Summary of the objects of the charity set out in its governing document

AIM: The mission of FOMO is to provide and enhance the health, education, shelter, and meet the basic human needs of all orphaned and vulnerable children of Mulanje.

OBJECTIVES:

- To raise the standards of, and provide continuity of care and education to all Mulanje's orphaned children.
- To integrate the orphaned children in the local community by fostering or adoption.
- To raise awareness about issues related to FOMO's activities.
- To enable FOMO Mulanje, to be self-funding through business ventures.
- To involve the local and greater community in FOMO's activities.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Friends of Mulanje Orphans (FOMO): FOMO was established in 2000 to aid Orphans in Mulanje, a district of Malawi, Africa. The seeds of the idea for the formation of FOMO stemmed from the many harrowing stories relayed back to Mary Woodworth from her friends and relatives still living in her home village in Mulanje. During a visit early in 2000, Mary and Keith were able to see and hear of the desperate plight of many of the local Children.

Determined to make the idea of FOMO a reality, Mary contacted relatives and friends who over the years had been helping many orphaned children. From this small beginning FOMO became a reality and aims to provide and enhance the health, education, food security, meet the basic human needs and develop the potential of all the needy and orphaned children of Mulanje.

The sad reality is that there are too many children in need of help and too few local families that can afford to help. Though there are many high profile agencies within Malawi they seem unable to address the immediate, local, one to one help that FOMO is committed to provide.

From small beginnings FOMO has grown and now looks after over 3,500 children through a network of 14 centres covering over 85 villages in Mulanje district of Malawi.

FOMO is seen as a success by the children, local committees and officers, (DC, TA's, Police, health workers, social services etc), FOMO works by assisting and working with the communities using the traditional values and structures that have served the population in what can only be describes as better time.

FOMO in the UK is run by a small board of trustees whose main work is to raise funds and awareness of the children's situation. Additionally the FOMO UK is responsible for controlling these funds, identifying and facilitating the needs of FOMO Mulanje.

FOMO Mulanje's day to day activities are run by a small number of employees, project officer, accountant, playschool teacher, matron plus round 70 local volunteers, that help out with the general day to day functions, cooking, sport, gardening club, bees, chickens, choir etc. Each of the 14 centers has a locally elected volunteer committee who are responsible for the day to day running of their centre and they are also responsible for identifying and assessing children in need.

The bridge between FOMO UK and FOMO Mulanje is mainly through our founder Mary, who is in a special position in that she understands Malawi, speaks the language, has a clear view of the injustices and knows how to motivate the local population, and generally is an inspiration and example to us all.

With an eye on the future FOMO, run a secondary school, 14 playschools, a Clinic, a driving school, a computer school and a tailoring school/outlet. We, when funds are available, sponsor further education for the volunteers and children.

Respective responsibilities
of trustees and examiner

The charity's trustees are responsible for the preparation of the accounts. The charity's trustees consider that an audit is not required for this year under section 43(2) of the Charities Act 1993 (the 1993 Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts under section 43 of the 1993 Act,
- to follow the procedures laid down in the general Directions given by the Charity Commission (under section 43(7)(b) of the 1993 Act, and
- to state whether particular matters have come to my attention.

Basis of independent
examiner's statement

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair' view and the report is limited to those matters set out in the statement below.

Independent examiner's
statement

In connection with my examination, no matter has come to my attention (other than that disclosed below *)

Summary of the objects of the charity set out in its governing document

AIM: The mission of FOMO is to provide and enhance the health, education, shelter, and meet the basic human needs of all orphaned and vulnerable children of Mulanje.

OBJECTIVES:

- To raise the standards of, and provide continuity of care and education to all Mulanje's orphaned children.
- To integrate the orphaned children in the local community by fostering or adoption.
- To raise awareness about issues related to FOMO's activities.
- To enable FOMO Mulanje, to be self-funding through business ventures.
- To involve the local and greater community in FOMO's activities.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Friends of Mulanje Orphans (FOMO): FOMO was established in 2000 to aid Orphans in Mulanje, a district of Malawi, Africa. The seeds of the idea for the formation of FOMO stemmed from the many harrowing stories relayed back to Mary Woodworth from her friends and relatives still living in her home village in Mulanje. During a visit early in 2000, Mary and Keith were able to see and hear of the desperate plight of many of the local Children.

