Leeds Asylum Seekers Support Network

Trustees' report (continued) for the year ended 31 March 2025

Why does LASSN exist?

Leeds Asylum Seekers' Support Network was set up in 1999 to respond to the pressing unmet needs of refugees and asylum seekers living in Leeds.

Most of the people we work with have experienced acute isolation, mental health issues, language difficulties and immense uncertainty over their asylum claim.

Our Charitable objects

According to our governing document, the charity's objects are to

"to relieve asylum seekers and refugees in need, hardship and distress by reason of their social and economic circumstances... including the advancement of education, relief of poverty and the preservation and protection of good health in the Leeds Metropolitan District."

In other words

We support asylum seekers and refugees who are experiencing hardship, poverty, or distress because of their social and economic circumstances. We do this by helping to improve their education, health, and wellbeing, and by providing practical support to reduce poverty and isolation.

Our Vision

LASSN's vision is that refugees, asylum seekers and other migrants will be safe, respected, supported and empowered to rebuild their lives free of persecution.

What are our goals?

LASSN wants refugees, asylum seekers and other migrants to be:

- **SUPPORTED** and relieved from hardship and distress. We want local people to be central to this support.
- **EMPOWERED** to rebuild their lives and fulfil their potential. We want individuals and communities to have a voice and to influence the communities they live in.
- **INTEGRATED** and safe in their new environment in Leeds. We want Leeds to be a place of welcome and understanding for the general public, organisations, politicians, and policymakers to understand how to collaborate with asylum seekers, refugees, and other migrants to make this happen.

Leeds Asylum Seekers Support Network

Trustees' report (continued) for the year ended 31 March 2025

How do we achieve our goals?

- By treating refugees and asylum seekers with respect and recognising the value they bring to LASSN Leeds and the UK.
- By listening to refugees and asylum seekers, so that our work reflects their priorities and concerns.
- By working in ways that empower refugees and asylum seekers, and which enable local people to feel more confident about welcoming and supporting them.
- By teaming up with other organisations, so refugees and asylum seekers get the help they want.
- By involving volunteers, who are essential to everything we do and who also benefit from the experience of helping others.

LASSN's main activities in 2024/25

- **English at Home** pairs volunteer tutors with asylum seekers and refugees who can't attend mainstream English classes. The project helps people improve their English, build confidence, and work towards their personal goals.
- We provide **Information and raise awareness** of the realities of seeking refuge in the UK. We tackle prejudice and encourage understanding by sharing information through our websites, social media, learning materials, and by working with local groups and campaigns, or through our work with Healthy Communities Together
- **Hosting and Houses** (previously Grace Hosting) provides safe accommodation for destitute asylum seekers. People stay either with a volunteer host or in one of LASSN's shared houses (Grace, Eva, or Kay House). Having a secure place to stay helps people recover from homelessness, focus on their asylum claim, attend appointments, and feel part of the community.
- The **Hardship Fund** offers one-off cash payments (up to £75) to people facing homelessness or destitution during the winter. This money can help cover food, clothing, medicine, or travel to essential appointments. We run the fund with six other refugee support organisations, so help reaches those with no other income.
- **Welcome and Connect** helps asylum seekers and refugees settle into life in Leeds in ways that work for them. Volunteers support people to take part in education, sports, work, arts, and cultural activities. We also organise social events and visits to places of cultural and historical interest to boost confidence and encourage integration.

Leeds Asylum Seekers Support Network

Trustees' report (continued) for the year ended 31 March 2025

What does success look like?

We know we're making a difference by

- the number of people who get one-to-one support from a volunteer.
- the number of people who set goals for themselves and achieve them.
- the number of people who volunteer with LASSN and elsewhere.

In addition, at **English at Home** and **Welcome and Connect**, we also count

- the number of people who try something new or connect with other support in the community.
- The number of people who tell us they no longer need our help because they've achieved their goals.
- The number of people who find specialist support through us.
- The number of hours of support our volunteers give.

Hosting and Housing aims to maximise

- the number of homeless asylum seekers with a safe place to stay—either with a host or in one of our shared houses.
- the number of nights of accommodation we provide.
- the number of people who find a suitable alternative to our accommodation
- the number of people moving into Home Office Accommodation.

