CHARNWOOD CITIZENS ADVICE BUREAU

TRUSTEES' AND DIRECTORS' REPORT

For the Year Ended 31 March 2021

The Trustees (who are also directors of the charity for the purposes of the Companies Act) present their report and independently examined financial statements for the year ended 31 March 2021.

The financial statements comply with the Charities Act 2011, the Companies Act 2006, the Memorandum and Articles of Association, and Accounting and Reporting by Charities: Statement of Recommended Practice (SORP), applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

REFERENCE AND ADMINISTRATIVE INFORMATION

Charity number: 1102353
Company number: 4984410

Authorised & regulated by the Financial Conduct Authority FRN: 617548

Bankers: The Co-operative Bank p.l.c.

CHARNWOOD CITIZENS ADVICE BUREAU

TRUSTEES' AND DIRECTORS' REPORT

For The Year Ended 31 March 2021

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity was formed as a company limited by guarantee on 24th November 2003 and incorporation was registered at Companies House on 3 December 2003 (Company Number: 4984410). The full name of the charity is Charnwood Citizens Advice Bureau Ltd. It is a charity registered with the Charity Commission (charity Number: 1102353). The company is governed by its Memorandum and Articles of Association. The company operates as Charnwood Citizens Advice, consistent with the branding adopted by The National Association of Citizens Advice Bureaux, of which it is a member.

Recruitment and appointment of trustees

The charity is governed through a trustee board. Trustees at the date of this report are listed on page 3. The Articles of Association provide for a minimum of four and a maximum of fifteen trustees. The trustees meet bi-monthly with additional meetings for the sub-committees listed below.

Trustees are elected to the Board for a three-year period and are appointed by a resolution of its members at an AGM. The board has powers to co-opt members who shall retire at the following AGM and may offer themselves for re-election.

Trustee directors who held office during the financial year were:

Neil Patrick (Chair)	
Jean Anderson	Resigned 31 March 2021
Andrew Bate	Resigned 1 May 2020
Ann Brass	Resigned 19 August 2020
Steffan Burge	Appointed 10 December 2020
Michael Duggan	
Janette Halliday	Appointed 10 December 2020
Ada Harrop	
Michael Higgs (Hon Treasurer)	
Iain Kirtley	Appointed 10 December 2020
Roderick Pearson	
Tricia Wray	

Subsequent to the year-end, the following trustee directors have resigned:

Ada Harrop	Resigned 7 April 2021
Janette Halliday	Resigned 10 May 2021
Tricia Wray	Resigned 5 August 2021
Steffan Burge	Resigned 31 August 2021

Subsequent to the year-end, no trustee directors have been appointed.

The National Association of Citizens Advice appoints a representative who may attend the Board as a non-voting member.

Two sub-committees, covering Finance and General Purposes and Human Resources, support the board.

None of the trustees has any beneficial interest in the company. All of the trustees are members of the company and guarantee to contribute £1 in the event of a winding up.

CHARNWOOD CITIZENS ADVICE BUREAU

TRUSTEES' AND DIRECTORS' REPORT

For The Year Ended 31 March 2021

The organisation is co-ordinated from its office in Loughborough with outreaches in Shepshed and Syston.

Trustee recruitment, induction and training

Trustees are selected either from volunteers who approach the charity to express their interest in our work or via external recruitment. Appointments are subject to Board approval. The recruitment process seeks to achieve a representative cross section from our community and to ensure that the Board has the appropriate skills and experience. This is an ongoing process and the Board is actively working on expanding the diversity of its membership.

New trustees are provided with induction training through their relationship with a trustee mentor and on-going training in specialist areas is available for all trustees. The induction programme includes explaining the workings of the charity including their legal obligations under charity and company law, the content of the Memorandum and Articles of Association, the committee and decision-making processes, the business plan and recent financial performance of the charity. They also meet key employees and other trustees.

New trustees are provided with links to the Charity Commission website and the guide 'The Essential Trustee'. Trustees, after appointment, are required to complete training developed by Citizens Advice nationally that is specifically geared towards the roles and responsibilities of trustees. This includes training in Data Protection legislation, the Financial Conduct Authority Senior Management Certification Regime (relating to our FCA registration) and they are required to sign confidentiality agreements.

Organisation Structure

Charnwood Citizens Advice is a member of Citizens Advice, the operating name of the National Association of Citizens Advice Bureaux, which provides a framework for standards of advice and casework management as well as monitoring progress against these standards. Operating policies are independently determined, often following guidance from Citizens Advice, by the Board of Directors in order to fulfil its charitable objects and comply with the national membership requirements.

The Chief Officer and Deputy Chief Officer are appointed by the trustees to manage the day-to-day operations of the charity. There is also an experienced team of paid staff and volunteers who are key to the service offered by the charity.

The Board regularly reviews the composition of the Board, the contribution of trustees to the work of the Board and the Company and the attendance of trustees at Board and sub-committee meetings. The skill sets of the trustees, its balance and diversity are also considered and areas for development are identified. These reviews are performed in conjunction with the annual 'Leadership Self Assessment' process managed by national Citizens Advice over a three-year cycle. This process supports the passporting to external quality measures including 'The Quality Advice Standard' (AQS) and 'The Money Advice Service Debt Advice Quality Framework'. Where areas requiring improvement are identified, the Board develops action plans to address these matters.

The latest review (Year 2), in late 2020, did not identify any significant areas requiring improvement, although the Board identified that the diversity and age profile of the Board required attention and the appointment of three new trustees was deemed a step in the improvement process. It is unfortunate that due to a variety of circumstances a number of trustees have resigned during the past 18 months which has adversely affected the diversity and actions are ongoing to rectify this.

The Board and sub-committees meet to review progress against targets, consider the Charity's financial position and to discuss issues arising. Decisions are made by the trustee board in line with the Business Development Plan and their implementation is organised by the chief officer and the staff team with support from the trustees. There are regular staff and volunteer meetings that discuss matters and help to ensure that progress is being made against targets.

CHARNWOOD CITIZENS ADVICE BUREAU

TRUSTEES' AND DIRECTORS' REPORT

For The Year Ended 31 March 2021

STRUCTURE, GOVERNANCE AND MANAGEMENT (continued)

Organisation Structure (continued)

There is an Annual General Meeting, which involves the staff team, trustee board, members, and other stakeholders. The 2020 AGM was held electronically via Zoom but was not well attended.

Pay and Remuneration of Key Management Personnel

The trustees consider that the board of trustees and the senior management team (SMT) comprise the key management personnel of the charity. The charity's senior management team are remunerated in accordance with a published scale of grades linked to public sector employees. The trustee board approves any increases to these published grades.

Key risks and Uncertainties

The Board carries out a rolling risk assessment every four months. The trustees consider that the key, but not only, risks for the charity are as follows:

- A The most significant risk is a loss of, or significant reduction in, funding. The charity receives much of its income from Charnwood Borough Council and Leicestershire County Council. There is severe and continuing pressure on local government to reduce costs and these funds continue to be under threat. In addition funding is increasingly for targeted and specific areas of advice.
- B. Maintaining and improving the quality of advice that we give is a continuous risk. The problems that clients come to us with are becoming more complex and are often multiple. This requires significant awareness amongst our advisers and a rigorous attention to detail by our advice supervisors. Our performance quality is also regularly reviewed by national Citizens Advice to ensure that quality standards are maintained.
- C. In order that we can continue to deliver, it is essential that we maintain our staff and volunteer base. Our staff, both paid and volunteer, need significant initial training and we need to maintain staff skill levels. The areas we advise on are becoming more and more complex and regulation is becoming tighter. We, along with many other Local Citizens Advice, are finding it harder to attract suitable volunteers.
- D Health and Safety has become a significant issue during the past year with the Covid-19 pandemic causing significant health risks for our staff, volunteers and clients. This has had a significant impact on our operational model. This is discussed in our update on the impact of Covid-19, later in this report.

