	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole. 2021-22 PFA TRUSTEES REPORT

The object or purpose of the PFA is to enhance and enrich the education of the pupils in the school.

In particular activities are designed to:

- develop effective and meaningful relationships between staff, parents and others associated with the school.
- Engage in activities and provide facilities or equipment which support the schools ethos and advance the education of the pupils.

Sarisbury Junior School PFA have run a wide range of academic and social opportunities for the people, parents, staff, governors and wider school community. These include regular events such as bake sales, a fun run, summer fayre, raffles and refreshments. Plus movie nights and discos for the Junior School pupils enjoyment.

All activities are planned by the committee and draw on volunteers from the parent community as well as staff where appropriate. The committee is very grateful for the time, expertise and donations given by all involved with whom Sarisbury Junior school PFA would not be able to achieve so much. The committee takes considerable time and effort to consider its actions and to evaluate whether the money is being spent wisely, and to benefit the most children. For larger items several quotes are obtained to ensure transparency and best value.

The work of the PFA enabled the advancement and enrichment of pupils education by giving money to the school for the purchase of equipment, resources, facilities and other wish list items it would otherwise not be able to afford. This not only enhances pupils educational experience but also improves their learning by subsidising events such as the year six trip to Paultons park.

This year saw the return of some of the well-loved and successful fundraising events post Covid-19 such as the Summer Fayre and Annual Fun Run which both raised in excess of £4,000. It was also the year that the Headmaster, Mr Stockton, of 21 years retired and so we believe that these are 2 reasons why our fundraising has had a bumper year, raising over £26,000.

The main expenditure this year was for the replacement playground equipment of £15,000 for phase 1. Closing bank balance of £18,000 with a large proportion of this due to phase 2 of the new playground equipment. It is agreed that we should always keep a contingency of circa £3,000 - £4,000 in reserves.

Our Treasurer and Trustee member, Zoe McCarthy, stepped down at the end of this year due to her daughter leaving the school and was replaced by Lianne Nolan at the annual AGM. The accounts auditor also stepped down for the same reason and it has been agreed by the committee that the replacement Auditor will be Mark Nolan of Alliot Wingham Ltd. A pecuniary interest form has been completed due to the new Treasurer and Auditor being spouses.

The committee is hoping for and committed to another successful year of fundraising for the school.

1 Accounting policies

(Continued)

1.5 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement, and the amount of the obligation can be measured reliably.

Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges are allocated on the portion of the asset's use.

1.6 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities
