Glen Jones-Smythe	Finance
Vanessa Parker	Zambia & Tongabezi in particular
Marie Price	Education in Performing Arts
Susannah Robert	Education
Claire Quigley	Fundraising

During 2021, there were no new Trustee appointments nor resignations.

A5. **Trustee Tenure**

The Charity Commission does not impose a mandatory time limit on trusteeship. The Board of Trustees has, and regularly considers, the skills, knowledge and experience it needs to govern, lead and deliver the charity's purposes effectively. It reflects this mix in its trustee appointments, balancing the need for continuity with the need to refresh the board. To this end, one resignation and two new appointments are planned for 2022.

A6. **Advisers: Independent Financial Adviser:** The Charity appointed P.G. Fry & Company, Chartered Accountants of Hatherley House, Bisley Green, Bisley, Woking GU24 9EW as the Charity's Independent Financial Assessor. The Company carried out the assessment on the Charity's 2021 Accounts and Trustees 2021 Annual Report and approved them without qualification.

Section B Structure, Governance and Management

B1. **The Charity's Declaration of Trust was made on 31st December 2002.** This Deed (which is lodged with the Charity Commission) identifies how The Charitable Trust for the Tongabezi Trust School (hereinafter called "The Charity") is constituted and stipulates that its property (the Trust Fund) shall be administered and managed by the Trustees.

B2. Replacement Trust Deed. The Trustees have made various amendments from time to time to the Trust Deed. In May 2020, an amendment was resolved by Trustees to better reflect the new and wider objectives of The Charity (please refer to Section C1).

Section C Objectives and Activities of the Charity

C1. Summary of Objectives. The Trustees shall hold the Trust Fund and its income upon trust to apply for the following Objectives:

- (a) to advance the education of the children attending, or who have attended, The Tongabezi Trust School (The School) near Livingstone, Zambia
- (b) to provide funds for the administration, maintenance and capital projects for The School, thereby to provide primary education (*and financial support for secondary/tertiary education*) and welfare for the children of Tongabezi and its surrounds
- (c) to fund Community Projects (Projects) for the residents of Simonga Village and neighbouring villages, Livingstone, Zambia (the Local Villages). Such Projects shall be designed to provide residents with education and an occupation, and funds for the communities of the Local Villages
- (d) to fund the promotion of the Projects; to give financial support to teachers, volunteers and overseers of the Projects; to contribute to the funding of the cost of buildings, utilities and infrastructure required to house and facilitate the Projects; to fund the cost of supplies and materials and associated payroll costs for the Projects
- (e) The School formed a Board of Management in August 2015 to oversee the day-to-day management and control of The School. The Board consists of members drawn from the local community around Livingstone, as well as representatives from The School staff, parents and pupils. Vanessa Parker (Trustee) represents the UK Charity on the Board of Management. All Board members are donating their time pro bono, except for modest local travel costs. It was agreed in 2019 to change the name of this governing body to the Board of Governors, to reflect the broader church of leadership as it continues to develop and take on greater responsibilities.

C2. Summary of the Main Activities Undertaken for the Public Benefit. The children of Tongabezi all live in rural Zambia and The School's primary aim is to provide them with an appropriate education to enable them in adulthood to escape from the poverty trap into which they were born. Considerable investment has been made this year in 2021 to build a new Community Art Centre, which will benefit not only the pupils of The School but also the local community who will be able to use the Centre to make and sell their own local goods.

C3. Special Funds. The School has instigated various specific funds to benefit the children of Tongabezi and their families:

- (a) Food and Medical Funds continue to ensure the health of all pupils attending The School is appropriate for them to absorb their daily lessons and sporting activities
- (b) the Music Fund also continues to assist The School to achieve a high standard of performance in The School's extra curricula activities of music, poetry and dance, for which they regularly achieve National recognition (2018 and 2019 National Champions in Traditional Dance)
- (c) a Further Education Fund was set up to support the increasing number of School 'leavers' who now go on to receive secondary and tertiary education
- (d) the "Mr Ben" Scholarship Foundation was set up in 2019 in memory of Ben Parker (founder of Tongabezi Lodge). This fund was set up to award scholarships to ex-Tongabezi Trust School pupils who have completed secondary school and who have shown courage and optimism in the face of difficult, or seemingly impossible, circumstances in their family background. Each donation to this Fund is seen as one step towards vulnerable Zambian children becoming strong, independent Zambian citizens.
- (e) A COVID-19 Community Food Relief appeal was launched in May 2020. This enabled provision of basic additional food support (each receiving a 10kg bag of maize meal and dried beans) to Tujatane students and former pupils, returning home to Simonga from secondary school.
- (f) A Thanksgiving and Christmas COVID fund was set up in November 2020. The objective of the fund was to support pupils and their families by offering a special food handout and an extra gift for the pupils. Each of the students was given a pair of school socks and a sturdy pair of school shoes; those students outside of the Tongabezi village walk a minimum of 30 minutes to school, through dust in the dry season and mud in the wet season. The additional food and this meaningful gift helped to relieve the financial burden from parents and guardians, many of whom lost their jobs due to the pandemic.