The Board has developed plans and strategies for managing these risks, including:

- A. A fundraising strategy has been developed that works on broadening our approach to income generation and is under review. We are working towards building our unrestricted income to allow us to create a cushion should we face further reductions in our funding levels. We continue to work closely with our local authorities and are a well-established 'Strategic Partner' with Charnwood Borough Council.

The charity's financial performance is regularly reviewed by the Board. Plans are then established to reduce financial risk and maintain long-term financial viability.

- B. We have an advice supervisor focussed on review of quality and the results of these quality reviews are shared at team meetings. We monitor staff development and training requirements to ensure that staff training is adequate, focussed and up to date.
- C. We actively search for volunteers and provide training and supervision. We have a Training Officer who supervises trainees. This is a continuous process, was operational throughout the 2021 financial year and has continued during lockdowns, and is discussed in our Covid-19 update.
- D Pre Covid we had minimal health and safety issues. Since then we have focussed on health and safety issues to ensure that Covid-19 and other health risks are minimised. See later in this report.

CHARNWOOD CITIZENS ADVICE BUREAU

TRUSTEES' AND DIRECTORS' REPORT

For The Year Ended 31 March 2021

Factors that are likely to affect the financial performance or position in 2021/22 and subsequent years:

- As the service is reliant on core funding from Local authorities it is subject to volatile and uncertain economic conditions, and we expect this to be a long-term factor.
- Quality of advice is important to maintain accreditation with external standards and underpins the activity of Citizens Advice.
- Recruiting staff and volunteers, developing and maintaining training are becoming harder as client issues are becoming more complex and multi-faceted. The increase in retirement age has affected our recruitment of volunteers post employment and recruiting younger volunteers is affected by the mobility of employment. These factors are expected to continue.
- The medium and long-term effects of Covid-19 on economic and social activities are unknown and likely to be variable in nature. Vaccinations have helped some return to normality but Government rules and regulations in reactions to spikes in infection are still variable in nature. This variability is expected to continue in the medium term.

Information Assurance

Information Assurance policy and procedures are reviewed annually. An Information Assurance Accounting Officer and a Senior Information Risk Officer are in place. Staff undergo information assurance training at a level appropriate to their role.

OBJECTIVES AND ACTIVITIES

Objective

The charity's purposes, as set out in the objects contained in the Company's Memorandum of Association, are '***to promote any charitable purpose for the public benefit by the advancement of education, the protection and preservation of health and the relief of poverty, sickness and distress in particular, but without limitation, for the benefit of the community in the Borough of Charnwood and surrounding areas***'.

The charity's objective is defined above. There has been no change in this objective.

Our aims are focused on:

- Providing the advice people need for the problems they face, and
- Improving the policies and practices that affect people's lives

Our service provides free, independent, confidential and impartial advice to everyone on his or her rights and responsibilities. We value diversity, promote equality and challenge discrimination.

CHARNWOOD CITIZENS ADVICE BUREAU

TRUSTEES' AND DIRECTORS' REPORT

For The Year Ended 31 March 2021

HOW OUR ACTIVITIES DELIVER PUBLIC BENEFIT

Our main activities and those we try to help are described below. All our charitable activities focus on providing the advice people need for the problems they face and are undertaken specifically to provide public benefit.

We help people resolve their legal, money and other problems by providing information, advice and assistance and by influencing policymakers both locally and nationally in conjunction with national Citizens Advice.

The Board of Trustees have referred to the Charity Commission general guidance on public benefit when reviewing our aims and objectives and in planning future activities. In particular, the trustees considered how planned activities will contribute to the aims and objectives that they have set. The Trustees consider that they have complied with the duty in section 4 of the Charities Act 2011.

GOVERNANCE

The Trustee Board sets the strategic direction and establishes the short and medium term objectives through the Business Plan, which is regularly updated and is subject to performance monitoring at the Board's meetings.

The members of the board are trustees under charity law and directors of the charitable company. There are six scheduled board meetings a year and other meetings and events are held as necessary. The Chief Officer, working with the Deputy Chief Officer, is responsible for delivering the Business Plan and for day-to-day operations.

Details of our current Trustees are included earlier in this report.

Our membership of Citizens Advice imposes certain requirements and obligations under our membership agreement and the Trustees consider that they have met the requirements.

One of the significant requirements is a Leadership Self Assessment that covers Governance, Strategic business planning, Risk management, Financial management, People management, Operational performance management, Partnership working, Research and campaigns and Equality leadership. The assessment is performed annually and is reviewed by an independent assessor, appointed by national Citizens Advice. The reviews are performed on a 3-year cyclical basis with a full detailed audit in year 3 of the cycle. The 2020 financial year was the first year of the cycle building on the audit of November 2018. The evaluation outcome can range from Green (highest), Yellow, Amber and Red (lowest).

The Board evaluated itself as Green in all areas except for Equality leadership where we evaluated ourselves as Yellow. The Board is pleased that these outcomes were agreed in the Year 1 review and have been confirmed in the Year 2 review held in November 2020.

ACHIEVEMENTS AND PERFORMANCE

Advice and Information Services

The main areas of charitable activity are:

- the provision of general advice and information services
- the provision of specialist advice and casework services in the debt and welfare benefits, and

CHARNWOOD CITIZENS ADVICE BUREAU

TRUSTEES' AND DIRECTORS' REPORT

For The Year Ended 31 March 2021

Core Services

Throughout the year we have continued to offer Advice and Information in the following ways:

- Face to face drop in – during the year we have been open 4 days (27.5 hours) a week. An initial assessment takes place ensuring that clients are dealt with in the most appropriate way, urgent issues are responded to and clients are not turned away.
- AdviceLine – participation is continuing as part of a countrywide telephone service. The line is covered on a rota basis between the hours of 9.00am and 5.00pm from Monday to Friday. Outside of these times there is an automated advice service 24 hours a day. Our commitment to AdviceLine service is sub-contracted to Citizens Advice Lancashire West.
- Full advice – General and specialist advice through our team of trained advisers and paid staff.
- Information and Self Help – we provide information for clients to be able to resolve issues themselves without the need for appointments with our advisers

Our Core Service, which is primarily funded by Leicestershire County Council and Charnwood Borough Council, operates from offices in Loughborough and Shepshed. Our Core Service is delivered by a team of volunteers, with support and supervision from paid and volunteer supervisors. During the pandemic the face to face service was suspended and we operated a telephone advice service. Limited face-to-face appointments have recommenced but the drop-in service remains suspended.

Shepshed Town Council provides us with accommodation and fund a supervisor post, and advice is normally delivered by volunteers on two days a week. Due to Covid 19 and lockdowns this service was suspended and replaced by our telephone advice service. This service enables clients to access our services without the need to travel into our main Loughborough offices. We recommenced this outreach in late September 2021.

