The trustees present their report and the unaudited financial statements for the year ended 31 March 2021.

Reference and administrative information set out on page 1 forms part of this report. The financial statements comply with current statutory requirements, the memorandum and articles of association and the Statement of Recommended Practice - Accounting and Reporting by Charities: SORP applicable to charities preparing their accounts in accordance with FRS 102.

Objectives and activities

The company is limited by a guarantee. The Charities objectives are to promote the conservation, protection and improvement of the physical and natural environment.

As such its mission statement is:

To help people understand, value and care for their local environment to help create healthy and sustainable communities.

We work to achieve this through;

- Managing a variety of habitats for the benefit of wildlife, people, heritage and landscape.
- Encouraging access to open green spaces and the wider countryside.
- To deliver environmental education and interpretation programmes to local schools and the wider population.
- To provide support, advice, training and supervision to volunteers, trainees and community groups in countryside management and conservation skills by working on real local environmental projects.

The Steel Valley Project continues to support the public in its operational area to these ends which have proven positive impacts upon communities in the area such as; economic regeneration, social cohesion, health and increased employment opportunities.

Volunteer trainees make a key contribution to the work of the Steel Valley Project and it will continue to provide training, supervision and other resources to individuals and groups in recognition of this.

The trustees review the aims, objectives and activities of the charity each year. This report looks at what the charity has achieved and the outcomes of its work in the reporting period. The trustees report the success of each key activity and the benefits the charity has brought to those groups of people that it is set up to help. The review also helps the trustees ensure the charity's aims, objectives and activities remained focused on its stated purposes.

The trustees have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the charity's aims and objectives and in planning its future activities. In particular, the trustees consider how planned activities will contribute to the aims and objectives that have been set.

Achievements and performance

The Steel Valley project has continued to work with core partners and with the local community.

Individual projects and partnerships include

- Continuing work on non-operational land owned by Liberty Steel, including land management and tree survey and safety work
- Continuing work on Sheffield City Council's woodland management programme
- Creating new meadow areas in Sheffield City Council parks.
- Managing meadows and woodland at Bitholmes and Birdwell woods in partnership with the Woodland Trust
- Working with Sheffield and Rotherham Wildlife Trust to deliver the Sheffield Lakeland Landscape Partnership, including creating 5 new downloadable cycle routes.

- Working with Friends of Oxley Park to establish the new group and supporting their work, including funding applications, landscape improvements and events.
- Developing the Towns Fund bid to Government in partnership with the local community, securing £24.1m for Stocksbridge.

Beneficiaries of our services

Due to Covid-19, we have suspended our volunteering programme during the reporting period. We have also suspended our programme of community activities and events.

The local community has still benefitted from our activities, through our programme of improvements to green spaces. During Covid-19 lockdowns, we have seen a huge increase of the number of people using green spaces, so despite the challenges of not being able to engage with the local community through our usual activities, we have still had a positive impact on local residents lives.

Financial review

The reporting period coincides with the Covid outbreak at its height. As would be expected, both income and expenditure have been affected due to the marked slowdown of project activity. The project was able to benefit from the Government furlough scheme. Project delivery dates were rescheduled and some outcomes amended, with the agreement of our partners, enabling activity to continue albeit at a slower pace. Whilst total income and expenditure was markedly lower compared to the previous year, the accounts still show a small surplus of £6,319 of income over expenditure.

The main grants this year were from HMRC through the furlough scheme, Sheffield City Council and the National Lottery Heritage Fund. Core partners: Liberty Steel, Bradfield Parish Council, Sheffield City Council and Stocksbridge Town Council continue to provide a vital source of funding for the project.

Contract works were carried out for a range of clients, in line with the charity's objects, to support the core costs. However, lockdown and social distancing measures severely curtailed activity during this period.

The Trustees' attention is drawn towards the long-term sustainability of the charity, staff and management have developed new contacts and partnerships which will pay dividends in the future. Work with Sheffield Lakeland Landscape Partnership (SLLP) is now a major source of activity and income. This major project funded by the National Lottery Heritage Fund, has supported the growth in income of the project. Projects which have been developed through SLLP also have the potential to be extended and developed with our current partners and landowners.

The award of the Towns Fund to Stocksbridge has enabled SVP to make a major contribution to meeting the sustainability targets associated with this major Government grant. Activity and income associated with this award is expected to commence in 2021 and continue for 3 years

Community events have been suspended with the Steel Valley Ride cancelled due to the pandemic. It is hoped this event and others can resume in due course.

