YOUTH EDUCATION SUPPORT SERVICES LONDON

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) FOR THE YEAR ENDED 30 APRIL 2022

The trustees present their annual report and financial statements for the year ended 30 April 2022.

The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

Objectives and activities

The company is a charity and exists to advance the education and conditions of life of young people under the age of 30 in London and anywhere in the world by the provision of advice, guidance and education, educational facilities and other facilities in the interests of social welfare and the relief of poverty for those young people.

Youth Education Support Services London (YESSL) offers a sympathetic and professional approach, taking into account the individual circumstances and difficulties of the young people we work with. Through a combination of moral and emotional support, linked to practical resources in association with other support agencies, Youth Education Support Services London is helping many disadvantaged young people to build a better future for themselves.

In accordance with Section 17 of the Charities Act 2011, the trustees have given careful consideration to the Charity Commission's general guidance on public benefit and in particular to continue maintaining its principal objects for the advancement of education and conditions of life of young people.

The charity is providing a public benefit through moral and emotional support for disadvantaged young people and developing educational facilities to offer students with opportunities for personal and professional development.

Achievements and performance

As we ended our 19th year (30 April 2022) we were well established, having provided general support for students beyond the capabilities of schools and local authorities. During the year, we have continued to provide after school music sessions at St Gabriel's college. We are in the process of contacting other schools in the area to offer extra-curricular music activities. We have now successfully delivered the community music industry programme with charity partner St Giles Trust (SGT) as mentioned in the Trustees' report for the previous year (30 April 2021).

In the year, we received a donation of £103,000 from a charity football event held by TAP Sports & Entertainment Limited and Keep Agency Limited. Of these funds, £41,211 has been held by YESSL to be paid over to other charities. The remaining funds of £61,789 will be used by YESSL to help fund music studios in schools and provide students with extra-curricular music activities.

We continue to provide practical and moral support, remotely, for students in difficulties, whatever those difficulties may be. Most importantly, we assist students in finding opportunities for further education, training and employment and also provide motivation and resources for them to put their hopes and plans into action.

In previous years, we have been operating exclusively in South London. We would like to offer our support to a wider range of young people, the main focus being in Afghanistan. In the coming years, we hope to deliver funding to build schools here, providing educational and financial support to young individuals and their families.

Financial review

The trustees have reviewed its financial performance achieved during the year, full details of which are shown on the Statement of Financial Activities on page 4 together with the accompanying notes to the statement.

The trustees have established a policy whereby the unrestricted funds not committed or invested in tangible fixed assets ('the free reserves') held by the charity. The charity's has scaled down its operation, and trustees believe the current level of funds maintained is sufficient to meet its expenditures

The trustees have considered the most appropriate policy for investing funds and believe the current investment policy meet their requirements to generate income.

YOUTH EDUCATION SUPPORT SERVICES LONDON**TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED)
FOR THE YEAR ENDED 30 APRIL 2022**

The trustees have assessed the major risks to which Youth Education Support Services London is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

Significant external risks to funding have led to the development of a strategic plan which will allow for the diversification of funding and activities. Internal risks are minimised by the implementation of procedures for authorisation of all transactions and projects and to ensure consistent quality of delivery for all operational aspects of the charitable company. These procedures are periodically reviewed to ensure that they still meet the needs of the charity.

The balance of reserves as at 30 April 2022 are £46,012. The trustees' believe the balance of reserves at 30 April 2022, along with obtaining further funding, are sufficient for the charity to continue activities in the forthcoming years.

Structure, governance and management

The charity is controlled by its governing document, the memorandum and articles of association, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

YOUTH EDUCATION SUPPORT SERVICES LONDON

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 30 APRIL 2022

1 Accounting policies

(Continued)

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

2 Critical accounting estimates and judgements

In the application of Youth Education Support Services London's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.