We continue to work in partnership with Syston and District Volunteer Centre, providing outreach advice sessions on the first and third Wednesday of each month. As with Shepshed Covid-19 and lockdowns meant that this service has been suspended since March 2020. This service will recommence in October 2021 for the balance of the funding period.

Specialist Services

In addition to the Core Service, Citizens Advice Charnwood provides help and support to individuals through specific project funding:

- ***Debt advice & Homelessness prevention***

Specialist debt advice is available to clients by virtue of funding from Charnwood Borough Council via Homelessness Prevention and Specialist Money Advice Grants. The Homelessness Prevention casework we provide is designed to prevent homeowners and private rented tenants from being made homeless due to unmanageable debt. The Specialist Money Advice casework is aimed at local authority and housing association tenants who have multiple debts. We offer this specialist debt advice and casework from our Loughborough office Monday - Thursday 9.30am - 4.30pm. A telephone service replaced the face-to-face service throughout the pandemic.

- ***Help to Claim (Universal Credit)***

The project provides help to clients with their initial claim for Universal Credit through to their first payment. It is funded, by the Department for Work and Pensions, through grant agreements with national Citizens Advice. A telephone service replaced the face-to-face service throughout the pandemic.

CHARNWOOD CITIZENS ADVICE BUREAU

TRUSTEES' AND DIRECTORS' REPORT

For The Year Ended 31 March 2021

- **Energy Best Deal Extra**

We assist clients with energy related issues such as obtaining better deals by shopping around, offering energy saving tips to reduce bills, assisting with complaints, and dealing with fuel debts. Additionally, it allows us to offer benefit checks and debt casework. The project ran from October 2020 to March 2021.

- **Welfare benefits**

We received funding from Charnwood Borough Council for a short term project to improve the take up of welfare benefits by residents of the borough. This involves outreach to other organisations and performing benefit checks for clients to ensure they are receiving full benefit entitlement. This project continued into the 2021-2022 financial year.

We include some of the effects of Covid-19 above but also see later in this report for further comment how the Covid-19 pandemic has affected our work and how we have responded to this.

ACHIEVEMENTS AND PERFORMANCE

During the 2021 financial year Citizens Advice Charnwood continued to deliver advice for the benefit of the local community despite on-going financial challenges.

Our Quality of Advice client outcome score was consistently high throughout the year and significantly higher than that achieved nationally. In the 2021 financial year 84% (2020: 90%) of clients found accessing the service easy and 90% (2020: 94%) would recommend the service to others.

In the 2021 financial year we recorded the total number of clients advised as 3,640 (2020: 5,059), including 1,220 (2020: 883) clients accessing the service through our telephone contact centre that is hosted by Citizens Advice Lancashire West. This financial year we recorded 6,937 (2020: 14,589) advice issues. All of the above reductions have been assessed to be as a direct result of the lockdowns and difficulties associated with setting up our local telephone advice service. As can be seen above whilst the number of client contacts slightly decreased over the year by 28.0% (2020: decrease 6.5%) the number of advice issues decreased significantly with a decrease of 47.5% (2020: increase 30.2%). This analysis is significantly affected by the Covid-19 pandemic.

The main issues that we are dealing with on behalf of clients and the 2020 comparative are shown below:

Other includes immigration, health and consumer issues.

CHARNWOOD CITIZENS ADVICE BUREAU

TRUSTEES' AND DIRECTORS' REPORT

For The Year Ended 31 March 2021

Casework

We provided casework for 102 (2020: 132) clients with multiple debt issues. The total value of debt outcomes was £898,563 (2020: £689,078).

Our debt caseworkers achieved these outcomes by using insolvency procedures such as Debt Relief Orders, Bankruptcy, or by challenging the enforceability of debts. This involves identifying and confirming debts, setting budgets for clients and maximising their income, including new benefits, helping clients establish the most appropriate outcome and assisting in negotiation outcomes with the client's creditors.

Total income gains for clients amounted to £405,004 (2020: £1,123,477) in addition to the above, and were achieved through:

- Challenging decisions relating to welfare benefits including getting over payments reduced or not recovered.
- Assisting clients in claiming benefits to which they were entitled, or obtaining a new award or increase in existing awards.
- Assisting clients in switching utility suppliers and also getting better deals and tariffs.
- Claiming tax rebates and single person Council Tax discounts not previously claimed.
- Obtaining refunds for faulty goods or services or cancellation of charges incorrectly made.

Contribution of Volunteers and Paid Staff

Our success has been achieved with the hard work and dedication of volunteers and staff. The trustee board and senior management team recognise the significant contribution made by the charity's volunteers in advising the public and administering the service without which the service could not operate.

In 2021 our 30 (2020: 53) volunteers contributed a total of 8,268 (2020: 16,068) hours, which equates to an annual value of £150,725 (2020: £284,893). This excludes the contribution of trustees, which equates to around £25,000 (2020: £40,000), reduced due to lower numbers of trustees.

However, the value of our volunteers is inadequately expressed in monetary terms. Indeed, volunteers bring many skills to the service and very often the volunteering experience gained helps individuals return to full employment.

Volunteers are critical to our success and we are continually looking at ways and means of attracting and keeping volunteers. The training by our Training Officer has maintained our volunteers' levels and has continued through the pandemic with a move to on-line training. We have continued to hold on-line training sessions which have proven successful in maintaining and improving the quality of advice.

Our paid staff have continued their work in maintaining the service during another challenging year. Our Finance and Administration Officer, Roxanne Hawkins, was on maternity leave during most of this financial year and her maternity cover (Denise Condon) had a challenging time when the Covid-19 lockdown occurred right at the start of her cover. We thank her for her work over this period and have now welcomed back Roxanne.

The Trustees thank all staff and volunteers for their efforts in all aspects over the last financial year and especially in the current financial year with all the uncertainties.

Factors Affecting the Achievement of Objectives

Maintaining sufficient funding to continue delivering the service remains a continual challenge. We are making sure that we invest in fundraising and continue to diversify our approach to ensure we are delivering the most cost effective service we possibly can. This is not about simply cutting costs; it is about delivering a service that genuinely meets clients' needs to make us as cost effective as possible.

CHARNWOOD CITIZENS ADVICE BUREAU

TRUSTEES' AND DIRECTORS' REPORT

For The Year Ended 31 March 2021

The complexity of the issues that clients are facing, and the additional challenges that clients are experiencing, places additional demands on the service. The support networks that were previously in place for people are changing and we are asked to offer support that falls outside the remit of direct advice. Where people are vulnerable, it is essential that we offer support in a person centred way and whilst necessary this can be resource intensive.

FINANCIAL REVIEW

The availability of funding in the charity sector remains difficult in a period of austerity and has been exacerbated by the impact of Covid-19. We have concentrated on delivering a cost-effective service that genuinely meets the needs of our clients. It remains a challenging prospect to meet the client demand for our services with significantly reduced funding resources.

In the 2020 financial year, the charity had a net income of £15,822 (2020: £8,206) from a total income of £239,973 (2019: £231,818). Total operating expenditure for the year was £227,402 (2020: £229,773) before exceptional items of £3,251 (2020: £6,161). The charity has benefited from a reduction in the defined benefit funding obligation and in view of its significance these amounts are shown as an exceptional item of £3,251 (2020: £6,161.). At the year-end the charity's total funds stand at £54,239 (2020: £38,417) of which £47,236 (2020: £32,475) is unrestricted and £7,002 (2020: £5,942) is restricted.