Success in our Information and Awareness work and the Hardship Fund is harder to measure. Instead, we track how many people we reach, how much money we give out, and how widely we share helpful information.

Achievements in 2024 and priorities for the coming year/future periods

English at Home			
Beneficiaries (Direct)	Beneficiaries (indirect)	Number of volunteers	Overall cost (£)
98	261	93	£127,950
<ul style="list-style-type: none"> • Ninety-three tutors spent 1,750 hours (equivalent to 220 working days) teaching 98 people English. • One-to-one sessions enabled learners to make friends, pass the <i>Life in the UK</i> and B1 tests for Citizenship, pass driving tests, speak with teachers at parents' evenings, make GP appointments, teach sewing to others, attend bakery courses, support other refugees and asylum seekers arriving in the area and much more! • 14 training and support sessions ensured Tutors had a place to share skills, learn from one another, and reflect on how they help people learn. • 95% of learners said they were more confident to speak English after learning with their teacher. • LASSN tutors helped 45 people take college courses or attend mainstream ESOL classes. • Learners were connected with volunteering opportunities to practise their English, including working with older people, in a charity shop, assisting at a creche, in a food bank and retail. • We continue to provide references for volunteers and learners taking up employment. 			

Leeds Asylum Seekers Support Network

Trustees' report (continued) for the year ended 31 March 2025

Priorities for the coming year/future periods
<ul style="list-style-type: none"> • Maintain a similar number of learners and volunteers. • Continue to develop the Online learning resources. • Develop volunteer training and skill shares in line with volunteer feedback. • Seek funding to maintain and grow the number of people the project can support. • Continue to support the development of volunteering opportunities across the City in collaboration with partners like Manuel Bravo/Leeds Volunteer Interpreting Service.

Grace Hosting and Housing			
Beneficiaries (Direct)	Beneficiaries (indirect)	Number of volunteers	Overall cost (£)
43	n/a	21	£136,620
<ul style="list-style-type: none"> • Thirty-eight guests were accommodated for a total of 4,786 nights across Grace Hosting, and in Grace, Eva, and Kay Houses. • 11 different hosts hosted twelve individuals, while 26 stayed in Grace, Eva, or Kay House. • Five people were accommodated in emergency B&B accommodation – usually because we became aware of them out of hours, and we were unable to find anywhere else that was safe • In January 2025, we opened Kay House. Grace House celebrated its fifth year of operation, and Eva House is approaching its third anniversary. All three houses continue to be funded solely through the generosity of donors, volunteers, and supporters, each offering accommodation for 1 to four asylum-seeking men at a time. • During the winter months, hosts and guests received increased financial support to help with the increase in the cost of living and utility bills. • Mobile phones and SIM cards were routinely offered to all guests to help them stay connected. • Bus passes and bicycles were available to all guests, helping them move around the city. • Guests were supported in joining a variety of group activities, including gardening clubs, theatre and rugby outings, and a day trip to Settle. • Seventeen guests received gym memberships to help reduce isolation and support their overall well-being. • A new model of Cluster Hosting was launched, where a group of three host households provides weekly support on a rotating basis to a single individual. 			
Priorities for the coming year/future periods			
<ul style="list-style-type: none"> • Build a stronger community of mutual support across all our houses. • Obtain funding to enable the continuation of the project in its entirety. • Maximise the income available to guests and hosts to pay for food, toiletries, transport, and access to health and fitness activities.

<ul style="list-style-type: none"> 11,000 people visited lassn.org.uk, where all of LASSN's policies, procedures, and training materials remain freely available for anyone to use or adapt — alongside an online library of more than 100 ESOL resources. 3,700 people used helpinleeds.com, a directory of groups and services supporting asylum seekers and refugees in Leeds. In February 2025, we transferred the information from helpinleeds.com to kompassi.org, which will be launching a new and improved directory in June 2025. 20,000 people visited migrationpartnership.org.uk, a multi-author blog focused on local asylum, refugee, and migration issues, with significant resources hosted on eVisas — a 9% increase compared to the previous year. LASSN's social media presence continued to grow, with 3,100 likes on Facebook. We closed our Twitter account, as it is no longer a valuable platform for LASSN, and instead concentrated on Instagram, where our following grew from 100 to over 400 in the past year. 19,000 people used the newtoleeds.org website, a 13% increase on the previous year. The Housing section was updated several times in response to the growing number of homeless refugees in Leeds. LASSN secured £6000 from Leeds City Council to cover the hosting and security costs of newtoleeds.org and migrationpartnership.org. 			
Priorities for the coming year/future periods			
<ul style="list-style-type: none"> Update and expand the ESOL resources on lassn.org.uk Ensure newtoleeds.org remains updated Secure dedicated funding/resources to maintain and improve LASSN's websites.