Section D Achievements and Performance in 2021

D1. Total Income. Total income reduced by 19% to £198,519 (2020: £246,277). This was mainly driven by 2 factors:

- £28,586.74 of Gift Aid was reclaimed from HMRC on 13th April 2022 in respect of donations made in 2020/21 by Sponsors who pay tax in the UK. Gift Aid income is usually claimed / received in the same Financial Year.
- There were significantly higher donations to Special Funds in the prior year, primarily comprising the COVID-19 Food Relief and Christmas COVID Funds

D2. Fund Raising Events. The Charity received £12,014 from various organized events.

D3. Administration Costs. The Charity administration costs were 5.3% (2020: 1.7%) of all income received. The increase from the prior year is primarily due to Accountancy

Fees: bookkeeping services are now undertaken by an external supplier. The Trustee, who had previously performed this service on a voluntary basis, resigned during 2020.

D4. Achievements.

- a) **Tujatane celebrates 25 years!** In May 2021, Tujatane, the Tongabezi Trust School turned 25 years old. Back in May 1996, 15 very excited pre-school students sat in their first ever class.

At that point in time, nobody envisaged the incredible difference the school would make to so many lives. Over the last 25 years, the school has made incredible strides in education and it is all thanks to our amazing supporters and donors.

On Monday 24th May, a party was held to celebrate. Teachers had special birthday attire and students also got dressed up in their best outfits. Each grade put on an exciting presentation and even the teachers performed a song and a dance!

Elizabeth is our most long-standing serving member of the team and this year will be her 21st year at the school. Elizabeth said: 'I first started at Tujatane as a volunteer in 1997 collecting rocks to build the second classroom. I then lent a hand cleaning and sweeping. In 2000, Vanessa offered me a full time contract and I have been here ever since. Tujatane helps people so much, I have learnt so much in my time here and Tujatane is my home. I can say that every parent wants to have their child here because Tujatane is the best!'

b) Empowering Women: Meet Mary

Mary is digging the foundations of the Creative Centre Community Garden. Before being involved with the programme Mary and her husband, who has a disability, were struggling to make ends meet for themselves and their six family members. Three of Mary's children were out of school because she could not afford schools fees. Through the income she earned from the Creative Centre she has been able to pay annual school fees for all six of her dependents and even open a small stand at her home to sell essential items.

In an uplifting example of women supporting women, Mary then inspired two other formidable women to get involved in the project, who have since become instrumental in the supply of garden soil. In a community that mostly survives on less than a dollar a day – this income generation from the soil collection goes a long way in improving their livelihoods. Through economically empowering members of the Simonga community we hope this will bring further social mobility to the individuals involved and their households.

c) COVID Food Relief Programme

We are pleased to disclose that the Covid-19 Food Relief Programme lasted the whole of 2021 and continues into 2022. As was the case in 2020, we continued to handout mealie meal, salt, sugar, vegetables, soya chunks and soap. Families in the community have been extremely grateful for this additional support, especially due to income and job dependence within a tourism area adversely impacted by the pandemic.

d) Twaabane Creative Centre: First Graduation

The recently completed Twaabane Creative Centre is now a functioning social enterprise with a dedicated group of community members initially being trained in textiles; the profits will be used to expand into other artisanal fields.

We were delighted to celebrate the first graduation of the tailoring class in April 2022.

Section E Financial Review of the Charity

E1. **Income.** The Charity continues to receive monthly (or annual) payments from around 300 generous individual or company donors, generally as contributions to either the ‘sponsoring a child programme’ or the ‘food programme’. The amount received of Restricted Funds from these donors in FY 2021 was about £176,000. Other one-off Unrestricted Fund contributions in FY 2021 varied from £10 to £3,000 and totalled £17,500. The Charity has an account with JustGiving.com to allow sponsors to donate online and also with Giveasyoulive.com, which relates to Internet shopping. The Charity has also arrangements with two other internet sites: Amazon Smile and Global Giving.

E2. **Gift Aid.** £28,586.74 of Gift Aid was reclaimed from HMRC on 13th April 2022 in respect of donations made in the tax year ending April 2021 by Sponsors who pay tax in the UK.

E3. **Deposits in the UK.** At the end of FY 2021, the Charity was managing £760,875 across ten separate UK financial institutions.

E4. **Bank Interest.** The Charity earned £5,384 interest on funds lodged in eight separate deposit bank accounts in the UK.

E5. **Reserves Policy.** The Charity’s reserves policy is to carry a minimum reserve of six months of The School’s running costs (*approximately £400,000 equivalent per annum*) and a maximum of twelve months. It is also a policy to spread the risk on deposits held in the UK by restricting any one bank deposit so that it does not exceed the limit of compensation covered by the UK Government’s Financial Services Compensation Scheme (*£85,000 during FY2021*).

