Twinkle Trust Animal Aid has sadly been forced to make the very tough decision to scale down some of our activities. After more than 27 years we can no longer provide a rapid response service, this includes dealing with many request's for our help with emergency trapping, urgent runs to the veterinary clinics, nursing and fostering . The last 2 years have been a struggle for frontline volunteers and the burden has taken a tole on our physical health.

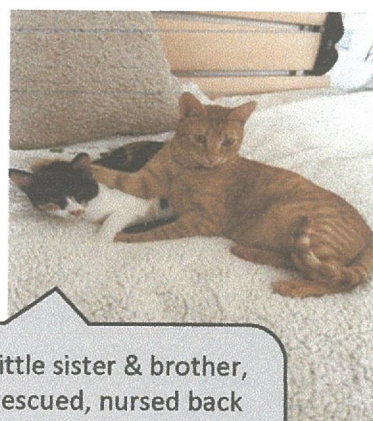

As much as possible, we still provide assistance with homing and veterinary treatments for the homeless cats and kittens, plus thanks to our compassionate and loyal local volunteers we are still supplying and maintaining our many cat café's (feeding stations) that provide essential fresh food and water for the homeless cats, this includes checking on the local cat colonies. In addition we are still neutering stray and abandoned cats when finance and volunteers are available. This has always been our primary objective since Twinkle began back in 1995.

We have been very fortunate and found some wonderful loving homes for many of our rescued cats and kittens, this has been such a blessing and we are incredibly grateful to all of those that helped achieve the impossible.

Just some of the work we carried out in 2022

Successfully trapping an injured cat, then spotting another bundle of cuteness in the other trap 🐱. Its always too tempting with the nice fresh sardines for the cats we've already helped in the past not to have a nibble.

Little sister & brother, rescued, nursed back to health. Now in a loving true forever home.

Just 8 of the MANY lucky ones we've managed to catch, treat against fleas and worms and neuter. They're all so adorable.

One of our many cat cafés, with a nice donation of cat biscuits left outside for the homeless cats.

A family of nervous and very hungry young cats we managed to "Twinkle".

Twinkle Trust Animal Aid like many charitable organisations found the financial year during the pandemic challenging but we managed to continue with our work. We were able to provide over 1000 kilos of dry food to those that feed the homeless cats but were unable to afford to purchase it themselves as they normally would, as well as needing a much bigger stock of food ourselves due to many cats and kittens being abandoned and needing our help. We continued to provide emergency care, as well as urgent neutering to many cats that would otherwise have faced great hardship to feed themselves as well as new litters of kittens. We are very grateful to those that volunteered to help supply our cat feeding cafés and to those that fostered or adopted many vulnerable cats and kittens during such difficult times.

Just some of the work we carried out in 2021.

Abandoned kittens after lots of TLC waiting for a safe, loving home to call their own.

Neutered, ready for supper & recovery before release.

Feeding at closed down hotel.

Wonderful volunteer stocking up the biscuits.

Emergency boxes and food for La Palma

Activities and Objectives

Despite the ongoing situation with the Coronavirus pandemic the activities of Twinkle Trust Animal Aid continues. Our main aim is to spay and neuter as many homeless and abandoned cats as possible by carrying out trap, neuter and release campaigns, in addition we have, and will continue to provide aid to helpless cats, be they stuck up the top of a tree, stuck down an unused drain, sick or injured. As always our objective when saving sick and injured cats and orphaned kittens, is to provide the best care and veterinary medical treatment so that once the animal has recovered, if they cannot be released for a variety of reasons we search for responsible new homes when ever possible. With the help of regular volunteers and some new volunteers we have achieved a great deal, and prevented many thousands of unwanted kittens from being born in the last year.

We are pleased to report that for the first time the veterinary college collaborated with our charity and provided funding for the neutering of cats for a period of 2 months, this was a huge success and a great step in the right direction for progress. Talks have already began regarding further help in the following years. We continue to provide fresh dry food and clean water at over 20 feeding points for the homeless cats that we monitor and care for.

A few of the lucky cats we have managed to help over the 12 months.

Thirsty and hungry work for both volunteers and the friendly felines