Principal Funding Sources

The total income for the year of £239,973 represents a net increase of £8,155 compared to 2020. We have reduced income in the following areas - reduced income from Energy Better Deal project; from the Syston outreach; and reduced fundraising income. During the pandemic, we have managed to source funding from both Leicestershire County Council and Charnwood Borough Council to enable us to significantly increase the amount of IT equipment for our home-working volunteers and staff, for support of our training efforts, grants to cover the increased costs of health and safety and as funding to compensate for loss of revenue. We also obtained funding to improve telephone equipment and some additional computers from the Department for Business, Energy & Industrial Strategy via national Citizens Advice.

The Trustees extend their sincere gratitude to Leicester County Council, Charnwood Borough Council and Shepshed Town Council who all continue to support the key (core) operating capacity of the charity and provide certain project funding. Details of income and the providers are disclosed in Notes 4 to 7 of the financial statements.

Investment Policy

As required in its Memorandum, paragraph 4.15, in furtherance of its objects, and for no other purposes, the Company has the power to invest or deposit funds in any lawful manner (having regard to the suitability of investments and the need for diversification). The Company invests surplus funds in a local building society deposit account.

Pension Schemes

Details of the pension schemes are disclosed in Note 16 to the financial statements.

Current employees are members of a defined contribution scheme operated by The Pensions Trust.

A number of former employees were members of multi-employer defined benefit schemes, both of which are closed to new members and further accrual of service. These closed schemes have resulted pension deficits and the charity has obligations to fund its apportioned share of the deficits. The deficit funding payments in 2021 were £5,598 (2020: £5,425) a year. This amount, with annual increases of 3%, is intended to eliminate the deficits in six to seven years. The triennial actuarial valuation of these funds is in progress but whilst the results show a reduction in deficit any reduced deficit contributions will not have effect until the 2022-2023 financial year.

CHARNWOOD CITIZENS ADVICE BUREAU

TRUSTEES' AND DIRECTORS' REPORT

For The Year Ended 31 March 2021

Reserves Policy

Charnwood Citizens Advice is required to ensure that free monies are available in each financial year to meet any reasonable foreseeable contingency. The Trustees review their reserves policy on an annual basis.

During the 2020-2021 financial year annual review and when considering the impact of Covid-19, the board revised the reserves policy. The policy is that the Company should retain sufficient reserves to cover between 3 and 6 months of core required operating costs plus amounts to cover staff redundancy pay (assuming this is payable on the last day of the current financial year).

As of 31 March 2021, the reserves necessary to meet the policy were re-evaluated as being between £84,000 to £138,000 including £28,000 for redundancy (2020: £76,000 to £129,000 including £23,000 for redundancy). The unrestricted reserves available were £80,378 (2020: £68,865) excluding the pension liability.

The reserves policy level is re-evaluated annually and will be calculated using running costs based on the current annual budget.

Going Concern

Company law and Accounting Standards require the Trustees to consider the appropriateness of the going concern basis when preparing the financial statements. Having done so, the Trustees have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the financial statements.

THE IMPACT OF COVID-19

Throughout the pandemic we have been supported by our core funders and have provided our services through telephone advice. We have also managed to secure one-off grant aid to enable the increased home-working by staff and volunteers. This has reduced certain of the staff and volunteer travel costs. With the support we received we were able to continue operating without the need to furlough any staff. The future is still uncertain but we are returning to a level of normal operating.

Operations

Lockdown resulted in our 'face-to-face' and physical drop in services suspending operations at all locations. The decision to close the offices was taken to protect the health and safety of our staff and volunteers, many of whom are considered in the vulnerable age category. The Syston and Shepshed outreach facilities have also remained closed for most of the year; Services to clients in those areas continued via our telephone helpline operation.

Our Loughborough office was open to enable basic administration and management of the helpline to operate. Management have worked hard to establish Covid-19 protocols to develop new ways of working put in place. However, we were unable to re-open the drop-in facility and all advice was on an 'appointment-only' basis. This service commenced in September 2020 but was halted because of the December 2020 lockdown.

We developed a remote service with volunteer advisers 'working from home' with support, as necessary, from supervisors. This commenced from July 2020 when additional laptop computers were acquired. This aspect of the service will continue, and to grow, as the longer-term impact of Covid-19 and its mutations are felt. We are also investigating ways and means of using the 'cloud' to support total remote working of all aspects of the charity's works including management, finance and administration.

80% of our clients can be described as vulnerable: disabilities, health problems, learning difficulties, poverty, lack of financial capability, digital exclusion and language barriers. Accessing our services via phone and alternate access via web-chat and email are more difficult compared to our face-to-face model. It is clear that a significant number of our clients have not been able to access our services, as evidenced by the previous statistics that show a drop of 28% in client contacts. We are actively working to extend the accessibility of our services for these groups, including re-opening to face-to-face contacts, albeit on a limited scale at present.

CHARNWOOD CITIZENS ADVICE BUREAU

TRUSTEES' AND DIRECTORS' REPORT

For The Year Ended 31 March 2021

Finances

Covid-19 has affected the charity's income through a reduction in direct income, notably room rental to other charities and donation income from volunteers and clients, but has actually increased through the receipt of specific grants for restricted funding activities. We have received the following:

- Covid-19 related grants from Leicestershire County Council to acquire laptops for staff and volunteers to assist in working remotely and also support for the loss of income
- Covid-19 related grants from Charnwood Borough Council to reopen facilities including costs towards the cost of protective equipment and the additional cleaning costs incurred.
- Covid-19 related grant from national Citizens Advice to acquire additional laptop computers and equipment to move to a more telephone based service working remotely.
- Grant from Leicester and Rutland Community to support additional refresher training for volunteers and staff following the lockdowns.

Covid-19 has resulted in reduced expenditure primarily in the area of Staff and Volunteer (non-payroll) expenses and reduced Office and administration costs. Expenditure has increased in the area of health and safety with significant increases expected in the area of cleaning and health related matters. These costs have been mitigated in the current financial year through the receipt of Covid-19 related grants as noted above.

Overall the charity has maintained its financial resources and for the 2021-2022 financial year we expect a similar outcome to the 2021 financial year

FUTURE PLANS

The Trustees' principal objective remains the preservation of the primary function of the Bureau, which is to provide an advice service free to those who use it and one provided mostly by volunteer advisers.

The Trustees' first priority is to ensure the long-term sustainability of the Bureau and its ability to meet this objective in the light of reduced funding. Nevertheless, specialist advice and casework bring range and depth to our advice work that is immensely valuable to our clients and increasingly important to the community.

Staff and Trustees will be seeking new sources of funding both to replace those sources that have now finished and if opportunities arise to open new channels to ensure that we continue to provide as wide a service as possible to the greatest possible number of clients.

Specifically, we would like to advance in the following areas, subject to funding:

- Develop and improve the remote working aspects of our Generalist advice service
- Ensure that specialist debt and welfare benefit advice continues to be available
- Improve the accessibility of the Bureau to clients.