Determined to make the idea of FOMO a reality, Mary contacted relatives and friends who over the years had been helping many orphaned children. From this small beginning FOMO became a reality and aims to provide and enhance the health, education, food security, meet the basic human needs and develop the potential of all the needy and orphaned children of Mulanje.

The sad reality is that there are too many children in need of help and too few local families that can afford to help. Though there are many high profile agencies within Malawi they seem unable to address the immediate, local, one to one help that FOMO is committed to provide.

From small beginnings FOMO has grown and now looks after over 3,500 children through a network of 14 centres covering over 85 villages in Mulanje district of Malawi.

FOMO is seen as a success by the children, local committees and officers, (DC, TA's, Police, health workers, social services etc), FOMO works by assisting and working with the communities using the traditional values and structures that have served the population in what can only be describes as better time.

FOMO in the UK is run by a small board of trustees whose main work is to raise funds and awareness of the children's situation. Additionally the FOMO UK is responsible for controlling these funds, identifying and facilitating the needs of FOMO Mulanje.

FOMO Mulanje's day to day activities are run by a small number of employees, project officer, accountant, playschool teacher, matron plus round 200 local volunteers, that help out with the general day to day functions, cooking, sport, gardening club, bees, chickens, choir etc. Each of the 14 centers has a locally elected volunteer committee who are responsible for the day to day running of their centre and they are also responsible for identifying and assessing children in need.

The bridge between FOMO UK and FOMO Mulanje is mainly through our founder Mary, who is in a special position in that she understands Malawi, speaks the language, has a clear view of the injustices and knows how to motivate the local population, and generally is an inspiration and example to us all.

With an eye on the future FOMO, run a secondary school, 14 playschools, a Clinic, a driving school, a computer school and a tailoring school/outlet. We, when funds are available, sponsor further education for the volunteers and children.

Summary of the objects of the charity set out in its governing document

AIM: The mission of FOMO is to provide and enhance the health, education, shelter, and meet the basic human needs of all orphaned and vulnerable children of Mulanje.

OBJECTIVES:

To raise the standards of, and provide continuity of care and education to all Mulanje's orphaned children.

To integrate the orphaned children in the local community by fostering or adoption.

To raise awareness about issues related to FOMO's activities.

To enable FOMO Mulanje, to be self-funding through business ventures.

To involve the local and greater community in FOMO's activities.

Friends of Mulanje Orphans (FOMO): FOMO was established in 2000 to aid Orphans in Mulanje, a district of Malawi, Africa. The seeds of the idea for the formation of FOMO stemmed from the many harrowing stories relayed back to Mary Woodworth from her friends and relatives still living in her home village in Mulanje. During a visit early in 2000, Mary and Keith were able to see and hear of the desperate plight of many of the local Children.

Determined to make the idea of FOMO a reality, Mary contacted relatives and friends who over the years had been helping many orphaned children. From this small beginning FOMO became a reality and aims to provide and enhance the health, education, food security, meet the basic human needs and develop the potential of all the needy and orphaned children of Mulanje.

The sad reality is that there are too many children in need of help and too few local families that can afford to help. Though there are many high profile agencies within Malawi they seem unable to address the immediate, local, one to one help that FOMO is committed to provide.

From small beginnings FOMO has grown and now looks after over 3,500 children through a network of 14 centres covering over 85 villages in Mulanje district of Malawi.

FOMO is seen as a success by the children, local committees and officers, (DC, TA's, Police, health workers, social services etc), FOMO works by assisting and working with the communities using the traditional values and structures that have served the population in what can only be describes as better time.

FOMO in the UK is run by a small board of trustees whose main work is to raise funds and awareness of the children's situation. Additionally the FOMO UK is responsible for controlling these funds, identifying and facilitating the needs of FOMO Mulanje.

FOMO Mulanje's day to day activities are run by a small number of employees, project officer, accountant, playschool teacher, matron plus round 200 local volunteers, that help out with the general day to day functions, cooking, sport, gardening club, bees, chickens, choir etc. Each of the 14 centres has a locally elected volunteer committee who are responsible for the day to day running of their centre and they are also responsible for identifying and assessing children in need.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The bridge between FOMO UK and FOMO Mulanje is mainly through our founder Mary, who is in a special position in that she understands Malawi, speaks the language, has a clear view of the injustices and knows how to motivate the local population, and generally is an inspiration and example to us all.

With an eye on the future FOMO, run a secondary school, 14 playschools, a Clinic, a driving school, a computer school and a tailoring school/outlet. We, when funds are available, sponsor further education for the volunteers and children.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
