

TREASURERS REPORT 2020-2021

Once more we spent part of the year in lockdown which massively impacted our

ability to raise funds.

We continued to operate to the best of our ability during this period and rehoming continued.

We were able to hold a sponsor night in August and this was our first opportunity to raise funds.

ENTAIN have been very supportive of our charity and our commitments to our rehoming kennels

at Clarks Farm during this difficult time.

We are extremely grateful for the support they have given us which eased the financial pressure

Which in turn has Friends of Crayford Retired Greyhounds finish the financial year in a strong position.

Friends of Crayford Retired Greyhounds would like to say a massive thank you to ENTAIN

And all its supporters: Stadium management, Trainers, Owners, Members of the public who

Without their invaluable support Friends of Crayford Retired Greyhounds would be unable

to continue to find Furever Homes for our amazing athletes when they retire from Crayford

THANK YOU

We look forward to continuing our quest in this ever changing world where Greyhound Welfare is Paramount

CHAIR REPORT AGM 2020/2021

I am happy to report that slowly, but surely, all matters concerning our fundraising activities are beginning to return to normal. At this stage we are not quite up to pre-pandemic levels, but it has been encouraging to be able to hold fundraising activities once again.

In August we were able to hold our sponsored race day over a Saturday morning and evening with great success.

I would like to thank, on behalf of our charity, the support of Crayford Stadium and Entain, as without their cooperation we would not have achieved the continuing successes we have to date. Their financial contribution and commitment are of great benefit to the greyhounds.

The GRS scheme from the GBGB continues to develop in ensuring the greyhounds are successfully transitioned to retirement from their racing lives. To this end we continue to raise funds to assist our approved homing kennels.

I would like to take this opportunity to thank the FOCRG team who have been working tirelessly behind the scenes, albeit remotely, to ensure we keep a raised profile both at the track and social media platforms.

AGM HOMING REPORT FOR 2021

The scope of this report encompasses the latter Covid-19 months when we were unable to attend the track during most of this period. That said, encouragingly our homing numbers have remained static throughout this time.

*For the year October 2020 to September 2021, we have processed **164** hounds for homing.*

We have seen an increase in the movement of greyhound trainers leaving and joining Crayford Greyhound Track, and in the short term at least, this impacts on our homing figures. In many cases new trainers already have their homing requirements met by using their existing contacts. This inevitably means that our pool of trainers to draw from becomes much smaller, and more 'Crayford' hounds are being homed elsewhere.

It appears right now that homing kennels are reporting a slowing down in demand and pre-pandemic numbers are looming. Some kennels haven't managed to make it through these hard times, which in turn means our options are somewhat depleted.

We continue to support Clark's Farm as our main homing kennels and, on their behalf, I would like to thank the management team at Crayford, Ian Smyth and the generous retail board at Entain for their support and commitment to welfare.