SVP has done well to survive a difficult year and there is now the potential to develop new projects with new and existing partners. Whilst Covid-19 led to an unavoidable pause in activities, it has also created opportunities to look anew at potential projects which will address the pressing issues of sustainable development and community support. It is recommended that SVP undertakes a strategic review in early 2022, which will include a medium-term financial plan, to address these new challenges and opportunities

Reserves policy

It is the aim of the charity that unrestricted funds which have not been designated for a specific purpose should be maintained at a level to cover management and administration costs, although this

has not been achieved in recent years due to the cut backs being experienced by all Partners involved with the Project. Funding is regularly received in arrears and the trustees need and monitor reserves to ensure they are maintained at a sufficient level to cover the period of cash flow with a reserve to cover the cost of winding the Project down should that become necessary. Costs continue to be kept as low as possible and staff and Trustees exercise tight budgetary controls. The unrestricted reserves at the end of the period was £71,544 (2020 £61,538), this is more than the amount required to discharge the charities liabilities in the event of closure and sufficient to help with cashflow. Regular financial monitoring will continue to ensure that the charity is able to fulfil its financial obligations as they fall due.

Structure, governance and management

Trustees are recruited from our partners, the voluntary and business sector and members of the public. Any person interested in acting as a Trustee are invited to attend the quarterly steering group meetings.

Appointment, rotation and retirement of Trustees are undertaken at the annual general meeting in accordance with the charities Articles of Association.

No other person or external body are entitled to appoint Trustees.

The organisation is a charitable company limited by guarantee, incorporated on 18th June 2004. The organisation was established in April 1988 and registered as a charity on 21st January 2003.

The company was established under a memorandum of association which established the objects and powers of the charitable company and is governed under its articles of association.

Members of the charity guarantee to contribute an amount not exceeding £10 to the assets of the charity in the event of winding up. The total number of such guarantees at March 2021 was 7 (2015:7). The trustees are members of the charity but this entitles them only to voting rights. The trustees have no beneficial interest in the charity.

All trustees give their time voluntarily and receive no benefits from the charity.

Funds held as custodian trustee on behalf of others

None

Statement of responsibilities of the trustees

The trustees (who are also directors of Frs 102 Small Company Charity for the purposes of company law) are responsible for preparing the trustees' annual report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- Select suitable accounting policies and then apply them consistently
- Observe the methods and principles in the Charities SORP
- Make judgements and estimates that are reasonable and prudent
- State whether applicable UK Accounting Standards and statements of recommended practice have been followed, subject to any material departures disclosed and explained in the financial statements
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

This report has been prepared in accordance with the provisions applicable to companies subject to the small companies' regime of the Companies Act 2006.

The trustees' annual report has been approved by the trustees on 25th October 2021, and signed on their behalf by:

Name: Ed Heath-Whyte

Title: Trustee and Chair

Independent examiner's report
to the members of
The Steel Valley Project

I report on the accounts of the company for the year ended 31 March 2021 which are set out on pages 7 to 20.

Respective responsibilities of trustees and examiner

The trustees (who are also the directors of the company for the purposes of company law) are responsible for the preparation of the accounts. The trustees consider that an audit is not required for this year under section 43(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the 2011 Act;
- to follow the procedure laid down in the general Directions given by the Charity Commission under section 145 (5)(b) of the 2011 Act; and
- to state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In the course of my examination, no matter has come to my attention:

- 1) which gives me reasonable cause to believe that in any material respect the requirements:
 - to keep accounting records in accordance with section 386 of the Companies Act 2006; and
 - to prepare accounts which accord with the accounting records, comply with the accounting requirements of section 396 of the Companies Act 2006 and with the methods and principles of the Statement of Recommended Practice: Accounting and Reporting by Charities have not been met; or
- 2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

For the year in question, the company was entitled to exemption from an audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476,
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts

These accounts are prepared in accordance with the special provisions of part 15 of the Companies Act 2006 relating to small companies and constitute the annual accounts required by the Companies Act 2006 and are for circulation to members of the company.

The notes on pages 9 to 19 form part of these accounts.

Approved by the trustees on 25th October 2021 and signed on their behalf by:

Ed Heath-Whyte

The Steel Valley Project

Notes to the accounts for the year ended 31 March 2021

1 Accounting policies

The principal accounting policies adopted, judgments and key sources of estimation uncertainty in the preparation of the financial statements are as follows:

a Basis of preparation

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

The charity has applied Update Bulletin 1 as published on 2 February 2016 and does not include a cash flow statement on the grounds that it is applying FRS 102 section 1A.

The Steel Valley Project meets the definition of a public benefit entity under FRS102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note.

b Reconciliation with previous Generally Accepted Accounting Practice

In preparing the accounts, the trustees have considered whether in applying the accounting policies required by FRS 102 and the Charities SORP FRS 102 the restatement of comparative items was required. No such restatement was required.

c Preparation of the accounts on a going concern basis

The trustees consider that there are no material uncertainties about the charitable company's ability to continue as a going concern.

