to be active in Local, national and International Evangelism, Discipleship and supporting local churches to build up capacity to carry out the Great Commission. Accordingly, the Charity supported missions to Nigeria, and other parts of the world through involvement with the International Ministers Fellowship.

In summary, Charismatic Renewal Ministries, UK has actively contributed to the practice of Christian Faith in the United Kingdom through active promotion of our mission.

How our activities deliver public benefit

Most of our charitable activities focus on making available free bible resources that makes it possible for Christians to be active in serving the Saviour Jesus and the country by being law abiding. In addition, we provide public benefit through these specific ways:

- Providing an enabling environment for the practice of Christianity in a way that glorifies God and blesses the community. This information is made available, free of charge, to everyone who desires without any restriction.
- Through our research and teaching ministry, the Church in the United Kingdom now has available, a proven method through which for all Christians can productively practice their faith as priests, instead of being a dormant laity.

The main areas of charitable activity remains the provision of a cutting edge programme through which Christians cease to be passive members of congregations/Churches but rather are transformed, The activities and the achievements that flow from our work are having wider impact far beyond those who receive them directly from our service delivery.

FINANCIAL REVIEW

The Charity's statement of financial activities for the Year ending 31 December 2023 showed that we managed the charity successfully despite unpleasant economic downturn in the sector and finishing with a surplus for the current year of £7,232 which was an increase of £19,571 on last year's final figure of £12,340 deficit. This surplus was as a result of increase in income and decrease in the cost of charitable activities above last year's figures. Also, the stability of the organisation's key members in the last few years have contributed to steady growth; membership drive schemes which are being developed will enhance stability and steady growth in the coming years.

The Charity's income was £69,599 for the year ended 31 December 2023 compared to £63,604 in the year ended 31 December 2022. The total expenditure amounted to £62,367 for the year ended 31 December 2023 compared to £75,943 in the year to 31 December 2022. The fund balance carried forward at 31 December 2023 was £79,071 compared to £71,839 in the year ended 31 December 2022. There were no restricted funds to be carried forward in 31 December 2023. The full Statement of Financial Activities is set out on page 11 of these accounts.

Principal Funding Sources

The principal funding sources for the charity is currently by way of voluntary income through tithe and offerings from the members. As a result of increasing constraints on one source of income, the Charity could consider broadening its sources of income including surplus from events and grants as required.

Reserves policy

The organisation's current reserves policy is simply to maintain sufficient cash flow for known commitments.

Investment policy and performance

Our available resources have been needed on an ongoing basis because of an active ministry. For this reason, there are no investments as yet. There has been a determined effort to have designated fund as reserve that will be invested into building accommodation. The policy is reviewed regularly.

Following the closure of Porter's House, the assets were fully donated to another charity with similar vision and objects. Porter's House closure by the management was due to unavoidable restructuring exercise necessary for the group to achieve its long term objectives.

PLANS FOR THE FUTURE

The charity plans to continuing the activities outlined above in the forthcoming years subject to satisfactory funding arrangements. These are specific benchmarks we would like to attain before the next annual report is due:

1. Reaching the society with the gospel of Christ
2. Reaching out to the emotional trodden and disturbed through organised programmes
3. Working with the Local Authorities to identify youth challenges and help with developing talents.
5. Academic Support: Summer School to support Youths. Free Mathematics Homework Club for secondary students.
6. In the various congregations of Charismatic Renewal Ministries, UK, we would like to support more brothers and sisters who are going through difficult times
7. We will aim to provide support to some Local charities.
8. Expanding our Talent Show projects.
9. Reaching the community through existing Charities and Governmental organisations.

Structure, Governance and Management

Governing Document

Charismatic Renewal Ministries is a Pentecostal Church founded in UK. It is unincorporated and governed by its constitution (for unincorporated associations) adopted on 25th July 2000 and lastly amended on 22nd November 2009. The Church is governed by the board of trustees comprising six members which meet regularly in a year to administer the charity. The members who served on the board throughout the year under review are named on page 3.

The Board of Trustees is the governing body responsible for the activities of the organisation. The role of the Board is to provide accountable leadership and direction as required by law, to set clear objectives, establish priorities, safeguard assets and use them effectively and exclusively for their purpose.

Trustee Induction and Training

Our trustees are already familiar with the best practice as directed by the Charity Commission

- The obligations of Management Committee members.
- The main documents which set out the operational framework for the charity including the Constitution
- Resourcing and the current financial position as set out in the latest published accounts.
- Future plans and objectives of the charity itself.

Risk Management

The Management Committee has conducted a review of the major risks to which the charity is exposed to. We have a risk register in place and update it at least annually. Currently, we are experiencing a huge drop in our income streams; our immediate plan to mitigate the risk is to improve our membership drive and engagement. Procedures are in place to ensure compliance with health and safety of the members and visitors to our programmes. Also, we review such procedures regularly and ensure their effectiveness.

Organisational Structure

Charismatic Revival Ministries has a Management Committee of up to 6 members who meet quarterly and are responsible for the strategic direction and policy of the charity.