CONCLUSION

2021 was a year without parallel with lockdowns and changes to our whole way of living and of working. Our staff and volunteers have been remarkable in their flexibility in dealing with these wholesale changes. They have adapted policies and procedures to ensure that work can continue with the safety of staff, volunteers and clients paramount. They have continued to have the welfare and interests of clients at the core of their work during this difficult year. The Trustees wish to place on record their thanks to all for their efforts over the last 18 months.

The annual report was approved by the trustees of the charity on 9 November 2021 and signed on its behalf by:

Neil Patrick
Chair of Trustees

CHARNWOOD CITIZENS ADVICE BUREAU

TRUSTEES' AND DIRECTORS' REPORT

For The Year Ended 31 March 2021

STATEMENT OF TRUSTEES' (AND DIRECTORS') RESPONSIBILITIES

The trustees (who are also the directors for the purposes of company law) are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company and charity law requires the trustees and directors to prepare financial statements for each financial year. Under those laws, the trustees have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law).

Company law requires that the trustees prepare financial statements for each financial year that give a true and fair view of the state of affairs of the company and of the incoming resources and application of resources of the company for that period. In preparing these financial statements, the trustees are required to:

- a. select suitable accounting policies and then apply them consistently;
- b. make judgements and estimates that are reasonable and prudent;
- c. state whether applicable accounting standards have been followed subject to any material departures disclosed and explained in the financial statements; and
- d. prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

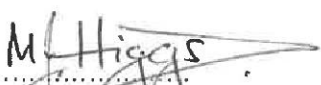

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions, disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the company's website.

The trustees are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In preparing this report, the Trustees have taken advantage of the small company's exemptions provided by section 415A of the Companies Act 2006.

Approved by the trustees of the charity on 9 November 2021 and signed on its behalf by:

.....
Michael Higgs
Trustee (Honorary Treasurer)

INDEPENDENT EXAMINERS REPORT

To the Trustees of Charnwood Citizens Advice Bureau Limited

Company Number 4984410

INDEPENDENT EXAMINERS REPORT

I report on the accounts of the company for the year ended 31 March 2021, which are set out on pages 16 to 33.

Respective responsibilities of trustees and examiner

The charity trustees (who are also the directors of the company for the purposes of company law) are responsible for the preparation of the accounts. The charity trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

Having satisfied myself that the charity is not subject to an audit under part 16 of the Companies Act 2006 and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the 2011 Act;
- follow the procedures laid down in the General Directions given by the Charity Commission (under section 145(5)(b) of the 2011 Act; and
- state whether particular matters have come to my attention.

Basis of independent examiner's statement

My examination was carried out in accordance with the General Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair' view and the report is limited to those matters set out in the statement below.

Independent examiner's statement

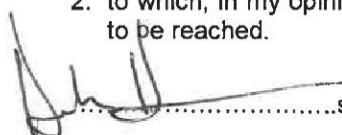

In connection with my examination, no matter has come to my attention:

1. which gives me reasonable cause to believe that in, any material respect, the requirements:

- to keep accounting records in accordance with section 386 of the Companies Act 2006; and
- to prepare accounts which accord with the accounting records, comply with the accounting requirements of section 386 of the Companies Act 2006 and with the methods and principles of the Statement of Recommended Practice: Accounting and Reporting by Charities

have not been met; or

2. to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

These financial statements have been prepared in accordance with the provisions applicable to small companies within Part 15 of the Companies Act 2006.

For the financial year ended 31st March 2021, the charity was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

The members have not required the charity to obtain an audit of its accounts for the year in question in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

The financial statements on pages 16 to 33 were approved by the trustees on 9 November 2021 and signed on their behalf by:

Trustee

CHARNWOOD CITIZENS ADVICE BUREAU

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2021

1 General Information

Charnwood Citizens Advice is a charity constituted as a company and limited by guarantee. The charity is registered in England and its principal address is Woodgate Chambers, 70 Woodgate, Loughborough, Leics, LE12 7PU. The members of the company are the directors and in the event of the charity being wound up, the liability in respect of the guarantee is limited to £1 per member of the charity.

2 Accounting Policies

The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

The charity meets the definition of a public benefit entity as defined by FRS 102.

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Financial Reporting standard applicable in the United Kingdom and Republic of Ireland (FRS 102). They also comply with the Companies Act 2006 and the Charities Act 2011.

The financial statements are prepared on a going concern basis under the historic cost convention. The financial statements are prepared in sterling and rounded to the nearest pound.

The preparation of financial statements requires the use of certain critical accounting estimates and also requires the trustees to exercise judgement in applying the accounting policies. Actual outcomes in the future could differ from the estimates established when preparing the financial statements. The areas involving significant estimate or judgement are disclosed in Note 3.

The charity has availed itself of Paragraph 4(1) of Schedule 1 of the Small Companies and Groups (Accounts and Directors' Reports) Regulations 2008 and adapted the format of the financial statements to reflect the special nature of the charity's activities.

As the charity is a small company, it has taken advantage of FRS 102.7.1B to not present a cash flow statement.

(b) Financial Instruments

The Charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments under FRS 102. Basic financial instruments are initially recognised at transaction value, and subsequently measured at the present value of future cash flows (amortised cost).

Financial assets held at amortised cost comprise cash at bank and in hand and debtors excluding prepayments. Financial liabilities held at amortised cost comprise creditors excluding deferred income and taxation payable. Financial liabilities that are provisions are held at fair value.

(c) Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the trustees in furtherance of the general objectives of the company and which have not been designated for other purposes.

Designated funds are unrestricted funds earmarked by the trustees for particular purposes.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the company for particular purposes. The costs of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

CHARNWOOD CITIZENS ADVICE BUREAU

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2021

2 Accounting Policies (continued)

(d) Income

Income is recognised in the Statement of Financial Activities when a transaction or other event results in an increase in the charity's assets or a reduction in the charity's liabilities. Recognition does not occur until all of the following criteria are met:

- Control over the rights or other access to the economic benefit has passed to the charity
- It is more likely than not that the economic benefits associated with the transaction or gift will flow to the charity
- The monetary value or amount of the income can be measured reliably and the costs incurred for the transaction and the costs to complete the transaction can be measured reliably

Income is deferred only when the charity has to fulfil conditions before becoming entitled to it or where the donor has specified that the income is to be expended in a future period.

Specifically income is treated as follows:

- Voluntary income received by way of grants, donations and gifts is included in full in the Statement of Financial Activities when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably. Donations under gift aid, together with the associated income tax recoverable are treated as income when the donations are received.
- Income from grants, where related to performance and specific deliverables, is accounted for when it is probable that the income will be received and the amount can be measured reliably. Where performance conditions are attached to the grant and are yet to be met, the income is recognised as a liability and included on the balance sheet as deferred income.
- Grants for the purchase of fixed assets are included in incoming resources when receivable. The fixed assets purchased are accounted for in accordance with the accounting policy for fixed assets and where appropriate the cost or depreciation is charged against the restricted fund arising.
- Donated services and facilities are included at the value to the charity where this can be quantified and is material.
- The value of services provided by volunteers has not been included in these financial statements, as the monetary value of the services received cannot be measured reliably.

(e) Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the company; this is normally upon notification of the interest paid or payable by the relevant financial institution.

