Risk management

The Management Committee has conducted a review of the major risks to which the charity is exposed. A risk register has been established and is updated at least annually. RESPONSIBILITIES OF THE TRUSTEES

The trustees (who are also the directors of Ingrave Community Association for the purposes of company law) are responsible for preparing the Trustees Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

Ingrave Community Association

Independent Examiner's Report On The Accounts

Report to the trustees of Ingrave Community Association on the accounts for the year ended 31 March 2024 set out on pages 6 to 11.

Respective responsibilities of trustees and examiner

The charity's trustees are responsible for the preparation of the accounts. The charity's trustees consider that an audit is not required for this year under section 144 of the Charities Act 2011 ("the Charities Act") and that an independent examination is needed.

It is my responsibility to:-

- examine the accounts under Section 145 of the Charities Act;
- to follow the general directives given by the Charity Commission (under Section 145(5)b of the Charities Act); and
- to state whether particular matters have come to my attention.

Basis of Independent Examiner's Statement

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair' view and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:-

1. which gives me reasonable cause that in, any material respect, the requirements:
 - . to keep accounting records in accordance with Section 130 of the Charities Act; and
 - . To prepare accounts which accord with the accounting records and comply with the accounting requirements of the Charities Acthave not been met; or
2. to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

for the year ended 31 March 2025**

1 Accounting policies

Basis of preparation

These accounts have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes to these accounts. The accounts have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014.

Fund Accounting

Unrestricted income funds comprise those funds which the trustees are free to use for any purpose in furtherance of the charitable objectives.

Incoming resources

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

- Investment income is included when receivable.
- Incoming resources from charitable trading activity are accounted for when earned.

Resources expended

Liabilities are recognised as resources expended as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to that category.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Pensions

Contributions to defined contribution plans are expensed in the period to which they relate.

- to follow the general directives given by the Charity Commission (under Section 145(5)b of the Charities Act); and
- to state whether particular matters have come to my attention.

Basis of Independent Examiner's Statement

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair' view and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:-

1. which gives me reasonable cause that in, any material respect, the requirements:
 - . to keep accounting records in accordance with Section 130 of the Charities Act; and
 - . To prepare accounts which accord with the accounting records and comply with the accounting requirements of the Charities Acthave not been met; or
2. to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

1 Accounting policies

Basis of preparation

These accounts have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes to these accounts. The accounts have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014.

Fund Accounting

Unrestricted income funds comprise those funds which the trustees are free to use for any purpose in furtherance of the charitable objectives.

Incoming resources

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

- Investment income is included when receivable.
- Incoming resources from charitable trading activity are accounted for when earned.

Resources expended

Liabilities are recognised as resources expended as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to that category.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Pensions

Contributions to defined contribution plans are expensed in the period to which they relate.

Ingrave Community Association Company Limited By Guarantee Trustees Annual Report

Trustee training and induction

Most trustees are already familiar with the practical work of the charity.

Additionally, new trustees will be invited and encouraged to attend a series of short training sessions (of no more than an hour) to familiarise themselves with the charity and the context within which it operates. These cover:

- The obligations of Management Committee members;
- The main documents which set out the operational framework for the charity including the Memorandum and Articles;
- Resourcing and the current financial position as set out in the latest published accounts;
- Future plans and objectives;

A Question and Answer pack has also been prepared drawing information from the various Charity Commission publications signposted through the Commission's guide "the Essential Trustee" as a follow up to these sessions. This is distributed to all new trustees along with the Memorandum And Articles and the latest financial statements.

Risk management

The Management Committee has conducted a review of the major risks to which the charity is exposed. A risk register has been established and is updated at least annually. Where appropriate, systems or procedures have been established to mitigate the risks the charity faces. Significant external risks to funding have led to the development of a strategic plan which will allow for the diversification of funding and activities. Internal control risks are minimised by the implementation of procedures for authorisation of all transactions and projects. Procedures are in place to ensure compliance with health and safety of staff, volunteers, clients and visitors to the centre.

Organisational structure

The Company has a Management Committee of no less than 3 Trustees who meet regularly and are responsible for the strategic direction and policy of the charity. At present the Committee has four Trustees from a variety of professional backgrounds relevant to the work of the charity.

A scheme of delegation is in place and day to day responsibility for the provision of the services rest with the Manager. The Manager is responsible for ensuring that the charity delivers the the services specified and that key performance indicators are met. The Manager has responsibility for the day to day operational management of the Charity and working practices in line with good practice.

1 Accounting policies

Basis of preparation

These accounts have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes to these accounts. The accounts have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014.

Fund Accounting

Unrestricted income funds comprise those funds which the trustees are free to use for any purpose in furtherance of the charitable objectives.

Incoming resources

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

- Investment income is included when receivable.
- Incoming resources from charitable trading activity are accounted for when earned.

Resources expended

Liabilities are recognised as resources expended as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to that category.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Pensions

Contributions to defined contribution plans are expensed in the period to which they relate.

1 Accounting policies

Basis of preparation

These accounts have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes to these accounts. The accounts have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014.

Fund Accounting

Unrestricted income funds comprise those funds which the trustees are free to use for any purpose in furtherance of the charitable objectives.

Incoming resources

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

- Investment income is included when receivable.
- Incoming resources from charitable trading activity are accounted for when earned.

Resources expended

Liabilities are recognised as resources expended as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to that category.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Pensions

Contributions to defined contribution plans are expensed in the period to which they relate.
