Detailed Statement of Financial Activities	18 to 19

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 30 September 2021. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The objectives of the Trust are to protect and promote the health of the public in particular by:

- a) the investigation of the causes of cancer and the prevention, treatment, cure and defeat of cancer in all its forms;
- b) the advancement of scientific and medical education and research in oncology and all topics related to cancer;
- c) the furtherance of any other charitable purpose for the relief of persons suffering from cancer.

Public benefit

The directors confirm that they had due regard to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Charity's aims and objectives and planning future activities.

The directors achieve this by research into various forms of cancer, publishing their work and conducting lectures and seminars.

ACHIEVEMENT AND PERFORMANCE

The Mount Vernon Marie Curie Research Wing Trust charity sits within the NHS framework; and therefore as a whole, our research activities have continued for the small teams of research staff conducting applied research into various forms of cancer on behalf of a number of organisations, both public and private. This can include trials of new drugs or treatments which will provide material benefit to many cancer sufferers

Generally, The Marie Curie Research Wing Trust charity has continued working throughout the Covid-19 pandemic and associated lockdowns during the accounting year 1st October 2020 to 30th September 2021. At the beginning of September 2021, in the UK, social contact legal limits were changed with a view to return to normal working. Patient recruitment activities continued, however clinical trial monitoring visits were restricted by the Trust and a number of staff continued to work from home where applicable.

The current trials we participate in are listed as follows:

- 1) National and international trials in early and metastatic breast cancer
- 2) Clinical trials in prostate cancer evaluating new drugs in collaboration with pharmaceutical industry partners
- 3) Clinical trials in prostate cancer evaluating new radiotherapy schedules
- 4) Clinical trials in prostate cancer evaluating new brachytherapy schedules
- 5) Clinical trials in prostate cancer evaluating salvage brachytherapy
- 6) Clinical trials in bladder cancer evaluating new radiotherapy schedules and drug combinations
- 7) Clinical trials in head and neck cancer evaluating new radiotherapy schedules and drug combinations
- 8) Clinical trials in head and neck cancer evaluating new drugs in collaboration with pharmaceutical industry partners

The Fighting Breast Cancer campaign led by Dr Makris and Dr Miles has also received generous donations during this period and is still an active campaign.

There is a continual flow of publications from this work:

In 2020/21 there were 55 peer review publications arising from this work

Zoom & Team on-line meeting facilities provided the basis for network lectures and seminars during the pandemic which included the following:-

- 1) National lectures at the Royal College of Radiologists in London, the British Gynaecological Cancer Society and the British Institute of Radiology
- 2) Lectures at the universities of Oxford, Cambridge and Manchester
- 3) Lectures at international meetings in Europe, USA, Australasia, Sri Lanka, and India

FINANCIAL REVIEW

Financial review

The operational gain of £38,401 (2020: £2,305), before the net gain of £130,226 (2020: £118,862 loss) on investments, is regarded as satisfactory in view of the nature of all fields of the Trust's operations and the current economic situation.

The nature of research is cyclical and the policy of the Trust is not to commit to employing research staff until there is certainty of funding for the project. Due to the specialised nature of the Trust's activities, finding the right persons to undertake research can take some time.

This is emphasised by the net assets of £1,569,931 (2020: £1,401,304), which is sufficient to cover current and forecast commitments.

Investment policy and objectives

Investments are made for mixed income and modest capital appreciation. The overall objectives are to create sufficient income and capital growth to enable the charity to carry out its purposes consistently year by year with due and proper consideration for future needs and the maintenance of and if possible, enhancement of the value of the invested funds while they are retained. Both capital and income may be used at any time for the furtherance of the charity's aims. No direct investment is made in tobacco or alcohol companies.

Reserves policy

The policy of the Trustees is to ensure that sufficient funds are available to meet at least one year's anticipated unrestricted expenditure. At 30 September 2021, general reserves amounted to £318,131 (2020: £279,437) which is significantly above this level.

Risk statement

The Trustees have undertaken a risk assessment and it is considered that all perceived risks to which the Trust is exposed have been identified and, where appropriate, steps in mitigation have been taken.

Due to the fragmented nature of its activities and of the industry procedures, contracts and commitments tend to accrue to the individual consultants rather than the Trust itself. The areas covered are Operational and Clinical (failure to fulfil commitments), Location (NHS reorganisation) and Financial (funding problems). The Trust's risk assurance framework is reviewed at least annually.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

Recruitment and appointment of new trustees

The trustees keep themselves informed of current issues and if necessary extra training is arranged as and when needed.

The continually changing nature and requirements of cancer research requires the Trust to consider the appointment, induction and training of suitably qualified directors.

STATEMENT OF TRUSTEES' RESPONSIBILITIES

The trustees (who are also the directors of The Mount Vernon Marie Curie Research Wing Trust for the purposes of company law) are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing those financial statements, the trustees are required to

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charity SORP;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- there is no relevant audit information of which the charitable company's auditors are unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

AUDITORS

The auditors, Xeinadin Audit Limited, will be proposed for re-appointment at the forthcoming Annual General Meeting.