Welcome & Connect			
Beneficiaries (Direct)	Beneficiaries (indirect)	Number of volunteers	Overall cost (£)
47	57	35	£84,720
<ul style="list-style-type: none"> • 35 asylum seekers and refugees received weekly mentoring from trained volunteers, resulting in improved English, employment, access to education, and increased confidence. One client is now studying for a Master's in Social Work thanks to this personalised guidance. • 24 individuals participated in 19 "Tea & Talk" sessions and group outings like yoga and countryside walks, which built social confidence and fostered a sense of regular community and belonging. • Partnering with six organisations, eight themed group activities were delivered, including arts and crafts, university tours, library visits and well-being workshops—broadening access to local culture, education, and public spaces. • 248 bus passes enabled access to Leeds city centre, galleries, exercise sessions and workshop while 45 holistic assessments led to essential service referrals. Many clients' families and friends also benefited through shared support and information. Volunteer-led mentoring built trust, reduced isolation, and created a lasting impact. 			
Priorities for the coming year/future periods			
<ul style="list-style-type: none"> • Increased focus on one-to-one support for isolated refugees. • Secure funding to maintain and expand the current model, • Creating more capacity for one-to-one support • Establish new partnerships to help with better integration (eg with the University of Leeds) 			

What's helped LASSN achieve our objectives, and what's got in the way?

Internal factors are **in blue**, external factors are **in yellow**.

Object	What's helped	What's got in the way
Support	Having enough well-trained, well-supported volunteers.	Recruiting more volunteers with lived experience of forced migration has been positive, but it can also mean these volunteers face challenges in completing Police checks and providing references.
	Effective volunteer management	Staff turnover and absence have sometimes affected continuity and added pressure on colleagues.
	Sufficient funding for English at Home, Hosting, and Housing.	Welcome and Connect continues to face funding shortfalls.
		Leeds still has double the number of Asylum seekers supported by the Home Office than in 2014, with most living in hotels on the outskirts of Leeds

Leeds Asylum Seekers Support Network

Trustees' report (continued) for the year ended 31 March 2025

		Efforts to clear the asylum backlog have created more need for immigration and housing advice, as well as resettlement support – areas LASSN doesn't directly provide
Empower	LASSN produces high-quality learning materials for ESOL and New to Leeds to support self-reliance and independence.	Frequent changes in asylum support and Home Office policy make it more complicated to explain processes and promote self-help.
	Practical volunteer training, refined through client and volunteer feedback – especially around the role of volunteers as “allies” rather than “fixers.	Increased poverty and lower living standards have made many clients more dependent on charity and donated goods.
Integrate	Social events and activities bring people together to share cultures.	Poverty and transport barriers make it hard for clients to take part in community activities, even when they want to.
	Building partnerships with wider community groups, businesses and non-specialist organisations to promote inclusion and integration.	Home Office accommodation is still allocated on a no-choice basis, often moving people to unfamiliar areas where it's difficult to build connections.
		Continued racist and Islamophobic rhetoric in politics and the media has contributed to increased hostility and prejudice in some communities.

LASSN's public benefit statement

- LASSN's activities and new initiatives focus on supporting asylum seekers, refugees, and other migrants who are at risk of harm or exploitation.
- Accessibility is central to how we deliver services. We typically meet people in their homes or nearby, provide online support, and ensure households without devices or internet access are equipped with computers, phones, and connections.
- Tackling hardship and destitution among asylum seekers remains a key priority, alongside helping those with refugee status to integrate and build stable lives.
- Strong community support and partnerships underpin our work. We collaborate with other organisations to improve outcomes (e.g. ensuring all Hosting and Housing guests receive destitution support from the British Red Cross or PAFRAS) and to influence strategies at local, regional, and national levels through networks such as Leeds Migration Partnership, Asylum Matters, and the No Accommodation Network.