There are no key judgments which the trustees have made which have a significant effect on the accounts.

The trustees do not consider that there are any sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next reporting period.

The Steel Valley Project

Notes to the accounts for the year ended 31 March 2021 (continued)

d Income

Income is recognised when the charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that the income will be received and the amount can be measured reliably.

Income from government and other grants, whether 'capital' grants or 'revenue' grants, is recognised when the charity has entitlement to the funds, any performance conditions attached to the grants have been met, it is probable that the income will be received and the amount can be measured reliably and is not deferred.

Income received in advance of a provision of a specified service is deferred until the criteria for income recognition are met.

e Donated services and facilities

Donated professional services and donated facilities are recognised as income when the charity has control over the item, any conditions associated with the donated item have been met, the receipt of economic benefit from the use by the charity of the item is probable and that economic benefit can be measured reliably. In accordance with the Charities SORP (FRS 102), general volunteer time is not recognised; refer to the trustees' annual report for more information about their contribution.

On receipt, donated professional services and donated facilities are recognised on the basis of the value of the gift to the charity which is the amount the charity would have been willing to pay to obtain services or facilities of equivalent economic benefit on the open market; a corresponding amount is then recognised in expenditure in the period of receipt.

f Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the Bank.

The Steel Valley Project

Notes to the accounts for the year ended 31 March 2021 (continued)

g Fund accounting

Unrestricted funds are available to spend on activities that further any of the purposes of charity.

Designated funds are unrestricted funds of the charity which the trustees have decided at their discretion to set aside to use for a specific purpose.

Restricted funds are donations which the donor has specified are to be solely used for particular areas of the charity's work or for specific projects being undertaken by the charity.

h Expenditure and irrecoverable VAT

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably.

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

i Operating leases

Operating leases are leases in which the title to the assets, and the risks and rewards of ownership, remain with the lessor. Rental charges are charged on a straight line basis over the term of the lease.

j Tangible fixed assets

Individual fixed assets costing £1,000 or more are capitalised at cost and are depreciated over their estimated useful economic lives on a straight line basis as follows:

Motor vehicles:	4 years
Office fixtures and equipment	4 years
Motor vehicles:	4 years

m Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

n Cash at bank and in hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

o Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

The Steel Valley Project

Notes to the accounts for the year ended 31 March 2021 (continued)

O Financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

P Pensions

The charity does not currently operate a pension scheme.

2 Legal status of the charity

The charity is a company limited by guarantee registered in England and Wales and has no share capital. In the event of the charity being wound up, the liability in respect of the guarantee is limited to £1 per member of the charity. The registered office address is disclosed on page 1.

Notes to the accounts for the year ended 31 March 2021 (continued)

9 Net income/(expenditure) for the year

This is stated after charging/(crediting):	2021 £	2020 £
Depreciation	-	-
Independent examiner's remuneration		
- accountancy	250	250
- independent examination	600	600
	<hr/>	<hr/>

10 Staff costs

Staff costs during the year were as follows:

	2021 £	2020 £
Wages and salaries	75,332	72,482
Social security costs	1,761	3,095
Employers pension contributions	4,002	1,962
Volunteer costs	-	3,465
Staff expenses, training and recruitment	1,022	2,997
	<hr/>	<hr/>
	82,117	84,001
	<hr/>	<hr/>

No employee has employee benefits in excess of £60,000 (2020: Nil).

The average number of staff employed during the period was 4 (2020: 4).

The average full time equivalent number of staff employed during the period was 3 (2020: 2.8).

The key management personnel of the charity comprise the trustees and the Project Manager and the Environmental Project Officers. The total employee benefits of the key management personnel of the charity were £75,332 (2020: £74,444).

11 Trustee remuneration and expenses, and related party transactions

Neither the trustees nor any persons connected with them received any remuneration or reimbursed expenses during the year (2020: Nil).

Aggregate donations from related parties were £nil (2020: £nil).

There are no donations from related parties which are outside the normal course of business and no restricted donations from related parties.

No trustee or other person related to the charity had any personal interest in any contract or transaction entered into by the charity, including guarantees, during the year (2020: nil).

The Steel Valley Project

Notes to the accounts for the year ended 31 March 2021 (continued)

12 Government grants

The government grants recognised in the accounts were as follows:

	2021 £	2020 £
Sheffield City Council	32,000	28,761
Stocksbridge Council	6,000	5,000
	<hr/>	<hr/>
	38,000	33,761
	<hr/>	<hr/>

There were no unfulfilled conditions and contingencies attaching to the grants.

13 Corporation tax

The charity is exempt from tax on income and gains falling within Chapter 3 of Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992 to the extent that these are applied to its charitable objects. No tax charges have arisen in the charity.
