Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

We provide care and education for children between the age of 2 – 4 years of age through the medium of Welsh. Children start at the setting term following their second birthday, they are given the opportunity to communicate and socialise with children of the same age, teaching them to share, take turns and develop on their early years skills. We also offer learning through play opportunities within different play areas. Children are given the opportunity to follow Foundation Phase aims and objectives during 10 hours education a week at the setting. We have been working on the new Curriculum since September 2021, recently received a training so that we are in the process of changing over to the new way of learning. We also offer ‘wrap around care for children that attend the nursery class at the school. Where they choose to attend extended hours to their entitlement.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Cylch Meithrin Maesincla receives most of its funding through Gwynedd Council – Flying Start offering free childcare for children that live within the catchment area of Maesincla and The Childcare offer for Wales. This enables the Cylch to employ enough staff to meet National Minimum Standards ratio of 1:4 for 2:3 year olds, 1:8 for 3:4 year olds. Funding gives the children the opportunity to receive early years education and a variety of different fun and learning experiences. The Cylch also follow the strategies of Foundation Phase which enables the children to learn through play in different play areas offering in both indoor and outdoor classroom. These experiences help the children to develop and be confident when they are ready to start nursery class. We also offer free Childcare offer for Wales which enables qualifying parents to receive further 20 hours childcare addition to their 10 hours education. The Cylch provides care and education for over 70 children on a daily basis between 4 settings. We work closely with different agencies on a regular basis –

We work along side Additional Learning Needs to ensure all relevant parties involved with each child and it's families are invited to meetings via zoom / teams to share reports, strategies and support that are offered to each family. All attendees are then invited to fill relevant information on each child's individual One Page Profile, parents have also access to the one page profile and can share their views with regards to what works at home and what doesn't work so well.