Leeds Asylum Seekers Support Network

Trustees' report (continued) for the year ended 31 March 2025

LASSN's plans for the coming year/future periods

- LASSN aims for each of its projects to combine effective support with excellent value for money. Over the coming year, each project will review how it measures the effectiveness of its support and the impact it has on the people we help.
- We are pleased to have increased the proportion of Trustees with direct experience of seeking refuge in the UK to 45%. In 2025, we hope to build on this by involving more refugees and asylum seekers in evaluating the quality and cost of our services.
- More detailed plans for each project can be found at the end of their respective entries under Achievements in 2024.

Financial review

- The net expenditure for the year was £119,744, including a net income of £269,413 on unrestricted funds and a net expenditure of £389,157 on restricted funds, after transfers.
- The charity was the beneficiary of a substantial legacy during the previous financial year. This legacy, was restricted to enable the purchase and retrofit of a property to house refugees and asylum seekers and then provide funding for the Hosting and Housing projects with the balance. LASSN completed the purchase of a property ("Kay House") in September 2024, with the majority of the refurb and retrofit works completed by January 2025. Expenditure of this legacy represents a significant portion of the net expenditure of the charity in this period and has impacted upon our ability to raise alternative funding.
- We remain hugely grateful for the support from numerous grant funders, great and small, who continue to provide significant support to our various projects.
- LASSN benefits enormously from the generosity of individual donors and supporters. Their contributions to unrestricted funds ensure the continued operation of LASSN projects when funding streams have ended.

Reserves policy

- The trustees' policy is to hold reserves of between three and nine months of average expenditure to support the smooth running of the charity and enable an orderly winding up should the charity be forced to close down. Based on the budgeted operational expenditure of approximately £390,000, this would equate to a lower limit of £97,500 and an upper limit of £292,500.
- The charity's free reserves, excluding fixed assets, at the year-end were £212,599.
- The calculation for the reserves is as follows:
- The total funds held at the year-end were £727,823. Restricted funds were £216,436, leaving £511,387 in unrestricted funds. Excluding fixed assets of £298,788, leaves £212,599 representing the charity's free reserves.

Risk management

- Managing risks: Our trustees keep an eye on any significant risks the charity might face, especially those linked to how we run and fund our work. They have a plan in place, review risks regularly, and set up systems to reduce them.

Leeds Asylum Seekers Support Network

Trustees' report (continued) for the year ended 31 March 2025

- Funding risks: LASSN relies on grants, donations and gifts, which can sometimes be uncertain. Changes in government policy on asylum and immigration can also affect us. To manage this, our staff and Director apply for funding and ask key partner organisations to provide references showing that our work is effective and sustainable.
- Safeguarding and safety: Because we work with children, adults at risk, and often in people's homes, we take safeguarding and safety very seriously. We have strong policies in place for protecting children and adults, checking criminal records, health and safety, equal opportunities, insurance, and dealing with staff issues. Volunteers are fully trained on personal safety and safeguarding, provide references, and are supported with regular supervision.

