

The 2024 return reports £26,780 under “grants to other organisations that are not charities” — i.e. grants the charity *gave out*. That figure is identical to the £26,780 of grants the charity *received* in 2024 (Note 2 of the accounts). Headway Rotherham makes no grants, so grants-received was entered into the grants-made box in error.

As it is now on the public register, this needs to be amended for 2025. The correct answer is £0. Can this be amended to correct the 2024 entry.