(f) Expenditure

Expenditure is recognised on an accrual basis as a liability is incurred. Expenditure includes any VAT that cannot be fully recovered, and is reported as part of the expenditure to which it relates. All costs are allocated to the applicable expenditure headings that aggregate similar costs to that category.

Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central costs allocated on the basis of time spent.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. The primary functional activity of the charity is the giving of free and confidential advice to the public. Charitable expenditure includes costs allocated directly to such activities and those costs of an indirect nature necessary to support them.

CHARNWOOD CITIZENS ADVICE BUREAU

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2020

2 Accounting Policies (continued)

Support costs includes Information technology costs and the costs of meeting the constitutional and statutory requirements of the charity, the independent review fees and costs linked to the strategic management of the charity.

(g) Exceptional items

The charity classifies certain one-off charges or credits that have a material effect on the financial results as 'exceptional items'. These are disclosed separately to provide further understanding of the financial results of the charity.

(h) Deferred income

Deferred income relates to restricted funding received in advance but where the related expenditure can only take place in a future accounting period.

(i) Operating leases

Rental costs under operating leases are charged in the statement of financial activities in equal amounts over the period of the leases.

(j) Taxation

The company is a registered charity and accordingly is exempt from taxation on income and gains where they are applied for charitable purposes. No provision for taxation has therefore been made in these accounts.

(k) Tangible fixed assets and depreciation

All assets costing more than £1,000 are capitalised.

The company currently has no assets that individually cost more than the capitalisable amount. All the company's assets are insured.

(l) Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

(m) Cash at bank and in hand

Cash at bank and in hand includes cash and short-term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

(n) Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors are normally recognised at their settlement amount after allowing for any trade discounts due.

Provisions for future liabilities are recognised where the charity has a legal or constructive obligation that can be reliably estimated. Provisions are recognised at the present value of the expenditures expected to be required to settle the obligation. The increase in the provision due to the passage of time is recognised in the statement of financial activities.

CHARNWOOD CITIZENS ADVICE BUREAU

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2021

2 Accounting Policies (continued)

(o) Employee benefits, including pensions and retirement benefits

Holiday Pay

A liability is recognised for any unused holiday pay entitlement that has accrued at the balance sheet date and is carried forward to future periods. This is measured at the undiscounted salary cost of such entitlement.

Defined contribution pension plan

The charity participates in a defined contribution pension plan. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. Once the contributions have been paid the company has no further payment obligations. The contributions are recognised as an expense when they are due. Amounts not paid are shown in accruals in the balance sheet. The assets of the plan are held separately from the company and are independently administered.

Multi-employer pension plan

The charity is a member of two multi-employer pension plans. Where it is not possible for the company to obtain sufficient information to enable it to account for the plan as a defined benefit plan, it accounts for the plan as a defined contribution plan. Where such a plan is in deficit and where the charity has committed to a formal deficit funding arrangement, the company recognises a liability for the obligation. The amount recognised is the net present value of the deficit reduction contributions payable. The amounts charged in the Statement of Financial Activities represent the contributions payable to the schemes plus or minus the change in the provision for future committed contributions. The unwinding of the discount element of the change in provision is recognised as a finance cost.

3 Judgements and estimates

In the application of the charity's accounting policies the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities affect the application of the policies and thus the reported amounts.

Judgements

The charity participates in two multi-employer defined benefit pension plans, The Scottish Voluntary Sector Pension Scheme and The Pensions Trust – The Growth Plan. In the judgement of the trustees, the charity is unable to obtain sufficient information on the plans to be able to identify its share of the underlying assets and liabilities of the schemes on a consistent and reliable basis. Therefore, the schemes are accounted for as defined contribution plans, as required under FRS 102.

Estimates

The following estimates have a risk of causing a material adjustment to the carrying amounts of assets or liabilities:

- (a) The value of the deficit in the multi-employer defined benefit pension plans is determined using an actuarial valuation. This includes making assumptions about asset valuations, discount rates, life expectancy and the strength of the employer covenant. The trustees have relied on information that has been provided by The Pensions Trust, Plan administrators. These assumptions are subject to significant uncertainty due to the length of the obligation. Further details are included in Note 16.
- (b) The charity has certain obligations under its property lease. The charity is required to evaluate the amounts expected to be payable for property dilapidations and for the obligation to repaint the occupied area during the lease term.

CHARNWOOD CITIZENS ADVICE BUREAU

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2021

8 Exceptional Item – Movement on defined benefit pension schemes funding obligation

As identified in Note 3, and detailed in Note 16, the company is unable to identify its liabilities for the defined benefit pension plans and treats them as a defined contribution scheme and charges the deficit funding to the Statement of Financial Activities to reflect the costs arising from the membership of the plans. However, the Trustees evaluate the obligation in relation to the scheme liabilities and include certain discount adjustments and actuarial adjustments when establishing the liability. Changes in this obligation are treated as an exceptional item.

	2021 £	2020 £
Deficit contributions paid	5,598	5,434
Unwinding of discount – finance cost	(856)	(579)
Re-measurement of liability – Gain / (Loss) arising from a change in assumptions	1,491	1,306
Re-measurement – Gain / (Loss) arising from amendment to contribution schedule	-	-
Total exceptional gain	3,251	6,161

9 Net incoming resources for the year

	2021 £	2020 £
This is stated after charging:		
Operating leases – land and buildings	25,000	25,000
Operating leases – other (photocopier)	580	594
Independent Examiners' remuneration:		
- Independent Examination fee	2,400	2,400
- Overprovision of prior year Independent Examination fee	(1,650)	-
- Other services (accountancy advice and payroll services)	1,368	1,368

10 Trustees

During the year no remuneration or benefits for services as a director/trustee have been paid or were payable, directly or indirectly, out of the funds of the charity to any trustee or to any person known to be connected with them.

Trustee indemnity insurance is in place.

11 Employees

	2021 Full Time Equivalent	2021 Head Count	2020 Full Time Equivalent	2020 Head Count

*Deferred income includes £2,800 received from Intelligent Energy for staff and volunteer training over the year commencing in November 2019, including amounts for external training courses (2020: £6,176). Due to Covid-19 the external training was not spent and the amount has been carried forward to the 2021-2022 financial year.

CHARNWOOD CITIZENS ADVICE BUREAU

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2021

15 Provision for liabilities

The charity has the following provision, in addition to the pension obligations in Note 16 below.

	Property £
Balance at 1 April 2020	16,200
Statement of financial activities impact:	
- Charge for the year	1,800
- Amount released	-
Balance at 31 March 2021	18,000

Under the terms of its previous lease with Charnwood Borough Council the charity had the obligation to repaint the interior areas of the property that it occupies in the 5th year of the lease and in the last six months of the lease. The terms have continued into the tenancy-at-will. The amount provided represents the time apportioned provision for the total costs expected to be payable.

16 Pensions – Defined benefit pension scheme liability & Defined contribution scheme

The company participates in a number of pension schemes for employees including a defined contribution scheme and two multi employer schemes. Details of the deficit funding obligations are detailed below and outstanding contributions are included in Note 14.

(a) Defined benefit pension scheme liability - Multiemployer schemes

Information on the multi-employer schemes is detailed in the attached notes.