Report of the Trustees
for the Year Ended 30 September 2021

This report has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

Approved by order of the board of trustees on 29TH JUNE 2022 and signed on its behalf by:

.....

Dr R Alonzi - Trustee

Opinion

We have audited the financial statements of The Mount Vernon Marie Curie Research Wing Trust (the 'charitable company') for the year ended 30 September 2021 which comprise the Statement of Financial Activities, the Balance Sheet and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 30 September 2021 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Report of the Independent Auditors thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Report of the Trustees for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Report of the Trustees has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the Report of the Trustees.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the trustees were not entitled to take advantage of the small companies exemption from the requirement to prepare a Strategic Report or in preparing the Report of the Trustees.

Responsibilities of trustees

As explained more fully in the Statement of Trustees' Responsibilities, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Our responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of the Independent Auditors that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud.

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Discussions with and enquiries of management and those charged with governance were held with a view to identifying those laws and regulations that could be expected to have a material impact on the financial statements. During the engagement team briefing, the outcomes of these discussions and enquiries were shared with the team, as well as consideration as to where and how fraud may occur in the entity. The following laws and regulations were identified as being of significance to the entity:

- Those laws and regulations considered to have a direct effect on the financial statements include UK financial reporting standards, Company Law, Tax and Pensions legislation, and distributable profits legislation.
- Those laws and regulations for which non-compliance may be fundamental to the operating aspects of the business and therefore may have a material effect on the financial statements include health and safety legislation, Companies Act 2006, Charities SORP, GDPR.

Audit procedures undertaken in response to the potential risks relating to irregularities (which include fraud and non-compliance with laws and regulations) comprised of: inquiries of management and those charged with governance as to whether the entity complies with such laws and regulations; enquiries with the same concerning any actual or potential litigation or claims; inspection of relevant legal correspondence; review of board minutes; testing the appropriateness of journal entries; and the performance of analytical review to identify unexpected movements in account balances which may be indicative of fraud.

No instances of material non-compliance were identified. However, the likelihood of detecting irregularities, including fraud, is limited by the inherent difficulty in detecting irregularities, the effectiveness of the entity's controls, and the nature, timing and extent of the audit procedures performed.

Irregularities that result from fraud might be inherently more difficult to detect than irregularities that result from error. As explained above, there is an unavoidable risk that material misstatements may not be detected, even though the audit has been planned and performed in accordance with ISAs (UK).

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our Report of the Independent Auditors.

Report of the Independent Auditors to the Members of
The Mount Vernon Marie Curie Research
Wing Trust

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

These financial statements have been prepared in accordance with the provisions applicable to charitable companies subject to the small companies regime.

The financial statements were approved by the Board of Trustees and authorised for issue on 29.06.22 and were signed on its behalf by:

P Hoskin - Trustee

A Makris - Trustee

R Alonzi - Trustee

The notes form part of these financial statements

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention, with the exception of investments which are included at market value, as modified by the revaluation of certain assets.

In preparing the accounts, the Trustees have assessed that the charity will remain a going concern for at least the next 12 months. The Trustees do not consider that there are any material uncertainties in this respect.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Grants

Grants are included in the Statement of Financial Activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the balance sheet. Where income is received in advance of meeting any performance-related conditions there is not unconditional entitlement to the income and its recognition is deferred and included in creditors as deferred income until the performance-related conditions are met. Where entitlement occurs before income is received, the income is accrued.

Donations

Donations are recognised on a receivable basis (where there are no performance related conditions), where it is probable that the income will be received and the amount can be measured reliably.

Legacies

Legacy gifts are recognised on a case by case basis, following grant of probate when the administrator or executor for the estate has communicated in writing both the amount and settlement date. In the event the gift is in the form of an asset other than cash or a financial asset traded on a recognised stock exchange, recognition is subject to the value being reliably measured with a degree of accuracy and title to the asset having been transferred to the charity.

Investment income

Dividends received from investments held are recognised once the dividend has been declared and notification has been received.

Interest received from investments held are recognised on an accruals basis, with any amounts entitlement to and not received being accrued.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

1. ACCOUNTING POLICIES - continued

Fund accounting

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Financial instruments

Investments

All fixed asset investments are measured at fair value through the Statement of Financial Activities.

Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

Creditors

Short term trade creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2. INVESTMENT INCOME

	30.9.21	30.9.20
	£	£
Other investment income	45,914	39,774
Deposit account interest	<u>36</u>	<u>414</u>

14. MOVEMENT IN FUNDS

The restricted funds below, are funds held by the Trust on behalf of Consultants and applied for their research projects. When funds are received for a specific consultant, they are allocated the relevant Consultants fund under Restricted Funds. Any other funds, non-specific, are allocated to the General fund, under Unrestricted Funds.

The Development fund is a grant based fund to cover general administration expenses and staff development. Cyberknife and Head and Neck Funds are restricted for specific treatments and can be used by named fund holders.
