DOVER RETAIL CRIME OPERATION
REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 28 FEBRUARY 2023

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 28 February 2023. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The objects of the charitable company are the promotion of crime prevention and education measures within the designated area of Dover, Deal and Sandwich in conjunction with the police, other statutory authorities, community and voluntary organisations; the protection of people and property; the prevention of criminal acts by the encouragement of greater public participation in the prevention of crime and the provision of educational information and practical assistance to the community.

The trustees confirm that they have complied with the duties in Section 4 of the Charities Act 2011 to have due regard to the Charity Commission's general guidance on public benefit. We have referred to the guidance in the Charity Commission general guidance on public benefit when reviewing our aims and objectives and in planning our future activities. In particular, the trustees consider how planned activities will contribute to the aims and objectives that they have set.

The charitable company operates under the names:

Dover Partnership Against Crime
Deal Partnership Against Crime
Sandwich Partnership Against Crime

ACHIEVEMENT AND PERFORMANCE

Achievements during the period

The Board of Dover Retail Crime Operation (known as "DPAC") is currently made up of 9 directors (or trustees) who give their time voluntarily. This year we welcomed two new members to the Board of Directors. We employ a part-time co-ordinator.

During the reporting period, in addition to the Annual General Meeting, we have held four Board Meetings. As it is important that we continually look at how we are doing financially, one of the first items discussed at each of these meetings are the partnership's level of income, expenditure and bank balance figures, which are clearly detailed in our minutes. The main source of DPAC's funding remains through the hire of radios and membership payments.

In addition to this income, our co-ordinator is always on the lookout for any additional funding that may become available to us. This year we secured a grant from Dover District Council's Community Grant Scheme.

At the end of the year, we took the decision to write off some long outstanding debts (of around £750) which were deemed uneconomic to pursue, either because the debtors had long left the area or fallen upon hard times.

We recognise that trading remains difficult this year for all our members. This is because of the cost-of-living crisis and the high level of inflation. Generally speaking, wage increases are not in line with the very high inflation figures. Interest rates are also rising. It is around 14 months since Russia invaded Ukraine and whereas the conflict was supposed to last 3 months, according to President Putin, no end is yet in sight!

It is because of these factors that we have maintained membership fees at the same level as in previous years. At the start of the year we moved financial records to a cloud-based accountancy software system.

However, under these difficult conditions, I am pleased to report that our membership numbers remain consistent and in line with those of last year. We lost one member and gained one.

We currently have in total 65 day-time and 25 night-time members.

We have 110 radios out on hire and 20 of these are in the hands of our partners.

DOVER RETAIL CRIME OPERATION
REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 28 FEBRUARY 2023

This year we changed our website to the new DISC software system which keeps DPAC in line with all other Business Crime Partnerships in Kent. The platform which we had used for many years, provided by Whyte Studio and which was at the heart of DPAC, finally had to change. All but three Partnerships kept the old system. This created some different challenges for us.

Firstly, there was the matter of training. The old 'Whyte Studio' platform that we all knew and understood was changed for a system that, at the start, we knew very little about. Our co-ordinator had the lion's share of this work, but the Treasurer also helped significantly.

Secondly, came the task of populating and commuting our existing records, away from the old system and publishing to the new. Everyone was issued with new Log On's. The way we display our offender's galleries and update incident records is different from the way we have done this historically. This was quite a big project and sat at the heart of DPAC's challenges this year. The transition has gone quite well.

There is now a wealth of information that is updated daily and which is easy for everyone to access via a desktop or mobile app. A weekly newsletter summarises gallery changes made during the previous week and highlights alerts, news and future events. There is also a Key Performance Indicator section that monitors the changes, so data on performance and information to our members is far more readily available.

In January 2023 we introduced a new 'Extraordinary Exclusion', in line with our member's wishes, and we have one currently in force. Our normal exclusions are for a period of 12 months, but for the most prolific and serious offenders our members felt that after a 12-month period these people would offend again, often straightaway. In such instances we are now able to exclude for a maximum period of 36 months (3 years). Any person excluded can still 'Appeal' an exclusion. In these cases DPAC are obliged to review and re-examine the offender's records, statements and other possible evidence (e.g. CCTV) to come to a final decision.

There are clear guidelines for all exclusions and warnings that can be issued to individuals.

Currently we have a total of 34 exclusions in place with 28 being night-time economy and 6 being day-time economy. This is a moving beast as these figures are only a snap shot in time as current exclusions expire and new ones come into force.

Last year we reported a total of 41 exclusions (9 day-time, 32 night-time) at roughly the same time of the year.

FINANCIAL REVIEW

Reserves policy

The trustees understand the need to retain sufficient reserves to be able to continue with the charitable company's objectives and meet liabilities as they occur. Income reserves at 28 February 2023 amounted to £34,290 (2022 - £23,579) of which £1,025 (2022 - £1,202) was restricted.

FUTURE PLANS

We plan to continue to develop and promote the website to further improve participation and communication.

We plan to grow the partnership locally and explore ways in which we can expand into more rural areas which are seeing an increasing level of crime.

We plan to investigate the use of new technology which is able to link mobile phone technology with traditional radio to increase our area of cover.

With the increasing level of knife crime attacks, we plan to encourage our members to hold and train to use 'bleed control kits' to support their staff and customers who may become victims of such incidents. We will also investigate any opportunity to make available 'public access bleed control kits' through grant funding.