	Pension deficit funding - SCVS	Pension deficit funding – TPT Growth Plan 3	Total
Note (see below)	(i) £	(ii) £	£
Balance at 1 April 2020	36,337	53	36,390
Deficit contributions paid	(5,587)	(11)	(5,598)
Statement of financial activities impact:			
- Unwinding of discount (interest expense)	856	-	856
- Remeasurements – impact of any change in assumptions	1,490	1	1,491
- Remeasurements – amendments to the contribution schedule	-	-	-
Balance at 31 March 2021	33,096	43	33,139

(i) Multi-employer (defined benefit) scheme - Scottish Voluntary Sector Pension Scheme

The company participates in the scheme, a multi-employer scheme that provides benefits to some 102 non-associated employers. The scheme is a defined benefit scheme in the UK. It is not possible for the company to obtain sufficient information to enable it to account for the scheme as a defined benefit scheme. Therefore, it accounts for the scheme as a defined contribution scheme.

The scheme is subject to the funding legislation outlined in the Pensions Act 2004 that came into force on 30 December 2005. This, together with documents issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, set out the framework for funding defined benefit occupational pension schemes in the UK.

CHARNWOOD CITIZENS ADVICE BUREAU

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2021

16 Pensions – Defined benefit pension scheme liability & Defined contribution scheme (continued)

(a) Defined benefit pension scheme liability - Multiemployer schemes (continued)

(i) Multi-employer (defined benefit) scheme - Scottish Voluntary Sector Pension Scheme (continued)

The scheme is classified as a 'last-man standing arrangement'. The company is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the scheme. Participating employers are legally required to meet their share of the scheme deficit on an annuity purchase basis on withdrawal from the scheme.

A full actuarial valuation for the scheme was carried out with an effective date of 30 September 2017 (previous valuation at 30 September 2014). This actuarial valuation showed assets of £120.0 million (previously £88.2m), liabilities of £145.9 million (previously £122.1m) and a deficit of £25.9 million (previously £33.9m). To eliminate this funding shortfall, the trustees and the participating employers have agreed that additional contributions will be paid, in combination from all employers, to the scheme as follows:

Total deficit contributions (based on 30 September 2017 valuation)

From 1 April 2019 to 30 September 2026:	£1,404,638 per annum (payable monthly and increasing by 3% each year on 1st April)
From 1 April 2019 to 30 September 2027:	£136,701 per annum (payable monthly and increasing by 3% each year on 1st April)

The contributions to 30 September 2027 are in respect of those employers that have agreed concessions (both past and present) with the Trustee; the company is not one of those employers.

Total deficit contributions (based on 30 September 2014 valuation)

From 1 April 2016 to 31 October 2029	£1,323,116 per annum (payable monthly and increasing by 3% each on 1st April)
From 1 April 2016 to 30 September 2031	£292,376 per annum (payable monthly and increasing by 3% each on 1st April)
From 1 April 2016 to 30 September 2031	£37,475 per annum (payable monthly)

The recovery plan contributions are allocated to each participating employer in line with their estimated share of the scheme liabilities.

Where the scheme is in deficit and where the company has agreed to a deficit funding arrangement, the company recognises a liability for this obligation (see above). The amount recognised is the net present value of the deficit reduction contributions payable under the agreement that relates to the deficit. The present value is calculated using the discount rate detailed below.

	2021 % per annum	2020 % per annum
Rate of discount	0.86	2.57

The discount rates shown above are the equivalent single discount rates which, when used to discount the future recovery plan contributions due, would give the same results as using a full AA corporate bond yield curve to discount the same recovery plan contributions.

CHARNWOOD CITIZENS ADVICE BUREAU
NOTES TO THE FINANCIAL STATEMENTS

16 Pensions – Defined benefit pension scheme liability & Defined contribution scheme (continued)
(a) Defined benefit pension scheme liability - Multiemployer schemes (continued)
(i) Multi-employer (defined benefit) scheme - Scottish Voluntary Sector Pension Scheme (continued)

The deficit contributions agreed between the company and the scheme at each year-end period are:

Year	31 March 2021 £	31 March 2020 £
Year 1 - 31 March 2022 (31 March 2021)	5,755	5,587
Year 2	5,928	5,755
Year 3	6,106	5,928
Year 4	6,289	6,106
Year 5	6,477	6,289
Year 6	3,336	6,477
Year 7	-	3,336
	-----	-----
Gross amount payable	33,891	39,478
Effect of discounting	(795)	(3,141)
	-----	-----
Amount provided at year end	33,096	36,337
	-----	-----

(ii) Multi-employer (defined benefit) scheme – TPT Retirement Solutions – The Growth Plan 3

The company participates in the scheme, a multi-employer scheme that provides benefits to some 950 non-associated participating employers. The scheme is a defined benefit scheme in the UK. It is not possible for the company to obtain sufficient information to enable it to account for the scheme as a defined benefit scheme. The company accounts for the scheme as a defined contribution scheme.

The scheme is subject to the funding legislation outlined in the Pensions Act 2004 that came into force on 30 December 2005. This, together with documents issued by the Pensions Regulator and Technical Actuarial Standards issued by the Financial Reporting Council, set out the framework for funding defined benefit occupational pension schemes in the UK.

The scheme is classified as a 'last-man standing arrangement'. The company is potentially liable for other participating employers' obligations if those employers are unable to meet their share of the scheme deficit following withdrawal from the scheme. Participating employers are legally required to meet their share of the scheme deficit on an annuity purchase basis on withdrawal from the scheme.

CHARNWOOD CITIZENS ADVICE BUREAU

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2021

16 Pensions – Defined benefit pension scheme liability & Defined contribution scheme (continued)

(a) Defined benefit pension scheme liability - Multiemployer schemes (continued)

(ii) Multi-employer (defined benefit) scheme – TPT Retirement Solutions – The Growth Plan 3 (continued)

A full actuarial valuation for the scheme was carried out at 30 September 2017 (previously 30 September 2014). This valuation showed assets of £794.9 million (previously £793.4 million), liabilities of £926.4m (previously £969.9 million) and a deficit of £131.5m (previously £176.5 million). To eliminate this funding shortfall, the Trustee has asked the participating employers to pay additional contributions to the scheme as follows:

Total deficit contributions (based on 30 September 2017 valuation)

From 1 April 2019 to 31 January 2025	£11,243,000 per annum (payable monthly and increasing by 3% each on 1st April)
--------------------------------------	--

Unless a concession has been agreed with the Trustee the term to 31 January 2025 applies.

Total deficit contributions (based on 30 September 2014 valuation)

From 1 April 2016 to 30 September 2025:	£12,945,440 per annum (payable monthly and increasing by 3% each on 1st April)
From 1 April 2016 to 30 September 2028:	£54,560 per annum (payable monthly and increasing by 3% each on 1st April)

The recovery plan contributions are allocated to each participating employer in line with their estimated share of the Series1 and Series 2 scheme liabilities.

Where the scheme is in deficit and where the company has agreed to a deficit funding arrangement the company recognises a liability for this obligation (see above). The amount recognised is the net present value of the deficit reduction contributions payable under the agreement that relates to the deficit. The present value is calculated using the discount rate detailed below:

	31 March 2021 % per annum	31 March 2020 % per annum
Rate of discount	0.66	2.53

The discount rates shown above are the equivalent single discount rates which, when used to discount the future recovery plan contributions due, would give the same results as using a full AA corporate bond yield curve to discount the same recovery plan contributions.