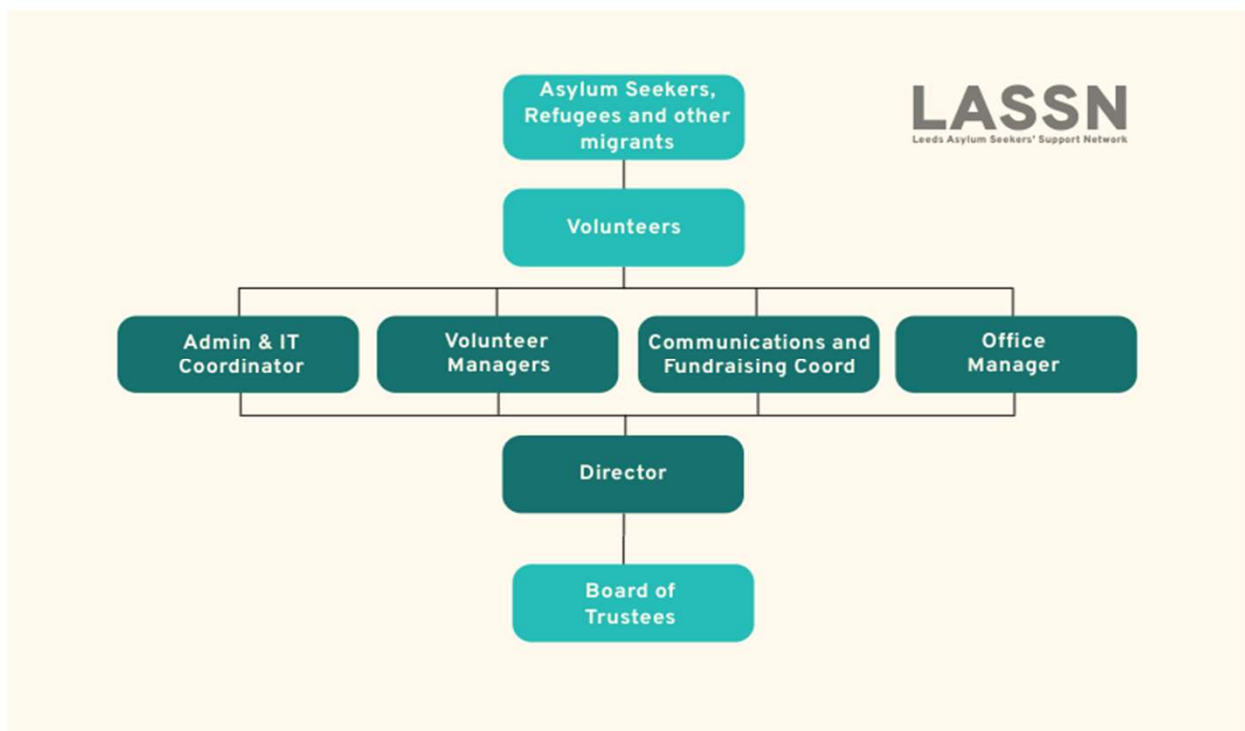

Structure, governance and management

On 12 September 2024, LASSN was reconstituted from a Charitable Company to a Charitable Incorporated Organisation (CIO). LASSN was originally formed on 5 June 2001 and is governed by a memorandum and articles of association, which were updated at the time of reconstitution. In the event of winding up, the liability of each member is limited to a sum not exceeding £1. The Company was registered as a charity on 27th June 2002.

Members

LASSN supporters can become members and membership is, currently, free. In 2024/25, LASSN had 81 members.

Organisational Structure

Leeds Asylum Seekers Support Network

Trustees' report (continued) for the year ended 31 March 2025

The recruitment and appointment of Trustees

LASSN recruits trustees through word of mouth and by advertising on our website and social media. Applications are reviewed using our Trustee Recruitment Policy, which looks for people with the right skills and experience based on an annual audit of the Board's needs.

The Board of Trustees can also co-opt (invite) additional company members as trustees up to the maximum of twelve trustees.

- At each AGM, one-third of the elected trustees must step down.
- Those who have been in post the longest since their last election will retire first.
- Retiring trustees can stand for re-election, but no one can serve more than nine years in a row.
- Co-opted (invited) trustees must step down at the first AGM after they were appointed but can be re-appointed or stand for election.

All trustees receive a full induction and training in line with our Trustee Induction Policy. This ensures they understand their legal responsibilities and are familiar with LASSN's vision, values, priorities, and the needs of the people we support.

Decision Making

Each year, the Board of Trustees agrees on the Charity's key priorities and risks, as informed by the recommendations of the Staff team and the asylum seekers and refugees LASSN supports. The Trustees then agree on a budget to address these priorities and risks, and LASSN staff receive delegated authority to act within this budget in line with the wishes of the Trustees. The Board of Trustees appoints sub-groups to oversee detailed discussions of Finance and Resources, Human Resources, and the development and review of LASSN Policies, which are then brought to the Full Board for Discussion and approval.

Grant Making Policy

LASSN partners with other organisations within the refugee sector to provide better services for asylum seekers and refugees. On some occasions, this partnership involves LASSN holding grant awards and managing the distribution and accounting by partners.

The Hardship Fund is administered by Leeds Refugee Forum and is made up of donations to provide subsistence support to destitute asylum seekers. To this end, grants are made to a third party or directly to individuals in exceptional circumstances.

Pay and remuneration of the Charity's key management personnel

All staff role descriptions and pay are benchmarked against NJC Scales. The Director is currently paid at PO3/4.