1. accounting records were not kept in respect of the Company as required by Section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of Section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 28 FEBRUARY 2022

ACHIEVEMENT AND PERFORMANCE

Achievements during the period and plans for the future

We are finally free from the various government imposed Covid restrictions but we are not free from Covid and it very much sounds as if Covid is here to stay and continue to hamper economic progress not just locally but also nationally. It does feel as if we are going to need to learn to live with Covid. This virus continues to change and adapt becoming more transmittable, but thankfully slightly less deadly. It has impacted on every business and every one's life. We are finally starting to get back to some form of normality with our day-time and night-time economies.

The main source of DPAC's income is the membership and rental for radios which we have 102 currently out and in use. We have a further 19 radios in the hands of our partners; the Police and Dover District Council. Our coordinator Karen is always searching for any grants or funding that may be available for crime partnerships and over the past couple of years we have been extremely careful with our finances. During this last year we have issued 41 exclusions and issued two warning letters. These can be further broken down into day and night time economies which are 9 and 32 respectively. Day is mostly in relation to shoplifting or attempted theft and night is mostly for poor and unacceptable behaviour. The only appeals we have had have been in relation to poor behaviour of which there have been 9. The DPAC appeal process requires us to review all of the information that we have and in the vast majority of cases the exclusion is upheld.

DPAC are currently taking part in the 'Best Bar None' accreditation scheme for our pubs and this requires each pub to be assessed by a licencing team and a certificate issued. DPAC are on the steering committee and will help set out the criteria for each pub. DPAC will also be inviting hoteliers to take part in 'Op Makesafe'. This is a training course being run by Kent Police and is about targeting child exploitation. This is a pilot scheme in Kent and we will be working with our neighbour FPAC (Folkestone Partnership Against Crime).

One of our big successes this year has been as a result of information sharing: A PC in Deal sent in an image of a male who apparently had been carrying out bulk thefts in a major shopping supermarket in Deal. DPAC regularly share their data with other BCRP's in Kent and one of the other Partnerships recognised the offender and were able to supply DPAC with a name and date of birth. DPAC shared this information and when he visited another town he was recognised immediately by the CCTV operators and was arrested. It transpired that he was already wanted by Kent Police!

The Chairman has now had an opportunity to attend a number of Pub-watch meetings and the meetings are always well attended by the Partnerships and by the local pubs and hotels. They are sometimes held in Deal and sometimes in Dover; the actual venues vary each month. Because these meetings are well attended they are always lively, and very full of topical issues. There is always genuine and sincere concern about the individuals that cause the main issues. However, in terms of the large number of people that these pubs and hotels serve it is surprising that the same few troublesome names come up with unfortunate poor unacceptable behaviour.

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 28 FEBRUARY 2021

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 28 February 2021. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The objects of the charitable company are the promotion of crime prevention and education measures within the designated area of Dover, Deal and Sandwich in conjunction with the police, other statutory authorities, community and voluntary organisations; the protection of people and property; the prevention of criminal acts by the encouragement of greater public participation in the prevention of crime and the provision of educational information and practical assistance to the community.

The trustees confirm that they have complied with the duties in Section 4 of the Charities Act 2011 to have due regard to the Charity Commission's general guidance on public benefit. We have referred to the guidance in the Charity Commission general guidance on public benefit when reviewing our aims and objectives and in planning our future activities. In particular, the trustees consider how planned activities will contribute to the aims and objectives that they have set.

The charitable company operates under the names:

ACHIEVEMENT AND PERFORMANCE

Achievements during the period and plans for the future

It has been an extraordinary year.

DPAC, its board and members have lived through three lockdowns. All apart from essential retailing has been shut down for most of the year and hospitality has been closed down. Our first lockdown arrived near the end of March 2020 and lasted approximately three months with only essential retail remaining open. Travel restrictions have been in place and everyone had been told to stay at home, only allowed out for exercise and essential travel. Holiday destinations have been closed down and air travel abroad was restricted. The Covid pandemic has, to a large degree, wiped out all the economic activity locally and nationally.

In April 2021 DPAC and its members gradually came out of the third lockdown. We are aiming to open up and start trying to normalise trading shortly. Hospitality will be the last to come back on line which is expected to be mid June.

The Covid pandemic has had a significant impact on DPAC, all its members and the general public. It is not yet clear who will survive the closures and as retail and hospitality teams come back to work from being furloughed, there will be many difficult decisions that need to be made. Not all businesses will be able to survive the year. DPAC relies on membership fees and revenue from the rental of radios, and we are always aware if there are any grants or funding available. As income stopped, our expenditure also had to stop. All crime partnerships have had similar issues.

The radios have not been in use for many months so we expect and anticipate a need to spend more on maintenance for servicing radios and replacing batteries etc. We are now in a transition period as DPAC systems and processes gradually come back to life. It will be some time before normal retail and hospitality trading. As DPAC issues exclusions normally for a period of twelve months, the vast majority have reached their normal termination time.

DPAC has been offered support from DDC community services and the Police although it is not yet clear what shape this support will take.

The chairman, coordinator and treasurer have had "teams" meetings monthly and board meetings have taken place every quarter, again using "teams". Physical meetings had been suspended because of the need to socially distance. There is a full board meeting at the end of April which will allow the board members to review the last twelve months and also decide how DPAC should proceed in the coming months / years.