The deficit contributions agreed between the company and the scheme at each year-end period have a gross total of £44 (2020: £55) and a net total after discounting of £43 (2020: £53). The amounts are payable over the 5 years to 2025.

(b) Defined contribution scheme

Employees who are members of a company pension scheme are in a defined contribution scheme, either The Pensions Trust – Growth Plan Series 4 or The Pensions Trust Ethical Plan. The assets of the schemes are held separately from those of the company in independently administered funds managed by The Pensions Trust. The pension cost charge for the year represents contributions payable by the charitable company to the fund and amounted to £6,256 (2020: £5,763).

CHARNWOOD CITIZENS ADVICE BUREAU

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2021

Fund Descriptions

General Funds

These are the accumulated unrestricted funds of the charity.

Pension Fund

The pension reserve represents the discounted liability of the committed contributions to the multi-employer pension schemes.

Designated Fund – Equipment

The Trustees resolved to establish a designated fund to build a reserve to fund the ongoing replacement of IT equipment that has been expensed, rather than capitalised and depreciated.

Restricted Funds

(a) Charnwood Borough Council – Money Advice

This funding from the Borough Council is outreach funding to enable the charity to provide debt advice at our offices. This service is provided by specialist, paid, advisers.

(b) Charnwood Borough Council – Welfare Benefits

This short term funding was for a staff member to improve the uptake of welfare benefits in the borough during the Covid-19 pandemic.

(c) Charnwood Borough Council – Covid Recovery Grant

This grant was to assist with funding of additional health and safety requirements during the Covid-19 pandemic.

(d) Charnwood Borough Council – Homelessness Prevention

This project, funded through Charnwood Borough Council is to assist clients in debt and prevent homelessness in the borough. Specialist, paid, advisers deliver this service.

(e) Citizens Advice – Energy Best Deal Extra

This funding, through national Citizens Advice is to provide clients with energy advice, especially to those clients in fuel poverty.

(f) Citizens Advice – Help to Claim

This funding from the DWP, through national Citizens Advice is to support people to make their initial claim for Universal Credit and is delivered by a paid, generalist, adviser.

Citizens Advice – BEIS Remote Working Fund

This funding from BEIS, through Citizens Advice nationally, was to fund additional equipment and software to accelerate the working from home of staff and volunteers during the Covid-19 pandemic.

(g) Leicestershire County Council – Core Advice

This funding from Leicestershire County Council is to support the charity's core generalist advice service.

(h) Leicestershire County Council – Signposting and Community Support Service

This funding is to provide for additional casework to clients with debt issues who may be in a crisis situation. This project has completed.

(i) Leicestershire County Council – Covid Grant Round 1

This funding was to support the initial efforts in remote working and to provide grant support where the charity lost income. This funding is now completed.

(j) Leicestershire County Council – Covid Grant Round 1

This funding was to support health and safety measures at outreach offices.

(k) Leicestershire & Rutland Community Foundation

This funding was to support additional training during the Covid-19 pandemic for staff, volunteers and new trainees.

(l) Shepshed Town Council – Outreach

This funding from Shepshed Town Council is continuing funding for the Shepshed outreach, which operates twice a week. This funding supports a paid generalist adviser. During the pandemic the outreach was closed but the staff member involved was deployed on the telephone support and this included Shepshed residents.

CHARNWOOD CITIZENS ADVICE BUREAU

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2021

18 Analysis of net assets between funds

	Unrestricted £	Restricted £	Total 2021 £	Unrestricted £	Restricted £	Total 2020 £
Fund balances at 31 March are represented by:						
Tangible fixed assets	-	-	-	-	-	-
Net current assets	48,070	6,169	54,239	32,475	5,942	38,417
Total	48,070	6,169	54,239	32,475	5,942	38,417

19 Commitments under operating leases

As at 31 March, the company had total commitments under non-cancellable operating leases as follows:

	Property		Other	
	2021 £	2020 £	2020 £	2020 £
Within one year	12,500	12,500	-	346
Between two and five years	-	-	1,541	-
After five years	-	-	-	-

The company currently occupies its Loughborough offices under a 'tenancy at will' whilst the new lease arrangement is finalised.

20 Analysis of cash and cash equivalents

	2021 £	2020 £
Cash at bank	26,000	32,754
Cash on deposit at Building Society	85,000	55,000
Petty cash	87	171
Total cash and cash equivalents	111,087	87,925

21 Financial Instruments

At the balance sheet date the Charity held the following financial instruments:

	2021 £	2020 £
Financial assets measured at amortised cost		
Trade debtors and Accrued income	3,173	11,894
Cash at bank, building society and in hand	111,087	87,925
Financial liabilities at amortised cost		
Creditors	3,182	1,507
Accruals	8,186	7,892
Financial liabilities at fair value through income or expenditure		
Provisions	18,000	16,200

CHARNWOOD CITIZENS ADVICE BUREAU

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 March 2021

21 Financial Instruments (continued)

Income, expense, gains and losses in respect of these financial instruments were:

	£ Income	£ Expense	2021 £ Gains/ (losses)	£ Income	£ Expense	2020 £ Gains/ (losses)
Financial assets at amortised cost						
Interest on cash balances	410	-	-	303	-	-
Financial liabilities at fair value through income or expenditure						
Increase in property provisions	-	-	(3,600)	-	-	(3,600)

22 Related Parties

There were no related party transactions during the year (2020: none).

The company is a member of The National Association of Citizens Advice Bureau (NACAB) to which it pays membership fees and fees for other services and from which the company also receives grants for specific funding of projects. NACAB is not a related party in terms of FRS 102.

23 Contingent liabilities

The company is a member of two 'last man standing' multi-employer defined benefit schemes. Details of these schemes are disclosed in Note 16.

If the company decided to buy-out its liabilities in respect of the pension obligations the liability has been estimated at 30 September 2020 (latest available date) (2020: 30 September 2019) at £179,226 (2020: £214,568) for the SVSCPS and £4,248 (2020: £4,375) for the Growth scheme.

24 Controlling Parties

The trustees control the charity as a body. No individual exercises overall control and there are no persons of significant control.

25 Post Balance sheet events

There are no adjusting post balance sheet events. The company has received information regarding the September 2020 valuations of the multi-employer pension schemes as follows:

- The trustees of the Scottish Voluntary Sector Pension Scheme have concluded the September 2020 valuation. The outcome is that the scheme assets are valued at £153.3 million and liabilities at £160.0 million and resulting deficit of £6.7 million (September 2017 £25.9 million deficit). The funding level has improved to 96%. From 1 April 2022 the overall deficit funding contributions will reduce to £1.4 million (increasing at 3% per annum) from the current level of approximately £1.6 million. Individual employer contribution levels have yet to be finalised and are dependent upon the individual employer percentage share of liabilities.
- The trustees of The Pensions Trust Growth Plan have concluded the September 2020 valuation. The outcome is that the scheme assets are valued at £799 million and liabilities at £832 million and resulting deficit of £33.3 million (September 2017 £131.5 million deficit). The funding level has improved to 96%. From 1 April 2022 the overall deficit funding contributions will reduce to £7.7 million (increasing at 3% per annum) from the current level of approximately £10.1 million. Individual employer contribution levels have yet to be finalised and are dependent upon the individual employer percentage share of liabilities.