E6. **Transfers to The School.** During FY 2020 the Charity transferred £173,175 to the School’s bank account in Livingstone, Zambia. However, no funds were transferred during 2021; this was in accordance with advice received, due to excess funds held at the School bank accounts in Zambia which are not protected by a Government Guarantee scheme.

The Charity keeps a close eye on what funds are held locally to heed the following advice of the Charity Commission:

“when deciding how much money to hold locally in the country you are working, you should think about what risks your charity is open to. You could lose money if the local banking system collapses, or the exchange rate drops, for example. You should aim to keep the smallest amount of local funds you will need.”

It is anticipated the excess funds held in Zambia will be depleted in 2022 and if so, the Trustees expect to resume transfers during the year. In addition, the Trustees are considering transfers for significant infrastructure upgrades comprising class and staff room furniture, science laboratory apparatus, musical instruments, computer hardware,

the Library and additional investment in professional development programmes for staff.

E7. Exchange Rate Fluctuation. The Zambian Kwacha exchange rate against the £Sterling at the beginning of FY2021 was ZK28.74 = £1. During the year, the Kwacha strengthened and ended FY2021 at ZK22.45 = £1. The School receives significant regular donations from both the UK and the US and keeps a careful watch on both the US\$ and the £Sterling exchange rates before it chooses which currency to exchange into Zambian Kwacha.

E8. Obligations to meet The School's Financial Requirements during FY2022.

- (a) The Charity has the responsibility to manage funds presented for the 'sponsor a child programme' and the 'food programme'. In the event continued sponsorship is withdrawn (for whatever cause e.g. COVID impact), the Trustees have agreed to set aside £145,000 of the Trust Funds over the next twelve (12) months to guarantee these monies are secure to contribute towards these purposes.
- (b) the Zambian teachers need to undertake training programmes from time to time to ensure they are at the forefront of teaching methods appropriate for teaching Zambian children. The Trustees have again agreed to set aside £30,000 to contribute towards this activity over the next twelve (12) months.
- (c) monies raised by the Charity in the UK are in £Sterling. The School incurs expenditure in Zambian Kwacha. Trust Funds transferred to Zambia are at risk therefore to fluctuating exchange rates between these two currencies. The Kwacha is also dependent upon the value of the US\$. The Trustees have set aside £25,000 to mitigate such risks in FY 2021, should the need arise.

Section F Financial Review of Zambia

F1 Introduction - Basic Country Details

Zambia is a large, landlocked, resource-rich country with sparsely populated land in the centre of Southern Africa. It shares its border with eight countries (Angola, Botswana, Democratic Republic of Congo, Malawi, Mozambique, Namibia, Tanzania, and Zimbabwe) that serve as an expanded market for its goods.

Zambia is experiencing a large demographic shift and is one of the world's youngest countries by median age. Its population, much of it urban, is estimated at about 17.9 million and is growing rapidly at 2.8% per year, partly because of high fertility, resulting in the population doubling close to every 25 years. This trend is expected to continue as the large youth population enters reproductive age, which will put even more pressure on the demand for jobs, health care and other social services.

The following sub-clauses are as reported by the most recent information published on the World Bank Group website.

F2 Economic Outlook

The Zambian economy is expected to recover by 3.3 percent in 2021 following a historic contraction of 2.8 percent in 2020. The recovery is driven by high copper prices, improved post-election market confidence, and continued recovery in agriculture. Economic activity will gradually pick up, averaging 3.8 percent over 2022-25. However, risks stemming from prolonged debt negotiations and low COVID-19 vaccination rates will need to be managed.

Growth in the first three quarters of 2021 picked up to 4%, reflecting recovery in activities across all sectors except mining, which has been beset by COVID-related supply chain disruptions and excessive rainfall. High copper prices, improved market confidence following the August 2021 elections, and normal rainfall patterns are expected to buoy economic activity in 2022. Inflation has remained in double digits since mid-2019, reflecting exchange rate and food price pressures.

F3 Political Outlook

Zambia gained its independence in 1964, under the leadership of first President Kenneth Kaunda. The nation is considered a stable country with successful democratic elections held every five years. After many years of a one-party state, Zambia became a multi-party state in 1991.

Zambia's democracy is evident by the nine Presidential elections and four different political parties that have so far ruled the country. Among them are the United National Independence Party (UNIP 1964-1991), Movement for Multiparty Democracy (MMD 1996-2011), Patriotic Front (PF2011-2021) and currently the United Party for National Development (UPND). The current President Hakainde Hichilema of the UPND was elected in August 2021, after defeating then-incumbent President Edgar Lungu of the Patriotic Front. The next presidential elections in Zambia will be held on August 12, 2026.

(remember to include the page numbers of additional sheets)

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/12/2021.

Responsibilities and
basis of report

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent
examiner's statement

[The charity's gross income exceeded £250,000 and I am qualified to undertake the examination by being a qualified member of The Institute of Chartered Accountants in England and Wales.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