Leeds Asylum Seekers Support Network

Related parties

- LASSN is a member of the Solidarity Network – alongside Leeds Gypsy and Travellers' Exchange, BASIS Yorkshire and Yorkshire MESMAC – who deliver the Healthy Communities Together project with Leeds City Council and West Yorkshire Integrated Care Board.
- LASSN raises funds for the Leeds Hardship Fund for destitute asylum seekers, operated by Leeds Refugee Forum.
- LASSN works closely with Positive Action for Refugees and Asylum Seekers (PAFRAS) and the British Red Cross, who provide support and advice for clients staying with Grace Hosting and Grace, Eva and Kay Houses.

Volunteers

Volunteers are vital to the success of everything LASSN achieves. In 2024/25, LASSN staff supported 167 volunteers in various roles, 56 of whom were recruited in the last year. If each volunteer volunteered for an hour and a half each week, this is equivalent to an extra 6.5 full-time staff members.

Supporters

LASSN's mailing list of active supporters includes around 1300 individuals and 400 organisations.

Leeds Asylum Seekers Support Network

Independent examiner's report to the trustees of Leeds Asylum Seekers Support Network

I report to the charity trustees on my examination of the accounts of the CIO for the year ended 31 March 2025, which are set out on pages 15 to 26.

Responsibilities and basis of report

As the charity trustees of the CIO you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the CIO's accounts as carried out under section 145 of the 2011 Act. In carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

Since the CIO's gross income exceeded £250,000 your examiner must be a fellow of a body listed in section 145 of the 2011 Act.

I confirm that I am qualified to undertake the examination because I am a fellow of ACIE which is one of the listed bodies.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- 1 accounting records were not kept in respect of the charity as required by section 130 of the Charities Act;
- 2 the accounts do not accord with those records; or
- 3 the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Notes to the accounts

for the year ended 31 March 2025

1 Accounting policies

Basis of accounting

These accounts have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant note(s) to these accounts. The financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019) and with the Charities Act 2011.

The charity constitutes a public benefit entity as defined by FRS 102.

There has been no change to the accounting policies since last year.

No changes have been made to the accounts for previous years.

Going concern

The trustees are satisfied that there are no material uncertainties about the charity's ability to continue.

Incoming resources

All incoming resources are included in the Statement of Financial Activities (SOFA) when the charity becomes entitled to the resources, if it is more likely than not that the trustees will receive the resources and the monetary value can be measured with sufficient reliability.

Grants and donations

Grants and donations are only included in the SOFA when the charity has unconditional entitlement to the resources.

Where grants are related to performance and specific deliverables, they are accounted for as the charity earns the right to consideration by its performance.

Donated assets, facilities or services are valued at their estimated value to the charity. This is the price that the charity estimates it would pay in the open market for equivalent items; or services and facilities of equivalent utility to the charity.

Expenditure and liabilities

Expenditure is recognised on an accrual basis as a liability is incurred. Liabilities are recognised where it is more likely than not that there is a legal or constructive obligation committing the charity to pay out the resources and the amount of the obligation can be measured with reasonable certainty.

Grants payable without performance conditions

Where there are no conditions attaching to the grant that enables the donor charity to realistically avoid the commitment, a liability for the full funding obligation must be recognised.

Taxation

As a charity the organisation benefits from rates relief and is generally exempt from income tax and capital gains tax but not from VAT. Irrecoverable VAT is included in the cost of those items to which it relates.

Tangible fixed assets

Tangible fixed assets costing more than £1,000 are capitalised and included at cost including any incidental expenses of acquisition. Gifted assets are shown at the value to the charity on receipt.

Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost on a straight line basis over their expected useful economic lives as follows:

Land and buildings: Over 50 years

Fixtures and fittings: Over 10 years

Notes to the accounts

for the year ended 31 March 2025

1 Accounting policies continued

Pensions

The charity operates a defined contribution scheme for the benefit of its employees. The costs of contributions are recognised in the year they are payable.

Fund accounting

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

Designated funds are unrestricted funds earmarked by the trustees for particular purposes.

Restricted funds are subjected to restrictions on their expenditure imposed by the donor or through the terms of an appeal.

Further explanation of the nature and purpose of each fund is included in the notes to the accounts.

Leases

Rents under operating leases are charged on a straight line basis over the lease term or to an earlier date if the lease can be determined without financial penalty.
